SPECIAL SESSION OF THE GENERAL EXECUTIVE BOARD

In compliance with the request of Mr. Ira I. Brought, as a representative of Owens-Illinois Glass Company and in behalf of Owens-Corning Fiberglas Corporation, to meet with our General Executive Board, a special meeting of the Board was called by President Mullaney.

This meeting was called to order by President Mullaney at the General Office on Thursday, January 11, at 1:00 p. m.

The General Executive Board members present and answering roll call were International President Joseph A. Mullaney; International Vice Presidents Hugh E. Mulligan, George R. Hennig, John W. Hoff, Joseph W. Hunter, James J. Dalton, and International Secretary-Treasurer C. W. Sickles.

Owing to time and distance, President Mullaney did not summons International Vice Presidents A. L. Hullinghorst and Henry H. Thompson to attend this session.

Mr. Brought appeared before the Board and stated that, inasmuch as the wage claim of Local No. 26, Rochester, N. Y., against the Owens-Corning Fiberglas Corporation had been settled by the donation of $2,500.00 by that company to the Red Cross, he believed that all restrictions in relation to the application of glass insulating materials should be lifted, and requested the Board to take such action.

This was the first official contact the Owens-Corning Fiberglas Corporation made with the General Executive Board since the Corning vs. Local No. 26 trouble originated in the latter part of 1940.

The Board, after a two hour review and over-all consideration of the Owens-Illinois Glass Company's request, decided that, in all fairness to this company and the avoidance of possible future legal entanglements that might involve our International Association and certain of its affiliated Locals, the following action should be, and by unanimous vote, was taken:

That all affiliated Locals be notified that, inasmuch as the Owens-Corning Fiberglas Corporation has settled the wage claim of Local No. 26, the company should in no way further be penalized by Local No. 26, nor any of our affiliated Locals in sympathy with or supporting it, by premium demands or non-application action.

The minutes of this special Board meeting as published in this Journal issue shall be considered as official notice to all our affiliated Locals and membership that any and all of our affiliated Locals which have placed restrictions on glass insulation by demanding premiums for its application shall immediately cease this practice and apply such material for the wage rate incorporated in the existing Joint Trade Agreement, which is of International form and makes no provision for "premium" material application.

REPORT OF THE
GENERAL PRESIDENT

Washington, D. C., January 4, 1945.

To the Officers and Membership Affiliated Locals,
Greetings:

The activities of your President away from the General Office during the past quarter began with a visit to Newark and a conference with Business Agent Roche, followed by attendance at a meeting of Local No. 32.

Next came Springfield, with Secretary Sickles, and attendance at the regular monthly meeting of Local No. 43 at the special request of President Dunn a month previous while attending the New England States Conference meeting. Vice President Hoff was also in attendance.

Then to Newark as the guest of Local No. 32 at its annual dance, which proved to be both an enjoyable and profitable occasion.

Next came a three weeks' stay at New Orleans where your President and Vice-President Mulligan represented our International Association at the annual Convention of the Building and Construction Trades Department of the American Federation of Labor.

Next, in the same city, came the annual Convention of the American Federation of Labor where our International Association was represented by your President and Secretary Sickles.

The proceedings of these Conventions were publicized in a manner that kept our membership, as well as all other A. F. of L. members, familiar with the addresses of the many notable visitors, particularly those of our Government. There was nothing in the proceedings of either of these Conventions that particularly concerned our craft.

Brother Jack Joinville of Richmond Local No. 88, was a Convention delegate representing the Virginia State Federation of Labor, and Brother George Majors of Tulsa Local No. 64, represented the Tulsa, Oklahoma, labor movement.

While in New Orleans your officers attended a session of the Southwest States Conference of Asbestos Workers at which your President presided. On this occasion a recess luncheon was tendered the delegates and also our employers and local labor representatives, by Local No. 53.

While in the city several shop conferences were held at which time craft issues were advised upon and disposed of.

Next came Syracuse and attendance at the quarterly session of the New York State Conference of Asbestos Workers.

