REPORT OF THE GENERAL PRESIDENT

Washington, D. C., September 30, 1944.

To the Officers and Membership, Affiliated Locals,
Greetings:

The activities of your President during the past quarter began at Philadelphia, and a conference with Vice President Hunter, followed by a meeting of Local No. 14.

Then to Washington and work at the General Office.

The next jump was to Albany, N. Y., and attendance at a meeting of the Executive Council of the New York State Federation of Labor.

Next came Louisville, Ky., with Secretary Sickles and a meeting of the Executive Board of Local No. 51, followed by a meeting of the Local. Next day came a meeting between our Louisville employers and the Executive Board of the Local at which time consideration was given to local issues.

Then back to Washington and work at the General Office.

Next came Syracuse, N. Y., and attendance at the regular quarterly meeting of the New York State Conference of Asbestos Workers. After adjournment of the Conference the delegates were dinner guests of Local No. 30.

Next, at Syracuse came the 81st Annual Convention of the New York State Federation of Labor whose membership (1,500,000) comprises one quarter of the American Federation of Labor.

At this Convention your President was elected Vice-President for the thirty-second consecutive year and served as Chairman of the Resolutions Committee for the nineteenth consecutive year.

The Convention recorded itself as against the "Little Steel" formula and, among many other things, endorsed President Roosevelt for a fourth term.

Then back to Washington and work at the General Office.

Next came Philadelphia and attendance at the session of the Middle Atlantic States Conference of Asbestos Workers.

Again to Washington and work at the General Office.

Next, with Secretary Sickles, to Springfield, Mass., and attendance at the session of the New England States Conference of Asbestos Workers.

Again to Washington and the General Office.

Work is tapering off, although it will be some time before conditions force a lay-off of our "emergency Asbestos Workers."

Fraternally,

Joseph A. Mullaney

President.

Dear Sir and Brother:

We are forwarding you the photos of two members of Local No. 17 who were recently killed in action.

They are Pvt. William Grady of the Signal Corps, and S1/c Marvin A. Krull of the Sea Bees.

Both of these boys met death during the recent "Invasion of France" after wearing Uncle Sam's uniform a little over a year.

The loss of these former Improver members of Local No. 17 will be keenly felt by all of the Chicago Local with whom they had worked and come in contact during their affiliation as they were both of the calibre that makes the type of Mechanics for which Local No. 17 is noted.

Trusting you will find space in the next issue of our Journal to publish these photos and this short note, I am

Fraternally yours,
WILLIAM J. WILSON,
Secretary.

Dear Sir and Brother:

Since the General Office will mail our members in the Armed Forces their copies of *The Asbestos Worker*, may I take this opportunity to state that all the members of Local No. 12, New York City, wish to convey a cheerful message of Thanksgiving to them in words of our latest information that with all our 46 members scattered to the seven winds of Heaven, there is no word of any serious injury to any of them. Pvt. James Feeney is reported as having been wounded somewhere in Italy and recuperating in England. Pvt. Raymond Smith has been reported wounded. There are, however, no details. First Lt. Thomas F. Keasbey is safe after being shot down, a prisoner of war in Germany.

All other men are doing well and happy from their mail in Belgium, Africa, South Pacific, England, Alaska, Italy, France, Hawaii and points east and west. God bless them.

Also, men, the Officers and members of the Local wish you to know your Thanksgiving checks have gone on their respective ways and your Christmas checks are about to follow immediately. The season's very best wishes to you all for the coming Christmas and New Year Season from the entire membership of Local No. 12.

to you that our Brother, PFC Richard Leary, Reg. No. 9165, was killed in France on June 14.

Brother Leary has been a member of Local No. 91 for five years. He has served his Country for the past two and a half years, having been inducted May 11, 1942, and receiving his basic training at Camp Croft, S. C. He received further training at Camp Gardan and at Camp Gordon, going overseas in January of this year.

I am enclosing his photograph for the Journal.

Mr. John Farrell, Business Agent
International Association of Heat and Frost Insulators and Asbestos Workers
66 Richlawn Avenue
Buffalo 15, N. Y.

