Some Facts About YOUR COVER PICTURE

THE United States Department of Labor, illustrated on this month's cover, was created March 4, 1913, by the signature of President William Howard Taft, on his last day in office, making it the tenth Executive Department of our National Government.

In creating the Department, Congress defined its purpose as follows:

"The purpose of the Department of Labor shall be to foster, promote, and develop the welfare of the wage earners of the United States, to improve their working conditions, and to advance their opportunities for profitable employment."

William B. Wilson, first Secretary of Labor, said in his first annual report:

"In the execution of that purpose the element of fairness to every interest is of equal importance, and the Department has in fact made fairness between wage earner and wage earner, between wage earner and employer, between employer and employer, and between each and the public as a whole the supreme motive and purpose of its activities."

The story of the Department of Labor began long before its creation on March 4, 1913. That story is part of the saga of America's workers—their struggle for recognition of their dignity as individuals, their contribution to the economic and social development of the Nation, and their participation in the ideals and bounty of the world's greatest democracy.

The building is classic in design. The cornerstone was laid on December 15, 1932, and dedicated February 25, 1935. It is one of the units of the Triangular Group of buildings authorized by Act of Congress, May 25, 1926.

Principal bureaus and divisions coming under the Department of Labor are: Apprentice-Training Service; Bureau of Labor Statistics; Division of Labor Standards; Wage and Hour and Public Contracts Divisions; Women's Bureau; and the Bureau of Veterans' Reemployment Rights.

All labor functions should, as far as practicable, be in the Department of Labor.

Published quarterly at Headquarters, 211 Machinists Building, Washington 1, D. C., by the International Association of Heat and Frost Insulators and Asbestos Workers. Entered as second class matter at Washington, D. C., June 29, 1934, under the Act of August 24, 1912.

POSTMASTERS ATTENTION: Change of address cards on Form 3578P should be sent to THE ASBESTOS WORKER, 211 Machinists Building, 9th Street and Mt. Vernon Place, N. W., Washington 1, D. C.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.,
June 30, 1949.

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President during the past quarter began on April 1st with work at the General Office.

Then, with Secretary Sickles, to New Orleans and the session of the Southwest States Conference. All members of the General Executive Board were in attendance, and with the Conference delegates were the luncheon guests of Local No. 53 at the Jung Hotel.

That night Vice President Mulligan flew to New York City, where the following day he represented our International Association at the funeral of Thomas "Pop" Curry, a lifelong friend of your President, and the last president of "The Salamander Association of Boiler and Pipe Felters," the first union of our craft. It operated under Federal Charter 1792, Knights of Labor, issued in 1884. It later became Local No. 12. "Pop" died after a lingering illness in his 83rd year at his home in his beloved "Village" section of New York City, where he was born and spent his lifetime.

The following day the annual session of the General Executive Board began in the Roosevelt Hotel, New Orleans.

Next came Washington and work at the General Office.

Then to New York City, where your President and Secretary Sickles represented our International Association at the banquet tendered George Meany, Secretary-Treasurer of the American Federation of Labor, and Martin P. Durkin, President of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada, before leaving for Geneva, Switzerland, to represent the A. F. of L. at the convention of the International Labor Organization.

Next came Cleveland, where your President and Secretary Sickles attended the session of the Central States Conference at the Carter Hotel. Following adjournment came a visit to the Civic Auditorium, where the Union Label Exhibition was in progress. The Local No. 3 booth was especially interesting, as it displayed samples of all insulating materials and some of our work in the process of application.

The next jump was to Atlantic City and the quarterly session of the Middle Atlantic States Conference. Secretary Sickles was in attendance.

Then came Syracuse and the quarterly session of the New York State Conference of Asbestos Workers at the Hotel Syracuse.

Next came New Haven and the quarterly session of the New England States Conference at the Taft Hotel. Secretary Sickles was in attendance.

Then back to Washington and work at the General Office from where this report is submitted.

There is a general slowing down of activity in the Building Trades. Our craft work still holds up.

The minutes of the General Executive Board session, as also those of the Conferences mentioned in this report, can be found elsewhere in this Journal issue.