Then to Albany and the annual gathering of delegates representing Local Unions affiliated with the New York State Federation of Labor that discussed legislative proposals that ought to be included in Labor's program to be presented to the Legislature of 1945. On this occasion your President spent the evening with Business Agent Fallon.

Work in general shows a slight improvement over last quarter, with canvas men in position to pick their jobs most any place in the country.

Fraternally,

Joseph A. Mulligan

President.

Mr. Herbert Rivers
Secretary-Treasurer
Building and Construction
Trades Department
American Federation of Labor
500-504 A. F. of L. Building
Washington 1, D. C.

Dear Mr. Rivers:

This is in reply to your letter of January 13.

I am in agreement with the view of the officers of the Building and Construction Trades Department that changed conditions in the building and construction industry make it desirable that I amend my order of November 28, 1944, on premium compensation in the building and construction trades. I have taken this action in an order of January 15, 1945, copy of which is attached.

This order provides that for the duration of the war the provisions of my order of April 11, 1944, be restored to full force and effect on the construction, alteration or repair of any building, structure or facility undertaken because of the intended use thereof by the United States or in aid of the performance by prime contractors or their subcontractors of contracts with the United States.

All questions of interpretation and application arising under this order shall be referred for determination to the Wage Adjustment Board for the Building and Construction Industry.

Very truly yours,

FRANCES E. PERKINS.

UNITED STATES DEPARTMENT OF LABOR
WASHINGTON

Part 4—Determinations Relating to Overtime, Sunday and Holiday Pay

Amendment of Determination of September 30, 1942, As Amended, on Premium Compensation in the Building and Construction Trades

On April 11, 1944, the Secretary of Labor issued an amended Determination on premium compensation in the Building and Construction Trades which applied the exemption previously granted on September 30, 1942, for work on construction projects which is subject to the Wage Stabilization Agreement of July 22, 1941, to all other work in the Building and Construction Industry performed by employees at the site of construction provided that such work is performed under specified conditions. Upon investigation, it appears advisable to amend my order of April 11, 1944, by deleting such conditions.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21462/7

I find that a wage stabilization agreement approved by a Government department or agency is operating satisfactorily in the Building and Construction Industry, and that the nature and exigencies of operations in such industry make it necessary and advisable for the successful prosecution of the war to amend my Order of April 11, 1944.

Now, therefore, by virtue of the power vested in me by Executive Order 9248, it is ordered that the Determination of the Secretary of Labor, issued September 30, 1942, which provides that Executive Order 9240 shall not apply to any contract work done for or through any Federal agency for defense purposes within the continental limits of the United States and the Panama Canal Zone, is extended to exempt from Executive Order 9240 all other work in the Building and Construction Industry performed at the site of construction.

Nothing contained in this Order shall be construed as limiting the operation or effect of the Wage Stabilization Agreement of July 22, 1941, and all work subject to this Agreement shall continue to be subject to the amendment of my Determination of September 30, 1942, issued May 22, 1943, which limits holidays on such work to New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day.

All questions of interpretation and application arising hereunder shall be referred for determination to the Wage Adjustment Board for the Building and Construction Industry.

This Order shall become effective December 1, 1944.

Dated: November 28, 1944.

Secretary of Labor.

UNITED STATES DEPARTMENT OF LABOR
WASHINGTON

Amendment of Order of November 28, 1944, On Premium Compensation in the Building and Construction Trades

On November 28, 1944, I issued an order deleting the conditions of my order of April 11, 1944, which exempted from the provisions of Executive Order 9240 all work in the Building and Construction Industry not previously exempted by my order of September 30, 1942. The authorization of new war construction makes it advisable for the successful prosecution of the war that I amend my order of November 28, 1944, to restore these conditions with respect to specified work in the Building and Construction Industry.

NOW, THEREFORE, by virtue of the power vested in me by Executive Order 9248, it is ordered, for the duration of the war, that the provisions in my order of April 11, 1944, be restored to full force and effect on the construction, alteration or repair of any building, structure or facility undertaken because of the intended use thereof by the United States or in aid of the performance by prime contractors or their subcontractors of contracts with the United States.

