AGREEMENTS

Attention All Local Union Secretaries

The General Office has for some years past maintained a file composed exclusively of copies of Local Union Joint Trade Agreements forwarded the General Office by all Local Unions immediately after the signing of new agreements.

In view of the present day conditions and the enormous amount of wage predetermination on various Federal projects by the different Governmental Departments predetermining rates of wage, it now becomes necessary for the General Office to have on file at all times preferably actual signed copies of all existing Local Union agreements with the signatures of both the employers and officials of the Local Union.

In lieu of the above, a photostatic copy of the signed agreements will be satisfactory.

See to it that the above instructions are complied with immediately in order to safeguard the correct rate of wage as incorporated in your Joint Trade Agreement being the predetermined rate of wage for our craft on all future projects in your territory by forwarding either signed agreements or photostatic copies to the General Office in order that this office may properly advise any and all of the Governmental Departments making inquiry as to the terms and conditions incorporated in your Joint Trade Agreement.

Those of our Local Unions having agreement with Insulating Contractors Association will, together with the agreement forwarded this office, submit listings of all employer members of the Association.

REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., N. Y., June 30, 1941.

To the Officers and Membership, Affiliated Locals
Greetings:

The activities of your President during the past quarter began with a trip to Columbus, Ohio, with Secretary Sickles and attendance at the session of the Central States Conference, presided over by Vice-President Dalton.

Then, upon Secretary Sickles return to the General Office, your President proceeded to Chicago, Ill., where he held a conference with Vice-President Mulligan on craft matters concerning the latter's territory.

Later back to the General Office in Washington.

Then, at Washington, came the conference of Labor officials held at the Building and Construction Trades Department concerning certain Labor legislation.

The next trip was to Newark, N. J., and a meeting of Local No. 32. President Rider of Local No. 12 attended.

Then to Washington and work at the General Office with Secretary Sickles.

Later to Philadelphia, Pa., with Secretary Sickles and attendance at the "double-header" Testimonial tendered by Local No. 14 to its Business Agent Hunter and Financial Secretary Scout. It was a great success, with the hall taxed to its capacity and the guests of honor being showered with gifts, including those from the Philadelphia employers, Local No. 14 and surrounding Locals, all of which had delegations in attendance.

Then to Washington and the General Office.

The next jump was to Youngstown, Ohio, where, with Vice-President Hennig, a meeting was held between the employers and Local No. 35 officials at which time an objectionable article in the proposed Joint Trade Agreement was deleted and the Agreement signed which carries with it a 12½c hourly wage increase.

Then to Pittsburgh, Pa., with Vice-President Hennig.

Next came Newark, N. J., and a meeting of Local No. 32 where your President advised upon the proposals of the employers for a new Joint Trade Agreement. This Agreement now in effect carries with it a 10c hourly wage increase, board in the amount of $2.50 daily and an Improver ratio of 1 to 3.

Then to Washington where, with Secretary Sickles, your President attended a conference of Building Trades representatives called by the Building and Construction Trades Department and participated in by Mr.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21448/3

Sidney Hillman and Mr. Joseph Keenan, representing the Office of Production Management, on the subject matter of Defense work.

Next came the meeting of Mr. R. J. Wolf, Assistant Manager of Construction of The M. W. Kellogg Company, and your President at New York City which resulted in The M. W. Kellogg Company falling in line and signing as a Union shop.

Then to Washington where, with Secretary Sickles, your President met with a representative of Mr. Edward Marshall, the Chief Counsel for the Owens-Corning Fiberglas Corporation, and failed to reach a settlement on the wage loss claims of our Local No. 26 membership, who were removed from the new work at the Corning Glass Works plant at Corning, N. Y., and replaced by non-Union men who completed the job.

Next came Newark, N. J., and the session of the Middle Atlantic States Conference. President Rider of Local No. 12 also attended.

Then to Syracuse, N. Y., and the quarterly session of the New York State Conference.

Next with Secretary Sickles to the office of the Corning Glass Works, New York City, and a meeting with Mr. F. S. Conable, the company's Purchasing Agent, at which time your President suggested a settlement in the form of a donation to the Red Cross in an amount equal to the wage loss suffered by the Local No. 26 membership. This was the identical settlement previously offered Mr. Zimmerman of the Owens-Corning Fiberglas Corporation by Vice-President Mulligan at their meeting in Chicago, Ill.