Dear Mr. Farrell:

Acknowledging your inquiry of July 18, our insulating contract with the Laco Insulation and Roofing Company was entered into last month. Although our company is not in any way opposed to organized labor, we contract for services, equipment and supplies in the operation of our business on a basis of quality and service which will best fill our needs and both parties are, of course, bound by such contract.

Very truly yours,
A. C. SMITH,
Assistant Vice President.

The above communication is self-explanatory and needs no further comment. It was written by Assistant Vice-President of the Carnation Company of "contented cows" fame, in answer to one from Business Agent Farrell of Local No. 4 requesting the employment of Union asbestos workers on the Company's plant in Cattaraugus, N. Y., where non-union men in the employ of the Laco Company were at work. It should be noted that Mr. Smith states his Company "contracts for services, equipment and supplies in the operation of our business on a basis of quality and service". It should be further noted that in this particular instance the "service" is furnished by a shop unfair to our Local No. 4 membership. This should be borne in mind by the wives of our general membership when they go marketing to the extent of making sure they secure "service" at stores serving milk with brands other than the "contented" brand. Your General Executive Board will give this issue the consideration it deserves, no doubt, to the extent of having the Carnation Company placed on the unfair list of our International Association.

behalf beg to express to yourself, to your associate General Officers, and also to the Officers and members of your affiliated Locals throughout our Nation, our very sincere and grateful thanks for the wholehearted cooperation on the part of your International Officers in the carrying out of the agreement between our respective International Organizations relative to the temporary employment of members of our O. P. & C. F. I. A. as emergency asbestos workers under the jurisdiction of your various Locals in many parts of our land. We are not unmindful of the tremendous help and assistance your generous action has been to many of our members who in this way were enabled to secure good employment under the best possible working conditions at a time when the opportunities for such employment were, due to the unusual conditions prevailing, very scarce.

We feel certain we speak for our members so materially benefited by these opportunities for employment as well as the warm welcome extended to them by the rank and file of your Organization while working with them, as well as the extreme courtesy and assistance given them will never be forgotten by them and that this most brotherly spirit extended to our members by your International Organization and your affiliated Locals will more firmly cement the fine bond of friendship that we believe has existed between both our International Organizations throughout the years, and may we in the meantime express to you and to your International Organization the sincere thanks and appreciation of all.

With our most sincere good wishes to your International body and its affiliated memberships for a most successful future and also our sincere good wishes to yourself for every happiness and health, we beg to be

Dear Sir and Brother:

It is with regret that I advise that our Local No. 87 has suffered its first loss of one of its members in the Armed Services, Brother G. B. Cameron, Reg. No. 9759.

Brother Cameron joined the Service on December 8 after Pearl Harbor. He spent some time in the States in training, was promoted to Sergeant with an Infantry Division, shipped to North Africa and to Sicily, being wounded in each battle, then to Italy and is now reported missing. Nothing else having been heard from him it is not as yet definitely known whether he is a prisoner or was killed.

Hoping that you will be able to add this name to the October issue of The Asbestos Worker.

Dear Sir and Brother:

I am enclosing herewith photo of Brother George Bastian of our Local Union No. 1 which our Local would appreciate seeing published in our next Journal issue.

Brother Bastian has been awarded the Bronze Star for meritorious service during the fighting in Normandy.

He also wears the Combat Infantry Badge awarded for participation in the Sicily invasion.

Our membership is indeed proud of Brother Bastian and the way in which he is conducting himself while in the Armed Forces.

Brother Bastian has, since receiving the above awards, been promoted to the rank of Sergeant.

The entire membership of Local No. 1 wish to express their best wishes to Brother Bastian and hope for his early

Dear Sir and Brother:

With our most sincere regrets Local No. 87 has to report their second missing brother, Tech. Sgt. W. H. Allen, Reg. No. 11394.

