REPORT OF THE GENERAL PRESIDENT

Washington, D. C., July 2, 1946.

To the Officers and Membership, Affiliated Locals, Greetings:

The activities of your General President during the last quarter began at the General Office on April 1, on which date he returned from Atlanta.

Then came Newark and a conference with Business Agent Roche, followed by a meeting of Local No. 32.

The next jump was to Philadelphia with Secretary Sickles in response to an invitation to attend the "Veterans' Night" meeting of Local No. 14. It did credit to the Local and is fully covered elsewhere in this Journal issue.

Then back to the General Office.

The next jump was to Pittsburgh and a conference with Vice President Hennig and with him to a conference between the House Insulating Employers and a committee of Local No. 2-B on the question of trade agreement renewal. The same evening came a meeting of Local No. 2.

Next to Philadelphia and a conference with Vice President Hunter followed by the quarterly session of the Middle Atlantic States Conference of Asbestos Workers.

Then to Washington and the General Office, and with Secretary Sickles to a meeting of the Washington labor legislative agents in the A. F. of L. Building.

Then a jump to Syracuse and the regular quarterly session of the New York State Conference of Asbestos Workers.

Boston was the next city visited with Secretary Sickles to a session of the New England States Conference followed the same evening by a "Veterans' Night" supper and floor show attended by all Conference Delegates. This occasion will long live in the memory of those who attended it. It is covered in detail elsewhere in this Journal issue.

While at Boston your President, Vice President Hoff and Secretary

Sickles heard Business Agent MacDonald make a report on the progress of Local No. 6-B.

Next came the elections of Local No. 12 which your President has supervised for many years. The Australian ballot was used. Polls opened at 11:00 a. m. and closed at 3:00 p.m. The Election Committee, as always, was chosen by names picked from a hat at the previous Local meeting. The election results found one change on the Executive Board.

During the past quarter your President has had several contacts upon which the Locals interested have been fully informed.

Work is "spotty" at present with a backlog of orders piling up awaiting material delivery.

Fraternally,

Joseph A. Mullaney

President.

BILL TO MAKE CLOSED SHOPS ILLEGAL IS VETOED BY LOUISIANA GOVERNOR

Labor scored a major victory when a bill to make closed shop contracts illegal in Louisiana was vetoed by Gov. James H. Davis.

As the action came only a few days before the State Legislature, by constitutional limitation, was scheduled to end its session, it was regarded as highly unlikely that the measure could be passed over the veto.

In his veto message, the Governor took the view that the Cleveland Bill, as the measure was known, would interfere with the right of collective bargaining for Louisiana employers and workers, and that it would contravene such Federal enactments as the Labor Relations Act, the Railway Labor Act and the Fair Labor Standards Act. He referred to the other proposed regulatory measures on the Legislature's calendar as "more reasonable and more susceptible of practical enforcement," and it may be that this implied endorsement on the Governor's part will help one or both of them to final passage before Thursday night.

The Governor pointed out that there has been no widespread labor difficulty in Louisiana during the reconversion period, and promised to convoke a special session of the Legislature to deal with such a situation, if it should arise.

This measure, needing a simple majority, passed both Houses, although by less than two-thirds of either one of them. A vote of two-thirds would be needed to override the Governor's veto. Mr. Davis waited until nearly midnight of July 8, when the bill would have become law without his signature, before sending his veto measure to the House.

A Token of Appreciation

From the May issue of the Official Journal of the Operative Plasterers' and Cement Finishers' International Association.

Now that the war is over and we have returned to peacetime pursuits and we Plasterers and Cement Finishers are back to work at our crafts, an acknowledgment to the Asbestos Worker is in order, and I will endeavor to express thanks to that organization and its officers for the membership of the Operative Plasterers' and Cement Finishers' International Union, for the consideration shown us during two wars.

Yes, we are obligated to the Asbestos Workers for the many months of work to many of our members. The work was indeed a godsend, as work in our crafts was greatly curtailed by war emergency employment. The Asbestos Workers, their craft, were in the war emergency category. Instead of glutting their organization with enough men to supply the war emergency work demanded of them, they graciously offered such members of our organization the opportunity to work with their members at such work as the Asbestos industry provided, and there was much of it. Yes, enough to provide thousands of our members with work, who would otherwise probably be idle.

