Sam Gompers

1850—1950

THE AMERICAN FEDERATION OF LABOR established January as the month in which the Labor movement would celebrate the 100th anniversary of the birth of one of its outstanding leaders—Sam Gompers.

Sam Gompers was born in London, England, in 1850 in one of its poorest districts and the exact day of his birth is not known because at that time no records were kept of the births of the poor. His father was a cigar maker and a member of the cigar makers society (union) of England. When Sam was but thirteen years old his entire family emigrated to the United States aided by the emigration funds the union had created as a means of fighting unemployment among cigar makers in England. In New York he served as an apprentice in a hand-making cigar factory and as the years went on he was rated as one of the best in his trade. This was the beginning of Sam Gompers' rise to fame in the American Labor movement.

In 1875 at the age of 25 he became President of Local Union 144 of the Cigar Makers. By 1878 Sam was a delegate to the convention of his International Union. In 1891 he was elected the First Vice President of the International Union, a position he held until his death. His prominence as an officer of the International Union led eventually to his election as the first President of the American Federation of Labor. The leadership of Sam Gompers was recognized in the Federation of Trades and Labor Unions when in 1886 at Pittsburgh, the Federation formed the American Federation of Labor and the delegates unanimously elected Sam as the first President. He was destined to remain the President for every year save one as long as he lived. To this day 100 years after the birth of Sam Gompers we still carry on the movement to which he contributed so much.

On January 5th in Washington, D. C., the leaders of the American Federation of Labor joined with high government officials to pay tribute to the memory of Sam Gompers, founder and first President of the American Federation of Labor.

Published quarterly at Headquarters, 211 Machinists Building, Washington 1, D. C., by the International Association of Heat and Frost Insulators and Asbestos Workers. Entered as second class matter at Washington, D. C., June 28, 1931, under the Act of August 24, 1912.

POSTMASTERS ATTENTION: Change of address cards on Form 3578P should be sent to THE ASBESTOS WORKER, 211 Machinists Building, 9th Street and Mt. Vernon Place, N. W., Washington 1, D. C.

AFL Elder Labor Statesmen Get Together...

Elder labor statesmen confer. From left to right Joseph A. Mullaney, Frank Duffy, William Green (seated), John C. McDonald, William J. McSorley, William L. Hutcheson, Daniel J. Tobin, Robert Byron and Joseph D. Marshall

GRAND old men of the American Federation of Labor were congratulated by William Green (seated), President of the American Federation of Labor, when they met at the recent A. F. of L. convention in St. Paul, Minn. He recalled they "have given several lifetimes of service" to the labor movement. Joseph A. Mullaney, extreme left in the picture, who has been President of the Asbestos Workers International Association for 37 years, is 77 years old and has carried a union card for 61 years, the same number of years membership as President William Green, who has been Federation President for 25 years. Frank Duffy has attended 47 consecutive A. F. of L. conventions for the Carpenters' Union, of which he is Secretary Emeritus. John C. McDonald, 50 years a member of the Elevator Constructors, International President since 1938. William J. McSorley, 74, has been President of the Lathers' Union 44 years; William L. Hutcheson, First Vice President of the A. F. of L., is 75 and has carried a card 47 years, most of that time as President of the Carpenters' Union; Daniel J. Tobin, a union member more than 50 years, is 73 years old by his official biographies and has been President of the Teamsters' Union for 42 years, Robert Byron, 70, of the Sheet Metal Workers, has been in the labor movement 52 years. Joseph D. Marshall, 78, Construction Laborers, has been with his union more than 50 years. All took active parts in the A. F. of L. convention proceedings.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.,
January 5, 1950.

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President during the past quarter began at St Paul, on the adjournment of the Building and Construction Trades Department Convention at which your President and Vice President Mulligan represented the Asbestos Workers.

Then came the Convention of the American Federation of Labor with your President and Secretary Sickles seated as delegates, which proved to be the largest and most enthusiastic in its history. Among the visitors who addressed the Convention were: Secretary of Labor, Maurice J. Tobin; Secretary of Defense, Louis Johnson; Major General Phillip B. Fleming, Chairman, U. S. Maritime Commission; Senator Hubert Humphrey from Minnesota; Paul G. Hoffman, E. C. A.; George N. Craig, National Commander, American Legion; Lincoln Evans and T. Williamson, Fraternal Delegates from the British Trades Union Congress; Robert Rintoul, Fraternal Delegate from the Canadian Trades and Labor Congress; and Irving Brown, European representative, A. F. of L. It adjourned after a night session on October 10.

During its deliberation a meeting of Labor's League for Political Education was held and plans laid for the political campaign of 1950.

Then came Washington and work at the General Office. In Washington your President and Secretary Sickles discussed with the officers of an International Union a question of work that might later become a jurisdictional dispute.