Brother Allen was a gunner on a B-24 and was shot down over the French coast after completing his mission on June 12, according to a letter received from one of the three surviving crew members by his wife. Brother Allen was last observed assisting a wounded fellow crew member when the pilot issued orders to bail out over the English Channel. He was not seen later so it is not known whether he bailed out or not but it is hoped that he may have gotten out and will be found taken prisoner. The balance of the survivors being picked up by an English Mine Sweeper, the War Department reported Brother Allen missing.

Dear Sir and Brother:

Please find enclosed photographs of two Brothers who I am sorry to say have been killed in France.

They are Gunner Cyril Askin, Canadian Anti-Tank Battery, and Rifleman W. H. Mercer, The Queen's Own Regiment of Canada.

Will you kindly place these in the next Journal?

Dear Sir and Brother:

Am taking this opportunity to thank you and our Honorable International President, Brother Mullaney, for the enjoyable evening you two made possible for us, the members of Local Union No. 51, when you favored us with a visit at our regular meeting of August 11, 1944.

Brother Mullaney took great pains to explain to us the workings of a Joint Trade Board and the benefits to be derived from it. This also was well worth the evening spent, but that was not all of the good things that we learned that night. The way you explained the Withholding Tax System and the pointers you gave us about filing this tax form was something we all sure needed.

We trust that if your visit accomplished nothing more, you at least became acquainted with our mild summer weather with the thermometer passing the 100 mark both days you were here.

So again we thank you and want to know that the "Welcome Mat" of Local Union No. 51 is always out front waiting for you and Brother Mullaney when you come this way.

Fraternally yours,
JOHN M. GEIGER,
Secretary.

Can You Afford To Be Hurt?

Can you afford to be hurt?

The cost of on-the-job accidents is measured in time lost from the job—doctor bills—and possibly serious disabilities that cut down future earning power.

Last year 2,395,600 men and women were injured in industrial accidents. Another 18,400 workers were killed.

Accidents cost workers 270,000,000 days of lost time —equivalent to a year's work of 900,000 workers.

They cost the nation $2,000,000,000.

To be on the safe side, OWI urges workers to observe these precautions:

1. Check all equipment regularly, in line with instructions.
2. Take no chances.
3. Use the guards with which the machine is provided.
4. Use proper safety clothing and equipment for the job—helmet, **respirators,** shoes, and the like.
5. Keep workplace, materials, machines and tools orderly and in good repair. Good housekeeping reduces accidents.
6. Wear **goggles,** if the job requires it.
7. Lift with your legs and arms—not your back.
8. Don't walk on or under loaded cranes or hoists.
9. Don't jump from ladders, platforms, or moving vehicles.
10. Cut out horseplay and practical jokes.
11. Wear the right clothes on the job.

Craft Notes

The U. S. Heat and Frost Insulating Company, a small shop at Buffalo, N. Y., is on the unfair list of Local No. 4. It is the Buffalo distributor of Vermiculite.

* * *

The Laco Company, of Jamestown, N. Y., another small outfit, is also unfair to Local No. 4.

* * *

At the request of the Building and Construction Trades Council of Evansville, Ind., the General Office has sanctioned the signing of an agreement between Henry Reisinger of the General Asbestos Company and Local No. 37. It is to be hoped that this shop "stays put" this time.

* * *

The attention of our general membership, especially those of "B" Locals, is called to the fact that a recent ruling of the National War Labor Board has placed in line with the "Little Steel" ruling all building and construction employers including those employing eight or less, previously exempt from the "Little Steel" formula.

Push Construction Action Now To Promote Recovery, Keenan Urges

Demanding a post-war policy of "Peace and Plenty," instead of peace and poverty, WPB Vice Chairman Joseph D. Keenan told the national convention of the Bricklayers, Masons and Plasterers International Union that the construction industry holds the key to quick industrial revival when the fighting ends.

"We have wrought a production miracle in this war," Mr. Keenan said. "We can and must repeat our performance by winning the economic war against unemployment and poverty."

