REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., N. Y., December 31, 1946

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your President during the past quarter began on October 1 when he started for Chicago and the Convention of the Building and Construction Trades Department that opened the next day. At this Convention our International Association was represented by your President and International Vice President Mulligan.

At the Convention of the American Federation of Labor that opened the following week our International Association was represented by your President and Secretary Sickles.

Inasmuch as the proceedings of both these Conventions have been fully publicized by the press, your President cannot add anything of interest to them outside of mentioning the fact that the sessions proved to be unusually harmonious and that nothing affecting the interests of the Asbestos Worker entered into the proceedings.

During the weekend between Conventions your President and Secretary Sickles visited Minneapolis where, with Business Agent Lee Anthony, we attended a meeting of the Joint Trade Board. This session found Local No. 34 admitting its failure to furnish Mechanics to meet the employers' reasonable demands due to the fact that no building tradesmen were available and that Travelers could not be induced to visit Minneapolis. The meeting of Local No. 34 that followed met the situation by deciding to lengthen the "7" hour work day to one of "8" hours until such time as normalcy returns. This action carried with it an hourly wage increase of 10¢ in addition to 50¢ increase in daily allowance for board, from $2.50 to $3.00.

Following this meeting came the first session of the newly organized Midwest States Conference of Asbestos Workers, the minutes of which will be found in this Journal issue.

Before returning to Chicago your President and Secretary Sickles were the guests of Local No. 34 at a dinner and dance attended by all our employers, the Local membership and their womenfolk that proved to be a very enjoyable affair.

Next came Baltimore where, with Secretary Sickles, a conference was held with Business Agent Moore and President Ball, followed by a meeting of Local No. 11 that gave consideration to the question of meeting the labor demands of the employers. At this meeting the question of advancing Improvers to Mechanics was discussed, especially by those veterans entitled to the "3-year" decision of the General Executive Board as previously announced, which seemingly was not fully understood by some of the membership.

Upon our return to the General Office a further explanatory circular of this "3-year" decision was mailed our general members and is further reproduced elsewhere in this Journal issue.

The next trip of your President was to Albany where a conference was held with Business Agent Fallon and with him to a meeting of the Joint Trade Board, which declared a "labor emergency" existed due to the failure of the Local to furnish labor on the reasonable demand of our employers, in addition to the fact that "zones" for traveling time and board should be more fully outlined in the Joint Trade Agreement. The meeting of Local No. 40 that followed decided to cooperate fully in the findings of the Joint Trade Board.

Your President later returned to Albany to attend the annual session of all State Federation of Labor affiliates who gathered to discuss and formulate a legislative program for the year 1947.

The next city visited by your President was Philadelphia and a conference with Vice President Hunter and later attendance at the regular quarterly session of the Middle Atlantic States Conference of Asbestos Workers, the minutes of which can be found in this Journal issue.

Syracuse was next visited by your President, where he attended the regular quarterly session of the New York State Conference of Asbestos Workers, the minutes of which appear in this Journal issue.

This detailed report, together with certain other work of an executive nature, rounds out the final report of your President for the year 1946.

General building trades activities show a continued increase throughout the country which should mean a busy summer and possible extra demands for Asbestos Workers. At present we have a few locals with idle membership—others needing additional men.

To our General Executive Board, our Organizers, Local Union Officers, and General Membership

HAPPY NEW YEAR!

Fraternally,

Joseph A. Mullaney

President

To All Affiliated Local Unions

Greetings:

The attention of the General Office has been called to a misunderstanding as to the intent of a notice published on page six of the October 1945 Journal issue in reference to a discontinuance of the "three-year improvership period" in effect for the "duration", and the reestablishment at that time of the four-year trade experience requirement as per the International Constitution and By-Laws.

It was never the intent of the General Executive Board nor did this notice imply that any of our G. I. Improver membership could not on their return to the trade and completion of their three-year improvership which had been interfered with as a consequence of their call to the Service, receive mechanical examination and classification upon satisfactory demonstration of trade ability.

For the information and guidance of all affiliated Local Unions, the General Office will continue to issue Mechanic classification when requested to do so by Local Unions to G. I. Improvers who have completed their three-year improvership and passed satisfactory craft examination.

Fraternally yours,

C. W. Sickles
Secretary-Treasurer

NOTICE

Now that the Wage Adjustment Board no longer approves building construction wage rates it is important that all Local Unions keep the General Office posted on any and all changes in Agreement conditions especially increased wage rates.

The Federal Government still predetermines wage rates for federal construction and this Office must be in a position to supply the Department of Labor with photostatic copies of actual signed Agreements between the Local and the employers and further statements from the employers, listing operations on which the new rates are in full force and effect which constitutes said rates as the prevailing rates and as such can be used by the Department in predetermining the correct rate on future federal construction in the territory.