Then to Philadelphia, Pa., where, with Vice-President Hunter, your President attended a meeting of Local No. 14-B and advised on the newly proposed Joint Trade Agreement.

Next came Chicago and a conference with Vice-President Mulligan on International business.

Then to Washington and the General Office.

The subject which is the chief business of the General Office today and for some time past has been the supply of men for the ever growing demand with no indications of any let-up of the demand in the future.

Fraternally,

Joseph A. Mulligan

President

Local Union Secretaries shall discontinue requesting the General Office for the return of birth or baptismal certificates submitted together with the Improver membership applications.

Several of our Local Unions are continuing to write the General Office requesting return of birth or baptismal certificates submitted together with Improver membership applications even though the General Executive Board minutes printed in our April issue pointed out that all birth or baptismal certificates forwarded the General Office become a part of our permanent record and cannot be returned.

REPORT OF THE SECRETARY-TREASURER

Washington, D. C., June 30, 1941.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began at Jacksonville, Fla., where together with Business Agent Von Hagel we visited the Mundet shop and found the Manager out of the city and unable to keep an appointment previously arranged with your Secretary by telephone.

Later came a meeting of the Jacksonville Local Union and travelers, which resulted in the adjustment of several issues and the proper advising of the Local as to future procedure, particularly insofar as labor supply was concerned.

Again to Jacksonville and a visit to the Mundet shop together with Business Agent Von Hagel and a conference with the Manager with several problems seemingly adjusted to the satisfaction of all concerned.

Next came Charleston, S. C., and a conference with Business Agent Poole and Brother Ramsey on numerous problems affecting our craft throughout the Carolinas.

Then to Columbus, Ohio, where, together with President Mullaney, attended the regular meeting of the Central States Conference, minutes of which will be found elsewhere in this Journal issue.

Philadelphia, Pa., came next where, together with President Mullaney, attended the joint Testimonial dinner tendered Business Agent Hunter and Financial Secretary Scout by their home Local No. 14. Your Secretary had a very enjoyable evening renewing many old acquaintances and was particularly glad to meet and shake hands with Brother Garfield Simpson, whom Local No. 14 previously reported to the General Office as deceased and, as a consequence, was so recorded in the last Journal issue.

Then to New York City and with President Mullaney to the office of the Corning Glass Works, details of which conference are covered in President Mullaney's report.

Next came the picnic of our Washington, D. C. Local No. 24 with your Secretary acting as Toastmaster at the splendid dinner served all present.

Then to Baltimore, Md., and together with Business Agent McGann a conference with the Employers' Association of that city which resulted in the removal of all permit men in favor of Union Plasterers for the application of insulating material in such number as necessary over and above the available supply of our Local No. 11 and the travelers now in that city.

Hartford, Conn., came next and conference with Business Agent Gaspic followed by a special meeting of Local No. 33 at which time the Local voted to follow the recommendation of the General Office and accept increase in wage rate of $1.00 per day August 15th, 1941, the existing Agreement expiring June 30th, 1941, and also to include the Improvers in the increase in the amount of 10c hourly, which Agreement has since been signed by the employers.

In conclusion your Secretary calls attention to all Local Unions against the policy of placing Improvers to work as temporary Mechanics as "unconstitutional" and further to notify several of our Local Unions to discontinue the illegal practice of issuing traveling cards to Improvers, which in at least two instances has resulted in the Locals issuing same being held responsible for the monies overpaid the Improvers while posing as Mechanics.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

KELLOGG IN LINE

Washington, D. C., June 3, 1941.

To all Affiliated Local Unions,

Greetings:

The following communication confirms an understanding arrived at between Mr. R. J. Wolf, Assistant Manager of Construction for The M. W. Kellogg Company, and President Mullaney, in a conference arranged by Mr. Joseph D. Keenan, Labor Consultant, Office of Production Management, representing the American Federation of Labor. It automatically removes The M. W. Kellogg Company from the unfair list and will be observed by all our affiliated Local Unions:

"Dear Mr. Mullaney:

"This is to advise you that this Company will, on our future work, employ the membership of your association either through direct employment or by subcontracts.