To achieve a construction program in the post-war period necessary to assure full employment and to remedy the housing shortage, plans must be drawn now and the Government must cooperate with industry and labor, Mr. Keenan insisted. He added:

"In the field of public construction there are several steps that must be undertaken before construction can actually get under way. Drawings must be made, specifications must be prepared, land purchased, materials obtained, equipment arranged for, and authority obtained. Thus far, it has been estimated that less than 15% of the amount of public construction needed in the first peace year for full employment has actually been planned, that is, has been engineered and is ready to go, while public construction planning is proceeding at about the rate of 1½% a month. If planning doesn't speed up beyond this rate, construction will never be able to get under way soon enough to help in the reabsorption process at the time of crucial need.

"We must start immediately, if we are to do our share by moving on into a post-war period of increased production activity. In the construction industry, as in all industries, in the coming post-war period, proper direction of the reconversion process toward full production and full employment should make it possible to create an era in which we will have decreased prices and increased wages and at the same time retain normal profits."

Workers Respond To Army's Needs

Lieutenant General Brehon B. Somervell, chief of the army service forces announced that American workers boosted production of munitions and supplies for the army during August by 10.7 per cent.

That brought output figures to the highest level since last February, overcoming a summer slump, Somervell said. He paid tribute to workers for "putting their backs into the job of getting out enough arms and equipment, on time."

Most significant, he revealed, is that the chief increases were in items that had been acutely short. "The response has been most gratifying," he said.

J. H. Farrell, Local No. 4, Buffalo, N. Y.
George Rider, Local No. 12, New York City
Patrick O'Connor, Local No. 12, New York City
Ernest J. Kruse, Local No. 26, Rochester, N. Y.
W. Kujawski, Local No. 26, Rochester, N. Y.
A. Nelipowitz, Local No. 30, Syracuse, N. Y.
P. J. McCormick, Local No. 30, Syracuse, N. Y.

International President Joseph A. Mullaney also was present at this meeting.

A motion was made and seconded that all bills be paid. Motion carried.

A motion was made and seconded that we dispense with the reading of the minutes of the last meeting. Motion carried.

Reports of Officers:

President McCormick announced that due to the failure of the previous Conference Meeting to elect a delegate to the 81st Annual Convention of the New York State Federation of Labor he had appointed Ray Nelipowitz, President of Local No. 30, Syracuse, N. Y.

Reports of affiliated Locals:

Delegate Farrell of Local No. 4, Buffalo, N. Y., stated that work in Buffalo and vicinity is very slow at the present time with some men out of work.

He also reported the U. S. Heat & Frost Insulating Co. of Buffalo and the Laco Company of Jamestown are still unfair. He reported that the U. S. Heat & Frost Insulating Co. is the approved contractor for Vermiculite Products in the Buffalo area.

Delegate O'Connor of Local No. 12, New York City, stated that work is very slow at the present time with no private construction work whatever, although there is plenty of work to be had on the boats.

Delegate Kruse of Local No. 26, Rochester, N. Y., stated that work is fair in Rochester at the present time with a few Plasterers working as "emergency Asbestos Workers."

He also stated that the Veterans Hospital at Canandaigua has been Unionized and is now fair to the Asbestos Workers as the U. S. Heat and Frost Insulating Co.'s non-union men were removed from the job and the contract awarded to one of our shops.

He further stated that he wished to thank International President Mullaney and the General Office for their valuable assistance rendered on this job.

Delegate McCormick of Local No. 30, Syracuse, N. Y., stated that every one is at work at the present time with a few Plasterers working as "emergency Asbestos Workers."

He also stated that he could use a few good canvas men on local and out-of-town work.

Published by AsbestosClaims.Law

Delegate Fallon of Local No. 40, Albany, N. Y., stated that conditions are fair in Albany but prospects for future work are poor.

International President Mullaney spoke in detail regarding the Withholding Tax which is now levied against our weekly expenses.

Delegate McCormick announced that all the delegates were invited to dinner as guests of Local No. 30, same to be held in the Syracuse Hotel that evening.

There being no further business, a motion was made and seconded that we adjourn at 2:45 p. m. Motion carried.

