REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., January 3, 1944.

To the Officers and Membership, Affiliated Locals,

Greetings:

The last quarterly report of your President was submitted October 9, 1943, in the city of Boston at the end of the first week's proceedings of the American Federation of Labor Convention.

The activities of your President during the last quarter began with attendance at the second week's session of the American Federation of Labor Convention, the proceedings of which are at this time too well known to bear discussion.

Then, with Secretary Sickles, came St. Louis and meeting with the officers and executive board of Local No. 1, and later to a dinner as guests of the Local that found all our employers in attendance. Later came the renewal of the Joint Trade Agreement.

The next stop was Kansas City where your officers held conference with the executive board and officers of Local No. 27, followed by joint meeting of Locals No. 27, Kansas City; No. 15, Wichita, Kans.; No. 63, Springfield, Mo., and No. 27-B, Kansas City, Mo., at which time the suspension of Locals No. 15 and No. 63 was lifted and the locals instructed to hold meetings and elect officers. Later in the evening your President presided at the election held for Business Agent of Local No. 27 to replace former Business Agent George W. Hogan, now in the Armed Forces of our Country.

The next stop was Houston where your officers attended a meeting of Local No. 22, which found Vice President Hullinghorst in attendance. Your officers together with Business Agent Smith visited several local shops and advised and instructed re: local trade problems. The following day found your officers in attendance at the session of the Southwest States Conference of Asbestos Workers, where your President held the gavel at the election of officers and held hearings on International issues. Then came a dinner where your officers, our employers and local Labor representatives were the guests of Local No. 22.

Next in line was New Orleans, where your President, Secretary and Vice President Hullinghorst were the guests at a luncheon tendered them by our New Orleans employers.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21458/3

Then on to Birmingham, where conference was held with Organizer Howell and the suspension of Local No. 78 lifted. Your President supervised the election of officers at the first Local meeting held in over three years. While in Birmingham, your officers met with Mr. Badham, of the Badham Insulation Company, and settled a wage claim.

The next stop was Atlanta and a conference with Business Agent Hoffman of Local No. 48, and visits to several shops in connection with local craft issues.

Then to Washington and the General Office.

Washington again and hearing before the Wage Adjustment Board at which time your President and Secretary appeared to defend our claim for job expenses as incorporated in the International form of Joint Trade Agreement as signed by all our employers and lived up to since 1922.

Later at Washington came a hearing before the Wage Adjustment Board at which time your President and Secretary appeared to defend our claim for subsistence (board) as incorporated in the International form of Joint Trade Agreement as signed by all our employers and lived up to since 1922.

The two decisions above referred to, "Expense" and "Board", found printed in full in this Journal issue, now brings all Government Agencies and prime contractors in line with the provisions of our Joint Trade Agreement.

Then to Philadelphia where your President attended the session of Middle Atlantic States Conference of Asbestos Workers.

The next jump was to Albany and attendance at the annual conference held by organized Labor of the State of New York, at which time a legislative program was agreed upon for the year 1944. During this session your President conferred with Business Agent Farrell, of Local No. 4, Buffalo, N. Y., and Business Agent Fallon of Local No. 40, Albany, N. Y., who were in attendance.

The next stop was Syracuse and the regular quarterly session of the New York State Conference of Asbestos Workers.

Then back to Washington.

Later your President had occasion to visit Nashville, Tenn., and while there conferred with President Hughes of Local No. 86.

Invest all your overtime money and as much more as you can spare in War Bonds. They will come in mighty handy in the lean years that lie ahead.

Your President wishes to thank the members of the General Executive Board and the General Secretary for the loyalty and support given him in the year just closed. The demand for Asbestos Workers still continues. Happy New Year!

Fraternally,

Joseph A. Mullaney

President.

[As a consequence of many inquiries to the General Office in reference to withholding tax deduction on board and expense allowance you will note below copy of decision of the Treasury Department, Washington, D. C., in the instance of controversy between our Pittsburgh Local No. 2 and the Philip Carey Manufacturing Company.—Ed.]

COPY

TREASURY DEPARTMENT

WASHINGTON 25

IT:P:T-2(RFW)
ALC-6

Oct. 6, 1943.

The Philip Carey Manufacturing Company
Lockland,
Cincinnati, Ohio.

Sirs:

Reference is made to your letter of September 3, 1943, in which you request advice as to the withholding of tax under the Current Tax Payment Act of 1943 from amounts paid to your employees for board when such employees are working outside Allegheny County.