Accordingly, the Determination of the Secretary of Labor issued September 30, 1942, is extended to exempt from Executive Order 9240 all such work in the Building and Construction Industry performed by employees at the site of construction provided that it is performed under the following conditions, which are now in effect on all construction work subject to the Wage Stabilization Agreement of July 22, 1941, entered into between certain Government agencies engaged in defense construction and the Build-

Any work not subject to the provisions of Executive Order 9240 pursuant to this Order shall be subject to the amendment of my Determination of September 30, 1942, issued May 22, 1943, which limits holidays in this industry to New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day.

BUILDING AND CONSTRUCTION TRADES DEPARTMENT AMERICAN FEDERATION OF LABOR

Summary of Negotiations with Department of Labor From Time of Issuance of Executive Order 9240 to Date

Under date of September 9, 1942, President Roosevelt issued Executive Order 9240, which set up provisions for overtime pay, granting time and one-half for overtime in excess of an eight hour day or a forty hour week, time and one-half for the sixth consecutive day worked and double time for the seventh consecutive day worked. This order brought about confusion and conflict with the overtime provisions of the Stabilization Agreement by and between the Building and Construction Trades Department and Government Agencies financing building and construction work in connection with the war effort.

By this conflict we mean, for example, in instances where some industrial plant would be constructing more than one building and some of the buildings would be financed through the Defense Plant Corporation and

asbestosclaims.law/library/21462/9

would come under the overtime provisions of the Stabilization Agreement and the same contractor performing this contract would have another contract with the industrial plant for the erection of buildings which would be financed wholly by private funds, frequently the same men employed would shift from one job to the other, which would mean on one job they would be getting time and a half overtime pay, and, on the other, in some instances at least, where they worked the seventh consecutive day, they would be getting double time.

Due to the confusion and conflict brought about by this condition, the Executive Council of the Building and Construction Trades Department unanimously voted to request the Secretary of Labor to secure permission from the President to issue an order exempting the building and construction trades workers, parties to the Stabilization Agreement, from the provisions of Executive Order 9240. The Secretary of Labor complied with this request, and the President issued Executive Order 9248 on September 17, 1942.

Upon receipt of Executive Order 9248, the Secretary of Labor issued the Order exempting organizations, parties to the Stabilization Agreement, from the overtime provisions of Executive Order 9240. After a period of time had elapsed, it developed that building and construction trades workers were working under the condition described above, namely, on privately financed work in some instances they drew double time for overtime pay and on work financed by Government Agencies, parties to the Stabilization Agreement, they were drawing time and one-half provided for in that Agreement. As a result of this condition, at the April, 1944, meeting of the Executive Council of the Building and Construction Trades Department, another request was made to the Secretary of Labor to extend to private industry for the duration of the war the uniform time and one-half provision. This request on the part of the Building and Construction Trades Department was complied with in part by the Secretary of Labor.

Apparently, this order did not correct the situation, as some organizations affiliated with the Building and Construction Trades Department and some of their local unions continued to write to the Labor Department to request permission for the double-time pay for overtime performed on work that was not connected with the war effort. In one instance, the Solicitor of Labor did issue such an interpretation, which was widely spread throughout the country; and, in order to correct this misunderstanding, a third request was made to the Secretary of Labor by the Building and Construction Trades Department requesting an Order relative to this double-time pay. The Secretary of Labor agreed to this, and, after drafting an order, it was placed on the Government Register.

We had definite knowledge that there were a number of Government Agencies which were strenuously objecting to this order of the Secretary of Labor, and, for that reason, the Building and Construction Trades Department did not send out the Order of November 28, 1944.

We were advised that various Government Agencies who objected to the Secretary of Labor's Order of November 28, 1944, were so seriously concerned that they would cause the order to be changed.

After several conferences with officials of the United States Department of Labor, it was agreed that the Secretary of Labor amend the order of November 28, 1944, extending the one and one-half times the basic hourly rates as overtime compensation provided for in the Stabilization Agreement to all privately financed work essential to the war effort.

Dated: January 16, 1945.

Secretary-Treasurer.

which might possibly be termed a violation of the "unfair practice" law.