Respectfully submitted,

JOHN C. FALLON,
Secretary.

Delegate Hill, as President of Local No. 43 and host to the Conference, welcomed the International Officers and Delegates to the city.

In the absence of Business Agent Dunn he reported that work was good and near future the same. Most of the membership working only 40 hours per week.

He then reported on a Joint Trade Board meeting held the day previous when the Local presented to employers requested changes in new Agreement, terms subject to approval of War Labor Board.

Business Agent Carlson, Local No. 31, reported business very good. Seventy emergency men, mostly Plasterers, are employed in the territory, but can use any canvas men available. Bulk of work is marine work, where the Building and Construction Trades Stabilization Agreement is in effect.

He also reported on a Joint Trade Board meeting where Local requested changes in the new Agreement and Employers receptive, terms subject to approval of War Labor Board.

He then reported on a question brought on by an employer in a communication to General Office and President Mullaney instructed Delegates on proper procedure to clear up the matter.

Business Agent Hoff, Local No. 6, reported that marine work in his

territory is still the one big item. Has several Travelers, together with some sixty-odd emergency men, mostly Plasterers, at work. Had a short let-up at one shipyard where men had to be laid off, the bulk of whom are at present back at work. Building and Construction Trades Stabilization Agreement in effect at all yards.

He then reported a large Post-War Building Program is being laid out on institutional work throughout the State to stimulate employment for the Building Trades in that period.

He closed his report by enumerating jobs he is looking forward to in the near future. In general, work is still plentiful throughout territory.

Business Agent Gaspic, Local No. 33, reported business fair for the past quarter. Future about the same with but one large project in the offing—the first Naval Air Station in Connecticut.

All members are employed, the majority of whom are working on a 40-hour week schedule with only occasional overtime. About two-thirds of membership working in the State, the balance working out of town on Travelers.

He closed his report by enumerating jobs on hand and in the offing.

During reports on new Agreements President Mullaney and Secretary Sickles advised as to the workings of the "Little Steel Formula" as regards proposed wage increases and on the presenting of petitions to the War Labor Board.

Secretary Sickles was called upon to comment on the Internal Revenue Department's ruling as to deductions from wages and expenses as posted in last issue of our Journal to the satisfaction of all Delegates present.

President Mullaney, throughout the meeting, advised and instructed on the many issues brought forward and based his decisions on his long and past experiences.

With no further business, meeting adjourned at 2:00 p. m., and Delegates were dinner guests of Local No. 43.

Respectfully submitted,

JOHN A. GASPIC,
Secretary.

A communication was received from Vice-President Hennig, the Delegate of Local No. 2, advising that due to his failure to secure transportation he would be unable to attend the Conference meeting.

Affiliated Locals not represented: Local No. 2, Pittsburgh, Pa.; Local No. 11, Baltimore, Md.; Local No. 65, York, Pa., and Local No. 85, Atlantic City, N. J.

Minutes of previous meeting were read and approved.

There were no communications and bills.

Reports of Delegates:

Delegate Hunter of Local 14, Philadelphia, Pa., reported still very busy, with approximately 200 "emergency Asbestos Workers," mostly Plasterers, working. Will welcome all mechanics who come his way, particularly canvas men. Building construction has slowed up considerably but this slack is being alleviated by a continued up-trend in maritime construction.

Delegate Hoyle of Local No. 24, Washington, D. C., reported no change since last meeting. Still very busy with about 40 emergency men, mostly Plasterers, being used. A goodly number of Travelers are working and the Local will welcome any of our idle membership who wish work at Washington. Among the work now going on he included the Front Royal Job, the Buzzards Point Power Plant, and some cantonment work. Future work will include additions to the Georgetown and George Washington Hospitals and also more cantonment work.

Delegate Roche of Local No. 32, Essex & Hudson County, N. J., reported conditions same as of our last meeting with about 70 emergency men, mostly Plasterers, being used.

A tapering off of the invasion type ship is now noticeable but the other shipyards are still going strong. Building construction is still moving along.