Fraternally,

Joseph A. Mullaney

President.

Federal Housing Bill Passed by House

The first major plank in President Truman's Fair Deal platform was nailed down tight as the House passed the National Housing Bill by a vote of 228 to 185.

The safe margin on the final vote gave no indication of the struggle on the floor to preserve the heart of the program, the low-rent public housing provisions. This section was once thrown out by a 3-vote margin only to be restored on a record vote, 209 to 204.

The bill as finally approved by the House is identical in all major details with the Senate-approved version, but certain minor differences must be reconciled in Senate-House conferences, then ratified by the two bodies before the measure can go to the President for signature.

In major aspects, the multi-billion-dollar housing plan provides:

1. A slum-clearance program in which the Federal Government will put up $1,000,000,000 in loans and another $500,000,000 in grants to assist localities in doing the job.

2. A low-rent housing program calling for construction of 810,000 units in the next six years and committing the Federal Government to a $308,000,000 annual maximum subsidy for 40 years.

3. Broad housing research designed to improve construction while reducing costs.

4. Farm housing aids, providing for loans and, in some cases, grants to improve and rehabilitate farm dwellings, the total Federal commitment coming to $262,500,000.

Business Agent William Hornburger, Sr.; and Local No 89, Trenton, N. J., Business Agent Stephen J. Kopp.

International President Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles were also in attendance.

Attending as visitors were Brothers William Scout of Local No. 14, Robert Needham of Local No. 24, Terence McConnell of Local No. 32, P. Kuntz of Local No. 65 and William Hornburger, Jr., of Local No. 85.

Motion made and seconded that the reading of minutes of the previous meeting be dispensed with. Motion carried.

Conference expenses as presented were ordered paid.

The secretary reported having received annual Conference assessments from Locals 2, 14 and 65.

Reports of delegates:

Delegate Rust of Local No. 2 reported present conditions good, with 20 "emergency Asbestos Workers" also being used. Although strikes in the Building Trades are now in progress, none of the Local membership is expected to be affected. He also reported that with plenty of work coming along, the future outlook is very good.

Delegate Hunter of Local No. 14 reported conditions still busy and expect to be for quite some time. The Philadelphia Building and Construction Trades are now all settled, with all trades back at work. However, all trades within the jurisdiction of the Camden, N. J., Building and Construction Trades are at the present time out pending settlement of several strikes. The Socony-Vacuum Oil job and the Texas Oil job are still moving along, not being affected as yet by the above-mentioned strikes.

He also reported that local employer relations are good and a satisfactory adjustment is expected when the current agreement expires on June 30, 1949.

All idle International members can be placed, but he wishes to advise that 40 hours comprises the work week and no "board jobs" are available at the present time.

Delegate Hoyle of Local No. 24 reported current conditions fairly busy with 15 "emergency Asbestos Workers" being used. Majority of work now in progress is of the small variety due to current strikes by the Carpenters and Laborers.

Among large jobs waiting to go, pending settlement of current strikes, are Accounting Office job amounting to $26,000,000, Federal Court Building $9,000,000, Cancer Research job at Bethesda, Md., $40,000,000, Senate Office Building $10,000,000, together with the alterations on the White House and Capitol Building.

Delegate Roche of Local No. 32 reported all of membership at work, also augmented by 30 Travelers and 100 "emergency Asbestos Workers." A good deal of work is now on hand, but future conditions are vague due to some cancellation of contracts by owners whose reasons are chiefly the increase in hourly wage rates. More and more of the "housing type" jobs are coming along and future conditions are expected to be fairly good. A new Agreement is also being negotiated.

Delegate Bressler of Local No. 38 reported still busy with all men at work plus 27 "emergency Asbestos Workers" being used. The Veterans Hospital job is now moving along at a good pace, and with a dozen or so of good-sized jobs coming along future prospects are expected to be very good.

Delegate Mahan of Local No. 42 reported all men at work, plus 6 "emergency Asbestos Workers" also being used. The work at hand, together with the contemplated new work, is expected to keep the Local busy for the coming winter season.