Next came Buffalo and a conference with the officials of the Laco shop of Jamestown and Business Agent Forton of Local No. 4. At this conference your President recommended that Local No. 4 issue "Resident Membership" to some "emergency Asbestos Workers" now and for some time in the past at work in the Jamestown territory. This would mean better service to the Laco shop under the "zone" system as included in the Local No. 4 Joint Trade Agreement. A special meeting of Local No. 4 the same evening unanimously adopted the recommendation in addition to the understanding that the business agent of Local No. 4 would affiliate with the Jamestown Building and Construction Trades Council and police the territory.

Then back to Washington and work at the General Office.

Then from the General Office with Secretary Sickles to Roanoke, Va., and a meeting with the members of Local No. 80, Charleston and Huntington, W. Va., desirous of securing a charter for Roanoke. The employer from the only shop in Roanoke was not in attendance. An agent of a shop situated in Richmond was present. Among the applicants for charter issuance one was a citizen of Roanoke and only three were citizens of the State of Virginia. After the agent from the Richmond shop retired from the meeting a general discussion ensued with Business Agent Brooks of Richmond, Va., Local No. 88, Business Agent Adkins of Charleston and Huntington, W. Va., Local No. 80 and Business Agent Summers of Greensboro, N. C., Local No. 72 participating. The General Executive Board will take action on this charter application at its April meeting.

The next jump was to Philadelphia and attendance at the quarterly session of the Middle Atlantic States Conference.

Then to Albany where your President represented all New York State locals at the State Conference of Local Unions called to consider and adopt the labor legislative program to be introduced in the Senate and Assembly sessions of 1950.

Next came the quarterly session of the New York State Conference of Asbestos Workers held in Syracuse.

Then, with Secretary Sickles, your President visited Boston and was in attendance at the quarterly session of the New England States Conference of Asbestos Workers.

The minutes of the conferences mentioned in this report will be found printed in this JOURNAL issue and show that full employment prevails and that a good year lies ahead for the Asbestos Workers.

Get your membership in, and wear the button of the "LLPE" and watch your local paper for the time its weekly program goes "on the air."

A Happy New Year to all.

Fraternally,

Joseph A. Mullaney

President.

L.L.P.E. Urges Plans for Registration

It's time to start planning registration campaigns for the 1950 congressional elections.

That's the advice from AFL Labor's League for Political Education to state federations, central and local labor unions and also their affiliates.

Although general elections are still 11 months away, registration deadlines for 1950 primaries are only a few months off.

AFL affiliates are urged to check local election officials before making final plans for registration campaigns. The drives should begin at least two months before registration deadlines so that as many persons as possible can register.

...EDITORIAL...

Labor, Not the N.A.M., Made America Great

By ELLIOTT CARLTON,
Labor Reports Columnist

YOU'VE heard it, too.

Some Big Mouth usually spouts it on the radio. Mostly it's made up of a lot of words on how the American workingman has the highest standard of living in the world and how he ought to be grateful to the free enterprise system for it all. By the free enterprise system Big Mouth always means that all the works should be controlled by the National Association of Manufacturers—but, of course, he never does say so.

So we're all happy to hear that we've got public schools. We're all glad to be able to take Saturdays and Sundays and a few legal holidays off. We're glad, too, that we get home in time to see the wife and kids.

But what does that have to do with Big Mouth—or the major association of Big Mouths, the National Association of Manufacturers?

Are we supposed to say "thank you" to them?

Well, we're not going to. If anybody deserves the credit for what we've got, it's you and me—and other guys that make up the country's trade unions.

Who was against public schools? Why, the early Big Mouths, of course. Who was against the eight-hour day? None but the N.A.M. and their associates. Who was against the five-day week? Or social security? The answer is the same.

Sure we've got a high living standard. But if it were up to the Big Mouths we'd all be living in thatched huts—and some of us in caves. Let's not forget it: OUR HIGH LIVING STANDARD IS A RESULT OF THE WORK AND SACRIFICES OF TRADE UNION MEN AND WOMEN.

You see that even now. How active has the N.A.M. been in behalf of fair employment practices? Have you seen a Big Mouth blurb in criticism of the Ku Klux Klan? Have the Big Mouths supported legislation that would remove discrimination in housing? Would the Big Mouths get rid of the poll tax?

Just to ask the questions is to answer them. It's an historical fact that organizations like the National Association of Manufacturers seem to feel that they have a vested interest in perpetuating injustices. Things are always good now for the Big Mouths, let's keep them that way—that is their slogan.

Well, things weren't good for the working parents who tried to send their kids to school a century ago—for then there were no schools. Things aren't good now for a guy who can't get a job, or vote, or live in a house because his color or creed happens to be different. Things aren't good for a union that's been split apart by the seeds of racial and religious prejudice that have been planted by some crafty Big Mouth.

So we trade union folk still have plenty to do. Let's elect some boys for the Washington jobs who will see to it that jobs and the right to vote will belong to every American, no matter what happens to be his creed or color.