A Post-War Program is pretty well set up and is expected to keep the membership employed.

Delegate Wardell of Local No. 42, Wilmington, Del., reported conditions the same. Still very busy. Can use any of our International membership now idle. All work is on a six-day week basis. Among future work listed are an addition to the Naval Training Station at Bainbridge, Md., additions to six schools, together with more marine work.

International Vice President Joseph W. Hunter, reporting for Local No. 71, Allentown, Pa., stated that all the membership is at work outside the territory. A small amount of work is, however, expected to open up soon.

Delegate Kopp of Local No. 89, Trenton, N. J., reported entire membership at work. No "emergency Asbestos Workers" are being used at this time. A small amount of industrial work is going on but the biggest percentage of work is of the housing type.

A Post-War Building Program has already been set up and this is expected to keep all men at work.

During the course of the Delegates' Reports, International President Mullaney gave his advice whenever needed and also gave an enlightening talk on craft conditions throughout the country.

With all business transacted adjournment was voted at 3:30 p. m. until Saturday, December 9, 1944.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary.

MINUTES OF MEETING OF THE SOUTHEAST STATES CONFERENCE OF ASBESTOS WORKERS

Atlanta, Ga., September 16, 1944.

The regular meeting of the Southeast States Conference of Asbestos Workers was held at the Henry Grady Hotel in Atlanta, Ga., on Saturday, September 16, 1944.

The meeting was called to order by President William Howell at 3:00 p. m., the following answering to the roll call: Delegates R. E. Von Hagel, Local No. 13, Jacksonville, Fla.; H. M. Hoffman, Local No. 48, Atlanta, Ga.; M. F. Warren, Local No. 67, Tampa, Fla.; William Howell, Local No. 78, Birmingham, Ala., and Robert E. Mercier, Local No. 96, Savannah, Ga.

Minutes of previous meeting approved as read.

Reports of affiliated Locals:

Delegate Von Hagel, Local No. 13, Jacksonville, Fla., reported about 55 "emergency Asbestos Workers," mostly Plasterers, and some Travelers working. Prospect for work in next six months good.

Delegate H. M. Hoffman, Local No. 48, Atlanta, Ga., reported very little work at present with future prospect some better.

Delegate M. F. Warren, Local No. 67, Tampa, Fla., stated about 100 "emergency Asbestos Workers," mostly Plasterers, and some Travelers at work. Needs "Asbestos Workers." Future prospects very good.

Delegate William Howell, Local No. 78, Birmingham, Ala., reported work very slow and future not so bright.

Delegate Robert E. Mercier, Local No. 96, Savannah, Ga., stated about 10 Travelers and 60 "emergency Asbestos Workers," mostly Plasterers, at work. Will need more Travelers very soon.

In keeping with the suggestion of the International Office, the Conference is meeting every six months in Atlanta, Ga., which is the central point. This change was made in the hopes of obtaining a larger attendance at our Conference sessions.

Due to the general rush of work and the overtime, particularly on Saturdays, this Conference session was not up to expectations, but probably will find all Delegates in attendance as the overtime work subsides.

A general trade discussion ensued after which adjournment was voted at 7:00 p. m. until next Conference meeting on the third Saturday in March, 1945, at Atlanta, Ga.

After adjournment the Delegates were entertained by Atlanta Local No. 48 at a dinner in the Cafe Herren.

Respectfully submitted,

H. M. HOFFMAN,

Secretary.

A Bombardier's Prayer

Aloft I rise to meet the foe;
On man-made wings, I soar,
My battlefield, the fleecy clouds;
Above the cannon's roar.

The heaven's blue are torn apart
By paths of stinging lead;
A sight is trained; a trigger pressed;
Another son is dead.

A victory won? A brave man lost,
Be he foe or friend;
A mother weeping, kneels and prays,
"When will this killing end?"

Some day, perhaps, I'll fill a sight,
A yellow hand is steady;
A leaden stream will rip my chest;
For my God, I'm ready.