Not only in the war period just closed, but in World War I did the same condition maintain. During World War One I was President of the Building Trades Department of the A. F. of L., and as such was in touch and acquainted with the situation as it affected the Building Trades. The trades that had to do with war emergency work were taxed or overwhelmed by the demand for men. As President of the Building Trades Department, I tried to convince such trades as to the advisability of recognizing building tradesmen's cards universally under conditions to be agreed upon, but the chance for augmenting their membership and enhancing their treasuries prevailed over the idea of the recognition of cards of the Building Trades Union, which had little or no work in the war emergency, but astute Joseph Mullaney, President of the Asbestos Workers, saw the advisability of preserving the status of his organization and the fallacy of augmenting membership and its treasury and suffering the effects in the post war period which was to come. He for one, wisely agreed that it would be better to consent to accept the cards of other union men in such instances where his organization could not supply the demand for men, than to take men into his organization promiscuously.

The late Edward J. McGivern was our General President at that time, and Joe Mullaney expressed himself as in favor of meeting McGivern and considering some plan. Joe Mullaney and McGivern met and consummated an agreement. Quote: This Agreement, made and entered into this 9th Day of May, 1918, by and between the International Association of Heat and Frost Insulators' and Asbestos Workers' and the Operative Plasterers' and Cement Finishers' International Association is, in effect, as follows: First—That in all cases where the Asbestos Workers fail to provide sufficient mechanics "emergency men" shall be drawn from the ranks of the Operative Plasterers and Cement Finishers. Second—It is distinctly understood and agreed that such "emergency men" shall not be continued in employment in cases where Asbestos Workers are in idleness. Third—It is further distinctly understood and agreed that such "emergency men" shall be is-

sued international permits by the Asbestos Workers, for which they shall pay two (2) per cent of their earnings to the Asbestos Workers' Local Union issuing same.

(Signed) Edw. J. McGivern,
For Operative Plasterers & Cement Finishers.

With World War II the same identical condition presented itself —a shortage of Asbestos Workers and idle Plasterers and Cement Finishers. President Mullaney and President Colleran met and agreed that the 1918 agreement that proved so wise for the Asbestos Workers and so beneficial to the O.P.&C.F.I.A. would be re-enacted and I was so advised by President Colleran. Quote:—

Washington, D. C.,

Mr. John H. Donlin,
Editor, The Plasterer,
Cicero, Illinois.

Dear Sir and Brother:

I am herewith inclosing a copy of agreement entered into between International Association of Heat and Frost Insulators and Asbestos Workers and the O.P.&C.F.I.A.

This agreement, word for word, was in effect between the aforesaid organizations during the World's War, which our lamented General President, Edward J. McGivern, agreed to and respected. I remember you making the statement that the agreement proved mutually beneficial.

The Secretary of each signatory International Union will send a copy of the agreement to each of their respective locals.

Fraternally yours,

M. J. Colleran,
General President,
O.P.&C.F.I.A.

This Agreement

made and entered into this 25th day of October, 1940, by and between the International Association of Heat and Frost Insulators and Asbestos Workers and the Operative Plasterers' and Cement Finishers' International Association, is in effect as follows:

1. That in all cases where the Asbestos Workers fail to provide sufficient mechanics "Emergency Men" shall be drawn from the ranks of the Operative Plasterers.

2. It is distinctly understood and agreed that such "Emergency Men" shall not be continued in employment in cases where Asbestos Workers are in idleness.

3. It is further distinctly understood and agreed that such "Emergency Men" shall be issued International permits by the Asbestos Workers, for which they shall pay 2 per cent of their earnings to the Asbestos Workers' Local Union issuing same.

Joseph A. Mullaney, President,
International Association of Heat & Frost Insulators and Asebstos Workers.

M. J. Colleran, President,
Operative Plasterers' and Cement Finishers' International Association.

The above Agreement follows word for word the Agreement signed by President Mullaney of the Asbestos Workers, and President McGivern of the Operative Plasterers on May 9, 1918, which was made necessary then, as now, to insure the Government of a necessary labor supply for defense work.

Hence the recognition of the cards of the membership of the

An Officer knocked at the Heavenly Gate,
His face was scarred and old;
He stood before the Man of fate
For admission to the fold.

What have you done, St. Peter asked,
To gain admission here?
I've been a Union Officer, Sir, he said,
For many and many a year.

The pearly Gate swung open wide,
St. Peter touched the bell—
Come in and choose your harp, he said,
You've had your share of hell.

