AIN'T IT FINE TODAY!

Sure, this world is full of trouble—
I ain't said it ain't.
My! I've had enough and double
Reason for complaint.
Rain and storm have come to fret me,
Skies were often gray;
Thorns an' brambles have beset me,
On the road, but say,
Ain't it fine today!

What's the use of always weepin',
Makin' trouble last?
What's the use of always keepin'
Thinkin' of the past?
Each must have his tribulation,
Water with his wine.
Life it ain't no celebration.
Trouble? I've had mine—
But today is fine!

It's today that I am livin',
Not a month ago,
Havin', losin', takin', givin',
As time wills it so.
Yesterday a cloud of sorrow
Fell across the way;
It may rain again tomorrow,
It may rain—but say,
Ain't it fine today!

REPORT OF THE GENERAL PRESIDENT

Washington, D. C., March 31, 1947.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your President during the past quarter started the first week in January with work at the General Office.

Then to Long Island and a meeting of home insulators who are expected to apply for a charter.

Then came a trip to Philadelphia where, with Vice President Hunter and a Committee from Local No. 14, your President attended the services and interment of Brother Harry G. Lewis, who served as the Local Secretary for many years. He was a trade unionist of the old school and one of the few remaining who battled with your President in the stormy days of Local No. 14's history some 35 years ago.

Then home and to bed in a "run-down condition, with low blood pressure and poor circulation", according to the doctors. Although up and around in two weeks your President was confined for another three weeks, during which time he attended to his personal correspondence, gave decisions, etc., from his home.

Next came the General Office where, with Secretary-Treasurer Sickles, a conference was held with Mr. James H. McCabe of the McCabe Construction Company of Cincinnati, Ohio, who specializes in firebrick construction of stills, steel and chemical furnaces, boilers and stokers, ending in his concern signing an agreement with Local No. 8 at Cincinnati. This outfit will be classed with our "national shops", which are recognized by the Building and Construction Trades Department on work throughout the country. They may hire direct or sublet.

Your President was in good shape for the annual session of the General Executive Board, the minutes of which are printed in this Journal issue, and cover the death of Vice President George R. Hennig.

Your President, whose illness prevented his attending the funeral services and interment in company with our General Executive Board membership, wishes to record the fact that Brother Hennig was a gentleman every inch, and a labor executive who could best be described as "straight up and down like six o'clock".

Your President was not the only absentee of our official family on this occasion as the sudden illness of Mrs. Mulligan caused International Vice President Mulligan to cancel his reservation for Pittsburgh one hour before train time, and the distance from Los Angeles and New Orleans worked against the traveling time that would allow International Vice Presidents Thompson and Hullinghorst to be in attendance.

Our craft work holds its own, with some half-dozen locals badly in need of men.

Fraternally,

Joseph A. Mulligan

President

IN MEMORIAM

BROTHER GEORGE R. HENNIG

LOCAL NO. 2

On February 17, 1947, Brother George R. Hennig, Business Agent of Local No. 2, passed away after a short illness. At the regular meeting of Local No. 2 held on February 19, 1947, the following Resolution was passed: "Be it resolved that the charter of Local No. 2 be draped for a period of six months, and a copy of the above Resolution sent the International for publication in the April Journal".

It certainly was a great blow to Local No. 2, as Brother Hennig in his long term as Business Agent of Local No. 2 and International Vice President will surely be missed by the membership of Local No. 2 and also by the many travelers who found in him a great friend who could always see the other fellow's viewpoint, and was always ready and willing to go out of his way to assist his fellow man.

Brother Hennig's funeral was attended by International Vice Presidents Hunter, Dalton, and Hoff, and International Secretary-Treasurer Sickles, all of whom served as honorary pallbearers.