You state that in accordance with an agreement between the Pittsburgh League of Heat and Cold Insulation and the International Association of Heat and Frost Insulators and Asbestos Workers, Local No. 2, members of such local shall receive $3.00 per day for board when employed outside Allegheny County; and that it is your understanding that such employees do not board when working outside the county, but live at home. You inquire as to whether such payments are subject to the withholding provisions of the Current Tax Payment Act of 1943.

The Bureau holds that amounts paid in advance, or reimbursements made, to employees specifically for ordinary and necessary expenses incurred in the business of the employer are not subject to withholding. Any reasonable segregation of such expenses from the wages will be acceptable.

Accordingly, the $3.00 per day paid, under agreement, to the employees referred to in your letter of September 3, 1943, for board while outside Allegheny County do not constitute wages subject to withholding if such amounts are segregated from the wages paid to the employees to the extent that they may be identified on your payrolls.

Respectfully,

(s) F. MOONEY,
Deputy Commissioner.

REPORT OF THE
SECRETARY-TREASURER

Washington, D. C., January 3, 1944.

To the Officers and Membership, Affiliated Locals,
Greetings:

The activities of your Secretary-Treasurer away from the General Office other than in company with President Mullaney as covered in the President's Report, began with attendance at a testimonial dinner at Bridgeport, Conn., tendered Brother Milton McDonald, newly appointed organizer for the United Association of Journeymen Plumbers and Steam Fitters. Your Secretary while actively engaged in New England worked in close harmony and cooperation with Brother McDonald, during which time he represented the U. A. Local at Bridgeport, Conn., as Business Agent and also represented the State Building and Construction Trades Department as President.

Then came Norfolk, Va., and a conference with our Local No. 9, Norfolk, Va., Navy Yard, President C. T. Hendricks, followed by special meeting of the Local, which gave consideration to several issues confronting them at the moment.

Next came conference with Business Agent John M. Vaughan of our Norfolk, Portsmouth and Newport News, Va., Local No. 83, and with him a visit to all local shops which adjusted several misunderstandings between the employers and the Local Union. Later came special meeting of Local No. 83 with your Secretary advising as to future policy affecting the craft life of our Local No. 83.

Your Secretary together with Business Agent Edward McGann of Local No. 11 were among the invited guests attending a Christmas Eve dinner tendered all employees of the McCormick Asbestos Company, Baltimore, Md., at which, among the invited guests, was a representative of the Maritime Commission who in a short address was generous in his praise of the Asbestos Workers' wholehearted cooperation and contribution in not only maintaining but in many instances surpassing the rigid time schedule set by the Commission as completion dates. Your Secretary, in expressing appreciation to the Maritime representative at the conclusion of the dinner for the kind remarks made in behalf of the Asbestos Workers, was assured that they were made in all sincerity and based solely on fact, otherwise he would not have so committed himself.

This Journal issue is being delivered to you behind schedule, having been held up in order to include the Resolution of the Wage Adjustment Board on Board allowance approved by the National War Labor Board under date of January 6, 1944. See Page 19.

In conclusion, I wish to express my sincere appreciation for the wholehearted cooperation afforded your Secretary-Treasurer by President Mullaney, the General Executive Board, and all Local Union officers and membership without which it would be impossible to conduct the affairs of the General Office in such a manner as to provide a maximum of benefit to our affiliated membership.

With the Season's Greetings, I am

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

Dear Sir and Brother:

It is with sad regret that I enclose herewith a photograph of Brother Thomas E. Dalton, Improver member of our Local No. 3, who has been reported killed while serving with the Armed Forces of our Nation.

Sergeant Thomas E. Dalton is the first casualty of Local No. 3, of Cleveland, nephew of Business Agent James J. Dalton and former Business Agent Albert P. Dalton.

Brother Dalton, who was twenty-two years of age, had been in the Service since February, 1943, and held the rank of Sergeant, serving as a radio technician with a Field Artillery outfit. His death is reported to have been "accidental."

Sergeant Dalton, during the short time he was affiliated with our Local made friends with all with whom he worked and his passing was a great shock to our many members, who were looking forward to his return to the ranks and joining them on the jobs as a co-worker.

Fraternally yours,
(Signed) JAMES J. DALTON,
Business Agent Local No. 3.

Hi, Carl!

Received your letter some time ago and was sure glad to hear from all the gang. I knew I would receive a letter from you the first chance you got to write, but understand you are plenty busy the way conditions are today.