O.P.&C.F.I.A. by the Asbestos Workers, which we dwelt on previously in this letter, without resorting to repetition suffice it to say that the judgment of President Joseph Mullaney proved wise, as when the war work ended the Asbestos Workers still had their good organization intact and stable. Better than a big treasury and more men than the industry could provide work for, was Joseph Mullaney's foresight in recognizing our cards during two hectic war periods. The Asbestos Workers preserved their organization and thousands of our members profited by employment in the asbestos industry.

So again I want to express the deepest appreciation of our organization and those who benefited by employment. I am sure those of our members who did profit by said agreement and employment, will join me in saying, thank you, Joe Mullaney, and future successes to the International Association of Heat and Frost Insulators' and Asbestos Workers' organization. Our organization will never forget the occasions—the two war periods, and the consideration shown us. Thanks . . . thanks . . . thanks again.

John Donlin, Editor,
The Plasterer and
Cement Finisher.

(After the signing of these agreements our General Executive Board saw fit to instruct our affiliated Local Unions not to collect the 2 per cent working assessment from the Plasterers who worked as "emergency Asbestos Workers". Our Locals have faithfully lived up to those instructions.—Editor's note.)

AFL BUILDING TRADES DEPARTMENT SIGNS AGREEMENT TO AID HOUSING PROGRAM

Marking a long step toward insuring uninterrupted development of the Government's vast emergency home-building program, the Building and Construction Trades Department of the AFL signed a "memorandum of understanding" with Housing Expediter Wilson W. Wyatt signifying agreement "to use every means within its power to bring about a settlement of any industrial conflict" that may threaten a stoppage of work.

Signatories to the agreement for the AFL were R. J. Gray, acting chairman of the Executive Council of the Building and Construction Trades Department, and Herbert Rivers, secretary-treasurer. Wyatt and his chief general deputy, Kirby Smith, signed for the Government.

Under the agreement, a Construction Labor Advisory Committee was created by the AFL group. It is composed of Mr. Gray, secretary-treasurer, Bricklayers, Masons and Plasterers; President William Maloney, International Union of Operating Engineers; President Robert Byron, International Sheet Metal Workers; President Edward Brown, International Electrical Workers, and General Organizer Thomas O'Brien, International Teamsters.

The memorandum said in part.