"In consideration thereof it is mutually understood and agreed that in instances where your association furnishes plasterers in lieu of asbestos workers, under your existing agreement with the Plasterers, then the first twenty men shall be qualified asbestos workers, to work in conjunction with any additional plasterers required up to a ratio of one to five on large jobs. In instances where such a number of qualified asbestos workers are not available to work with said plasterers, our company is privileged to secure said asbestos workers whenever and wherever we can and such men will be allowed to work until replaced by qualified asbestos workers.

"Yours very truly,

THE M. W. KELLOGG COMPANY,

(Signed) R. J. Wolf,

Ass't Manager of Construction."

You will, of course, immediately contact and cooperate with the representatives of The M. W. Kellogg Company on any and all of their operations now in progress within your territory.

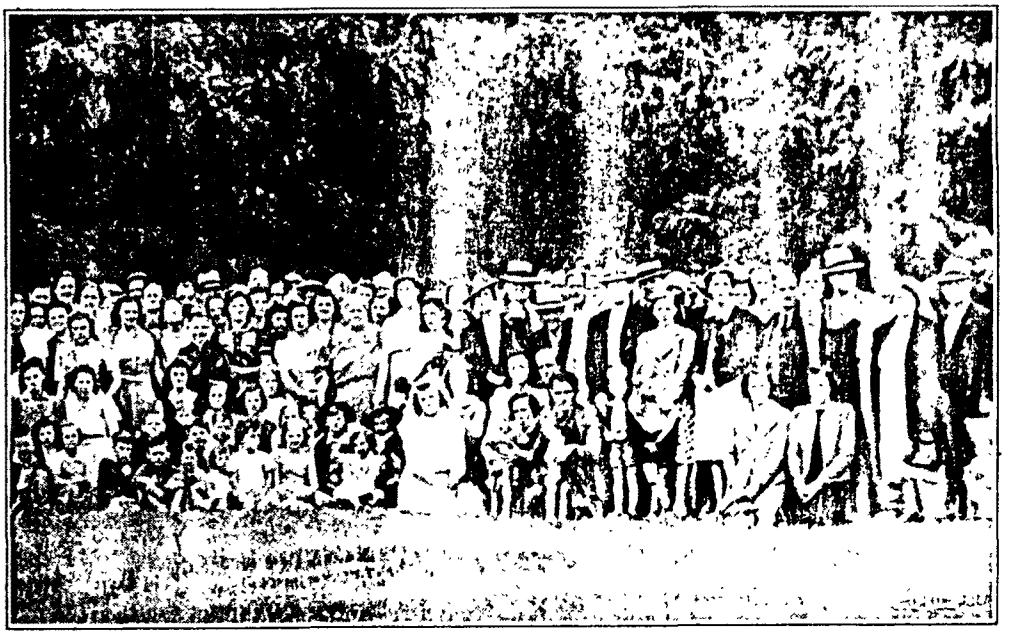

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

Dear Sir and Brother:

Am mailing you a group picture for the July issue of our Journal which shows fifty-four of the seventy Improvers granted membership by Local No. 17 at its meeting of March 17th, St. Patrick's Day, "a great day for the Irish." Of the remaining sixteen, ten were out of town when this picture was taken and the other six are in the uniform of Uncle Sam.

The granting of membership to seventy Improvers at one meeting we believe is an all-time record in the history of our craft.

It is also our belief this meeting created another record when it issued fifty-eight Mechanic cards, giving our membership, as now comprised, an Improver ratio of one to three.

This was a special call meeting and brought out our full membership. At the hall they were greeted by the strains of Professor John Mullaney's orchestra in a program of "patriotic" and "Irish" music, featured by the singing of Joe Gordon of stage and radio fame.

This meeting found all our employers present with their President, Mr. Quick, delivering an address in which he stressed the splendid cooperation and harmony existing between his Association and Local No. 17 and the high esteem in which they held our Business Agent, Brother Mulligan.

Brother Mulligan, who made the long talk of the evening, among other things praised the employers for their fair dealing and impressed upon the Improvers the fact that close, faithful attention to their work, together with strict obedience to their Mechanics instructions was the quickest way to a Mechanic's card.