For the information and guidance of the few of our affiliated Locals which have refused to apply glass insulation except on defense projects, it should be remembered that our International Association has never placed a "boycott" on this material or certain other insulation materials claimed by some of their membership to be injurious to health.

The Board, after due consideration, voted to instruct Home Insulator Locals to discontinue meetings of the Eastern States Conference of Home Insulators until further notice.

There being no further business, the Chair declared adjournment at 4:00 p. m.

Respectfully submitted,

C. W. SICKLES,
Secretary-Treasurer.

Dear Sir and Brother:

I am mailing you under separate cover a photo of Brother William G. McEachern, Jr., 1st Lt., Infantry, a member of our Local Union No. 78, who has been awarded the Silver Star for gallantry in action.

His parents have been informed by the War Dept. that he has been wounded in action. Our Local membership would appreciate having his picture appear in the next issue of The Asbestos Worker.

Our Local paper, "The Birmingham News," commenting on this award to Lt. McEachern printed the following:

"Leader of an infantry platoon in Italy last January, Lt. McEachern conducted his group through heavy concentration of enemy artillery, mortar and machinegun fire during the crossing of the Rapido River. He and his platoon 'spearheaded a furious assault across treacherous waters against hostile emplacements,' the citation read.

"Later he maintained his position by 'aggressive leadership and calm example,' and finally was ordered to withdraw his men in the face of increasingly hazardous fire. He supervised the protection of his men during this movement, and himself remained on the enemy side of the river covering his men until all of them successfully reached the other side."

Local No. 78 will thoroughly appreciate the publication of this article and the photo of Lt. McEachern, who, of course, is none other than the son of the one and only incomparable "Alabama Mac," known to the vast majority of our membership.

Fraternally yours,
A. R. SARTORE,
President, Local No. 78.

Dear Sir and Brother:

I am enclosing herewith a picture of deceased Staff Sgt. John Gaspich, the first of our Local No. 12 membership to have been reported "Killed in action." Trust you will find space to publish this photograph in the next Journal issue.

The following is a brief sketch of Sgt. Gaspich's Army career:

Asbestos Worker John Gaspich, Reg. No. 6820, became a member of Local No. 12 April 15, 1929. He was last employed by the C. S. Wood Co., of this city.

Brother Gaspich enlisted in the 26th U. S. Infantry October 30, 1940, and received his basic training at Camp Edwards, Mass. He was sent overseas from that point, and saw service in many major campaigns of the various war theatres; to mention a few, he was in the North African, Salerno and Sicilian war areas, then sent back to England for a breathing spell.

He was promoted to the rank of sergeant while in the African theatre of war, and again promoted to the rank of Staff Sergeant before going into the Normandy and Belgium beachheads, where he met his death in the service of his country.

Staff Sergeant John Gaspich beyond a doubt was every bit as good a soldier as he was an asbestos worker,

which speaks for his rapid promotions from the rank of buck private to that of Staff Sergeant in such a short span of service.

His loss is one of great sorrow to his mother, whom he left behind, and shall also be keenly felt by the membership of Local No. 12 in the years to follow.

Fraternally yours,

JOSEPH FLYNN,
Secretary-Treasurer,
Local No. 12.

P. S.—Am also enclosing for Journal publication a letter received from Brother Raymond L. Smith, now convalescing at a hospital in England.

In England,
December 10, 1944.

Mr. Joseph Flynn,
305 East 23rd Street,
New York 10, N. Y.

Hello, Joe:

How are the boys? What's new around town?

I received the October issue of the Asbestos Workers' Journal and see my name in it. Here are the details:

I was wounded August 16 in France and was hit in the arm and leg with shrapnel.

I was sent to a hospital in England and I am still here.

I wasn't hit very bad and feel pretty good.

According to the Journal, there are quite a few of the boys in the service. I didn't think there were that many.

Well, Joe, that's all for now.

Hoping to hear from you and the boys soon, I am,

Regards,

RAY.

Dear Sir and Brother:

Would appreciate your giving the following story of Flight Officer Edward R. Cahill your personal attention for publication of this article in the January, 1945, Journal issue.

The July Asbestos Worker published a picture of Flight Officer Cahill and article which reported his being missing in action.

