Some Facts About YOUR COVER PICTURE

THE words "Defend Your Union Vote!", displayed on the cover of this issue, are simple in meaning as individual words but great to us in labor when constructed together directing us to act.

Yes, we are now called upon to collectively vote for those who are friendly toward Labor and thereby defeat our proven enemies. We would not hesitate one minute to "Defend Our Union" if it were placed in jeopardy for any other cause, and now our very existence is in the hands of those who are seeking office in the next Congress.

Congressmen are our representatives in the U. S. Congress, protecting our rights and promoting the things that are for our welfare. We as voters control the type of persons who would best represent us. Therefore, we should realize the importance and power of our vote.

We have seen how the members of the 80th Congress voted and how the power of their vote has affected our rights as workers. Let us take a page from the same book used by our enemies and resolve to be at the polls on November 2 and make our vote affect those who have proven themselves to be our enemies.

POSTMASTERS ATTENTION: Change of address cards on Form 35.8P should be sent to THE ASBESTOS WORKER, 211 Machinists Building, 9th Street and Mt. Vernon Pla., N. W., Washington 1, D. C.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.
October 4, 1948.

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President during the past quarter began with work at the General Office.

Next came the New York State attendance at a special meeting of the New York Naval Shipyard Local No. 104 It was held at Columbus Hall where your President installed the newly elected officers. The officials of the Navy Yard Metal Trades Council were present and made short talks. Your President made the long talk of the evening, his subject being the experiences of the Asbestos Workers in the Brooklyn Navy Yard over the past forty-five years. Refreshments were served and a good time was had by all.

Then back to Washington and work at the General Office, including a conference with Representative Blaier of the Carpenters in re a jurisdictional dispute now pending over work being performed by our "B" Locals and claimed by the Carpenters, who went on strike for its possession.

Next came the New York State Conference of Asbestos Workers, held in New York City, the minutes of which are printed elsewhere in this JOURNAL issue.

Then came funeral services for William J. Bowen of the Bricklayers, Masons and Plasterers' International Union. He had been President Emeritus for the past twenty years.

Next came the Convention of the New York State Federation of Labor. This Convention received country wide publicity for giving a hearing to, and refusing to accept the credentials of some score of delegates, whom the Credentials Committee found to be proven Communists.

Then back to Washington and work at the General Office.

The next jump was to Philadelphia and attendance at the Middle Atlantic States Conference of Asbestos Workers, the minutes of which are printed elsewhere in this JOURNAL issue.

Then came a special meeting of Local No. 91, where your President gave official instructions on a matter that had prompted his visit.

The next visit was to Newark and a meeting of Local No. 32 that found our membership fully employed.

The next jump was to Boston in company with Secretary Sickles, and attendance at the session of the New England States Conference of Asbestos Workers, the minutes of which are printed elsewhere in this JOURNAL issue.

Next came St. Louis where the membership of Local No. 1 had been off the job for eleven days for a wage increase. A meeting of the Joint Trade Board was held at which time the employers stated they would not consider a wage increase until the men returned to work. After this meeting a conference of the Local officers agreed to, and so notified the employers, that the men would return to work the next morning (Wednesday), if the employers would agree to discuss the wage question the following Friday. The employers agreed. Your President attended the special meeting of Local No. 1 the same evening, at which the report of its officers was by motion unanimously adopted, along with a motion that a special meeting be held Friday night to act on the results of the meeting with the employers to be held that same afternoon.

Next came Chicago where your President conferred with Vice President Mulligan on International business.

Next stop was Rochester, New York, where your President attended a meeting held between the employers and Local No. 26 officers at which a shop complaint was given the attention it deserved, and where your President sold the Joint Trade Board agreement to both parties.

Next with Secretary Sickles came a jump from the General Office to Atlanta, and attendance at the semi-annual session of the Southeast States Conference of Asbestos Workers, the minutes of which are printed elsewhere in this JOURNAL issue.

Your President and Secretary then journeyed to Greensboro.

At Greensboro a conference was held between the officers of Local No. 72 and Mr. Starr Davis, at which certain craft issues were discussed and a satisfactory understanding arrived at. Then followed a dinner tendered by Local No. 72, followed in turn by a special election meeting of the Local, at which your President inducted the newly elected officers.

Then to Washington and work at the General Office from which this report is submitted.

Our obituary list records the passing of another old timer, David Mahan, at the age of 74. During his forty years at our craft he is best remembered by your President as the Business Agent of Local No. 42, and as a prime mover in the organizing of the Middle Atlantic States Conference of Asbestos Workers.

Asbestos Workers are still in demand, one reason being that the Department of Commerce reports that September set another new monthly record for new construction with a total value of $1,804,000,000.