Oh, God of Peace, must this go on?
We have no fear of death;
By taking us, you torture those
Who fought to give us breath.

Think you of the bitter tears
Of Mary at the cross;
Would not our mothers grieve as much
In suffering similar loss?

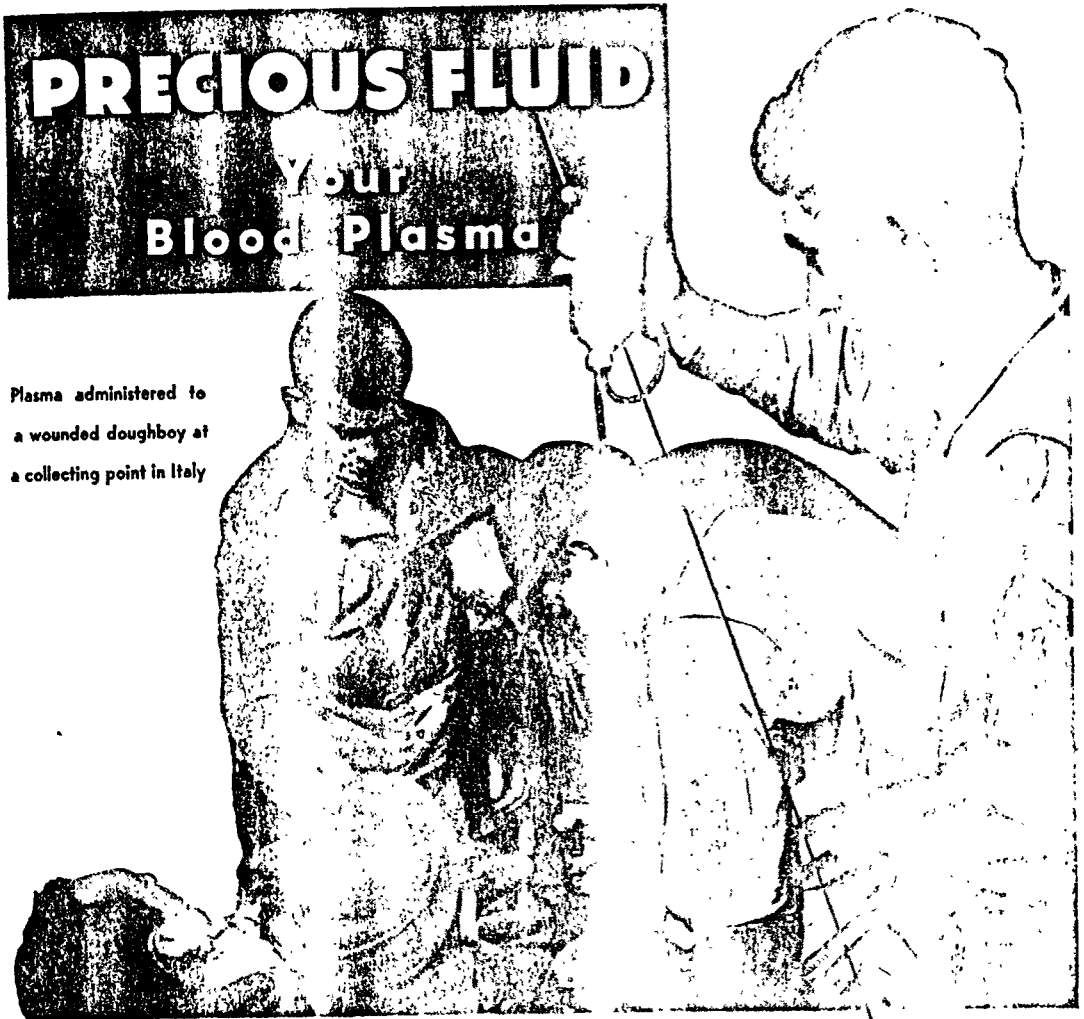

We'll gain world freedom from this fight
Won in fields of gore;
And, when the world again is sane,
Please, punish them no more.

—Lieut. Richard T. Neary.