His family has since been advised that he was "killed in action" on the same date as he was previously reported missing in action.

Flight Officer Cahill, who was 28, was graduated from Lakewood High School, after which he affiliated with our Local No. 3 and worked at the trade until he entered the Army in July, 1941. He won his wings at Ellington Field, Texas, and went overseas in November, 1943.

It is extremely difficult to make this report knowing, as reported in the July Journal, that the mission which resulted in his death was his 30th and supposedly last mission before receiving extended leave.

Appreciating your publishing this for the benefit of Flight Officer Cahill's many friends, I am,

Fraternally yours,

JAMES J. DALTON,
Business Agent, Local No. 3

Dear Sir and Brother:

You will find enclosed herewith photograph of Sgt. Homer C. Land, of our Local No. 87, who has been reported "Killed in action" over France, November 11, 1944, on his first mission.

Published by AsbestosClaims.Law

He was top turret gunner on a bomber.

He had been overseas two months and in the service since April 10, 1943. Brother Land had been a member of Local No. 87 since early 1942, and was well liked by all those with whom he came in contact in connection with his work in the territory, and his many friends here and elsewhere will sincerely mourn his loss, including his brother-in-law, Brother C. H. Reed, also a member of Local No. 87.

Before entering the trade, Brother Land graduated from Spring Hill, Kansas, High School.

Fraternally yours,

Financial Secretary,

Dear Sir and Brother:

In the October, 1944, issue of our official publication, "The Asbestos Worker," a picture of Brother William H. Allen was published with the notation "Reported Missing in Action."

It is with regret that I now advise you that his family has since been notified that Brother Allen was "Killed in action" on the same date as he was previously reported missing in action.

Assuring you that Local No. 87 will appreciate your advising the membership through the columns of our Journal of this latest advice, I am,

Fraternally yours,

RAY RANNE,

Dear Sir and Brother:

I am enclosing herewith a photograph of one of our Improvers killed in action overseas.

He is Staff Sergeant John Olmo, twenty-two years of age, who entered the service in the latter part of 1942.

Brother Olmo was a young man of excellent character, ability and a member whom we all admired.

His passing left a gap in the ranks of Local No. 16, a memory to be proud of, and his spirit will be with us always.

Dear Sir and Brother:

Am taking this opportunity to express the thanks of Local No. 43 to International President Mullaney, Vice President Hoff and yourself for your recent visit and attending regular meeting of our Local Union.

At that time, you all went to great length to explain to us the difficulties encountered by our International in maintaining the conditions of our International membership obtained through Joint Trade Agreement prior to the war.

Your counsel and advice was greatly appreciated, and we hope that you all may be able to visit us again in the near future.

Fraternally yours,

JAMES J. DUNN,

Top Priority for Post-War Housing

The American Federation of Labor asked Congress to give post-war housing "top priority rating above all other peace-time legislation."

Presenting a detailed ten-year housing program for approval before the Senate Sub-Committee on Housing and Urban Redevelopment, AFL representatives declared it would create 19 million post-war jobs on construction sites, in building materials industries and in household furnishings, appliances and equipment.

Harry C. Bates, Chairman of the AFL Housing Committee, told the Senate group that construction of 15 million new homes in the decade after the war "is the minimum program for meeting the accumulated need." He described the AFL program as "the least expensive, the most productive and the most powerful generator of post-war employment." He said the program was designed to serve a universal housing market, in which families in all income groups can take part.

Boris Shishkin, Secretary of the AFL Housing Committee, who followed Mr. Bates on the witness stand, testified that the AFL plan can be "brought into high gear within five years after the cessation of hostilities," although it would start immediately after victory.

The ten-point program submitted by Mr. Bates provided:

1—Measures designed to stimulate, expand and safeguard home ownership, including amendments of laws governing FHA mortgage insurance, to reduce interest rates; extend amortization to 32 years; make possible pre-payments on homes; safeguard the home buyer's investment in cases of default due to unemployment or other causes by allowing in such cases a temporary moratorium on payments so that the lapsed payments could be met by lengthening the life of the mortgage; protect against deficiency judgments; assure soundness of construction through compliance with firm minimum standards, making noncompliance subject to redress or penalties; require that not less than prevailing wages be paid on all home construction subject to FHA insurance.

