The other day we had a chat with an Army General, an old-timer well versed in matters journalistic as well as military.

The General sought to assure us that the Army's attitude toward labor is basically friendly and sympathetic.

Furthermore, he advised us not to get too excited about reports that the soldiers in the ranks are unduly hostile to labor. He insisted these reports are not true.

"A soldier isn't happy unless he's got something to beef about," said the General. "Of course, during the coal strikes, the boys got all het up about John L. Lewis. They still are to some extent.

"But as far as labor unions generally and the American workers as a whole are concerned, they need not worry about what the average soldier thinks about them. He thinks they are doing a good job in supplying him with the weapons of war and in helping to defeat the enemy. The soldiers know that American labor and American industry have won the battle of war production. That knowledge makes them more confident than ever that they're going to win in the actual fighting and that they are going to come back home safely."

These words were highly encouraging to us. But then the General added a footnote. He said:

"Besides, there has been so little labor news in the last few months that the soldiers are forgetting about labor and beefing about something else by now."

That remark made us sit up and take notice. We asked:

"What do you mean there has been no labor news?"

"Well," he replied, "There's been very little in the papers about strikes recently."

That's where we sounded off. The idea that labor news consists only of strikes is one of our pet hates. It is an idea fostered by the newspapers which seldom give labor news any prominence unless it is destructive in nature. News and trouble seem to be synonymous with most editors. According to this type of reasoning, happy marriages do not constitute news; divorce does. Compliance with the law is not news; crime is.

As earnestly as we could, we tried to convince the General that the paucity of strikes in the past few months constitutes a most constructive and important labor news story for the Army and the millions of soldiers who read its publications.

Somewhat shamefacedly, the General agreed. And one of his aides, who participated in the conference, hastened to show us the material being prepared for the forthcoming May 1 issue of the Army's Newsmap which is displayed on all camp bulletin-boards and is seen by practically every soldier in the ranks. This newsmap is going to tell the story of war production and tell it in forthright language, acknowledging the fact that the success of the war production program is due primarily to the hard work of American labor.

In addition to these heartening developments, we received the assurance that the War Department would cooperate with us in efforts to make copies of the American Federationist, the AFL's aggressive monthly magazine, available at camp libraries and Army schools for those interested in learning labor's point of view on war and post-war problems.

And then, when we returned from the Pentagon Building to the office, we found on our desk a letter sent to AFL President Green by a first-class Army private, stationed in Italy, named Thomas E. Coll.

PFC Coll stated bluntly in his letter that "only a few stupid fellows" in the Army, "are misled by the plain bunk we get about the labor situation in America." He also inclosed a letter to the editor of the Pittsburgh Press from which we quote the following excerpts:

"If we believed what we read, we would think that the American working men and women—our own families and friends—stay up nights figuring out ways to lose the war. Personally, I think the news we get and the pictures they send us are downright insults to our intelligence.

"The overseas soldier will not be influenced to bitterness by anti-labor bunk. We need you as much as you need us. To win the war we must all work together.

"We are also aware of the sacrifice the workmen and women are making on the home front. We are proud of all you are doing. The little Army and Navy "E" pin you wear in your lapel is as much a symbol of your unselfishness and duty as the various ribbons the soldier wears above his left pocket. Remember that!"

We'd like to get lots of letters like that every day.

REPORT OF THE GENERAL PRESIDENT

Washington, D. C., June 30, 1944.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your President during the past quarter began at Philadelphia and a conference with Vice President Hunter.

Then to Washington and with Secretary Sickles to a conference at the office of Counselor Wilson re: withholding tax on expenses and board allowance, referred to further in this Journal issue.

The next jump was with Secretary Sickles to Savannah and a conference with President Mercier and Business Agent Davis of Local No. 96, followed by several conferences with shipyard officials and employer representatives. While at Savannah a special meeting of Local No. 96 was held at which your President took the chair and at which time appointed Brother Mercier to act as Business Agent of the Local.

Jacksonville was next in line and with Secretary Sickles to a conference with Business Agent Von Hagel, followed by a meeting of Local No. 13. The following day a conference was held with employers and the Local Business Agent.

Then to Washington and work at the General Office.