Let's do that and a hundred years from now our great-grandchildren will still be enjoying the highest standard of living in the world. And, again, a Big Mouth of 2050 will forget to tell him why.

Notice of General Executive Board Meeting

This is to officially notify the officers and membership of our International Association that the next regular meeting of the General Executive Board will be held at General Headquarters, 211 Machinists Building, Washington, D. C., beginning Monday, April 17, 1950.

The session will open Monday morning, April 17, at 10 o'clock, and will continue until such time as all official business has been considered and acted upon.

All communications in re: Charges, Appeals, Decisions, etc., should be in the hands of Secretary Sickles at the General Office not later than Friday, April 14, 1950, to insure consideration at this session of the Board.

C. W. Sickles
Secretary-Treasurer.

Local Action Now Essential On Public Housing and Slum Clearance

Organized labor won a tremendous victory with the passage of the Housing Act of 1949, particularly its provisions for low-rent public housing, slum clearance and urban redevelopment. This entire program met with savage resistance in Congress, where it squeaked through only by a very narrow margin. The fight against the program has now shifted to each and every local community throughout the nation.

It cannot be stressed too strongly that unless organized labor is alert, the victory which was won in Congress can be lost on the local community level. Public housing and slum clearance programs will not get under way unless positive action is taken in each community by the responsible local bodies. These programs are to be locally organized and locally administered and must be approved by the city council or, in some cities, even by a public referendum. Public housing has already been indefinitely put off in at least one large community because the labor and liberal forces failed to carry a referendum. This must not happen in other communities.

It is important to know just how these programs can be organized. Before any locality can participate in the public low-rent housing program, certain specific steps must be taken:

1. There must be state enabling legislation. Forty-two states now have such laws. There is a special job to do in the states of Iowa, Kansas, Oklahoma, South Dakota, Utah and Wyoming, which cannot participate in the program until enabling legislation is passed.

2. There must be a local housing authority in each community set up to plan and administer the program.

3. The local housing authority must make an application to the Public Housing Administration for a "program reservation." This is a request for an allocation of a specific number of units to be built during the first two years of the six-year program authorized by the Act.

4. The local housing authority must also apply to the Public Housing Administration for a preliminary loan. This application must be approved by the local city council.

5. The local housing authority and the city council must also draw up a cooperation agreement which in many cities will mean either public hearings, a referendum, or both.

You can be sure that the die-hard opponents of public housing will be organized to sabotage the program every step of the way. Labor must be alert at each stage to be sure that all of the necessary measures are taken to make possible the authorization and establishment of a public housing program.

Financial Report Filed

WITH OFFICE FOR THE REGISTRATION OF LABOR ORGANIZATIONS, UNITED STATES DEPARTMENT OF LABOR

In Compliance with Sections 9 (f) and (g) of the Labor-Management Relations Act, 1947

FOR FISCAL YEAR ENDING DECEMBER 31, 1949

RECEIPTS

1. Membership dues, fees, assessments	$98,566.66
2. Miscellaneous:	
a. Employe contributions for Federal taxes	5,743.02
b. Sale of supplies to Local Unions	9,336.50
3. Total	$113,646.18

DISBURSEMENTS

1. Per capita to affiliated organizations	$2,781.60
2. Rent, printing, stationery, postage and supplies	15,563.43
3. Salaries and allowances (officers and employes, etc.)	70,482.31
4. Contributions	1,300.00
5. Insurance	279.48
6. Telephone and telegraph	1,777.75
7. Taxes (Federal, state, etc.)	6,404.76
8. Public relations	1,106.00
9. Total	$99,695.33
Total assets (at close of fiscal year)	$86,513.16
Total liabilities (at close of fiscal year)	NONE

Public Housing, Slum Clearance

(*Continued from page* 4)

Because slum clearance is an entirely new program, it will be much slower in getting under way than public housing. It is important, however, that the two programs develop as much as possible side by side and that they be coordinated at every stage. In general, many of the same steps must be followed in the slum clearance program. There must be state enabling legislation as well as a local agency authorized under state or local law to carry on the program. Such an agency may be a public housing authority, a special agency established for this purpose alone, or a department of the city government.

Many communities have already taken the preliminary steps to obtain public housing and slum clearance programs. As of the end of October, the Public Housing Administration reports that it has allocated a total of 219,636 dwelling units to 180 local housing authorities in 34 states, the District of Columbia, Puerto Rico and Hawaii. A listing of these allocations is available upon request.

On October 1 the Director of Slum Clearance and Urban Redevelopment announced that some 27 states were known to have some kind of enabling legislation for slum clearance. Further study is under way to determine whether, in other states, the enabling legislation for public housing will also permit participating in the slum clearance program. To date some 20 cities have well-developed basic plans for slum clearance projects, some of which will reportedly be ready to go ahead with actual projects within the first six months of 1950.