With a feeling of great sorrow, I remain

Fraternally yours,

W. P. OMSLAER,
Secretary, Local No. 2.

SAFETY NOW JOB FOR STATES

The important job of helping management and labor to promote industrial safety is now the responsibility of the states, where it belongs, according to Keen Johnson, Undersecretary of Labor. Speaking for the Secretary of Labor in presenting Certificates of Safety Achievement to plants of the Reynolds Metals Co., at Louisville, Ky., the Labor Department official commended the efforts of state labor commissioners in carrying on the important safety work headed up by the Federal Government during the war. The Division of Labor Standards of the Department of Labor, he said, will continue to cooperate with the states and with industry in setting up safety programs and standards, training safety leaders and improving industrial safety conditions.

"This activity by the states," Mr. Johnson declared, "is a necessary supplement to the work of the organized safety movement. It will continue to play an important role in the future of safety. But the job is too big to be handled solely by such methods. We estimate that at least 70 per cent of the 2,000,000 industrial deaths and injuries in 1945 occurred in plants outside the organized safety movement. Lack of vision, lack of interest, lack of knowledge, lack of resources—these and other factors make it difficult for privately organized safety to reach into many thousands of plants. They can best be reached by organized state programs, under the leadership of state departments of labor, with the wholehearted backing of management and labor."

Mr. Johnson pointed out that in 1945 over 2,000,000 workers were killed or injured. Sixteen thousand were killed, and while 1,800 were completely crippled for life, 90,000 were maimed or disfigured in some degree. One million and nine hundred thousand were kept off the job for an average of 19 days as a result of their injuries.

LABOR

The workman demands an adequate wage, sufficient to permit him to live in comfort, unhampered by the fear of poverty and want in his old age. He demands the right to live and the right to work amid sanitary surroundings, both in home and in workshop, and the right to provide for his children's wants in the matter of health and education. It is his desire to make the conditions of his life and the lives of those dear to him tolerable and easy to bear.

Wherever there is anything wrong there is abundant food for radicalism. The only way to keep men from agitating against grievances is to remove the grievances and as long as things are wrong I do not intend to ask men to stop agitating. As long as there is something to correct, I say Godspeed to the men who are trying to correct it.

There can be no settled conditions leading to increased production and a reduction in the cost of living if labor and capital are to be antagonistic instead of partners.

I believe that the industry and life of our people and of the world will suffer irreparable damage if employers and workmen are to go on in a perpetual contest, as antagonists.

The only way to keep men from agitating against grievances is to remove the grievances. An unwillingness even to discuss these matters produces only dissatisfaction and gives comfort to the extreme elements.

The real antidote for the unrest which manifests itself is not suppression but a deep consideration of the wrongs that beset our national life and the application of a remedy.

Woodrow Wilson.

A SMILE

A smile costs nothing but gives much—
It takes but a moment, but the memory of it may last forever.

None are so rich that can get along without it—
None are so poor but that can be made rich by it.

It enriches those who receive
Without making poor those who give—
It creates sunshine in the home,
Fosters good will in business,
And is the best antidote for trouble—
And yet it cannot be begged, borrowed or stolen, for it is of no value
Unless it is freely given away.

Some people are too busy to give you a smile—
Give them one of yours—
For the good Lord knows that no one needs a smile so badly
As he or she who has no more smiles left to give.

REPORT OF THE SECRETARY - TREASURER

Washington, D. C., April 7, 1947.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began at Pittsburgh, where, together with Vice Presidents Hoff, Hunter and Dalton, attended the funeral service and interment of Vice President Hennig.

While in Pittsburgh your Secretary-Treasurer met with and advised several officers of Local Union No. 2 in connection with the immediate problems facing the Local as a consequence of Business Agent Hennig's sudden death.

Next came Philadelphia and attendance at the regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers, minutes of which will be found printed elsewhere in this Journal issue.

Then to Richmond, Va., and conference with President Jack Joinville and Business Agent Francis Joinville, accompanied by Brother Gibbs, followed by attendance at the regular monthly meeting of Local No. 88 at which time several craft questions of interest were discussed in detail and the Local advised as to procedure.