At the earliest possible moment forward the General Office two actual signed copies of all new Agreements and as soon as the new rates become effective, have the employers submit listing of their projects on which the new rates are being paid.

AFL WILL PUSH OUTPUT AS KEY TO HIGH WAGES

The AFL will lay primary stress on boosting man-hour output and overall production as the key to higher wages and increased purchasing power.

That was made clear in resolutions adopted at the 65th convention of the AFL in Chicago.

The delegates went on record for elimination of wage controls, dissolution of the National Wage Stabilization Board and for abolition of price controls, as well, except on rents.

To avert inflation and protect the buying power of workers, main reliance must now be placed on increasing productivity, the convention resolutions declared.

High Spots

Highlights of the AFL's declaration on wages and prices follow:

"Workers' families are feeling the pinch of rising prices and less flexible earning. This situation would be serious even if workers and managements were free to make the best possible arrangements through collective bargaining, but it is more dangerous when Government prohibits payment of increases which management accepts as equitable and practical under present conditions.

"Wartime controls are steadily developing into hindrances to reconversion and normal progress with production to serve normal needs. We therefore urge: 1. Immediate lifting of price controls, except rents; 2. Dissolution of the Wage Stabilization Board; 3. Return to collective bargaining based on workers contribution to production and capacity of the employer to pay; 4. The development of union-management cooperation plans with joint responsibility for improving production and reducing wastes that unnecessarily increase costs together with the development of records to show workers production achievements. 5. The expansion of union-management machinery through joint agreement upon management techniques which would otherwise definitely restrict the field of collective bargaining.

"High wages are the distinctively American policy. Increased productivity and increased output per manhour are essential to continuous increases in our standard of living and provide resources for paying higher wages.

"After fair rates of pay have been determined by management and labor, sustained progress requires that wage increases be paid out of increased output."

WAGE ADJUSTMENT BOARD
UNITED STATES DEPARTMENT
OF LABOR
WASHINGTON, D. C.
November 22, 1946

Mr. Carl W. Sickles
General Secretary-Treasurer
International Association of Heat
and Frost Insulators and
Asbestos Wor' rs
211 Machinists' Building
Washington 1, D. C.

Dear Carl:

I am writing to thank you for your service as an alternate labor member of the Wage Adjustment Board and to tell you how much I enjoyed working with you. Not only did you render valuable service as a Board member, but had all the other Internationals prepared their cases as well as yours were prepared we should have been able to have gone out of business with a much smaller backlog. I can confidently say that the cases from your union were the cleanest which came before the Board.

Again I want to thank you and I hope I shall have the opportunity of working with you again.

With best personal wishes, I remain,

Sincerely,
Signed ARTHUR D. HILL, JR.,
Chairman.

New Orleans, La.,
October 1, 1946

Editor, The Asbestos Worker,
Washington, D. C.

Dear Sir and Brother:

Am forwarding you under separate cover photo of the officers and membership of Local No. 53, New Orleans and Baton Rouge, La., and Jackson, Miss., attending the annual supper dance, which has come to be quite an affair and looked forward to with interest by our membership.

Those attending this supper dance, which was held at the Club Plaza on Sunday, September 8, 1946, expressed their appreciation of the efforts of the committee and the success of the affair, and are looking forward in anticipation to another such social affair in the coming year.

Space permitting, I would appreciate reproduction of the picture in the next, the October, Journal issue.

Fraternally yours,

A. L. HULLINGHORST,
Secretary, Local No. 53

(Your editor regrets that lack of space prohibited publication of this article and picture referred to in the October, 1946, Journal issue.)

Minutes of the previous meeting were read and approved.

A motion was made and seconded that all regular bills as presented be paid. Motion carried.

Correspondence was read, several letters held over for discussion and the balance ordered filed.

Reports of Delegates:

Delegate Thompson of Los Angeles reported all members working with about 100 "emergency Asbestos Workers", mostly plasterers, employed. The present wage scale of $1.71½ per hour will be increased to $1.90½ on January 1, 1947, through an escalator clause in the Seattle Building and Construction Trades Council's blanket agreement. Delegate MacIntosh of San Francisco reported conditions good with 200 "emergency Asbestos Workers", mostly plasterers, at work and a welcome is extended to any idle International membership. Local No. 16 will soon notify the Employer Group of its desire to negotiate a new agreement with increased wages and conditions.

Delegate Edminster of Terminal Island reported conditions good with five travelers in addition to the regular membership. The wage for Navy Yard insulators is $1.44 per hour.

Delegate Geisler of Portland reported conditions good, with all members, four travelers and 15 "emergency Asbestos Workers", mostly plasterers, employed in the area. Brother Geisler stated that the papermill work has increased, offering insulation employment to the discharged shipyard membership. Local No. 36 will soon negotiate with the employers group for increased wages and conditions.