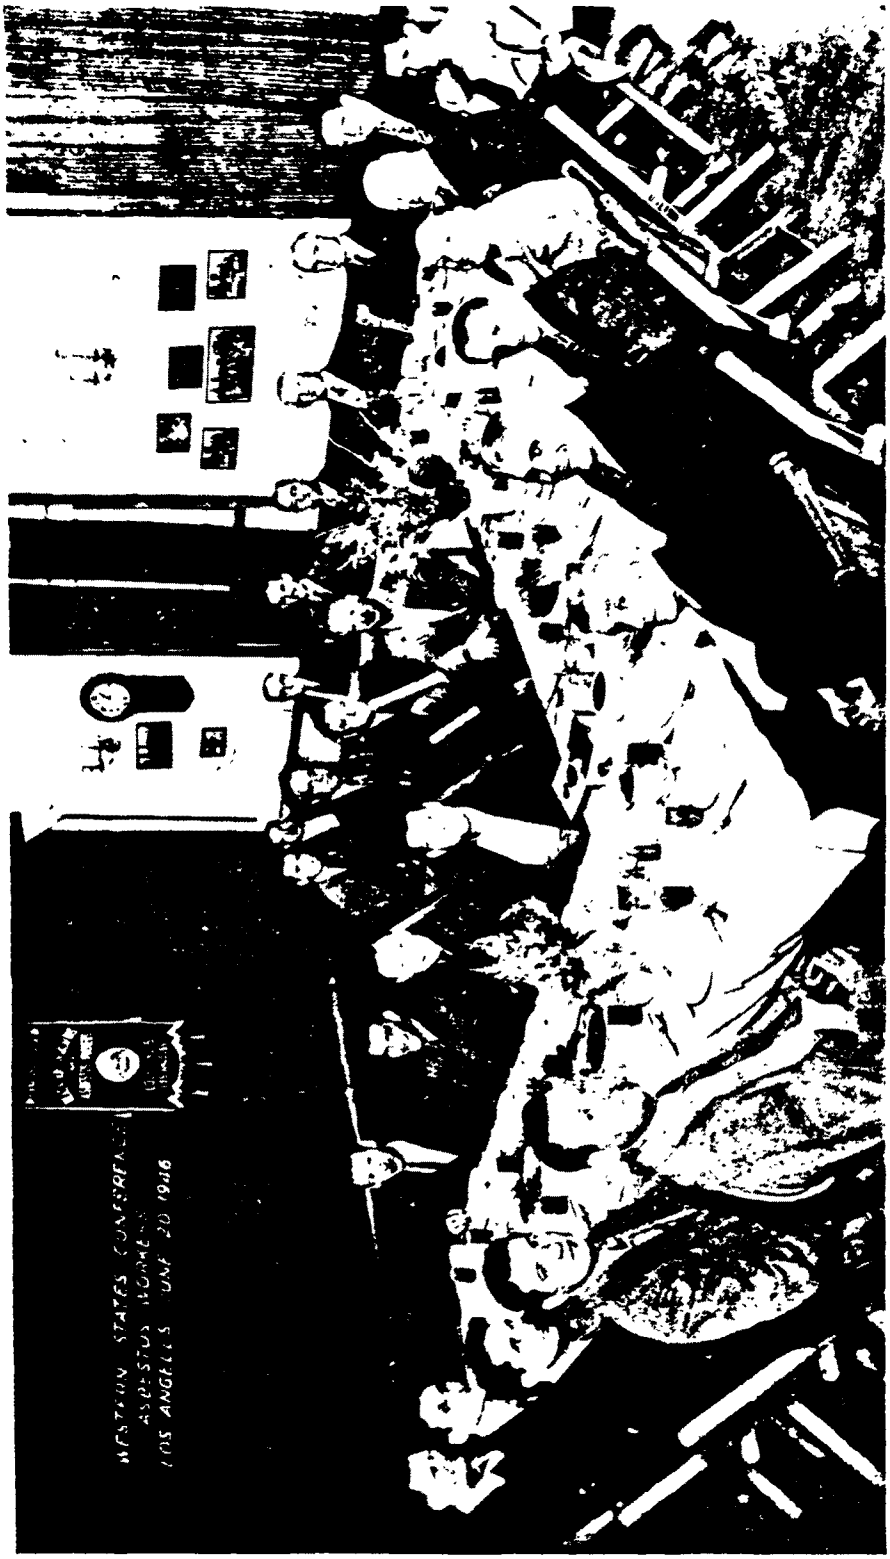

"The Building and Construction Trades Department of the American Federation of Labor and its affiliated Building and Construction Trades Councils throughout the Nation are prepared to provide the maximum degree of cooperation to the National Housing Expediter in furthering the progress of the Emergency Housing Program. National and International Unions in the Building and Construction trades are prepared to render their best services nationally, regionally, and locally in meeting the housing emergency by getting the job of building homes done well and done with speed.

"In order to make their cooperation with the Housing Expediter effective in all phases of the program, it is the desire of the Building Trades Department to establish a working relationship with his office which would make it possible to resolve after full consideration such operating problems as may arise; would enable the Building Trades representatives to provide the Housing Expediter with such advice and assistance as he and his staff may need; and would assure the ready flow of information to the Building Trades regarding the policies and operating procedures formulated in the administration of the program."

Dear Sir and Brother:

On Wednesday evening, May 1, a new page of history was written in the name of International Local No. 14, Heat and Frost Insulators of Philadelphia, A. F. of L., which is connected with the Philadelphia and Camden Building Trades Councils.

The May 1 meeting was known as Veterans' Night and 45 war veterans and two next of kin who met death in battle received checks in the sum of $178.76 each. In addition to this amount the next of kin of both members who lost their lives received $400.00 from the mortuary fund of the Local. Each of the surviving 45 would have been entitled to this amount in case of death.

This money was raised by members of the Local, each contributing one hour's pay a month, and there were several donations from outside sources, including contributions by two employers.

The membership underwrote the mortuary fund, the members having pledged to take care of all members in the armed forces for the duration. The veterans also received $25.00 each at two Christmas seasons. This is believed to be one of the best records ever established by any Local its size throughout the entire country.

Local President Charles H. Trout acted as master of ceremonies at the meeting and International President Joseph A. Mullaney gave a splendid talk which will long be remembered by his hearers.

International Secretary-Treasurer C. W. Sickles also gave an interesting talk, telling of his recent visit to the war-torn sections of Europe as a member of the Building Trades Department and a direct plea to the veterans for unity at all times.

President Mullaney had the honor of presenting the checks to those present, calling the members to observe a silent tribute to the two who lost their lives.

The Local's quartet, consisting of Harold Brohan, Harry Meenan, Walter Jennings, and Charles H. Trout, along with President Mullaney, sang several popular numbers with the veterans joining in the group.