2—Expansion of slum clearance and rehousing program of the U. S. Housing Authority to provide decent homes to families of low income whom private enterprise cannot reach. This program should achieve an annual rate of 500,000 dwelling units a year to be built under local programs of properly constituted local housing authorities.

3—Mutual home ownership by wage earners under proper safeguards where employment stability is assured.

4—A long-term urban redevelopment program designed to replan and rebuild our towns and cities for sound and stable growth. Local housing authorities should be used wherever possible as the logical agencies to assemble land in accordance with local development plans, so that the land could be put to the best use by private enterprise and for such public projects as may help the town's healthy growth. In this program substantial federal financial aid to municipalities must be authorized.

5—Federal grants for project planning to individual communities.

6—Prompt amendment of the Lanham Act to authorize local housing authorities to acquire permanent war housing. Temporary war housing should be removed as rapidly as possible and as soon as provision is made for suitable permanent accommodations for families still occupying these temporary projects.

7—Rural housing to low income families with the aid of county housing authorities created for the purpose with adequate farm representation assured to farmers. Demountable homes built during the war should be made available to farm families on equitable terms through such county housing authorities.

8—Continuation of price control over building materials as long as the accumulated pressure of unsatisfied demand presents a threat of runaway prices.

9—Correction of the housing provisions of the "GI Bill of Rights" which utterly fail to protect the interests of the veteran, expose him to speculative profiteering and place upon him an unreasonable and unfair burden of high interest charges by lenders whose loans are fully guaranteed by the government against risk.

10—A National Housing Board of five members to be established as a permanent statutory agency, responsible for over-all policy, with the Chairman acting as the Administrator.

A. F. of L. Hits Compulsory Labor Law

The American Federation of Labor blasted compulsory labor legislation at a public hearing before the House Military Affairs Committee as indications multiplied that such legislation is doomed to defeat.

Lewis G. Hines, AFL legislative representative, delivered a two-fisted attack on the pending May Bill at the hearing. He charged:

1—That claims of manpower shortages have been greatly exaggerated.

2—That the May Bill is not a 4-F draft measure, nor a work-or-fight bill, but provides for limited compulsory service for all men from 18 to 45.

3—That sub-standard wages in critical war plants are the chief cause of manpower difficulties.

4—That the War and Navy Departments are backing the legislation in order to place the entire nation under military control.

5—That passage of the bill would "demoralize" war production instead of helping it.

Meanwhile, Senator James Mead, Chairman of the Senate War Investigating Committee, announced his opposition to the forced labor bill.

The Senator declared his committee would institute immediate hearings to investigate the high-pressure talk about manpower shortages. High officials of the War Manpower Commission, the War Production Board and the War Department will be called.

In a recent report, the Mead Committee accused the War Department of wasting manpower by permitting production of huge surpluses of certain types of war equipment when the workers in those industries could have been diverted to plants manufacturing critical material.

Hines also charged wastage and hoarding of manpower in war industries. He also flatly declared that out of fourteen war industries where production lags have set in, this condition is due to manpower deficiencies in only one. That is the foundry industry, where wages are too low to attract workers, he said. The reason for lagging production in the other industries, he said, are changes in design, suddenly stepped-up schedules and lack of facilities.

The War and Navy Departments and the Selective Service System are not competent to do the job of rounding up manpower, Hines stated. He insisted that the responsibility should be left to labor and industry on a voluntary basis.

"To those who would use forced labor to avoid correcting the causes of manpower shortage, we say: 'This is the way to delay the war effort, not to speed it,' " declared Hines.

Meanwhile, business and farm groups continued to assail the "draft labor" proposal just as vigorously as the trade union movement. One of the most bitter attacks on the bill was made by the National Association of Manufacturers.

MINUTES OF MEETING OF NEW ENGLAND STATES CONFERENCE OF ASBESTOS WORKERS

Boston, Mass., December 16, 1944.

The regular quarterly meeting of the New England States Conference of Asbestos Workers was held Saturday, December 16, 1944, at Local No. 6 office, 40 Causeway Street, Boston, Mass.