Delegate Kuntz of Local No. 65 reported all men working, plus 12 "emergency Asbestos Workers." Conditions are not as brisk as had been experienced, but with more work coming along at State College, Pa., the future is expected to be fairly good.

Delegate Hunter of Local No. 71 reported all of membership working, with most of the work being of the small type. Although the future outlook is not certain, enough small work should come along to keep the Local membership at work.

Delegate Hornburger of Local No. 85 reported conditions very slow, with only five of the membership at home and the balance all out of town. The prospects for the future look dismal.

Delegate Kopp of Local No. 89 reported the strike of the "Ironworker" now in progress has majority of all new construction work tied up. Our Local membership, however, is employed on that work not affected by this condition. Future prospects are indeed very good whenever a settlement is reached with several large operations scheduled to be started. A new Agreement is also being negotiated.

During the above reports of delegates, both President Mullaney and Secretary-Treasurer Sickles gave advice wherever needed. They also outlined the national craft picture, and also during brief discourses touched on the Improver ratio, the "emergency Asbestos Worker," the agreement with the B.M.P.I.U. in re "boiler insulation," and also the Welfare Fund as enjoyed by several of our affiliated Locals.

The delegates were also advised that our new quarters for Conference meetings in the future shall be at 1109 Ridge Ave. in the city of Philadelphia, Pa.

With all business transacted adjournment was voted at 5:20 p. m.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary.

Conference President Hullinghorst reported on trips to Corpus Christi and Albuquerque on behalf of the Southwest States Conference.

Reports of affiliated Locals:

Delegate Byers, Local No. 10, Little Rock, Ark., reported one third of membership out on Traveling Cards but that future looked good with several hospital and power house jobs to break soon.

Delegate Jackson, Local No. 21, Dallas, Fort Worth and Shreveport, La., reported that vast expansion programs on schools and hospitals, combined with new buildings, power house jobs and refinery work, made future look good. Now working 45 Travelers and 40 "emergency Asbestos Workers."

Delegate Smith, Local No. 22, Houston, Beaumont, Port Arthur and Galveston, Tex., reported enough work for members next year, but future looked uncertain because several large contracts had been shelved and other contracts had been held up for Building Trades wage negotiations. Local No. 22, with 254 members, is now working 150 Travelers and 165 "emergency Asbestos Workers."

Delegate Hullinghorst, Local No. 53, New Orleans, Baton Rouge, La., and Jackson, Miss., reported New Orleans area busy and Baton Rouge area needing 75 men, with future excellent for three or four years.

Now working 12 Travelers and 40 "emergency Asbestos Workers."

It was also reported that Local No. 76 had added 10 members.

Delegate Reed, Local No. 87, San Antonio, Austin and Corpus Christi, Tex., reported two years work in Austin and a vast expansion program in San Antonio at Trinity University. He also reported that the Corpus Christi area looked very bright for the future with possibly 300 or 400 men needed to do jobs in the Valley alone. Local No. 87 reported membership of 90 with 14 Travelers, and that negotiations were under way with the seventh Contractor for an agreement. The detailed report of work in this territory, with multimillion dollar jobs the rule rather than the exception, indicates that Local No. 87 is about to enjoy one of the most prosperous periods in the history of the Southwest.

Delegate Ridenour, Local No. 94, Oklahoma City, Okla., reported work slow with Fall prospects fair.

A general discussion followed in which President Mullaney answered several questions pertaining to working conditions and policies of our craft.

The meeting adjourned at noon, after which the delegates were guests of Local No. 53 at a luncheon. Contractors introduced were: Mr. Marquette and Mr. Neyrey of the Orleans Insulation Co.; Mr. Hugh Munn of the Tech-Service Co., and Mr. H. C. Eustis and Mr. C. R. Eyster of Armstrong Cork.

At the luncheon, and after hearing from all the other International Officers, President Mullaney talked all too briefly on the evolution of our Organization which is 99 per cent organized from coast to coast. He pointed out the immense value of a Joint Trade Board in creating harmony between a Local and its contractors. After explaining the dangers of the present National and State laws as affecting the security of our contractors as well as ourselves, President Mullaney concluded his talk by expressing the opinion that real working harmony between our contractors and ourselves was the answer to all existing questions.