Make sure that Eelection Day, Tuesday, November 2nd, finds yourself, family and friends in line with ballot in hand to do the thing that organized labor expects you to do, and that is nothing more or less than "Reward your friends and defeat your enemies."

Fraternally,

Joseph A. Mullaney

President.

...EDITORIAL...

Are You A Free Rider?

By GEORGE MEANY,

Secretary-Treasurer Labor's League for Political Education

WHAT would you call a man who crossed a picket line to take a union man's job? What would you call a man who voted against the union shop? You would probably call such a man a SCAB . . . a free rider who wants the other fellow to fight for good wages but doesn't want to take any of the responsibility himself.

Did it ever occur to you that if a union man fails to register and vote on election day and refuses to contribute his dollar to Labor's League for Political Education, he is just as bad as the free rider who refuses to join the union or pay dues.

We can only have free trade unions so long as we elect men to Congress who believe in laws guaranteeing the rights of workingmen to deal through free trade unions. Such men are not elected when the majority of us fail to vote.

The 80th Congress has proven to us that politics is not a casual game. Government is big business . . . taxing and spending 40 billion dollars a year, passing laws that drastically affect our freedom and our paychecks.

The Taft-Hartley Act threw us back decades into another era of paralyzing injunctions, company strike breaking, and heavy damage suits. This Congress sat idly by while prices spiraled upward and gave every worker in this country a 30% wage cut. It did its best to undermine the wage hour act and weaken old age and unemployment compensation. By cutting taxes unfairly the tycoon with $100,000 a year income got a 43% increase in take-home pay and the average worker a tiny 3.5% increase. Today only one home in a hundred sells at a price the average wage earner can afford. Health Insurance and aid to education were pigeon-holed by this last Congress.

Who is to blame for this sorry record? We . . . the workingmen and women of America are to blame. The Taft-Hartley Act is our fault because the majority of us were political scabs . . . free riders . . . in 1946. Fifty-six million Americans of voting age FAILED TO VOTE. The majority of us abdicated our American responsibility to vote and let Congress go by default to the paid agents of the special privilege lobbies.

Labor's League for Political Education was formed to make sure that we would never again make the same mistake. We must organize precinct by precinct and district by district just as we have organized in each shop and industry in this country. Just as the scab and the non-union shop threaten the working standards of all union men, the union man who fails to vote and the district where labor has failed to organize for political action constitute a threat to every union man in the country. After all, the anti-labor Congressman who slips in from one district comes to Washington and votes on laws affecting all of us.

It is up to each local union and political league in all parts of this country to see that every union man and the members of his family are registered and at the polls on election day. We must enlist the active support of our wives as an integral part of our political organization. We must unite in solid support behind candidates proven and pledged to support the interests of the average American citizen.

Every vote counts. If you don't believe it, just remember that Senator Taft would have been defeated in 1944 if there had been a shift of only one vote in each precinct.

When every public office holder knows that we have a permanent organization in every district in this country ready to mobilize a solid

Report of the SECRETARY-TREASURER

C. W. SICKLES
Secretary-Treasurer

WASHINGTON, D. C.
October 4, 1948.

To the Officers and Membership,
Affiliated Locals.

GREETINGS:

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began at Berlin, Connecticut, and attendance at a Testimonial Dinner tendered Brother Vincent Suppicich by his home Local No. 33. This testimonial was indeed unique in that it found a Local Union tendering a testimonial to one of their old time members who has, after 44 years at the Trade, taken out an honorable Withdrawal Card and entered retirement for the rest of his natural life. This testimonial was well attended by the membership of Local No. 33 and their wives, as also represented by delegations from surrounding sister Local Unions.

Your Secretary, who has known and worked together with Brother Suppicich over the years, expressed the sentiments of all when he eulogized Brother Suppicich for his contribution to our Craft life in Connecticut by way of pride of workmanship and its influence on those he was only too willing to teach.

Brother Suppicich proudly boasts of five sons who have followed his footsteps and entered the Craft, three of whom are at present employed in supervisory capacities by insulating contractors throughout the country.

Next to Boston, together with President Mullaney, and attendance at the regular quarterly meeting of the New England States Conference of Asbestos Workers, minutes of this meeting will be found printed in this JOURNAL issue.

After adjournment your Secretary advised officers of several locals in connection with items of interest between their locals and the General Office.

New Orleans, Louisiana, came next and conference with the officers of Local No. 53, followed by Testimonial Dinner tendered International Vice President A. L. Hullinghorst by New Orleans Local No. 53 in recognition of his faithful service to the Local as Business Agent for 11 years and International Vice President 6 years. This testimonial proved to be a gala affair and a great success and your Secretary would suggest that the membership read the article under Correspondence listing the guests of honor included among which were all of the outstanding labor leaders of New Orleans and the State of Louisiana.