Next to Philadelphia and a conference with Vice President Hunter, and with him to a joint meeting of Local 14-B employers and the Local Trade Agreement Committee.

Then to Washington and work at the General Office.

The next jump with Secretary Sickles was to Chicago and a conference with International Vice President Mulligan.

Then to St. Louis and a conference with Organizer Schmitter, followed later by a meeting of Local No. 1 Executive Board. While at St. Louis a conference was held with representatives of Wood River Local No. 56.

Kansas City was next in line where a meeting of the Joint Trade Board was attended and decisions given on issues arising before the Board. Later came a meeting of Local No. 27, attended by many of our membership from out-of-town locals at work in that territory.

Then to Cincinnati and a meeting of Local No. 8. While at Cincinnati a conference was held with Business Agent Block of our Distillery Workers' Local No. 54.

Next came Middletown, Ohio, where your President and Secretary paid their respects at the bier of Brother T. A. Scully, who for 32 years served as General Secretary of the Operative Plasterers' and Cement Finishers' International Association before retiring two years ago at the age of 84. He was of sterling character, and a credit to labor. Your officers were prevented from attending the funeral by reason of scheduled appointments made before Brother Scully's death.

Then to Indianapolis and conference with President Fort and Business Agent Denny, followed by a meeting of Local No. 18.

Then with Secretary Sickles back to Washington and work at the General Office.

The next trip was to Philadelphia where your President and Secretary, in company with Vice Presidents Hennig, Hoff and Dalton, represented our International Association at the services and interment of Mrs. Joseph W. Hunter, wife of our International Vice President.

Again to Philadelphia and a session of the Middle Atlantic States Conference of Asbestos Workers.

Then came New York City where your President supervised the elections of his home Local as has been his custom for many years. Local No. 12 uses the Australian ballot, with polls open from 2:00 to 8:00 p. m., after which the elected canvassers take over and make report to the following regular meeting.

The next jump was to Syracuse and attendance at the New York State Conference of Asbestos Workers.

Then to Washington and the General Office from which this report is submitted. While at the General Office one of my last activities of this quarter was the contacting of Mr. Hedin of the J. D. Hedin Construction Company, a prime contractor, that resulted in the removal of non-Union men in the employ of the United States Heat and Frost Insulating Company, of Buffalo, N. Y. (this company handles Vermiculite insulation), from the Veterans Hospital job at Canandaigua, N. Y., to be finished under contract by Smith Murray of Rochester, as also the cancelling of the United States Heat and Frost Insulating Company's contract on the Titusville Hospital project which was awarded to the Asbestos Service shop at Youngstown, Ohio.

Work, though slightly tapering off, still finds our full roster employed, together with thousands of emergency asbestos workers, mostly plasterers.

Fraternally,

Joseph A. Mullaney

President.

Dear Sir and Brother:

The following is the official information regarding Flight Officer Cahill, who was a member of Local 3. Also enclosed please find his photograph for Journal publication.

The following is from a letter received by Mrs. Mary Cahill, wife of Flight Officer Cahill, who was reported missing in action over Germany. Flight Officer Cahill has been awarded the Air Medal and Three Oak Cluster, as well as the Distinguished Flying Cross.

"Flight Officer Cahill was a crew member of a B-17 (Flying Fortress), which departed from England on May 8th on a bombardment mission to Germany. Full details are not available but the report indicates that during this mission about 12:20 p. m. over Northwestern Germany your husband's fortress was seen to sustain damage, during an attack from enemy fight craft, and to fall toward the earth."

The plane Brother Cahill was flying was named the Hap-Hazard. The overseas paper, The Stars and Stripes, gave a wonderful story a short time ago, of Brother Cahill coming home on a wing and a prayer. At that time it was his 25th mission. This was his 30th and to have been his last mission before receiving his final leave. We are pretty sure that he is a prisoner of war in Germany from reports received.

Thanking you in advance for giving this your personal attention, I remain

Fraternally yours,
JAMES J. DALTON,
Business Agent, Local No. 3.