Wives of the delegates were the guests of Local No. 53 for dinner at the famous Bar None Dude Ranch. Delegates and wives were entertained Saturday night at a local night club. The hospitality of Local No. 53 and New Orleans, together with the appearance of the General Executive Board, made this meeting one of the most enjoyable and informative meetings since the formation of the Southwest States Conference.

Respectfully submitted,
W. A. JACKSON,
Secretary.

Minutes of the previous meeting were approved as read. Communications:

It was pointed out by President Thompson that at the recent General Executive Board meeting held in New Orleans this issue was considered and the Bricklayers notified as follows: "Insulation applied in conjunction with boiler construction, side walls, etc., in connection with which there is no brickwork, that this being exclusively application of insulation, comes within the jurisdiction of the Asbestos Workers." Resolution tabled by motion.

Discussion held on the effectiveness of the Political Education Program in the last election and the consensus seemed to indicate the feeling that this activity would be continued in the future.

The minutes of the April, 1949, General Executive Board were read and discussed.

A motion was made, seconded, and carried to contribute $100 to the Local No. 51 relief committee.

Discussion on Adak charter denial and the Conference opinion was in support of action taken by the General Executive Board.

Delegates Harigel and Thomsen, of Local No. 7, reported all members employed and travelers are welcome to supplement those already in the area.

Mechanics receive $2.29½ per hour by virtue of a building trades blanket agreement and all trades will remain at the present wage scale for the year 1949 and 1950.

Delegates Dwyer and Armbrust, of Local No. 16, reported present employment slow, but anticipate improved conditions for the balance of year. San Francisco Local is negotiating for increased wages and has submitted an hourly rate of $2.62½ to their employers.

Delegates Roland, Lamear, and Maynard, of Local No. 36, reported all membership as well as a few travelers at work in the area. During the past year the Portland Local has built up the membership by accepting qualified improvers, mechanics, and transfers.

Local No. 36 is affiliated with 12 Building and Construction Trade Councils throughout the area and receive excellent cooperation.

Delegate Ross, of Local No. 50, reported all members and a few travelers at work in the area. Work prospects are fair and should remain so for at least a year.

Excellent labor relations are maintained through affiliation with Washington State Federation of Labor and Metal Trades Council.

Delegate Unger, of Local No. 70, reported 25 of 28 asbestos workers in the yard having affiliation with our Association.

The Mare Island Naval Shipyard has a favorable work load for the coming year and the economy program which will soon be introduced should not affect the present membership.

Delegates Crosby and Curtiss, of Local No. 82, reported conditions very favorable with a goodly number of travelers in the area.

The present wage rate for the Hanford Project is $2.35 per hour with an area travel rate of $2 per day, and the Local is in the process of negotiating a new wage rate for this particular job.

A motion was made and carried that the next meeting of the Western States Conference be held in Los Angeles, Calif., during the month of April, and the date to be announced by the arrangement committee.

The delegates were unanimous in their request that the General Executive Board officers arrange to hold the 1950 General Executive Board meeting at Los Angeles, Calif., during the week the Western States Conference meets and the secretary was instructed to make an immediate written request for acceptance of joint meeting.

All officers were elected by acclamation and are as follows: President, Henry Thompson; first vice president, William Crosby; second vice president, Art Harigel; recording secretary, George G. Maynard; financial secretary, Glenn Carr; and sergeant at arms, Tom J. Thomsen.

The secretary was instructed to write a letter of appreciation to the officers and members of Local No. 36 for a good job well done.

During the close of the Conference meeting all of the delegates participated in a general discussion regarding membership issuance, vacations with pay, and many other subjects pertinent to the welfare of the Asbestos Workers.

The delegates were called to order four times during the two-day session and the meetings were interesting, instructive, and lively.

Final adjournment came at 4 p. m. Saturday, June 11, followed by a banquet in the Crystal Room of the Benson Hotel at 7 p. m., attended by the Portland Local, shop representatives, and visiting delegates. President Thompson acted as toastmaster and introduced the speakers of the evening.
