THE CONVENTION CALL

The Seventeenth Convention of the International Association of Heat and Frost Insulators and Asbestos Workers will be held at the Palmer House (State, Monroe and Wabash Avenue), Chicago, Illinois, beginning on Monday, September 15, 1947, and continuing in session from day to day until the business of the Convention has been completed, which will, no doubt, be Friday, September 19.

REPRESENTATION

Affiliated Local Unions with all International arrearages paid up and including the month of June can be represented by one (1) Delegate and by additional Delegates in the ratio of one (1) for every one hundred (100) of their good standing per capita membership or any fraction thereof, upon which said Local Union has paid the General Office each month for the six (6) months preceding the Convention.

Home Insulator Locals may be represented at Convention of the International Association of Heat and Frost Insulators and Asbestos Workers by one (1) Delegate.

CREDENTIALS

Credentials in duplicate are forwarded to all affiliated Locals. The original Credential must be given to the Delegate-elect and the duplicate forwarded to the General Office immediately following election of Delegates.

RESOLUTIONS

For the guidance of Delegates it should be remembered that rules governing conventions generally fix the hour of noon of the second day's session as the time limit for the introduction of resolutions, and that all resolutions must be presented in duplicate form.

HOTEL ACCOMMODATIONS

As a consequence of present-day conditions, hotel reservations for the Convention Delegates are proving quite a problem and, for that reason, each Delegate immediately after being elected should notify the General Office as to his hotel requirements, including whether or not he will be accompanied by his wife, in order that the best possible accommodations may be arranged and the Delegate will be notified at a later date as to the reservations which have been made in his name.

REPORT OF THE
GENERAL PRESIDENT

Washington, D. C., July 1, 1947.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your President during the last quarter began at the General Office where he met with and counseled President Joinville of Local 88 on certain conditions of our craft work.

New York City came next, where your President represented our International Association at the funeral services of John R. Alpine, who served as the General President of the "U.A." from 1906 until 1917.

Back to the General Office and a conference with S. C. Baughman of the Laco Applicators, Inc., of Jamestown, New York.

Then at the General Office came a conference with President Dennis and Brother Deal of Local No. 9, Norfolk Navy Yard, on jurisdictional questions.

Again at the General Office came a conference with Business Agent Lee Anthony of Local No. 34.

Next at Washington with Secretary Sickles came attendance at a dinner of Labor officials and legislative agents, at which Counsellor Joseph Padway, of the American Federation of Labor, gave his legal opinion on the then pending, what Senator Morse calls, the Taft-Ives-Hartley Bill.

Next at the General Office came a meeting with Walter Leroy of the Mag-Bestos Company, formerly of Elizabethton, Tennessee.

Then with Secretary Sickles to Wilmington as the guests of Local No. 42 at its combination Veterans-David E. Mahan dinner, dance and entertainment. It was held in the Dupont Hotel and proved to be an enjoyable affair. Brother Mahan shared the honors with the Veterans, who received beautiful fountain pens, while he received a wristwatch, suitably engraved for the occasion, as a token of esteem and appreciation for the many years he formerly served the Local as Business Agent, in addition to the fact that he is their oldest living member. International Vice President Hunter was among the invited guests.

Then with Secretary Sickles to Columbus and attendance at the session of the Central States Conference, presided over by International Vice President Dalton. A fine dinner was served upon adjournment.

Next your President attended an Executive Council meeting of the New York State Federation of Labor, that among other things denounced State Senator Ives for betraying the confidence placed in him by the organized workers of the State as a consequence of his support given the Taft-Hartley Bill, since enacted into law over the veto of President Truman.

Next came Madison Square Garden, New York City, where your President represented the Asbestos Workers on "Veto Day" as designated by Mayor O'Dwyer of New York City, to protest the signature of President Truman to the Taft-Hartley Bill.

A sardine packed house of some twenty-two thousand crammed the inside of the Garden, while a crowd of twenty odd thousand jammed the streets outside listening to the loud speakers carrying the voices of Mayor O'Dwyer, President Green, Secretary Meany, and numerous other national Labor leaders as they demanded that President Truman veto the Taft-Hartley Bill.

Next came Philadelphia and the regular quarterly session of the Middle Atlantic States Conference. Secretary Sickles was in attendance.

Then to the General Office and a conference with E. W. Dunn, Assistant General Manager of Birch-Johnson-Lytle of Seattle, now doing work in Alaska. Mr. Dunn requested that our International Association sign an agreement permitting our membership to be recruited throughout the country, sent to Seattle, and from that City to the work in Alaska by direct employment, the wage rate to be $1.90½, which is $.34½ lower than our Local No. 97 of Alaska is now receiving. This, together with the fact that the General Office is having difficulty in supplying the labor demands of our employers in several localities, forced your President to refuse sanctioning this agreement.