Organized labor has an important job to do in every community. First, is to make sure that the community takes the preliminary steps to participate in both the public housing and slum clearance programs. The most effective way to help in making these programs a success is for the local building and construction trades council to work with the Central Labor Union in organizing a Labor Housing Committee. Through such a committee all of organized labor in the community can make sure that everything necessary is done to organize and initiate an effective public housing and slum clearance program. The Housing Committee can also see to it that labor is represented on the local housing authority.

Local building and construction trades councils are urged to make the public housing and slum clearance programs in their localities one of their first orders of business. Here is a fine opportunity for building tradesmen to help direct these programs in a way which will make them of maximum value not only to low-income families but to their communities as a whole. We all worked hard for this legislation. We must not let the program be weakened or misdirected by our failure to take an active part in it.

A token of appreciation

THERE have been many expressions of thanks and deep gratitude by the widows of Brothers Hamilton, Buell, and Horgan and also by the injured Brothers Maddux, Geiger, and Blake for the marvelous way the officers and members of the Asbestos Workers International contributed to a fund in their behalf. The organization had quickly responded to these people's misfortune, caused by an automobile accident on March 11, 1949, at Paoli, Ind.

But, Mrs. Anne Horgan, widow of Brother Horgan, the late president of Local No. 51, was so completely touched by the "Brotherly Spirit" shown by the members that she designed and hand painted a beautiful Christmas card directed to the International membership and forwarded to the General Office.

Although it is impossible to reproduce the Christmas Card in full color and actual size, we are reproducing the first page of the greeting and Mrs. Horgan's personal message, so that the membership will be aware of her deep appreciation.

1949

To the

International Asbestos
Workers of America

May I take this time to express my gratitude to each and every one who has been so loyal to the brothers of "Local 51" who were involved in the accident on March 11, 1949 at Paoli, Indiana.

It is a proven token of "Love thy neighbor and good will to thy fellow man" in this time of trial. Thank you.

I wish you a good Christmas and prosperous New Year.

Sincerely,

Anne Horgan

The above greeting card was 9 inches by 12 inches in size, and painted on white parchment paper. It contained 4 pages with the Christmas greeting on page one and the New Year greeting on page 3. The sentiment "Merry Christmas" was painted in gold, surrounded by a border of pansies painted in their natural colors with an intermittent touch of gold. On page 3 "Happy New Year" was painted in gold and red with a decorative formation of pansies in natural color, forming a most colorful and attractive design. It was most evident that many hours had been spent on this message of appreciation.

Ching Lists '8 Most Common Mistakes of Management'

In the current issue of *Nation's Business,* publication of the U. S. Chamber of Commerce, Chief Federal Mediator Ching writes that "smart bargaining, like smart tax accounting, has become good business.

"Employers who have accepted their unions have found that the confidence created by such an attitude pays big dividends in industrial peace."

Ching, who has held his present position two years, lists "the eight most common mistakes of management in bargaining:

"1. Unwillingness or reluctance to bargain collectively.
"2. Haphazard selection of lawyers as negotiators.
"3. Lack of experience.
"4. Use of minor officials.
"5. Lack of leadership.
"6. Lack of confidence in the union and lack of understanding of its problems.
"7. Lack of vital information.
"8. Too much emotionalism."

After Ching stressed the bad effects of employers' unwillingness to bargain, he said, "We come now to the second point, the haphazard selection of lawyers as negotiators . . .

"I'm reminded of an attorney who managed to get a lot of legal gobbledygook into a contract involving a household appliance maker and his union. The ink was hardly dry on the contract before the union was striking over interpretation of the agreement. There are, however, some excellent negotiators among attorneys around the country.

"The third error is the lack of labor relations experience by negotiators. It is incredible to think that management would place its national program for merchandising a new product in the hands of a junior sales executive. Yet, too frequently, management places the equally important function of collective bargaining in the hands of inexperienced officials.

"My fourth point deals with the use of minor officials as negotiators. Next to organizing, collective bargaining is the union's most important function. Therefore, a union sends its ranking local leaders and often a widely experienced and international representative to the bargaining table. These men are thoroughly familiar with the thinking of the rank and file; they are authorized to act quickly, subject only to ratification of the final agreement by the membership.

"When minor company officials with limited authority sit down with these people, they have to run back and forth from bargaining table to the boss' office. That's really bargaining by remote control. . . .

"The need for leadership among company negotiators is the next factor.

"It should be obvious that any team needs a leader. Yet, we often find management representatives with no No. 1 man and, likely as not, rivalry existing among the company negotiators. They'll vie with one another to prove who is a better negotiator.

"Lack of confidence and understanding of a union and its problems is the sixth mistake that management makes. Labor relations are not mysterious. They deal with human beings and mutual confidence is the prime objective.

"The seventh point I've made covers the lack of statistics and facts.