Editor, The Asbestos Worker,

Dear Sir and Brother:

As of this date, the status of our member 1st Lieut. Thomas F. Keasbey, reported missing in action over Germany, is now reported to this office by his family as being a prisoner of war in Germany since about April 19th, 1944, through the A.G.O.'s, Office in Washington, D. C.

Lieut. Keasbey's father informs me that the plane he was in command of was brought down and all members of his crew were alive.

The Keasbey family received a post card from him in his own hand stating he was alive and well. There is no further word in this connection.

Fraternally yours,
JOSEPH FLYNN,
Secretary-Treasurer, Local No. 12.

Dear Sir and Brother:

I am enclosing a photograph of Private First Class Eugene B. Anderson, which Local No. 35, Youngstown, would like to have inserted in the next issue of The Asbestos Worker, if possible.

Brother Anderson was inducted April 1, 1944, and went overseas in September. He is with the 5th Army Infantry located in Italy and has been decorated with the "Silver Star" for bravery in the front lines.

Fraternally yours,
EDWIN FRANCIS,
Business Agent, Local No. 35.

Editor, The Asbestos Worker,

Dear Sir and Brother:

The members of Local No. 37 have requested that I forward this communication to you with the request that same be published in the next issue of our official Journal.

This is in the form of an appeal in behalf of our Local Union President, Robert Procaskey, who was formerly affiliated with our Louisville, Ky., Local Union and has worked all over the country on traveling card and is well known to a goodly portion of our membership, who Local No. 37 feels would be interested in hearing of the misfortune of Brother Procaskey and possibly welcome the opportunity of being helpful.

Brother Procaskey, while erecting a flagpole on his property came in contact with a high tension wire with metal pole and, as a consequence, was severely burned with the result that he has lost by amputation the left arm and right leg and a portion of his left foot.

The members of Local No. 37 as also the Building Trades Council of Evansville have been very helpful to Brother Procaskey through financial contributions and if there are any of our International membership who might desire to make a contribution to Brother Procaskey in view of the circumstances in which he now finds himself, such members are at liberty to do so and any remittances should be forwarded to Brother Robert Procaskey, through myself as Business Agent of Local No. 37.

Assuring the membership that anything that is done will be thoroughly appreciated by Brother Procaskey and the members of Local No. 37, I am

Fraternally yours,
(Signed) HAROLD KNAPP,
Business Agent, Local No. 37.

Dear Sir and Brother:

You will find enclosed photograph of Lieutenant Vincent D. McCoy.

It is my understanding that you secured the registration number of Brother McCoy while in Kansas City recently, and as you will recall, we told you this member was killed in action in January while serving in Italy.

On the reverse side of the photograph is his return address and Mrs. Vincent McCoy made a special request that this photograph be returned to her.

I trust you will find space to publish this in the July Journal issue. The reason for delay in sending this information on Brother McCoy is that I was unable to obtain the photograph until our last regular meeting.

Dear Sir and Brother:

I am glad to report that Local No. 34 had the honor of having our International Vice President Hugh E. Mulligan visit us.

Vice President Mulligan and the Executive Board of Local No. 34 met with our employers, at which time several questions that had been coming up for quite some time between the Local and shops were cleared up, thanks to Vice President Mulligan's assistance.

On behalf of Local No. 34, I wish to extend to Vice President Mulligan a cordial invitation to visit with us again as soon as convenient.

Fraternally yours,
E. L. WHITMAN,
Secretary, Local No. 34.

NOTICE

In response to inquiry from the Philip Carey Manufacturing Company, the Bureau of Internal Revenue, through Deputy Commissioner F. Mooney, issued decision under date of October 6, 1943, stating that "withholding tax" on expenses and board allowance did not apply to our craft membership, which decision was published in full on page three of our January 1944 issue of "The Asbestos Worker".

Under date of February 19, 1944, Deputy Commissioner Norman D. Cann, of the Bureau of Internal Revenue, advised the Philip Carey Manufacturing Company that the Bureau's decision of October 6, 1943, was revoked and officially advised that transportation expenses and board allowance were subject to "withholding tax".

Upon receipt of this second decision from the Bureau of Internal Revenue, President Mullaney, Secretary Sickles, Vice Presidents Mulligan and Hennig, accompanied by Attorney Wilson of the staff of Judge Padway, who was assigned to join with our International in appealing this latest decision, by Secretary George Meany of the American Federation of Labor, visited the offices of the Bureau of Internal Revenue and conferred with Mr. E. J. Olmstead.