Then came Syracuse and the regular quarterly session of the New York State Conference of Asbestos Workers. Following adjournment a conference was held with Business Agent Fallon of Local No. 40 and Mr. Murray of the Smith Murray Shop of Albany, at which time the new agreement and the recruiting of veterans was discussed.

Next with Secretary Sickles to St. Louis, where with Organizer Schmitter and the officers of Local No. 1 a Trade Board meeting was attended, at which an afternoon was profitably spent ironing out a few wrinkles in the interpretation of the Joint Trade Agreement.

The same evening, after a dinner in the Mayfair Hotel, the Trade Board members of the Local, together with its officers and Executive Board, were instructed on future procedure by your President in line with the subject matters discussed at the afternoon session of the Joint Trade Board.

Then to Kansas City and a meeting with the employers and the strike committee of Local No. 27. This meeting agreed upon terms that were unanimously ratified by a special meeting of the Local the same evening. They included a wage increase of 25¢ an hour, proportionate increase for Improvers, and a daily board increase of $1.00. This ended a twelve week strike during which time the membership of Local No. 27 were at work in the territory of sister Locals.

While at Kansas City a conference was held with Business Agent Rausch of Local 27-B. He has made rapid progress and today has one of the highest wage scales among the "B" Locals. He is now engaged, as are other Building Trades Business Agents, in organizing their craft workers in the Owens-Corning Fiberglas Corporation's recently constructed Kansas City plant. Your President has since appointed Brother Rausch as a special organizer in the field of "B" insulation and production workers within the western half of the State of Missouri and the eastern half of the State of Kansas. The Kansas Cities Building Trades Council has been designated as the bargaining agent for the employees of this Company by the N.L.R.B.

WORKMEN'S COMPENSATION TO BE INCREASED IN ILLINOIS

Awards under the worker's compensation and occupational diseases acts will be increased 10 percent under an agreement reached by representatives of labor and employer organizations.

Mr. Reuben G. Soderstrom, president of the Illinois Federation of Labor, said the program will increase the maximum death benefit from $6,600 to $7,200 and will make similar increases for compensation in cases of injury or illness contracted in the course of employment.

"Agreed" bills to amend the two acts were introduced in the Illinois legislature and will be unopposed.

The activities of your President closed today, at the General Office where he met with a committee from Local No. 11, consisting of President Ball, Secretary Mohsberg and Business Agent McGann, when consideration was given to certain proposed inclusions of their pending Joint Trade Agreement.

Our craft work is more than good, with several localities clamoring for men. At the present writing a two day meeting of some one hundred Labor lawyers has just adjourned in the City of Washington. On July 9th the findings of this meeting will be submitted to a conference of International officers, among whom your President and Secretary will be numbered. As soon as possible your General Office will acquaint our Locals with the policy of procedure arrived at by the American Federation of Labor and the Building Trades Department in reference to procedure under the Taft-Hartley Law.

Fraternally,

Joseph A. Mullaney

President

Testimonial Dinner tendered Brother David E. Mahan and Ex-Servicemen at Hotel DuPont by officers and membership of Local No. 42, Wilmington, Del. (see article under Correspondence)

TEXAS CITY

Texas City is a seaport town of about 20,000 population and lies just across the Bay from Galveston, Texas. It is heavily industrialized with oil refineries and chemical plants, and has been a very large shipping port for the past few years.

On the morning of April 16, 1947, while driving to the office, I turned on my car radio and heard a report that the French steamship Grandcamp had blown up at the dock in Texas City causing several explosions in a large chemical plant located near the dock. Thinking that it was the Carbon Carbide Plant where we had approximately 75 men employed on the Johns-Manville contract, I immediately drove to Texas City. When I arrived there I found out that it was not the Carbon Carbide Plant but the Monsanto Chemical Plant that had been so badly damaged by the explosion. The entire plant was ablaze and it was impossible to find out who or how many were injured or killed.

I then called Standard Asbestos Company to find out how many men they had working in the Monsanto Plant and was informed that the job had been completed the day before and there wasn't anyone left on the job but the foreman, Brother H. D. Bradley, Reg. #8834, of Local No. 22. Later I learned that Mrs. Don Weydert, the wife of a member of Local No. 17, was working in the Monsanto cafeteria at the time of the explosion. I then started searching all of the morgues, first-aid stations, and clinics in Texas City but I could find no trace of Brother Bradley or Mrs. Weydert. I thought they were both gone but later on I received the very good news that they were both alive and in a hospital in Galveston, Texas. Brother Bradley was very seriously injured but is now on the road to recovery, as is Mrs. Weydert.