"It is not unusual for a management negotiator to start off with the statement: 'We can't afford to grant new benefits,' and then give ground slowly. This 'wolf, wolf' attitude is a mistake. It makes the union representatives unduly cynical.

"The last error I'd call to management's attention is the one involving emotionalism. . . . I know an electrical apparatus producer who declared he'd be damned before he would have anything to do with a union run by Communists . . .

"Experience has shown that an employer's attacks on left-wing leadership of a union usually serve to rally the rank and file around these officers. Desirable as it is to rid unions of communist leadership, it is more likely to be accomplished if employers leave it to the unions. . . ."

TAFT'S FOREIGN VIEWS ALWAYS WERE IN ERROR

"It is in his foreign policy record that Taft has incorporated *knowledge with manifest error.*

"He was *wrong* about Hitler's capacity for expansion, *wrong* about Britain's and Russia's capacity for resistance, *wrong* about Japanese intentions, *wrong* about Allied chances for victory, *wrong* about this country's ability to wage total war without becoming a totalitarian state.

"Almost nothing he predicted in those years came to pass, and almost everything he said could not happen did come to pass."—Richard H. Rovere in *Harper's* magazine, April, 1948.

BANKRUPTCY!

A Federal Reserve survey finds:

51 per cent of 50 million American families own at least one automobile. One out of 17 families owns two or more.

71 per cent hold life insurance policies with premiums costing more than $100 a year.

71 per cent have banking accounts or government savings bonds.

45 per cent own a home or a farm.

Is this the bankruptcy which persons charge was brought on by the Democratic Party?

LOOKING AHEAD

A timely warning comes from the National Planning Association in a proposal to start a long range plan to insure America's economic future.

So critical are the world's problems that we have no time "to blunder into the future; we must plan for it," says the NPA. And this planning does not encompass any new and fantastic economic schemes but "the most trusted economic principles of the past."

The National Planning Association calls for a vast program, long-range in nature, to build a better America. Says the association, "There is work in this country crying out to be done, not all of which an unaided capitalism can undertake. There are slums to be cleared; houses and roads, schools and hospitals to be built; railroads to be modernized and reconditioned. There are natural resources to be husbanded through reforestation, soil conservation and flood control. There are substandard areas in the deep South which urgently require intensive effort."

This business of making America stronger for the future will go far not only in insuring prosperity and solvency tomorrow, but will be essential to help the whole world out, for America is the pivot point of world stability—the Western world that is.

The broad program of the National Planning Association is backed by business, labor, agricultural and civic leaders. It is a plan worth serious consideration by the United States Congress.

Correspondence

LOS ANGELES, CALIF,
January 4, 1950.

Joseph A. Mullaney, President,
Room 211, Machinists Building,
Washington, D. C.

DEAR SIR AND BROTHER:

Due to repeated illnesses this past year I have been advised to resort to partial retirement with the results that I was not a candidate to succeed myself as business agent of Local No. 5 at the December 20 annual Local Union elections.

Please accept my resignation as Vice President of the International Association of Heat and Frost Insulators and Asbestos Workers, to become effective immediately.

My affiliation with our International organization has been very pleasant and inspiring. Sincere wishes and season's greetings to all. I am

Fraternally yours,
HENRY THOMPSON.

ST. LOUIS, MO.,
December 23, 1949.

Mr. Joseph A. Mullaney, President,
211 Machinist Building,
Washington, D. C.

DEAR SIR AND BROTHER:

This is to officially notify you that I was defeated for election as business agent at our last meeting December 20.

I have notified Secretary Sickles of the new officers. This will serve as my resignation as International Organizer.

Thanking you for past favors and wishing you the season's greetings.

Yours fraternally,
GUS SCHMITTER.
Business Agent.

EVANSVILLE, IND.,
December 12, 1949.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

I am writing you in regards to Brother James Dalton being sent here November 28. We certainly appreciated his being with us.

We had a dinner with the contractors and at this time Brother Dalton was asked various questions which he answered very nicely. The contractors were very proud to have spent two and one-half hours with him.

Brother Dalton met with our Local No. 37 at 8:30 and he again answered a lot of questions that had been confusing some of our members for some time.

Telling you again how much we all appreciated President Mullaney having sent Brother Dalton here.

Fraternally,
JESS W. CONKWRIGHT,
Recording Secretary and
Business Representative.

SAN FRANCISCO, CALIF.,
October 10, 1949.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

We are enclosing a picture of the banquet tendered to and participated in by the membership of Local No. 29, fellow travelers and one member on an honorable withdrawal card.

We will appreciate your publishing of same, if space permits, in the next issue of THE ASBESTOS WORKER.

Seated, from left to right, are Brothers Rene Sors, Thurman Johnson, Candido Ancahas, Walter Stoner, Joseph Francis, vice president; T. F. Dunlap, president; George Sell, M. P. Williams, John Mills, Carl Hansen, Ben Hagstrom, Carrell Pitts and Esmil Madril.