Chairman Trout called on the veterans of World War II to stand, followed by World War I veterans, of whom there were several, and six were present who fought in the Spanish-American War and are still active at the trade.

Members of the Local accord the highest praise to the committee in charge of the affair which was made up of George Jakob, Chairman Trout, International Vice President Joseph W. Hunter, Philip Schultz, Edward Boyle, Marvin Gunther, and John Stark.

Fraternally yours,
HARRY G. LEWIS,
Secretary, Local No. 14.

Dear Sir and Brother:

With the last of our Service Men back in the fold again and laying aside their guns for trowels, the membership of Local No. 6 played host and paid tribute to its members, numbering thirty, who served in our Armed Forces on Saturday night, June 15. The membership has been assessing itself for a long time in order that we may give them a gift. The fund was recently closed and the total sum collected was $6,400.00.

The affair was held in the Ritz Plaza in Boston and included an orchestra, floor show, dancing, and refreshments on the Local. Many labor leaders, civic officials and delegates to the New England States Conference were present. Treasurer E. A. Johnson was Toastmaster and did an exceptionally good job.

Refreshments were served first, followed up with the dinner and floor show.

The principal speakers of the evening were, among others, President Mullaney and Secretary-Treasurer Sickles. Our General President spoke first and paid our Service Men a very fine tribute for a job well done. He also requested that we stand in silence for one moment as a tribute to the memory of our only member who made the supreme sacrifice, John G. Johnson.

Secretary-Treasurer Sickles was then called upon and he also saluted and paid his respects for their contribution and bringing back a victory.

The ballroom was colorfully decorated and Old Glory was placed on every table, with the Service Men and their wives, mothers and sweethearts seated at a long V-shaped table.

At a signal from Chairman Hoff the Service Men arose from their tables and marched around the ballroom with the orchestra playing all the battle hymns. They formed before the head table where each one was called by rank, name and the different campaigns they were in and handed a check as a gift from Local No. 6.

The party then swung into dancing for the remainder of the evening and from what the writer witnessed, many of our Service Men shake a mean foot.

President Mullaney and Secretary Sickles mingled with those present and renewed many old acquaintances, leaving at midnight to catch their train.

A good time was had by all, including showers of thanks from our Service Men to Local No. 6.

Fraternally yours,

JOHN W. HOFF,
Secretary, Local No. 6.

Dear Sir and Brother:

At our regular meeting held on May 22, 1946, Local No. 2 was honored by the presence of International President Joseph A. Mullaney.

Brother Mullaney was in fine fettle and gave a very interesting talk regarding International affairs during our recent emergency. Brother Mullaney's very enlightening remarks

Dear Sir and Brother:

At the Hotel Taft in New Haven, Connecticut, on April 13, Local No. 33 tendered a testimonial dinner and dance in honor of our former Business Agent and Financial Secretary, John A. Gaspic, who has been appointed to the Connecticut State Board of Labor Relations.

Among the notables who honored Brother Gaspic and our Local by their presence were: Mayor of the City of New Haven, William C. Celantano; Attorney General of the State, William L. Hadden; Conciliator of the U. S. Department of Labor, Joseph M. Tone; Connecticut Deputy Commissioner of Labor, William G. Ennis; State Senator, Vincent R. Kiernan; State Auditor, Frank M. Lynch; President Connecticut State Federation of Labor, Timothy M. Collins; Toastmaster for the evening and Secretary-Treasurer of the Connecticut State Federation of Labor, Joseph M. Rourke; our International Vice President, John W. Hoff; President Connecticut Insulators' Association, William B. Brown; General President Martin P. Durkin and Organizer Archie Gillis of the United Association of Journeymen Plumbers and Steam Fitters; and last, but not least, our own International Secretary-Treasurer, C. W. Sickles.

Space permits only mention of the fact that all of the above appeared before the microphone and made a short talk attesting to their various experiences as the result of their acquaintance and association with the guest of honor, one and all agreeing that the State's gain in obtaining the services of Gaspic was at the sacrifice and loss to organized labor of the State of Connecticut in general and the Asbestos Workers' Local No. 33 in particular.

In behalf of the Connecticut Insulators' Association, Mr. William Brown made a presentation of a War Bond; also, in behalf of Local No. 33 Business Agent St. Clair made the presentation of a gold wristwatch to Brother Gaspic and a string of pearls was presented to his most charming wife.

The committee in charge of the affair was: Chairman Louis Andrews, Anthony Gaspic, John Bannon, Henry Babin and Donald St. Clair.