There was also an examination of the standard kit of tools, adopted by the Local, that each Improver must carry in addition to his working clothes, which consist of a white "Tee" shirt and white overalls.

There have been twelve members of Local No. 17 already called in the Draft, all of whom and all who will follow, will receive twenty dollars ($20.00) in cash when leaving and ten dollars ($10.00) monthly from the Local while in the service in addition to being exempt from all dues and assessments.

Fraternally,
WILLIAM J. WILSON,
Secretary, Local No. 17.

Dear Sir and Brother:

We are today mailing under separate cover picture of the Outing that Local No. 11 held on May 30, 1941.

This Outing was a Family Outing and it sure was enjoyed by everyone.

We had quite a few Brothers from other Sister Locals and also quite a few Plasterers who are working with us.

A dinner was served and plenty of "that" which makes a fellow feel good until the next day.

We also had amateurs who sang and danced and each one was given a prize; also games for the younger ones, and dancing for those who cared to.

I do believe this was about the best Outing that Local No. 11 has had and we are looking forward to the next one.

Let me say that our Committee Chairman, who handled the Outing

arrangements, sure knew his stuff and did it up in proper form.

Dear Sir and Brother:

At our meeting of April 4th Local No. 90 celebrated the conclusion of the DuPont job and while I had all the boys together I took a "shot at them" with my camera, which I am forwarding under separate cover. If you can find room for it in the Journal am sure the gang would be glad to see it.

Seated, left to right: Sam Belch, M. H. Younger, Paul Barron, Jack Fitzgerald, and Sturla Murrell.

Standing, first row: Tebe Stone, Lewy Frazier, Jake Smith, Felix Hammond, Robert Xiques, Alfred Harris, Harry Murphy and Roy Fitzgerald.

Standing, back row (backs to wall): Tom Gaither, James Reynolds, A. E. Crawford, Bill McGrath, Carl Ellis and last but not least, President F. S. Finley.

The only members missing from this picture are Brother Roy Mason who is out on Traveler, and the writer, who was standing out in front with the camera.

Dear Sir and Brother:

On Wednesday, June 25th, I went to Lansing, Mich., and met with the Wage Agreement Committee of Local No. 47 to discuss their new wage agreement for the year 1941.

On Thursday, June 26th at 10:30 A. M., I met with the contractors of Lansing, Kalamazoo and Saginaw, along with the Wage Committee of Local No. 47, to discuss an increase in wages, transportation, and board and expenses. After about four hours of discussion both in the morning and the afternoon, we finally had the agreement signed whereby we agreed to the 3½c per mile transportation, the $2.50 per day board, and the 15c an hour increase for Mechanics, and all the Improvers were raised between five and ten cents. The Mechanics of Local 47 and its affiliates will receive $1.40 per hour effective July 1st.

On Friday, June 27, I went to Midland, Mich., and met with the officials of The Austin Company regarding the increased rate for our members who are working direct for The Austin Company. There is no agreement signed with The Austin Company, just a verbal agreement that they will pay the rate and abide by the working rules of our International Agreement.

At the present time, we have about forty (40) men on the Dow Chemical Company job.

I instructed Business Agent Brown to send a signed copy of the agreement to the General Office.

Fraternally yours,

Vice President.

Dear Sir and Brother:

On Friday, May 9, 1941, Local No. 14 tendered a joint testimonial to their Business Agent, Joseph W. Hunter, and Financial Secretary, William Scout—photograph being forwarded you under separate cover for Journal publication—in order that we might in at least a small way show our appreciation for their many years of faithful and efficient service as officers of our Local No. 14.

That these officers justified this testimonial was emphasized by the attendance at this dinner of not only the members of Local No. 14 and their wives but also many Labor leaders, Government, State and City officials and local Civic leaders.

The invocation was pronounced by the Reverend Francis J. Chipp who, although he wears the "Cloth" today,

well knows and appreciates the aims and objectives of those who toil through his own experience as a journeyman Steam Fitter who worked at the trade as a member of the United Association fifteen years ago.,

The following article printed in the local press quite thoroughly covers the occasion and enumerates the invited guests, speakers, etc.

"Joseph W. Hunter and William Scout, Asbestos Workers' Union leaders for 30 years, were honored last week at a testimonial dinner.