After a lengthy conference and review of the trade history of our Joint Trade Agreement and provisions contained therein covering transportation expenses and board allowance, Mr. Olmstead advised that our Association request a conference with the Chief Review Attorney of the Bureau, setting forth in detail our reasons for this appeal and requested audience.

This was done in a communication drawn up by Attorney Wilson, President Mullaney and Secretary Sickles.

The Bureau failed to grant the audience requested and a decision was rendered by Commissioner Joseph D. Nunan, Jr., which decision, as also communication accompanying copy of same to our General Office from the Office of Judge Padway, is printed below:

Dear Mr. Padway:

to whether amounts, over and above the regular wage, paid under union agreement to employees (building tradesmen) who are sent by their employer to a job being done by their employer in another vicinity for meals, lodging, and transportation constitute wages subject to withholding of income tax under the provisions of section 1622 of the Internal Revenue Code, as added by section 2(a) of the Current Tax Payment Act of 1943.

The regulations respecting the treatment of traveling expenses for income tax purposes (Regulations 111, section 29.23(a)-2) are in part as follows:

> "Traveling expenses. Traveling expenses, as ordinarily understood, include railroad fares and meals and lodging. * * *
>
> * * * * * * *
>
> "(b) If an individual receives a salary and is also paid his actual traveling expenses, he shall include in gross income the amount so repaid and may deduct such expenses.
>
> "(c) If an individual receives a salary and also an allowance for meals and lodging, as, for example, a per diem allowance in lieu of subsistence, the amount of the allowance should be included in gross income and the cost of such meals and lodging may be deducted therefrom."

Regulations 115, section 404.101(c) state with respect to withholding of the Federal income tax:

> "(c) Traveling and other expenses. Amounts paid in advance, or reimbursements made, to employees specifically for traveling or other bona fide ordinary and necessary expenses incurred or reasonably expected to be incurred in the business of the employer are not subject to withholding. Any reasonable segregation of such expenses from the wages will be acceptable, as for example, where an employer issues one check indicating thereon the amount thereof which represents wages and the amount which represents expenses, or issues a separate check for the expenses."

The rule is clear, therefore, that such allowances or reimbursements constitute wages except so far as the expenses are actually incurred and accounted for; moreover, it applies only to employees who are in a "travel status". A material factor in the case of the employees on behalf of whom you have written is whether they are actually in a travel status and actually incur in additional expense the amounts paid under the agreement. This seems to be questionable, at least in some instances. This office was advised that some workmen employed on a job outside of Allegheny County (who receive $3.00 per day) under the agreement between the Pittsburgh League of Heat and Cold Insulators and Asbestos Workers Local No. 2, of Pittsburgh, Pennsylvania, are not boarding on the so-called out-of-town job but live (board) at home. The allowance as a deduction and the exemption from withholding of traveling expenses (railroad fares, meals, and lodging) as contemplated in the law and regulations applies to such extra expenses which arise in the case of an employee who travels in the business of his employer.

It has come to the attention of this Bureau that numerous trade unions have agreements providing for a per diem allowance covering room, board, and transportation while their members are engaged in out-of-town projects. In general, it would appear that under the above circumstances and under circumstances such as described by you, a per diem allowance to cover items such as transportation, meals and lodging should be considered wages

Published by AsbestosClaims.Law
asbestosclaims.law/library/21460/17

since (1) ordinarily there is no accounting made of such expenses, and (2) the employee is usually assigned to a fixed post and hence the expenses are expenses such as are ordinarily incurred by the employees and are not such extra expenses as arise in the case of an employee who travels in the business of his employer, and (3) the fact that the allowance is provided for under a wage agreement tends to show that it is intended to constitute a part of the remuneration of the employees.

Accordingly, after reconsidering the question presented and since no conclusive additional information tending to throw additional light on the subject has been submitted, this office is unable to rule differently than was held in Bureau letter dated February 19, 1944, to the effect that amounts paid per day under union agreements to employees for transportation, meals and lodging when they are employed outside certain city limits and boundaries constitute wages subject to withholding under the provisions of the Current Tax payment Act.