Standing are Brothers Luciano La Rocca, Walter Finn, Charles Nydahl, John Simpson, Ralph Morse, secretary and treasurer, and Gordon Singer.

This banquet was held in the Banquet Room at the Lucca Restaurant in San Francisco, October 1, 1949.

A good time was had by all.

Fraternally yours,
RALPH L. MORSE,
Recording Secretary,
Local No. 29.

BARBOURSVILLE, W. VA.,
January 1, 1950.

Editor, THE ASBESTOS WORKER,
Washington, D. C.

DEAR SIR AND BROTHER:

On Wednesday, December 21, Local No. 80 was dealt a stunning blow by the explosion of a new gas-fired boiler being installed in the Daniel Boone Hotel, Charleston, W. Va.

This explosion resulted in injury to the four members of Local No. 80 employed on the operation, with Business Agent Vernon Adkins being pronounced dead upon arrival at the hospital and Brother Clyde Redman who passed away five days later, December 26. Brother F. H. Shyers was hospitalized and released the same day. Brother Arthur Stitt, while seriously injured, is expected to fully recover.

The effect of this pre-Christmas tragedy on not only the immediate families of those involved, but Local No. 80 as a whole, cannot be fully expressed.

Local No. 80 at this time feels quite hopeless at the loss of our business agent, who had served Local No. 80 continuously since January, 1931, as business agent. Brother Adkins had also been secretary of the Central States Conference since July, 1937, and in addition had represented Local No. 80 as delegate to all International Conventions since first being elected in 1931.

Opie Adkins, brother of our former business agent, has been elected to represent Local No. 80 as our business agent in the future and the local membership have unanimously agreed that they will support our new business agent whole-heartedly in order to assist him in carrying on the duties of the office to which he has been elected in the same high efficient manner with which this office was conducted by his departed Brother Vernon.

Fraternally yours,
E. HOCKENBERRY,
President, Local No. 80.

MINUTES OF CONFERENCE MEETINGS

MIDDLE ATLANTIC STATES

PHILADELPHIA, PA.,
December 3, 1949.

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers was held on the above date at Plasterers Hall, 1324 Melon Street and was called to order by Chairman James A. Roche at 12:15 p. m. with the following delegates in attendance: Local No. 11, Baltimore, Md., Business Agent Charles Moore; Local No. 14, Philadelphia, Pa., Business Agent Joseph W. Hunter; Local No. 24, Washington, D. C., Business Agent Norman L. Hoyle; Local No. 32, Essex & Hudson Co., N. J., Business Agent Roche and Delegate Joseph Fitzgerald; Local No. 42, Wilmington, Del., President William Harding and Business Agent Edwin Wardell; Local No. 65, York, Pa., Business Agent Ralph E. Kuntz; Local No. 71, Allentown, Pa., International Supervisor Joseph W. Hunter; Local No. 89, Trenton, N. J., Business Agent Stephen J. Kopp.

International President Joseph A. Mullaney was in attendance.

In attendance as visitors were Brothers William Scout of Local No. 14 and Terence McConnell of Local No. 32.

At this time Brother James P. Walsh of the A. F. of L. Union Industries Show was introduced. He gave an interesting and enlightening talk on the forth coming Label Trades exhibition to be held in Philadelphia Convention Hall, from May 6 to 13 inclusive. This show is being sponsored and presented by the Union Label Trades Department of the A. F. of L., with the ultimate goal to establish good relations by furthering union made in America products and union services which are unexcelled. Tickets may be procured from Business Agent Joseph W. Hunter of Local No. 14.

Reading of the minutes of previous meeting ordered dispensed with.

Reports of delegates:

Delegate Moore of Local No. 11 reported conditions very good at present time with 50 "emergency Asbestos Workers" including 10 G. I.'s being used. If present schedule in shipyards is maintained future prospects will be very bright.

Delegate Hunter of Local No. 14 reported conditions still busy and any idle International membership can be placed. Mechanics from the local Building and Construction Trades are still being recruited to augment local membership. Future prospects look good with various types of work still coming.

Delegate Hoyle of Local No. 24 reported present conditions being fairly busy with 35 travelers in and 20 "emergency Asbestos Workers" being used. With the Cancer Research, G. A. O., and District Court jobs in the immediate future there will be a great opportunity for any of our idle membership to come to Washington for employment.

He also reported the signing of a new shop—R. D. Barker Co. Also a new agreement with $2.50 per hour wage rate.

He further reported the establishment of a Welfare Fund in which coverage of membership is financed entirely by a contribution from the employers in the amount of 10 cents per hour for each man employed at our craft.

Delegate Roche, of Local No. 32, reported conditions still very good and more large work coming along, including schools, hospitals, industrial plants and also a large power house job. Ground has been broken for the $25,000,000 Anheuser-Busch Brewery job. With all these operations coming along, prospects for the next two years look very favorable.