Us boys finished a couple of jobs here and did what the people back home asked us to do for them. We got the Japs and I didn't take good aim like you told me to. I left that job to the gunner and the Connecticut Yankee put the bead on them and dumped them in their tracks.

I saw one of my buddies' pictures in the Journal that the enemy got, so me and my pals were out to settle that score and we put the job over in short time.

Skinney Hoyle wrote me that my letter arrived just at the right time when the Bond drive was on and all the boys dug a little deeper in their pockets. The boys can't realize what those few dollars mean, but one here, that can see, thanks God for every dollar they put in Bonds, which sure brings the bacon home; so I will thank every one of them for all the Bonds they have bought and are buying.

Was glad to hear that your son, Carlton, is now a shavetail and it would be no worse taking orders from him than it was for him to take orders from me when I was above him on the jobs in Washington, D. C., and I hope he is promoted to a higher rank soon.

Well, it's about time to sign off or I will be working overtime, ha ha. Will drop the boys a line in a few days and will be more than glad to hear from you and the rest of my pals often.

From your pal,

killed in action overseas, and a little data on him.

He is Staff Sergeant John G. Johnson, Improver member of our Local No. 6. His father, Brother John A. Johnson, is one of the old-time Mechanic members of our Union.

Sergeant Johnson was twenty-three years of age and entered the Armed Forces of our country in January, 1942. He received his preliminary training at Jefferson Barracks, Mo., and was graduated from Boeing Aeronautical School at Oakland, Calif.

Sergeant Johnson saw over a year's service with the Army Air Forces overseas. He was killed as a result of a plane crash over Scotland.

A young man of excellent character, ability and a member whom we all admired, his passing left a gap in the ranks of Local No. 6, a memory to be proud of, and his spirit will be with us always.

Fraternally yours,

TOMORROW'S JOB
Building Boom Seen Shortly After War Ends

By E. A. Evans

New York, Nov. 11—An unprecedented building boom, providing an annual average of 6,250,000 jobs for the five-year period beginning about 12 months after the war, was forecast today by the market analysis committee of the Producers' Council, national organization of building materials and equipment manufacturers now meeting here.

It would mean, the committee said, new construction averaging 16 billion dollars a year, including—

970,000 homes	$6,400,000,000
Public improvements	5,000,000,000
Commercial buildings	2,000,000,000
Public utilities	1,300,000,000
Industrial plants	850,000,000
Farm buildings	585,000,000

The figures are well above the peaks reached in 1923-27, far above 1938 levels when building and kindred industries provided only about 4,250,000 jobs.

The committee, headed by Wilson Wright of the Armstrong Cork Co., and made up of other industrial economists, was less optimistic about the first post-war year. But, it said, even that transition period may see almost $9,000,000,000 of construction — 70 per cent more than the 1938-40 average—if there is sound advance planning and early reconversion to civilian-goods production.

The committee said its estimates are based on belief that the demand for goods, resulting in part from huge individual and corporate wartime savings, will support high national employment for at least five years. However, it warned, the hopeful prospect could be badly marred—

If there is "chaotic price inflation"; if make-work Federal spending is substituted for "genuinely needed" public improvements largely financed by states, counties and cities; if "excessive corporate taxation" discourages industrial growth.

Locals affiliated and not represented: Local No. 2, Pittsburgh, Pa.; Local No. 85, Atlantic City, N. J.

Also in attendance was General President Joseph A. Mullaney.

Minutes of the previous meeting held on September 11, 1943, were approved as read.

Reports of Affiliated Locals:

Delegate McGann, Local No. 11, Baltimore, reported that trade conditions are good, with no sign of letdown. Over 400 "emergency Asbestos Workers" are at work, mostly plasterers, with other building trades mechanics. He stated he was hard pressed to supply men for Marine Work and would welcome all who came to Baltimore, particularly canvas men.

Delegate Hunter, Local No. 14, Philadelphia, reported all members at work and a demand for more men. He stated he had many "emergency Asbestos Workers" employed, mostly plasterers, together with bricklayers and tile setters. He further stated he was badly in need of canvas men.

Delegate Hoyle, Local No. 24, Washington, D. C., reported that for a short period during the last quarter there was a slight decline in work but at the present time work was progressing normally. He further stated that much of the present work was apartment and private housing with some airport and more cantonment work in the offing.