Very truly yours,
(Signed) Joseph D. Nunan, Jr.,
Commissioner.

Dear Mr. Sickles:

I am enclosing a copy of a ruling we have received from the Commissioner of Internal Revenue concerning the question of whether amounts paid asbestos workers for traveling expenses and room and board pursuant to the provisions of the union's contract with the employers are taxable as an item of income, or whether they are exempt from taxation on the basis that the specified amount constitutes expenses.

I regret to advise you that the Commissioner of Internal Revenue has ruled that such per diem expenses as are provided for in the contract between the union and the employer are considered income under the law for withholding tax purposes.

I believe this ruling to be wrong if it is intended to be applicable in all circumstances involving the right of asbestos workers to deduct living expenses for income tax purposes while away from their residences in the furtherance of their employer's business. While I am not in full agreement with the approach to the question which has been taken by the officials of the union, that is, that the per diem allowance for expenses as contained in the Joint Trade Agreement should be deductible as an expense whether or not the amount provided for therein is actually expended for living expenses, I do believe that amounts paid to your members for room, board and travel-

Vol. XII JULY, 1944 No. 8

DO YOU KNOW?

There is a four-year limit on your opportunity to secure any required changes in your Social Security Account. This limit is fixed by law.

Your wage record for 1937, 1938 and 1939 stands as posted. The time will be up for changes in 1940 wage records by the end of 1944. And so on, each year.

The Social Security Board advises account holders to be on the safe side and check up on their accounts at least once every year. To do this you simply ask the Board for a statement of the wages credited to your account. For your convenience in making this request, the Board issues cards which can be secured from any local office of the Social Security Board.

When you receive a statement of your wage credits you can compare it with your own record of what you earned during the same time. If the amount shown on the Board's statement of your credit is not what you believe it should be, you can ask the Board to look into the matter, and correct the error if there is one.

ing expenses while away from their homes in the furtherance of their employers' business are deductible as an expense for income tax purposes.

In many instances, in fact I should judge that in most instances, an asbestos worker while away from his residence to perform work for his employer spends much more than $3.00 a day for room and board. The full amount expended by the workman under such circumstances is deductible, in my opinion, rather than merely the $3.00 provided for in the Joint Trade Agreement. I believe that one of the principal difficulties in our case and one which influenced the commissioner to hold as he did is the fact that under the Joint Trade Agreement an employee receives a flat $3.00 for expenses when he works a specified distance away from a certain specified point without regard to whether or not the employee actually spends that $3.00 for expenses. The Revenue Code is based on monies actually spent.

There are several procedures that may be followed to obtain a test in the courts. The manner in which rulings of the Bureau of Internal Revenue are generally tested is for the person assessed for the tax to pay the tax to the Collector of Internal Revenue under protest and bring an action against the Collector in the Federal Courts to recover the amount paid.

After you have had an opportunity to go over the enclosed ruling, I shall be glad to discuss the matter with you further if you choose to do so.

Very truly yours,

JOSEPH A. PADWAY,

Reports of affiliated Locals:

Delegate Farrell of Local No. 4, Buffalo, N. Y., reported that conditions for future work are poor. Twenty-five per cent of Local are working on travelers; the remainder at work in Buffalo.

The United States Heat and Frost Insulating Company of Buffalo is still unfair to Local No. 4 and they are also distributors of Vermiculite products in the Buffalo area.

The Laco Company of Jamestown, N. Y., is also on the unfair list and they were recently awarded a contract at the Socony-Vacuum Oil Company at Olean, N. Y.

The Laco Company is no longer the approved contractor for the Philip Carey Company or the Armstrong Cork Company.

Delegate O'Connor of Local No. 12, New York City, stated that most of their work is confined to the shipyards, and this work has slowed up considerably. Prospects for future work are not bright.

Delegate Kruse of Local No. 26, Rochester, N. Y., stated that one-third of the members are away working on travelers; the remainder at work in the Rochester area. There is enough work to keep all men employed.

Delegate Kruse also reported on the United States Heat and Frost Insulating Company's activities at the Veterans Hospital in Canandaigua, N. Y.