"More than 500 members, officials and guests of the International Association of Heat and Frost Insulators and Asbestos Workers' Local No. 14, of Philadelphia, paid the tribute at Weber's Hof Brau, Pennsauken township, N. J.

"Hunter, who lives in Willow Grove, Pa., is Vice-President of the International and Business Agent of the Local, while Scout, who lives at 2710 Westfield Avenue, Camden, N. J., has been Secretary-Treasurer of the Local.

"Charles H. Trout, President of Local No. 14, was toastmaster. He also was chairman of the dinner committee. Speakers who felicitated the two guests and their wives were Joseph A. Mullaney of Elmhurst, L. I., International President since 1912 and who organized Local Union No. 14; Carl W. Sickles, of Washington, D. C., International Secretary-Treasurer; Norman Blumberg, labor mediator, of Philadelphia; James McDevitt, of Harrisburg, Pa., President of the Pennsylvania State Federation of Labor; O. William Blaier, general representative of the United Carpenters of America; Thomas Nicely, President of The Nicely Corporation, Philadelphia; George R. Hennig, of Pittsburgh, Pa., Vice-President of the International; George Rider, President of Local No. 12, of New York City; Mayor George E. Brunner, Mrs. Marie Verdiglione, interviewer of the Unemployment Compensation Commission, Camden; Prosecutor Samuel P. Orlando and James A. Roche, Business Agent Local No. 32.

"Vocal selections were rendered by a trio made up of Brothers Walter Jennings, Harold Brahm and Robert McDermott of Local No. 14.

"The Committee on Arrangements were: Charles H. Trout, Chairman, and Harry G. Lewis, Secretary, ably assisted by Herman Duhrkoff, John Stark, Alexander Dewey, William Wallace, Charles Ryan, Edward Boyle, Marvin Guenther, William Higgins, William Foley, Thomas Aikens.

"Officers of the Local, besides Trout, include Gus Fortman, Vice-President; Harry G. Lewis, Recording Secretary, and Alexander Dewey, Sergeant-at-Arms. George Jakob is Chairman of the Executive Board, assisted by Joseph Elliott, Edward Boyle, Marvin Guenther and James Devine, Harry Wallace, Harry Yust and Herman Duhrkoff are trustees.

"Several delegations from other Locals in the International Association attended. They included groups from Allentown, Wilkes-Barre and Scranton, Pa., Atlantic City, Pittsburgh, Wilmington, Del., Washington, New York, Newark, Trenton and the Philadelphia Navy Yard.

"Gifts were presented to the honor guests and their wives."

Assuring you of the appreciation of the officers and membership of Local No. 14 for your cooperation and allotment of space in your next, the July, Journal issue for publication of both the photograph and this article, I am, Fraternally yours,

CHARLES H. TROUT,
Chairman, Committee on Arrangements.

COURT UPHOLDS EXPULSION OF UNION MEMBER BY MAJORITY

The right of a union to expel by majority vote a member found guilty of anti-union conduct was upheld by the Sauk County Circuit Court.

The ruling, reversing a decision by the Wisconsin Labor Relations Board, was in the case of Maurice P. Kent, who charged that his ouster from AFL Federal Local 20741 was an unfair labor practice.

"* * * Kent's actions were deemed by a majority of members of the labor union to have been in violation of obligations taken by him when he became a member of the labor union, and were deemed by a majority of members to have been of sufficient magnitude to warrant his expulsion," the court held.

NOTICE

All Local Unions are advised that when having group pictures taken for publication in "The Asbestos Worker" that they call to the attention of the photographer the space available in our publication, which is 5" by 8", and request the photographer to so group the party that the photograph will be in reasonable proportions for reproduction in the space available.

CORRESPONDENCE

(Continued from page 16)

I trust you will find space to publish in the next Journal issue.

This picnic was attended by practically the entire membership of Local No. 24 and their families and the travelers now working in our territory.

Also present at the picnic, as invited guests of Local No. 24, were many of the representatives of the various building trades Unions of Washington, Federal Government representatives and Civic leaders.

The good Lord above took care of the Asbestos Workers "as usual" by providing ideal weather conditions which together with the splendid dinner, buffet supper and the usual picnic refreshments, made the day a huge success by unanimous acclaim of all present.