Delegate Carr of Tacoma reported all members, three travelers and two "emergency Asbestos Workers", at work, with future prospects fair. Local No. 50 is negotiating with the Masterfelters for $4.00 a day expenses and $2.00 an hour based on a six hour day.

Delegate Heaton of Bremerton stated that conditions remain good with a work load that will continue until March 1, 1947. The Asbestos Workers have been very successful in jurisdictions that are decided by the Yard Committee.

Delegate Unger of Vallejo reported conditions fair with future work prospects doubtful. During a recent meeting of the Craft Committee and Navy Yard Officials regarding reduction in insulators, the Yard Commander stated that the Mare Island Naval Shipyard is leaning more and more to submarine work which requires little insulation work. With a gradual reduction in surface craft work the membership of Local No. 70 may find it necessary to exercise the right of traveling privileges.

Delegate Bradley of Spokane reported work very slow with little chance for a change during the next few months. More than half of the membership are out on travelers.

A motion was made, seconded and passed that the Conference hold but one meeting next year and that it be in conjunction with the meeting of the Insulating Contractors Association of the Pacific Coast, held in Seattle, Washington, the second week of October 1947.

The Conference Delegates extended a cordial invitation to our General President, Joseph A. Mullaney and General Secretary, C. W. Sickles to attend the next Western States Conference meeting, held in Seattle the second week of October 1947.

The Conference Secretary was requested to write Local No. 97, Anchorage, Alaska, and invite them to participate in the Seattle meeting the second week of October 1947, by delegating a member to be in attendance.

A motion was made, seconded and passed that the Conference send a delegate to the next General Convention, held the second Monday of September 1947. Brother Don MacIntosh was elected to attend, with Brother Art Harrigel being chosen as the alternate.

Brother Heaton extended the wishes of the Bremerton members to have the Delegates attend their regular meeting at 7:00 p.m., Thursday, December 5, 1946. The invitation was accepted and the meeting was well attended, with lunch being served which was enjoyed by all.

The Delegates had the good fortune on Friday morning of listening to Mr. E. W. Weston, President of the Washington State Federation of Labor. Brother Weston, having served as Secretary of the Metal Trades Council

Reports of Delegates:

Delegate Moore of Local No. 11, Baltimore, Md., reported work very busy, with around 100 "emergency Asbestos Workers", mostly Plasterers, being used. Marine work is plentiful and building construction also good. Future prospects very good and will welcome any idle membership to Baltimore territory.

Delegate Hunter of Local No. 14, Philadelphia, Pa., reported work still very busy and desperately in need of men. Approximately 100 "emergency Asbestos Workers", mostly Plasterers, now being used, principally at Sun Shipyard. The P. E. powerhouse job is now going on and in two months a second unit on the same job will be ready. This one operation in its entirety will require up to 200 Asbestos Workers; therefore, he wishes, through the Journal, to invite any of our idle International membership to come to Philadelphia for employment.

Delegate Hunter further wished to report that with valuable assistance of the General Office, the Local has signed a new agreement, again re-establishing the Local in the top-rate bracket of the Trade, $2.00.

Delegate Hoyle, of Local No. 24, Washington, D. C., reported conditions improving with majority of work being small. Some 15 Travelers and a few "emergency Asbestos Workers", mostly Plasterers, being used. A good deal of private work in buildings, stores and schools is now going on. This tends to make the future outlook bright. The Local is also negotiating for an increase in wage rates.

Delegate Roche of Local No. 32, Essex and Hudson Co., N. J., reported work still very busy and in need of men. The Local is having great success in employing ex-G. I.'s on a permit Improver basis. He further wished to invite any of our idle membership to come to the "Garden State" of New Jersey for employment.

Delegate Wardell of Local No. 42, Wilmington, Del., reported conditions very good with about 50 "emergency Mechanics" being used. A large job at the Sinclair Oil Co. is going on and will be ready for us about March 1, requiring around 40 men. Ground has also been broken for a "Houdry Process" cracking unit and when ready will also need a goodly number of men, making the future outlook very bright.

International Vice President Hunter reporting for Local No. 71, Allentown, Pa., stated all men now working throughout home territory with a good deal of work now going on and a good deal coming along to make the future outlook very good.

Delegate Kopp of Local No. 89, Trenton, N. J., reported all members at work with a few "emergency Asbestos Workers", mostly Plasterers, also being used. Work is mostly of the small variety with a few large jobs coming along to make the future bright. He also reported the resigning of a new agreement, equaling the $2.00 wage rate of Local No. 14.

Throughout the reports of the delegates President Mullaney gave enlightening and valuable advice. He also spoke on necessity of **"manning all jobs"**, and instructed all Business Agents to use the facilities of State Employment Service Bureaus with Veteran preference after exhausting all methods to obtain necessary manpower.

With all business transacted adjournment was voted at 3:15 p.m.

Respectfully submitted,

STEPHEN J. KOPP,