Delegate McCormick of Local No. 30, Syracuse, N. Y., stated that all men working and prospects for future work are poor.

Delegate Brown of Local No. 91, White Plains, N. Y., stated that most

of the members are away working on travelers. Work is very slow at the present time and prospects for future work are unfavorable.

Good and Welfare:

A discussion was held regarding matters pertaining to the trade and also the post-war era.

International President Mullaney advised the delegates regarding the many questions and thoroughly outlined the present status of the Trade as well as the future prospects for business.

All delegates expressed a better understanding of the Trade at the conclusion of the meeting.

A motion was made and seconded that the next regular meeting of the New York State Conference of Asbestos Workers be held in Syracuse Saturday, August 19, 1944. Motion carried.

There being no further business, a motion was made and seconded to adjourn at 2:30 p. m. Motion carried.

Respectfully submitted,

JOHN H. FARRELL,
Secretary-pro.tem.

MINUTES OF MEETING OF NEW ENGLAND STATES CONFERENCE OF ASBESTOS WORKERS

Hartford, Conn., June 17, 1944.

The quarterly meeting of the New England States Conference of Asbestos Workers was held Saturday, June 17, 1944, at Hotel Bond, Hartford, Conn. Meeting was called to order by Chairman Ernest Carlson at 10:45 a. m.

Delegates present were International Vice President John W. Hoff, Local No. 6, Boston, Mass.; Ernest Carlson, Local No. 31, Providence, R. I.; James Dunn, Local No. 43, Springfield, Mass.; and John A. Gaspic, Local No. 33, Connecticut.

International Secretary-Treasurer C. W. Sickles was also in attendance.

Minutes of previous meeting were approved as read.

Business Agent Hoff, Local No. 6, reported work plentiful with some 100 allied building tradesmen and members of Sister Locals on Traveling Card, augmenting his own organization. He reported that bulk of the work is in shipyards, on hospital ships, L.S.T.'s and Liberty ships. In the building construction field small additions to Army Cantonments and Naval Bases have continued since original construction, together with several Power Plant expansions in the area. He then advised that the Building and Construction Trades Department Stabilization Agreement covering overtime premium wage rates was in effect on all work.

Delegate Hoff then reported on the new ruling of the War Manpower Commission, effective July 1st, insofar as his territory is concerned and the machinery set up for the handling of manpower in our trade.

Delegate Hoff closed his report advising Joint Trade Agreement expires September 30th and Local is now petitioning Employers' Association for a 5 per cent increase in wages in the new Agreement.

Business Agent Dunn, Local No. 43, reported the Local getting along with the membership working 40 hours weekly and getting overtime only on occasion. He enumerated the jobs in the offing, of which only two were of a large scale, namely, Fisk Rubber Co. and the Monsano Chemical Co.

Delegate Dunn then reported that Allied Building Trades Locals in his territory are petitioning their employers and the Wage Adjustment Panel of the War Labor Board for increases in wages and felt that his Local should be a part of the general movement.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21460/21

Delegate Dunn closed his report by advising his Local's territory was not considered a critical area so has not been affected by previous War Manpower Commission rulings.

Business Agent Carlson, Local No. 31, reported work plentiful too. In addition to a Power Plant job, continued expansion to Naval Stations at Quonset Point and Newport are keeping a good number working. One shipyard was still going strong after a temporary let-up due to a changeover to a new type of boat.

Delegate Carlson then raised a question on the overlapping of Employer franchise territory as against Local territory. He pointed specifically to two Connecticut shops that have franchise in the portion of Connecticut that is Local No. 43 territory, by virtue of being closer to that Local. He maintained his Local should run and man entire job because Branch offices are also maintained in his territory. Secretary-Treasurer Sickles brought out the fact that Local No. 33 has had a similar situation, in reverse, for years whereby two Rhode Island shops have franchises extending into Connecticut territory and that Local has abided by International by-law wherein a Mechanic and Improver are allowed from another Local.

Business Agent Gaspic, Local No. 33, reported work fair and future fair. Local now has 18 members in the Armed Forces of our Country and seven members on Traveling Card. About two-thirds of the remaining membership is working 48 hours weekly although approximately 90 per cent of the State is considered a critical area and the 48-hour week is considered mandatory by Presidential order.