Next to Charleston, S. C., where, due to the absence of the majority of the membership from the territory on Traveling Card, there was no meeting of the Local, but had a conference with Business Agent King on subject matters of interest to Local No. 77.

Then came Miami and conference with Business Agent Fernander and several of the Local membership who were at the time employed in the city. This conference developed among other facts the recent signing of a new Joint Trade Agreement by Local No. 60 which provides a Mechanic wage rate in the amount of $2.00 per hour, effective May 1.

Next to Atlanta, Ga., and attendance at the regular semi-annual meeting of the Southeast States Conference of Asbestos Workers, the minutes of which will be found printed elsewhere in this Journal issue.

Then to Boston, Mass., and conferece with Vice President Hoff, followed by attendance at a meeting of the New England States Conference of Asbestos Workers as covered by minutes of same published elsewhere in this Journal issue.

Fraternally yours,

P. W. Sickles

Secretary-Treasurer

Dear Sir and Brother:

Under separate cover you will receive a picture of our Annual Banquet which was held at the Avalon Night Club in Port Arthur, Texas, on February 28, 1947.

If possible, please find room for this picture in the next issue of our Journal.

Thanking you in advance, I remain

Fraternally yours,

L. M. ROBERTSON,
Secretary, Local No. 22.

SOUND VIEWS ON LABOR PROBLEMS

Two newspapers of considerable influence and prestige, the Louisville *Courier-Journal* and the Des Moines *Register*, have distinguished themselves by printing some sound common sense on labor relations and the alleged anti-labor "mandate" of the recent elections.

Says the *Courier Journal:*

"Three states voted November 5, on emotion and irritation, to hamstring trade unions.

"Nebraska, South Dakota, and Arizona wrote into their constitutions a prohibition against closed shops. Nebraska went even farther, outlawing all forms of union security.

"Much could be said about the dubious, shadowy and virulent labor-baiting sponsorship of such amendments, similar to those which Florida and Arkansas adopted two years ago.

"But the real point is that energy and emotion are misspent in such causes. The solution of labor problems does not lie in destruction of unions. Legislation should be labor, not anti-labor, legislation.

"Actually, such amendments are meaningless. Arkansas' is practically a dead letter after two years of experience. No relationships have been changed in Florida, where the closed shop has been nominally banned for the same length of time.

"The prohibitions are practically unenforceable where skills are involved. Most employers with records of placid labor relations (and there are more of these than otherwise) are likely to testify that, even if they could be enforced, the result would be the very thing they would not like to see.

"This would be a demoralization of the labor supply. In their soundest manifestations, and in their classic purpose, trade unions work for stability of employment.

"To depart from the principle of collective bargaining and the right of workers to select representatives of their own choosing, merely because somebody is mad at Lewis, is to burn down a house. A little sensible ventilation would save the house and make it more liveable for everybody."

The Des Moines *Register*, printed in what is probably the greatest agricultural state in the Union, reprinted that editorial and added this comment:

"In most of these states (where the anti-labor laws have been passed), there is not enough real industry to permit the rural people and legislators to comprehend the practical realities of labor-management problems.

"Little pressure groups horrify the populace with gory tales about 'bad labor leaders,' and send them off to the polls in hysteria to do what the promoters know is impractical and probably even unconstitutional.

"No smart employer in an industry that is truly dependent upon a competitive labor market would be caught in that.

A. Roche at 12:30 p. m., with the following delegates responding to roll call:

Local No. 11, Baltimore, Md., Business Agent Charles W. Moore; Local No. 14, Philadelphia, Pa., President Charles H. Trout and Business Agent Joseph W. Hunter; Local No. 24, Washington, D. C., President W. E. Winslow and Business Agent N. L. Hoyle; Local No. 32, Essex and Hudson Co., N. J., Business Agent James A. Roche and Financial Secretary Terence McConnell; Local No. 38, Wilkes-Barre and Scranton, Pa., Secretary H. C. Bressler; Local No. 42, Wilmington, Del., President William Harding and Business Agent William F. Wardell; Local No. 65, York, Pa., Business Agent Ralph E. Kuntz; Local No. 71, Allentown, Pa., under International Supervision, International Vice President Joseph W. Hunter; Local No. 85, Atlantic City, N. J., Business Agent William Hornburger; Local No. 89, Trenton, N. J., Business Agent Stephen J. Kopp.