Delegate Roche, Local No. 32, Essex and Hudson County, N. J., reported work very good with more and more Marine Work coming along. The Local is using up to 150 "emergency Asbestos Workers", mostly plasterers, with other building trades mechanics. Work is expected to continue good for some time to come.

Delegate Bressler, Local No. 38, Wilkes-Barre and Scranton, Pa., reported all men working, with future prospects good. A new Wing Plant in Scranton will soon be ready for our men and much other work will keep our men employed for some time to come.

Delegate Davis, Local No. 42, Wilmington, Del., reported all hands working and more men needed, especially in the shipyards where there is plenty of work available. He further reported the renewing of the old Joint Trade Agreement.

Delegate Long, Local No. 65, York, Pa., reported all men working and future prospects good for some time to come.

International Vice President Joseph W. Hunter, reporting for Local No. 71, Allentown, Pa., stated that all men are working, plus some plasterers and work enough for the membership to keep going for some time to come.

Delegate Kopp, Local No. 89, Trenton, N. J., reported that trade conditions are still good with a decline in industrial construction. This is being alleviated by the rapid increase of public housing and private housing construction. Future prospects are mostly this type of work in his territory.

Secretary Kopp then submitted his annual financial report, which was accepted as read.

During the course of the reports of delegates, International President Joseph A. Mullaney punctuated their reports at various intervals with his customary advice and instructions on any difficulties that the various Locals are apt to be confronted with, stressing in particular the International Trade Agreement, which must be lived up to in letter and spirit.

At this time President Mullaney accepted the gavel to conduct the annual nomination and election of Officers of the Conference. The names of Brother Edward McGann, Brother James A. Roche and Brother Stephen J. Kopp were presented as candidates for the office of President, Vice Presi-

Brother Benjamin Bradley, reporting for Local No. 82, Spokane, states that they have taken in fifteen applicants since the emergency. About 40 "emergency Asbestos Workers" from the Building Trades, mostly plasterers, are employed at the present time, and many more will be required to complete the Dupont job at Pasco, Wash.

Brother Wade has about 220 "emergency Asbestos Workers", mostly plasterers, and other building trades mechanics, in addition to the members of his union at work in the Tacoma area. Most of the work being done is confined to the shipyards.

Brother Geisler of Local No. 36, Portland, states that Portland has nearly doubled their membership during the emergency, with nearly 1,500 "emergency Asbestos Workers" being employed, mostly plasterers and other building trades mechanics. The Vancouver shipyard employs over 700 Asbestos Workers through a subcontractor, and could use another 100.

Brother Gagner of Local No. 7, Seattle, reports increase in membership and approximately 250 "emergency Asbestos Workers", composed of plasterers and other building trades mechanics. Nearly all the craft's work is confined to shipyard construction and repair, with all jobs well in hand.

Brothers MacIntosh and Mardilla, reporting for Local No. 16, San Francisco, state that their Local has had a gradual increase in membership, and has 1,500 "emergency Asbestos Workers", composed of plasterers and other building trades mechanics. Nearly all of the work in the bay area is confined to shipyards. The members of Local No. 16, like other West Coast Locals, have pledged themselves to donate to the War Relief Agencies.

Brothers Lee and Thompson of Local No. 5, Los Angeles, report well over 2,000 building tradesmen working at the Asbestos craft in the southland, composed chiefly of plasterers. Slightly more than 200 are from Local No. 5. Thirty per cent of these men are working on 100 octane gasoline plants, rubber plants, hospitals, manganese plants, etc., with the balance on shipyard construction and repair.

All shipyard construction in progress on the West Coast is under the terms of the Building and Construction Trades Stabilization Agreement.

A motion was made and passed that each Local Union Secretary would make a monthly report to the Conference Secretary, and constructive ideas would be passed on to the Unions.

The Financial Report was read and accepted.

A motion was passed that a fifty-cent assessment be levied on the membership of all affiliated Conference Locals on January 1, 1944.

Upon motion, the Conference Officers were unanimously re-elected for the ensuing term of one year.

Portland, Oreg., was the city chosen for the next Conference session to be held on Wednesday, May 10, 1944.

Brother Rolph, a pioneer member of Local No. 36, gave the visiting delegates an interesting talk concerning the problems that confronted the members that organized the Portland Local.

The visiting Conference delegates were taken through the various shipyards and shops while in Portland, after which they were unanimous in their praise of the manner in which Brother Geisler and the members of Local No. 36 entertained them during their stay in Portland.

Respectfully submitted,

HENRY THOMPSON,

Secretary.