Delegate Gaspic then reported that Local Agreement expires on June 30th and with the understanding that wages and expenses are still frozen, have already agreed in Joint Trade Board Meeting to carry on under the terms of the present Agreement for the ensuing year.

Delegate Gaspic closed his report advising of changes in the roll of officers by recent election of the Local.

General Secretary Sickles was called upon throughout the proceedings for advice and counsel on questions pertaining to the craft. He also gave a resume of problems confronting the General Office at all times, together with an enlightenment on the many behind-the-scenes activities of President Mullaney, on behalf of our International membership, that do not appear in the final reading of a matter.

Secretary Sickles also read a letter received from our Springfield Local and then gave a verbal answer to Delegate Dunn, its writer.

With no further business and upon motion meeting adjourned at 2:00 p. m. and delegates to dinner as guests of Local No. 33.

Respectfully submitted,

JOHN A. GASPIC,
Secretary.

Davis, Sr.; Local No. 38, Wilkes-Barre and Scranton, Pa., Secretary H. Bressler; Local No. 65, York, Pa., Business Agent George A. Long; Local No. 71, Allentown, Pa. Locals affiliated and not represented: Local No. 2, Pittsburgh, Pa.; Local No. 11, Baltimore, Md.; Local No. 85, Atlantic City, N. J.

Minutes of previous meeting were read and approved.

Reports of affiliated Locals:

Delegate Hunter, Local No. 14, Philadelphia, Pa., reported no change in conditions. Still very busy and will continue so for quite some time. A large job at the Publicker Alcohol Co. will soon be started on which there will be plenty of work for our craft. Entire project is to run in the neighborhood of $5,000,000. He also reported a few new jobs in the Philadelphia Navy Yard. Housing work is rapidly coming to a close but the slack is being taken up by an increase in Marine work. Any idle membership in our craft is requested to come to Philadelphia, especially canvas men, who are sorely needed.

Delegate Hoyle, Local No. 24, Washington, D. C., reported that for the first two months of the past quarter work was rather slow but during the past month a definite increase was noticed. Some plasterers are again being used as emergency asbestos workers. A new job at the Viscose Plant at Front Royal, Va., will soon be ready for our craft. This job will require about 25 men and is expected to last approximately 18 months. He also reported rumors of more cantonment work, a large chemical plant and a new Naval Hospital.

Delegate Roche of Local No. 32, Essex and Hudson Counties, N. J., reported several good sized jobs going on at present with plenty of small work coming along. Many plasterers are being used as emergency asbestos workers. Also expect a large job to break at Tidewater Oil. He also reported that the Veterans' Hospital at Lyons, N. J., will be extended by a large addition. There will be plenty of work for the future but nothing of exceptionally large size.

Delegate Bressler, Local No. 38, Wilkes-Barre and Scranton, Pa., reported his membership at work, with the job at Berwick, Pa., well under way. He could use canvas men on a job at Danville, Pa. He also reported that a chemical plant is contemplated at Towanda, Pa., which will help future work.

Delegate Davis, Local No. 42, Wilmington, Del., reported that conditions are the same with plenty of work in sight. Canvas men are badly needed. The membership are working day, night and holidays. The Local has exhausted the ranks of the plasterers as emergency asbestos workers and is now using other crafts carrying an A. F. of L. Building Trades card.

Delegate Long, Local No. 65, York, Pa., reported work slow, with most of membership at work outside the territory. Some jobs are, however, slowly coming along and a fair amount of work is expected.

International Vice President Hunter, reporting for Local No. 71, Allentown, Pa., reported most members working outside the territory as there is little work to be had in the home territory.

Delegate Kopp, Local No. 89, reported the membership at work, with plasterers being used as emergency asbestos workers. The work on hand is

50 per cent housing and 50 per cent industrial, and is expected to last for some time.

President Mullaney gave his customary good advice and instructions whenever it was asked of him and he also stressed the Stabilization Agreement and the necessity of living up to it in letter and spirit.

With no further business to be transacted, adjournment was voted at 3:10 p. m.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary.