Music was furnished by Phil Taylor's Orchestra, "'nuf said", and the high light of the day was the prize waltz, with the award going to none other than yours truly, "Skinny" and Mrs. Hoyle.

We will all be looking forward to another picnic next year and trust we can have as enjoyable a day as we did this year.

Fraternally yours,
NORMAN HOYLE,
Secretary, Local No. 24.

This Conference is comprised of Birmingham, Ala., Charlotte, N. C., Atlanta, Ga., Charleston, S. C., Nashville, Tenn., Memphis, Tenn., Miami, Fla., Knoxville, Tenn., and Columbia, S. C.

The controversy between the Corning Glass Works, Corning, N. Y., and our Rochester, N. While the action of our General Executive Board at their March, 1941, session, printed in the April Journal issue, was very clear and provided no Local should take action against glass insulation on a Defense project, nevertheless, the attention of the General Office has been called to several instances in which Local Unions have made effort to interfere with the application of glass insulation on a Defense project. This office wants to again emphasize that no Local Union shall take any action whatever in connection with glass insulation when used on a Defense project.

To Officers and Members, Affiliated Locals,
Greetings:

It has come to the attention of the General Office that on several occasions during the past few years our membership has left the United States to work for general builders and contractors under the supposition that they were to do the daily routine work they were accustomed to, but upon arrival at their destination they were forced to work with and supervise scores of natives and school them in the application of insulating materials.

In most, if not all, of these instances our membership were discharged and the natives completed the operation.

With this experience in mind, together with the fact that our man power is needed in the United States on Defense projects our membership is herewith officially instructed not to leave the United States to work at our craft unless in instances where permitted to do so by the General Office, which in all cases shall be only in connection with National Defense projects.

Fraternally,

Joseph A. Mullaney
President

Editor's Note.

The position of our International Association as above outlined has, since the issuance of this notice, been augmented by the voluntary return of nine of our International membership to the States who, prior to this notice, accepted employment outside the States in accordance with the terms of employment which sounded like the "promised land" but which they claim turned out on arrival and actual work experience to be in reality "no man's land."

Communication from International Secretary-Treasurer C. W. Sickles, advising he could not be in attendance due to a previous engagement, was read and placed on file.

Minutes of the last regular meeting of the Conference held at the Highland Hotel, Springfield, Mass., March 22, 1941, were approved as read.

Delegate Carlson, Local No. 31, reports business during the past quarter as rushing and had a standing call out to Sister Locals for all available men. Still has a number of Travelers in the territory, the majority of whom are at the Naval Air Base, Quonset Point, R. I. This project advancing rapidly but predicts there still will be a sizable crew there when next we convene.

Delegate reports having a jurisdictional dispute on this job, a portion of the work in our possession and definitely the work of the Asbestos Worker, with a claim made for it by another craft. General Office was contacted and Secretary-Treasurer Sickles advised on same, with our membership completing the work.

Delegate reports on trouble with out-of-town Contractors who insist on using their own men, of other Crafts, on work which is under the jurisdiction of the Asbestos Worker. After considerable argument has been able to get this work for his members through bona fide Insulation Contractors.

Delegate also reports on the first job within his territory, where Fibre Glass products are to be used and sought information on the conditions under which our membership could work with these materials. A recommendation was made to contact General Office for any and all information available to date on same.

Delegate reports further that Local No. 31 is contemplating a change in the new Joint Trade Agreement, and a committee being formed to work out same.

Delegate brought forward the question of Local No. 6 taking assessments from men employed at Falmouth, Mass., job being within the juris-

diction of Local No. 31, and Conference placing the matter in the hands of International Vice-President Hoff for a solution.

Delegates Laraia and Gaspic, Local No. 33, report business as very good since our last meeting. Had a short letup due to a shortage of materials for the jobs ready and men were placed with Local No. 31. With the delivery of materials to jobs had to call in seven members of our White Plains, N. Y., Local No. 91, to help out.

Delegate Gaspic apologized for failing to report at the previous Conference meeting that Local No. 33 had sent a communication to the Employers requesting a change in the new Agreement.

Delegates then advised their Local is now negotiating an increase in wages for Mechanics and Improvers. Mechanics to $1.50 per hour and a proportionate increase for the Improvers.