Secretary of Labor Praises Labor's War Record

American labor is highly praised for its all-out war production record by Secretary of Labor Frances Perkins in her Annual Report to Congress for the fiscal year ending June 30, 1943.

"American labor demonstrated skill, speed, and endurance, cooperation and vision in planning work during the year," her report says. "Whole industries were converted to new products with the cooperation of labor. New methods of working were introduced with the full cooperation of workers. Labor saving devices were worked out on a large scale. Skilled labor was diluted with unskilled labor and skilled men taught the unskilled how to do a part of the work which they had learned through apprenticeship and years of experience.

"The Nation's wage earners not only worked continuously in factory on assembly line, in shipyards, arsenals, mines, and on the farms to help the United Nations win the war. They bought 300 millions of dollars worth of war bonds per month out of union treasuries and by individual subscription. They also made additional savings to ward off inflation and thus spare themselves and their country from the confusions of an economy in chaos. They gave 2,000,000 of their members of military age to the armed forces.

"Membership in trade unions has shown a remarkable growth during the war period due to a number of reasons: (1) The great increase in the number of employed persons, particularly in the heavy and high skilled industries, (2) the vigorous organizing programs of the trade unions, and (3) the protection given to organizing by the general acceptance of the National Labor Relations Act. The membership reports of the current year indicate that 13,500,000 persons in the United States belong to free trade unions. Membership is distributed among unions affiliated with the American Federation of Labor, the Congress of Industrial Organizations, and the Railway Unions. A very large part of these organized workers are in the industries whose primary purpose is to supply the implements of war. Between 60 and 80 per cent of the industrial wage earners in the country are covered by collective bargaining agreements.

"Union rules were laid aside in the interests of the war production program to a marked extent, under agreements among employers and labor and the Government that there would be no exploitation of those who had made the sacrifice.

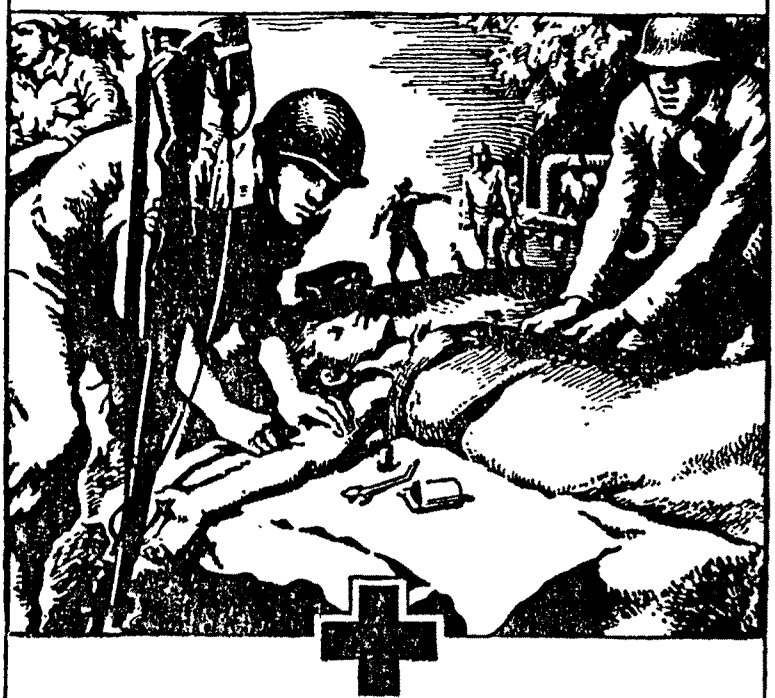

"The no-strike pledge of labor leaders and no-lockout pledge of management for the duration was kept at a rate of better than 99 per cent during the fiscal year. The ratio of man-days lost through strike to time worked was 8/100 of 1 per cent. That is a good record in any field of human relations. Most of the few strikes and lockouts were of short duration because responsible leadership promptly ordered those on wildcat stoppages back to work and because Government provided the machinery by which industrial disputes could be adjusted in all fairness. The leaders of the labor movement for the most part cooperated with the Conciliation Service of the Department of Labor and the National War Labor Board in bringing about settlement of differences.

"Conciliation Service records show that from Pearl Harbor until the end of this fiscal year, it settled over 11,000 disputes, practically all of them without stoppages of work. The preventive work done by organized labor leaders, in keeping with the no-strike pledge of the leaders, is generally overlooked, but it has been effective in these settlements."