Delegate Wardell of Local No. 42 reported current conditions very good. More men can be placed, with the Sears, Wannamaker and Delaware Power House jobs out of the ground, future conditions for the next two years look very good.

Delegate Kuntz of Local No. 65 reported busy at present time mostly on small jobs. All of membership at work plus a few G.I.'s.

Delegate Hunter of Local No. 71 reported all of membership at work, with quite a good deal of work going on and more coming along to keep future outlook good.

Delegate Kopp of Local No. 89 reported present conditions fairly busy with all local membership at work, augmented by six "emergency Asbestos Workers." With the initial phase of the multi-million-dollar naval laboratory job now under way, together with plant expansion and several hospital jobs coming along, future prospects look good.

President Mullaney gave his usual interesting and enlightening advice on national craft conditions, also his endorsement of the Union Industries Show to be held beginning May 6.

At this time Chairman Roche requested President Mullaney to again conduct the annual nomination and election of Conference officers. The names of James A. Roche, Norman L. Hoyle and Stephen J. Kopp were properly presented in nomination for the officers of Conference president, vice president and secretary-treasurer, being unopposed, were declared elected by unanimous ballot.

Secretary-Treasurer Kopp then submitted his annual financial report, which was accepted as read.

A general discussion was then held on our next Conference meeting with the result that it will be held on May 6, 1950, in order that delegates and visitors can attend opening of the Union Industries Show in Convention Hall.

With all business transacted, adjournment was voted at 3:15 p. m.

Respectfully submitted,
STEPHEN J. KOPP,
Secretary.

NEW ENGLAND STATES

BOSTON, MASS.,
December 17, 1949.

The regular quarterly meeting of the New England States Conference of Asbestos Workers convened at the Hotel Manger on Saturday, December 17, 1949, and was called to order at 10:30 a. m. by President James J. Dunn.

The following delegates were present: Local No. 6, Boston, Mass., John W. Hoff; Local No. 31, Providence, R. I., George Johnson and Al Crecelius; Local No. 33, Connecticut, Lance Gaspic; Local No. 43, Springfield, Mass., James J. Dunn and Henry Koziol.

Also in attendance were President Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles.

Prior to the opening of the meet

ing President Mullaney and Secretary Sickles met in conference with an employer of Local No. 6-B, John McDonald, business agent of Local No. 6-B, and a committee from Local No. 6-B who took up several matters with President Mullaney pertaining to home insulation. President Mullaney instructed the committee the policy to pursue to further their cause.

George Johnson and Al Crecelius, reporting for Local No. 31, stated work was plentiful in their territory, with "emergency Asbestos Workers" working. Question of two Providence Improvers who were working for employers outside of Local No. 31 was taken up and instructions were issued to have them return and work in their home territory in accordance with our International law.

They also reported on new agreement with their employers for one year, calling for $2.45 per hour for Mechanics and $1.33, $1.60, $1.80 and $2.03 per hour for first, second, third and fourth-year Improvers.

Both delegates then took up the status of Storrs, Conn., as to whose territory it belongs. The Official Rand and McNally Conference Map was checked and it was ruled that it was nearest the Springfield boundary line and therefore was awarded to Local No. 43. Locals No. 31 and No. 33 were contending for it.

The legality of the recent annual election held in Providence was taken up and decision was rendered by President Mullaney upholding all officers who were nominated and elected at the Local No. 31 meeting this month.

Delegate Lance Gaspic for Local No. 33 reported work plentiful and that the call was out for extra men. Work consists of power plant, Veterans Hospital and other public works.

The question of non-compliance with the instructions of the General Executive Board by Local No. 33 in refusing to accept in membership the application of a veteran Improver who was over 31 years of age was taken under consideration. [*Due to the fact that Local No. 33 has openly disregarded the instructions of the General Executive Board to issue this membership, as emphasized by a vote of the Local refusing to do so, the General Executive Board has since issued membership direct from the General Office.*—Ed.]

It was stated that the applicant had worked for a Connecticut employer for the past three years or more. President Mullaney and Secretary Sickles reported that the man was employed at the trade previous to his thirty-first birthday and also a veteran and, therefore, was entitled to membership. They also stated a non-veteran is not eligible for Improver membership after having passed his twenty-sixth birthday, provided he has not started his employment at the trade prior to reaching his twenty-sixth birthday.

Delegates Dunn and Koziol of Local No. 43 reported all men working and "emergency Asbestos Workers" employed. Stated two large power plant jobs along with insurance buildings. Future looks very good. Reported on notifying the Springfield employers relative to an agreement change as their present agreement expires on March 10, 1950, and their present Mechanic wage scale is $2.32½ per hour.

Delegate Hoff of Local No. 6 reported work exceptionally good and many "emergency Asbestos Workers" placed in all shops. Jobs consist of numerous housing jobs, power plants in and out of town, insurance and public buildings, together with new hospitals. He also reported the Local will take in 12 new apprentices during the coming year on a staggered system of one per month.