In the absence of Chairman Ernest Carlson, Delegate Hoff took the chair, calling the meeting to order at 11:30 a. m.

Delegates present were International Vice-President John W. Hoff, Local No. 6, Boston, Mass.; Oscar Nelson and Axel Johnson, Local No. 31, Providence, R. I.; and John A. Gaspic, Local No. 33, Connecticut.

General Secretary-Treasurer C. W. Sickles, was also in attendance.

Call for the meeting was read and ordered filed.

Minutes of the previous meeting held at Springfield, Mass., September 23, 1944, were not read inasmuch as all delegates were familiar with these minutes, same having been published in our October Journal.

Credentials were presented by Brothers Nelson and Johnson, Local 31, Providence, R. I., and delegates ordered seated.

Business Agent Nelson, Local No. 31, first reported on the outcome of recent election held by the Local and of his succeeding Brother Ernest Carlson to the office of Business Agent.

Delegate reported that business had been very good. The one big job still being the Walsh-Kaiser Shipyard where Local is working under the terms of the Building Trades Wage Stabilization Agreement. About 270 Asbestos Workers are employed at this yard through an Insulation Contractor, majority of whom are "emergency Asbestos Workers" recruited from the ranks of the building trades, mostly Plasterers. Inasmuch as there are but two ships on the ways rumor has it that a general lay-off may be expected shortly after the New Year.

The delegate closed his report by enumerating the jobs they have to look forward to.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21462/25

Business Agent Hoff, Local No. 6, reported business as good. Has 10 Travelers in from Sister Locals and some 150 "emergency Asbestos Workers", most of whom are Plasterers. Marine work is still No. 1 on the work list although some new construction, maintenance and repairs are coming along steadily.

Delegate closed his report by advising his Local now has a Gold Star on its Service Flag. All members in the service were forwarded Christmas spending money in the amount of $10.00 each.

Business Agent Gaspic, Local No. 33, reported business had been very good the past quarter. The pickup in business was surprising as a general let up was expected, due to the small volume of work in sight. Bulk of the extra work was in the form of small boilers which in recent years had been coming through metal jacketed.

A majority of the men had worked 48 hours weekly although some had received more. Coming quarter looks good.

Delegate advised that local members in the service were remembered in time for Christmas with gift packages and some spending money going to men overseas, while the boys still in the States received cash in the amount of $15.00 each.

Delegate closed his report by advising he is to begin new duties on Monday, December 18, as Assistant Secretary of the Connecticut State Federation of Labor. He stated that his duties would allow him to continue duties as Connecticut Local No. 33 Business Agent.

Secretary-Treasurer Sickles was called upon frequently for advice and counsel throughout the session. He also advised on conditions throughout the country as pertains to our craft.

He also reported on his attendance, together with President Mullaney, at Convention of the Building and Construction Trades Department at New Orleans, Louisiana. He also reported on a change that was effected by a new order of Secretary of Labor, Madam Perkins, pertaining to overtime payment. An explanation of this is to be mailed to individual Locals and is to be printed in the January issue of our Journal.

With no further business and upon motion meeting was adjourned at 1:15 p. m. and delegates invited to dinner as guests of Local No. 6.

Respectfully submitted,

JOHN A. GASPIC,
Secretary.

The conference Delegates unanimously requested your Editor to footnote these minutes and extend to Business Agent Gaspic their congratulations and well wishes for the future in connection with his recent appointment to the position of Assistant Secretary of the Connecticut State Federation of Labor. Your Editor joins with the Delegates in these wishes to one who has proved his worth and can be expected to go far in the labor world.—Editor.

What's just as smart as buying a War Bond ?

Holding on grimly to the Bonds you've already bought . . .

That's just as smart as buying them!

Cashed-in Bonds don't help bring that lasting peace a second nearer!

Cashed-in Bonds can't help protect the life of a single American youth!

Cashed-in Bonds won't pay you $4 for every $3 in ten years!

So, hold on, Mister!

Hold on to those War Bonds you've bought—and hold up *your* end in this fight for freedom!