International Secretary-Treasurer C. W. Sickles was also in attendance.

Attending as a visitor was Brother Michael Krebs of Local No. 14.

Minutes of last quarterly meeting were read and upon motion, approved.

Communications were accepted as read and filed.

At this time Chairman Roche requested all present to rise and with bowed heads pay our last respects to our late Brother George R. Hennig of Local No. 2, Pittsburgh, Pa., International Vice President, Business Representative of Local No. 2, Pittsburgh, Pa., and a delegate to this Conference.

Reports of Delegates:

Delegate Moore of Local No. 11, Baltimore, Md., reported still very busy, mostly marine work with eight fruit liners, three warships and a large tanker, plus the usual repair work now going on in the various shipyards. Approximately 180 "emergency Asbestos Workers," mostly Plasterers, being used at present. Travelers are welcome in this territory.

Delegate Hunter of Local No. 14, Philadelphia, Pa., reported still busy but a decline has been experienced since last Conference Meeting. Only repair work is now in progress at the Sun Shipbuilding Yards at Chester, Pa., and the P. E. Power House Job is now at a "caught up stage to the other crafts." No additional men are required at this time; however, the work now in progress will tend to keep membership busy for some time to come.

Delegate Hoyle of Local No. 24, Washington, D. C., reported conditions fairly busy since last Conference Meeting, with work mostly of the small variety. Future prospects look very good with some commercial work and two powerhouse jobs coming along to keep things in good shape. He further reported the signing of a new agreement calling for a $2.125 hourly wage rate.

Delegate Roche of Local No. 32, Essex and Hudson Co., N. J., reported still very busy with some Travelers and about 35 "emergency Asbestos Workers," mostly Plasterers, still being used; also, the G. I. permit Improver system is working out to good advantage. Jurisdictional disputes are holding up about $30,000,000 worth of work in two counties of the territory but up to now this has not affected the membership. With plenty of work coming along, future prospects are indeed bright.

Delegate Bressler of Local No. 38, Wilkes-Barre and Scranton, Pa., reported that a slight lull had been experienced recently but at present all

members are at work. With a good deal of work coming along, including two large powerhouse jobs, the future for the territory looks exceedingly bright.

Delegate Wardell of Local No. 42, Wilmington, Del., reported conditions have slackened since last Conference Meeting with no "emergency Asbestos Workers" being used at present. With a good deal of work coming along, the future prospects look good. He also reported the signing of a new agreement calling for a $2.00 hourly wage rate.

Delegate Kuntz of Local No. 65, York, Pa., reported plenty of work, mostly small. With more work coming along, the future looks good. Also advised that effective July 1, 1947, the wage rate will be $1.875 per hour.

Delegate Hornburger of Local No. 85, Atlantic City, N. J., reported conditions dull at present with not much work around. Most of membership at work out of town. The future prospects are unpredictable at present.

Delegate Kopp of Local No. 89, Trenton, N. J., reported conditions very good at present. Plenty of work at hand and more in the planning stage, including the new Harvey Firestone Memorial Library at the University of Princeton in Princeton, N. J., which when completed in 1948, will be numbered among the largest libraries in the world.

Secretary-Treasurer Sickles gave an interesting discourse on national trade conditions and also touched briefly on the current vital question, namely, the "Jurisdictional Dispute," and the necessity for Labor to solve this problem among themselves. He also advised several Locals on proper procedure to secure a new wage rate.

With all business transacted adjournment was voted at 3:15 p. m.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary.