MINUTES OF MEETING OF THE WESTERN STATES CONFERENCE OF ASBESTOS WORKERS

Portland, Ore., May 10, 1944.

The regular meeting of the Western States Conference was held at the Heathman Hotel, Portland, Ore., on May 10, 1944.

The meeting was called to order by Chairman Z. L. Wade of Local No. 50, Tacoma, Wash., with the following delegates in attendance:

Don MacIntosh and W. Mardilla of Local No. 16, San Francisco and Sacramento, Calif.; J. W. Geisler and C. Roland, Local No. 36, Portland, Ore.; Ben Bradley and W. Kendrick, Local No. 82, Spokane, Wash.; Oliver Gagner, Local No. 7, Seattle, Wash.; Henry Lee and Henry Thompson, Local No. 5, Los Angeles, Calif.

Minutes of previous meeting were approved as read.

Communications were read. All bills were ordered paid.

The Chairman called on International Vice President Thompson to report on activities at the General Executive Board meeting held in March, at Washington, D. C. Brother Thompson stated work is plentiful throughout the country with all our membership employed and thousands of emergency workers, mostly plasterers, being used in vital defense areas.

Reports of affiliated Locals:

Delegate Oliver Gagner, Local No. 7, Seattle, Wash., stated 300 emergency asbestos workers, mostly plasterers, were at work. This was an increase of 50 over his last Conference report. Members of the Seattle Local have recently received a 6½ cent per hour wage increase as did all other Building Trades affiliated with the Building and Construction Trades Council of Seattle as a consequence of a petition for wage increase filed with the Wage Adjustment Board by the Building and Construction Trades Council of Seattle on behalf of all its affiliated Local Unions.

Delegate Joe Geisler, Local No. 36, Portland, Ore., reported all members at work, with an additional 1500 emergency asbestos workers, mostly plasterers. He stated he could use all travelers that come his way. His Local is affiliated with all outlying Building Trades Councils.

Delegates MacIntosh and Mardilla, Local No. 16, San Francisco, Calif., reported an increase of 300 emergency workers, mostly plasterers, during the past six months, which makes a total of 1800 for the "Bay" area. Brother MacIntosh stated he could use all the travelers wishing work in his territory.

Delegate Wade, Tacoma, Wash., states conditions about the same as reported at last Conference Meeting, with most of the work being in the shipyards and well over 200 emergency workers, mostly plasterers, employed.

Delegates Bradley and Kendrick, Local No. 82, Spokane, Wash., report

Published by AsbestosClaims.Law
asbestosclaims.law/library/21460/24

many emergency asbestos workers, mostly plasterers, working in addition to the membership. Could use 50 travelers if they care to come his way.

Delegates Lee and Thompson, Local No. 5, Los Angeles, reported the membership working and a substantial increase in emergency workers over the 2000 reported at last Conference Meeting. These emergency asbestos workers are mostly plasterers.

The financial report was read and accepted.

A motion was passed that a 50 cent assessment be levied on the membership of the Locals affiliated with the Conference.

A motion was passed that the next Conference Meeting would be held in Los Angeles, with September 15 and 16 as a tentative date.

Much time was devoted to "Good and Welfare", where the past, present and all-important future of our craft was thoroughly discussed by the assembled Delegates.

This has been one of the most enthusiastic meetings of all our Conferences and, without doubt, the most beneficial for the membership, coming at a time when all Local Officers are confronted with the many problems that occur in the execution of our craft work.

It was announced by Brother Geisler that a banquet had been arranged by the Portland Local for the visiting Delegates.

With no further business to come before the Delegates the meeting was adjourned.

Respectfully submitted,
HENRY THOMPSON,
Secretary.

Delegates H. M. Hoffman and F. E. Gorman, Local No. 48, Atlanta, Ga., stated that most of the membership is working out of town. Those in town are working, with a dozen plasterers as emergency asbestos workers.

Brother Abe Olson, Local No. 60, Miami, Fla., made his first appearance as a Conference Delegate. He was introduced by President Mullaney as a former Vice-President of the International Association and Business Agent of Local No. 6 of Boston, of years standing. Delegate Olson stated his mem-