Delegates enumerated several large projects now under construction and those contemplated, insuring the steady employment of their membership for some time to come.

Delegate Hoff, Local No. 6, reports that business has been very good in Boston and vicinity, with all of the membership working and a number of Travelers in the territory. Advises there is still considerable work within his jurisdiction and enumerated all the large jobs around to substantiate his report.

Delegate reports also that a large amount of Marine work is now going on at the Portsmouth and Boston Navy yards together with the work going on at private shipbuilding yards.

Delegate also reports on straightening out a difference in wages of a Local No. 43 Improver member working in Local No. 6 territory and advised all delegates of the existing schedule of rates of wages now in effect for Improvers.

Delegates Sevelius and Dunn, Local No. 43, report all membership working steady and expect it to stay that way for some time to come.

Delegates then reported the large jobs still under construction and more contemplated, among which were Housing Projects in Holyoke and Chicopee, Mass., and two Industrial expansions in Pittsfield, Mass.

Delegates also reported on a condition at the Army Air Base, Westover Field, Chicopee, Mass., where John Belanich, an ex-member of our New York Local No. 12, and now a Non-Union operator, bluffed his way through a portion of the job before he was stopped.

Delegates report further that Local No. 43 is contemplating a change in the new Agreement, which action was taken at a meeting of the Local the night previous to this meeting, and Employers yet to be advised of it.

With no further business and upon motion meeting adjourned at 1:30 p. m. and all delegates to dinner as guests of Local No. 33.

Fraternally submitted,

JOHN A. GASPIC,
Secretary.

Delegate Rice also stated that Bell Aircraft job is completed and the new unit at the American Arms Plant is nearly finished.

Buffalo will be busy for some time to come as contracts for new work are being let daily and the real problem will be to supply the necessary labor to man these jobs.

Delegate O'Connor of Local No. 12, New York City, stated that all men are working in New York City with the exception of about 50 men who are working in other localities.

He also stated that there are a number of large jobs operating at the present time, including the New York City Federal Reserve Bank, the Waterside Power House, and the Ford Instrument Co. It is believed that some of these jobs are nearing completion.

According to the New York City Trade Board estimates, Local No. 12 has sufficient labor to supply employers for any contingency which might arise within the next six months.

Delegate O'Connor also stated that Local No. 12 is negotiating a new agreement with the employers and requested the support of the conference in its endeavor to secure this new agreement. This was readily granted.

He thanked the business agents who have been using men from Local No. 12.

Delegate Beikirch of Local No. 26, Rochester, N. Y., stated that conditions in Rochester are fair with about 50 per cent of the membership at work in Rochester and the remaining members of the Local at work in other localities.

There is a fair amount of work coming along in Rochester including a new power house at the Rochester Gas & Electric Co., a new power house and three buildings at Eastman Nazareth College, and a new power house at Dresden, N. Y.

Delegate Beikirch also stated that Local No. 26 had an election of officers recently and all officers were unanimously reelected.

Delegate McCormick of Local No. 30, Syracuse, N. Y., stated that all men are working and there is sufficient work at present to employ the entire membership for the next three months.

The Power House job at Oswego, N. Y., the International Business Machine job at Binghamton, N. Y., and Pine Camp job at Watertown, N. Y., are still operating and a considerable amount of work remains to be done.

There are a number of large jobs contemplated in the Syracuse area, among them being a $21,000,000 air depot at Rome, N. Y., a $750,000 addition to Pine Camp, Watertown, N. Y., and a $250,000 Woolworth store in Syracuse, N. Y., and substantial additions to the Bendix plant at Sydney, N. Y., and the Eclipse Machine Co. of Elmira, N. Y.

Delegate McCormick stated that Local No. 30 recently signed a new agreement with its employers for $1.50 per hour for mechanics and a proportionate amount for improvers.

He also thanked the Conference for its support in their recent wage negotiations and further stated that this support really meant a great deal.

International President Mullaney addressed the conference and again emphasized the necessity of using plasterers whenever emergency asbestos workers are required and further stated that permits shall be issued to plasterers only.

President Mullaney further stated that when this emergency is over the plasterers will again return to their craft as they did in 1918.

The business of the Conference having been completed motion was made to adjourn at 3 p. m. Carried.