MINUTES OF MEETING OF NEW ENGLAND STATES CONFERENCE OF ASBESTOS WORKERS

Boston, Mass., April 5, 1947

The regular quarterly meeting of the New England States Conference was held Saturday, April 5, 1947 at the office of Local No. 6, 38 Causeway Street, Boston, Mass.

Meeting was called to order by President Donald St. Clair at 10:30 a.m.

Delegates present were: John W. Hoff and R. E. Lindstrom of Local No. 6, Boston, Mass.; Ernest Carlson and Carl Larson of Local No. 31, Providence, R. I.; Donald St. Clair and Marlin Recor of Local No. 33, Connecticut; James J. Dunn of Local No. 43, Springfield, Mass.

Attending as a visitor was Brother Joseph Robertson of Local No. 6.

International Secretary-Treasurer C. W. Sickles was also in attendance.

Minutes of the previous meeting held at Providence, R. I., were read and approved.

Reports of Delegates:

Delegates Carlson and Larson of Local No. 31 reported business very good and unable to secure required number of men even through the other building trades organizations. Conditions for the future indicate plenty of work for some time to come.

Delegate Dunn of Local No. 43 reported work very good with all members working, as also several "emergency Asbestos Workers" secured through various building trades crafts. He referred to several large operations that will continue for a goodly length of time, assuring plenty of work for the membership. Delegate Dunn further advised that the Local had recently issued membership to several new Improvers and had signed a new Joint Trade Agreement which provides a new rate for Mechanics in the amount of $1.92½ per hour.

Delegates St. Clair and Recor of Local No. 33 reported business very good with a shortage of manpower and goodly number of "emergency Asbestos Workers" secured from the building trades crafts now employed. They further reported that the larger operations had not opened up and the future will require even larger supply of manpower than the present needs. Delegates further advised that their Joint Trade Agreement expires June 30 and the employers have been notified that the Local will present demands for improved conditions as a part of the new agreement.

Delegates Hoff and Lindstrom of Local No. 6 reported that Boston is very busy with about 30 "emergency Asbestos Workers" secured from the building trades crafts at present employed. Local is still taking in new Improver applicants to build up the membership. Delegates specified many large jobs either in operation or about to start which assure an abundance of employment well into the future.

The Delegates further reported on a recent meeting of the Joint Trade Board for the purpose of effecting closer and better labor relations between the Local and the employers at which time the Local requested that job specifications be supplied the foremen on all operations, plus better equipment such as ladders, scaffolding, etc.

Secretary Sickles then gave a report on our craft conditions throughout the country in general, stating that the General Office is in receipt of constant demands from many parts of the country for assistance or advice in connection with the manpower shortage existing in our craft at the present time.

The Secretary instructed all of the Conference Locals that in the future after exhausting the supply of other building tradesmen as "emergency Asbestos Workers," they should contact the Veterans' Administration and effect the employment of idle G.I.'s under the classification of temporary fourth-year Improvers.

He further advised the Conference Delegates that their Home Locals should take action prohibiting any member from accepting and starting work on any operation without first having in his possession a copy of job specifications.

Secretary Sickles, in answer to inquiry, advised in connection with the effect in many states which have enacted legislation banning the closed shop that this legislation has not to date affected any of our affiliated Locals, nor is it anticipated that there will be any effect until this law has been finally passed on as to its constitutionality by the Supreme Court of the United States.

Just prior to adjournment President Donald St. Clair after having advised the Conference Delegates of his intention of moving from the New England territory in the near future, tendered his resignation as Conference President, assuring the Delegates of his appreciation for their having expressed their confidence in him by electing him to the office which he was reluctantly resigning.

The election of a new President was then declared in order which resulted in election by acclamation of Delegate James J. Dunn, representing Local No. 43, Springfield, Mass.

There being no further business at hand, this regular session of the Conference adjourned at 1:30 p.m. to attend a luncheon as guests of Local No. 6.

Respectfully submitted,

JOHN W. HOFF,
Secretary.