The affair was attended by a very happy and joyous crowd of about 175 of John's close friends, all of whom spent an enjoyable evening.

Fraternally yours,

DONALD ST. CLAIR,
Business Agent, Local No. 33.

Reports of Delegates:

Delegates Patterson and Thompson of Los Angeles reported all membership at work and approximately 100 "emergency Asbestos Workers," mostly Plasterers, employed. Work for the future does not hold a bright outlook. Several large jobs are about to terminate including the Consolidated Steel Shipyard where 150 Asbestos Workers are employed. Local No. 5 is negotiating with its employers for an increase in board allowance.

Delegate Harrigel of Seattle reported conditions good with 30 permit workers, mostly Plasterers, and 10 travelers at work. The Seattle Building and Construction Trades have a blanket agreement with the employers which allows a 6½ cents an hour annual increase based on increased cost of living which is effective on July 1, 1946, making a new scale of $1.77½ per hour.

Delegate MacIntosh of San Francisco reported conditions good with 250 "emergency Asbestos Workers", mostly Plasterers, at work and any idle International membership will be welcomed. Ship repair and refinery work will continue to offer employment throughout the year. Local No. 16 has received a 25¢ per hour wage increase and an increase of $1.00 per day in board allowance.

Delegates Ay and Caron of Local No. 20 reported a reduction in Navy Yard work at Terminal Island. Immediate work prospects are only fair.

Delegate Dupler of Local No. 29 reported conditions good with all membership at work in the Navy Yard at San Francisco. Prospects for future employ nent are very bright.

Delegate Geisler of Local No. 36 reported that conditions in the Portland area are just fair with 10 traveling members working in Seattle. A concerted move is being made by A. F. of L. forces in Portland to combat CIO activity, and excellent progress is being made. Many plants and factories that have heretofore been non-Union or partially organized are now going all-out for the A. F. of L.

Delegate Carr of Local No. 50 reported conditions have been a little slow through lack of material and curtailment of heavy construction. A recent wage increase was approved, establishing hourly wage rates of $1.71 for the area. By virtue of a blanket agreement with the Master Builders, the Tacoma Building and Construction Trades Council may establish the 6-hour working day before the close of the year. *(New rate of $1.71½ effective July 1st.—Editor.)*

Delegate Heaton of Local No. 62 reported all members employed at Bremerton Navy Yard. Future work prospects are good and excellent conditions are enjoyed in a 100 per cent organized Navy Yard. All crafts are properly affiliated, having various committees representing each craft which better enables the men to get a hearing with the Navy Department.

Delegates Monk and Gledhill of Local No. 70 reported present work slow with a fair outlook for the future.

A meeting was held by the shipyard Locals at which time Brother Heaton enumerated the various policies employed at Bremerton which have enabled Local No. 62 to enjoy fine relationship with the Navy Department and receive splendid cooperation.

The delegates voted to accept Hunters Point Navy Yard Local No. 29, San Francisco, Calif., into the Western States Conference. Credentials of Brother Dupler were presented, and motion seated Brother Dupler as a regular delegate member of the Conference.

A letter was received from A. J. Driskill, Secretary-Treasurer of Local No. 73, Phoenix, Arizona, applying for affiliation with the Conference and enclosing check for per capita tax.

A motion was made and seconded that the application for affiliation be accepted and Phoenix Local No. 73 so notified. Motion carried.

The Financial Secretary then submitted his financial report which was accepted as read.

A motion was made and seconded that the Conference Secretary-Treasurer notify all affiliates of their indebtednes 60 days prior to the next Conference meeting. Affiliates sending delegates must have paid per capita tax to be in good standing. Motion carried.

Delegate Harrigel, speaking on behalf of Local No. 7, requested the honor of having the next Conference Meeting held in Seattle on December 5, 6, and 7, 1946. Request was approved.

The Chairman announced that nomination of officers for the coming year was in order. The following delegates were nominated:

President, Don MacIntosh; Vice President, Joe Geisler; Recording Secretary, Henry Thompson; Financial Secretary and Treasurer, Glenn Carr; and Sergeant-at-Arms, Charles Patterson.

The candidates were unanimously elected.

The delegates were called to order for five sessions during the three-day Conference Meeting. A luncheon was served each day by the wives of Local No. 5 officers. Thursday's luncheon was attended by Shop Representatives pictured in the enclosed photo, which we hope will be printed in the next issue of our Journal.

Marine work quiet at present with expectations of some to come in a couple of months. Also reported of notifying employers very shortly that Local No. 6 is requesting an increase in wages.