I cannot find words to describe just how horrible a thing the disaster was. I stayed in Texas City all day helping to carry out the dead and injured. The town itself was almost demolished—people were walking the streets in a daze or searching frantically for members of their families who were lost. Orders were given to evacuate the town because more explosions and fires were expected. The warning proved correct, for about 1:00 a.m. the next morning the steamship High Flier exploded at the dock and the shock was felt more than seventy miles away. This, in turn, caused more fires among the numerous oil storage tanks located nearby, and further loss of life.

In the last report released by the Red Cross there were close to five hundred killed in this horrible disaster and hundreds injured and maimed, but, to the best of my knowledge, there was not a single member of our International Association killed at Texas City. I make this statement for the benefit of the friends and relatives of Asbestos Workers who were working in this territory at the time of the disaster.

I would like to take this opportunity to express the gratitude of Local No. 22 for the wonderful job the various relief organizations did at Texas City. I want also to thank the Johns-Manville Corporation for releasing their employees for relief work and for giving the use of their trucks to help out. I want to express my sincere thanks to the membership of our Organization and to the various crafts that were working with us, for the splendid donation that was taken up on all jobs to help Brother Bradley and Mrs. Weydert. I would like for all who

might meet Brother Don Weydert of Local No. 17, to shake his hand for the good sport he was in relinquishing Mrs. Weydert's share of the collection in order to give it to Brother Bradley, who will not be able to work for some time to come. And last, but not least, we would like to thank the Southwest States Conference of Asbestos Workers for the check sent in by them to lend a helping hand.

Fraternally yours,

L. M. ROBERTSON,

Secretary, Local No. 22

(Note: Brother Editor, I realize that this means quite a lot of work and that it will take considerable time and space, but due to the number of people who have sought information from me about the disaster at Texas City, I am taking this opportunity to tell them all that I know about it and I am sure that it will be appreciated by all concerned.)

Dear Sir and Brother:

I am writing you relative to our twelve weeks strike, which has recently been settled through the efforts of our International President, Joe Mullaney and Secretary, Carl Sickles, who will make a winning combination on anyone's "ball team."

We were able to get the twenty-five-cent-per-hour increase originally asked for.

Local No. 27 wishes to thank President Mullaney and Secretary Sickles for what they did in our behalf. The latchstring hangs out for them twenty-four hours per day at 101 East Armour Boulevard.

Local No. 27's prospects for the next two years in this territory look bright. Like many other Locals, we are short of Mechanics at this time, but hope to improve that condition as we go along.

Yours fraternally,
J. H. THOMPSON,
Business Agent, Local No. 27.

I am sending you a picture of the Testimonial Dinner held May 10, 1947, at the Hotel DuPont in Wilmington in honor of our returned veterans and Brother David E. Mahan, our oldest active member.

We were honored and deeply grateful to International President Mullaney, Vice-President Hunter and Secretary-Treasurer Sickles, who attended and brought out some very interesting remarks during their talks.

Numerous delegates of the Middle Atlantic States Conference were also in attendance.

The evening proved a very enjoyable one, with entertainment and dancing.

I hope that it is not too late to publish in this issue of the Journal. The Local membership is looking forward to seeing it printed.

The snapshots didn't turn out as good as expected, but if you would like to have a set, let me know.

We are quite busy here. Could use a few men. It looks good for the next year on local work with a power house job coming up this fall. All work is forty hours now, but look for some overtime later.

ent agreement expires July 1, 1947, and reported on new agreement offer by their employers carrying a wage increase and other changes which will be acted upon by the Local this coming week.

Delegate Hoff of Local No. 6 reported on many large operations in and around Boston, plus numerous out-of-town jobs in Maine and New Hampshire. Several Travelers from sister Locals and Plasterers working in the territory. Local is taking in eleven new Improvers and three Mechanics at the next meeting. International Secretary-Treasurer C. W. Sickles reported on matters covering our General Office and on conditions throughout the country pertaining to our trade.

This was followed up with a general discussion. Among matters discussed was the procuring of "emergency" men after the regular channels were exhausted and the policy advised by the General Office is to contact the Veterans Administration for war veterans to be temporarily employed at fourth-year Improver rates. These men are to apply material until displaced by card men.

Traveler's status was taken up and when Traveler comes into a territory he must report to the Business Agent first who assigns him to a job. Under no circumstances does a Traveler solicit his own job.