Then to Atlanta, with President Mullaney, and attendance at the Southeast States Conference of Asbestos Workers semi-annual meeting. These Conference minutes will be found printed in this JOURNAL issue.

Your Secretary advised the officers of the locals represented in connection with several issues and expressed the importance of keeping the General Office acquainted at all times with any change in working Agreements whether written or verbal.

Returning to the General Office came stop-off at Greensboro, N. C., and after an afternoon spent with the officers of Local No. 72, came a dinner with President Mullaney and myself the guests of Local No. 72. Following the dinner came a special meeting of the Local Union.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer.

DEAR SIR AND BROTHER:

Our Local No. 72 was honored Sunday, October 3rd, by a visit from our International President, Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles, who made a stop-off visit on their return from the Southeast States Conference semi-annual meeting held in Atlanta on Saturday, October 2nd.

Local No. 72 Business Agent and President, who spent the afternoon with our General President and Secretary-Treasurer, received a world of information which will be most beneficial to the officers and membership of Local No. 72 in handling the affairs of our Local in the future.

There was also a conference held with the owners and personnel of the Starr-Davis Company at which several problems which had been in dispute between the Local and the employer were discussed and both the Local and employer properly advised as to International law, Trade Agreement and the interpretation and application of same.

Later President Mullaney and Secretary Sickles were guests of Local No. 72 at a dinner at the O'Henry Hotel, followed by a special meeting of the Local which was well attended.

The membership received the benefit of President's Mullaney's advice on many Trade problems and also were favored by President Mullaney conducting the annual election of officers which was held during this meeting.

The officers and membership of Local No. 72 thoroughly appreciate this visit from our International Officers and most cordially welcome them to a return visit at their earliest opportunity.

Fraternally yours,
S. R. THOMPSON,
Secretary.

labor vote to support our friends and defeat our enemies on the basis of their record and not on their party label, then and only then will the wishes of the working people be respected on Capitol Hill.

The time for action is now. Two years or four years from now may be too late. Take heed of this warning delivered by Senator Wagner, one of Labor's staunchest friends in Congress:

"Labor's opponents will hide their true purposes during the coming campaign. The Taft-Hartley Act will be moderately applied between now and November. After the elections are over, the real teeth in the law will be bared . . . injunction law is returning in the field of labor relations."

No union is strong unless all the workers in the shop are union members. The same applies to politics. We must be as united in political action as we are in union action.

Maurice J. Tobin Appointed

SECRETARY OF LABOR

MAURICE J. TOBIN, the new Secretary of Labor, brings to the Cabinet post a wealth of experience both in business and public affairs. Appointment to the Cabinet is one of the greatest honors which can be given a man. The honor to Maurice Tobin is well deserved and the laurels he has won have come the hard way—through diligence and hard work since he left school at 16 to help support his family.

The story of Secretary Tobin's rise to his present high post is a typical American success story filled with color and audacity. The story of the 47-year-old Cabinet member begins many years ago—in Ireland, in fact.

Mr. Tobin's father came from Ireland from Clougheenofishogue and settled in Boston. He married Margaret Daly from County Cork. Maurice was born in Boston, on Mission Hill.

He was graduated from the Mission Grammar School, Roxbury, in 1915 and went to the High School of Commerce, which he left in his sophomore year to help support his family. But he did not let leaving school interrupt his educational advancement. He attended evening classes at the Young Men's Catholic Association, the Suffolk College of Law, and Boston College Extension courses.

He was in the leather business as a young man but became interested in politics and helped a friend try, but unsuccessfully, make the race for Congress.

Later he entered the telephone business and was associated with the New England Telephone and Telegraph Company for several years. But his interest in politics was destined to carry him further than the post of a successful New England business man.

In the face of some doubts of the old-timers he ran for the State Legislature and won. He represented Ward 10, Roxbury, in 1927-28.

In 1928 he went to Houston, Tex., as a delegate to the Democratic National Convention and later in the year ran for Congress against Geo. H. Tinkham, colorful Republican and big-game hunter. He was defeated, but added to his political experience and acquaintanceship.

Three years later he topped a field of 29 candidates for election to the Boston School Committee for a four-year term. In 1933 he was named to the New England Advisory Board for Emergency Relief Administration by the late President Roosevelt and a year later was named chairman of the Boston School Committee. In November, 1934, he topped 29 candidates with a record-breaking plurality for re-election to the School Committee.

In 1937 he was elected Mayor of Boston in a six-way contest which included ex-Mayor James M. Curley, ex-Mayor Malcolm Nichols, and other well-known figures. And in 1941 he was elected to succeed himself, the first to do so under the State's new legislation.

He was named by the Democratic Party as its candidate for Governor of the Commonwealth and succeeds to the State's highest executive position. He resigned as Boston's Mayor. In the G. O. P. swing of 1946 Mr. Tobin was defeated for reelection but retaining tremendous popularity in New England and in his own State, Mr. Tobin was nominated for the gubernatorial race of 1948. He withdrew from the contest when asked to take the Secretaryship of Labor by President Truman. Secretary Tobin is married and has three children.

NEW ENGLAND STATES

BOSTON, MASS.,
September 18, 1948.

The regular quarterly meeting of the New England States Conference was held on Saturday, September 18, 1948, at the Hotel Manger, Boston, Mass.

Delegates present were John W. Hoff of Local No. 6, Boston, Mass.; George Johnson of Local No. 31, Providence, R. I.; Lance Gaspic, Charles Soelch and Fred Tyrol of Local No. 33, Connecticut; and James J. Dunn of Local No. 43, Springfield, Mass.

President Joseph A. Mullaney and Secretary C. W. Sickles were also in attendance.

Meeting was called to order by Chairman Dunn at 10:30 a.m.

Minutes of previous meeting were read and accepted.

Reports of delegates:

Delegate Johnson of Local No. 31 reports work very plentiful in his territory and having several "emergency" Mechanics working at present. Also reported a large power house project coming along. There was a question of status of "emergency" Mechanics on a power plant job that one of his employers had in another Local's territory, which was explained by President Mullaney, and procedure to be carried out on said operation.

The method of payment of weekly wages was brought up and President Mullaney requested that delegates see to it that men be paid on the job during working hours on designated pay day unless members desire to have checks mailed to their homes.

Delegates Gaspic, Soelch and Tyrol of Local No. 33 reported work is excellent and the demand for men far exceeds the supply. They cited work awaiting on numerous projects throughout their territory, including power houses and school houses.

They then brought up the question of a certain ex-member of their Local who was seeking reaffiliation, and were advised upon same by the International Officers.

They also brought up the subject of a "Welfare Fund" and stated that the Local intended discussing same with its employers.

Delegate Hoff of Local No. 6 reported his Local as being exceptionally busy and having an extra large number of "emergency" men working on power plants, industrial buildings, along with a large insurance building and a new telephone building in downtown Boston, and the future looks very bright.

He also reported on the splendid job that the Massachusetts Citizens League for Political Education is doing for labor to bring about the defeat of three very vicious anti-labor referendums that will appear on the ballots in Massachusetts, and instructed all our members to get the vote out in November.

He also reported on conferences with his employers in regards to a new agreement starting October 1, 1948, which at this date is not settled.

He further stated that the intention of the Local is to have hospital and surgical expenses for members and their families, along with a death benefit and the two weeks vacation for members included in the forthcoming Agreement.

Delegate Dunn of Local No. 43 reported all goes well in Springfield, Mass., and there are "emergency" men at work. He also reported that work on large operations, including Monsanto Chemical Company, Electric Light Plant, and college projects made the future look very good for his men.

President Mullaney then dwelled on the Taft-Hartley Law and all its ramifications concerning organized Labor and its effect on building trades workers, and that the security we have gained over the years will be a thing of the past unless we defeat our enemy law makers at the polls in this coming election. He further stated that the only way to bring about the repeal of this "Slave Labor Act" is to get your family, relatives and friends out on the voting line on Election Day and vote only for Labor's friends and defeat its enemies.

Secretary Sickles gave a report on conditions throughout the country and of the many exceptionally large projects in certain spots and that work in the offing is very good.

Conference adjourned at 2 p.m. and all delegates were guests of Local No. 6 at luncheon.

Respectfully submitted,
JOHN W. HOFF,

RATE *Your* CANDIDATE!

The following are ten of the most important issues before the country. How your political candidate rates on these will determine for you whether or not he will make a fair, proper, and progressive official. Check each issue and add up the percentages. If he votes "yes" on all, he is a 100 per cent candidate.

CHECK LIST

No.	QUESTION	%	YES
1	Does he favor repeal of the TAFT-HARTLEY law?	10	
2	Does he favor removal of WEIGHT RESTRICTIONS on intrastate commerce?	10	
3	Is he for the ANTI-INFLATION program to beat the high cost of living?	10	
4	Does he favor a decent HOUSING bill?	10	
5	Does he favor a decent TAX BILL?	10	
6	Will he support a higher MINIMUM WAGE?	10	
7	Does he favor HEALTH INSURANCE?	10	
8	Does he support the EUROPEAN RECOVERY PROGRAM (ECA)?	10	
9	Does he favor FEDERAL AID TO EDUCATION?	10	
10	Does he favor broadening SOCIAL SECURITY?	10	
	Total	100%	

Congress won't change because we plead, threaten, or defy it. It will only change when we send new faces to Congress. We must seriously analyze and rate each candidate before we vote.