He reported on activity by the Boston Building and Construction Trades Council relative to having all trades concentrate on a Welfare Hospitalization Plan in their negotiations with their respective employers on all future agreements, and all trades have gone on record to carry out the program. Delegate Hoff reported on Local No. 6 and their efforts in trying to seek the Welfare Plan from their employers over the past few years without success due to the fact that no other local building trades had the plan in operation and it was pointed out that Local No. 6 should not be the pioneers in Boston on this matter. One year ago Local No. 6 and the employers referred this matter to arbitration and was denied same, due to the fact that no other trade had it.

President Mullaney and Secretary Sickles spoke on conditions throughout the country together with the trials and tribulations which some of the Locals have had with their employers, including stoppages of work in several localities over new agreements and conditions and their efforts in helping to bring about a settlement. They also reported that work in general throughout the country was very good for the coming year.

Conference adjourned at 2 p. m. and all delegates were the guests of Local No. 6 at luncheon.

Respectfully submitted,
JOHN W. HOFF,
Secretary.

NEW YORK STATE

SYRACUSE, N. Y.,
December 10, 1949

The regular quarterly meeting of the New York State Conference of Asbestos Workers was held Saturday, December 10, 1949, at Hotel Syracuse, Syracuse, N. Y.

The meeting was called to order at 10 a. m. by President Paul J. McCormick. The following delegates responded to the roll call: A. Forton, Local No. 4, Buffalo, N. Y.; George Rider and Patrick O'Connor, Local No. 12, New York City; Gus Cook, Local No. 26, Rochester, N. Y.; John McCormick and Paul McCormick, Local No. 30, Syracuse, N. Y., and John Fallon, Local No. 40, Albany, N. Y.

International President Joseph A. Mullaney was also in attendance.

Local No. 91, White Plains, N. Y., Frank Brown, delegate, was not present.

President Frank Hawley and Brothers Norman Frick and Frank Holden of Local No. 4, Buffalo, were guests of the Conference.

A motion was made and seconded that we dispense with the reading of the minutes of the last meeting. Motion carried.

A motion was made and seconded that the bills be paid. Motion carried.

Reports of affiliated Locals:

Delegate Forton of Local No. 4 reported that conditions have been slow for the past three months but are expected to improve after the first of the year. All men are working with a few travelers and permit men. Prospects for future work are excellent with a few large jobs coming along. Among them are the Dunkirk Hospital and the Jamestown Power Plant.

Delegate O'Connor of Local No. 12 stated that they have been very busy for the past four months but work has slowed up recently. Prospects for future work are fair. All men have been working.

Delegate Cook of Local No. 26 stated that they have been busy and prospects for future work are good. All men are working with a few

travelers and ex-G. I.'s working as "emergency Asbestos Workers."

Delegate McCormick of Local No. 30 reported all men at work and prospects for future work are good. There are a number of large jobs coming along, among them being the new Civic Auditorium, the Veterans Hospital and the Oswego Power Plant.

Delegate Fallon of Local No. 40 reported that all men are working and are busy at the present time with a few travelers and some ex-G. I.'s employed as "emergency Asbestos Workers."

Prospects for future work are good as there is considerable activity at the Knolls Atomic Project at Niskayuna.

International President Joseph A. Mullaney spoke in detail regarding conditions affecting our craft throughout the country and advised the delegates on matters pertinent to their respective locals.

At the conclusion of the meeting a motion was made and seconded that we stand in silence for one minute in respect to our departed members. Motion carried.

The delegates of the New York State Conference of Asbestos Workers wish to extend the Season's Greetings to our International officers and members.

There being no further business, a motion was made and seconded to adjourn.

Respectfully submitted.

JOHN C. FALLON,
Secretary.

Public Opinion Via 3c Postage Stamp

"Write to your congressman! Tell him how you want him to vote!"

How many times have you heard that cry on the radio or read it in the newspapers when a vital issue was being debated in Washington? And how seriously do the voters take this call to duty?

Very seriously, indeed. Today there are few congressmen who receive less than 50 letters a day; most receive more.

Our senators are snowed under. For example, Robert A. Taft of Ohio receives about 700 pieces of mail daily; Claude Pepper of Florida about 250; Paul H. Douglas of Illinois close to 500; and Hubert Humphrey of Minnesota over 400. Senator Humphrey's monthly average is over 10,000.

Representatives generally receive less though the volume is still impressive. Frances P. Bolton, from Ohio's 22nd District, receives from 75 to 200 letters a day; Helen Gahagan Douglas, of California's 14th District, averages around 600 a week. W. Sterling Cole, representing New York State's 39th District, averages between 75 and 100 letters daily; during a controversial debate in the House he may receive as many as 1,000 in a day.

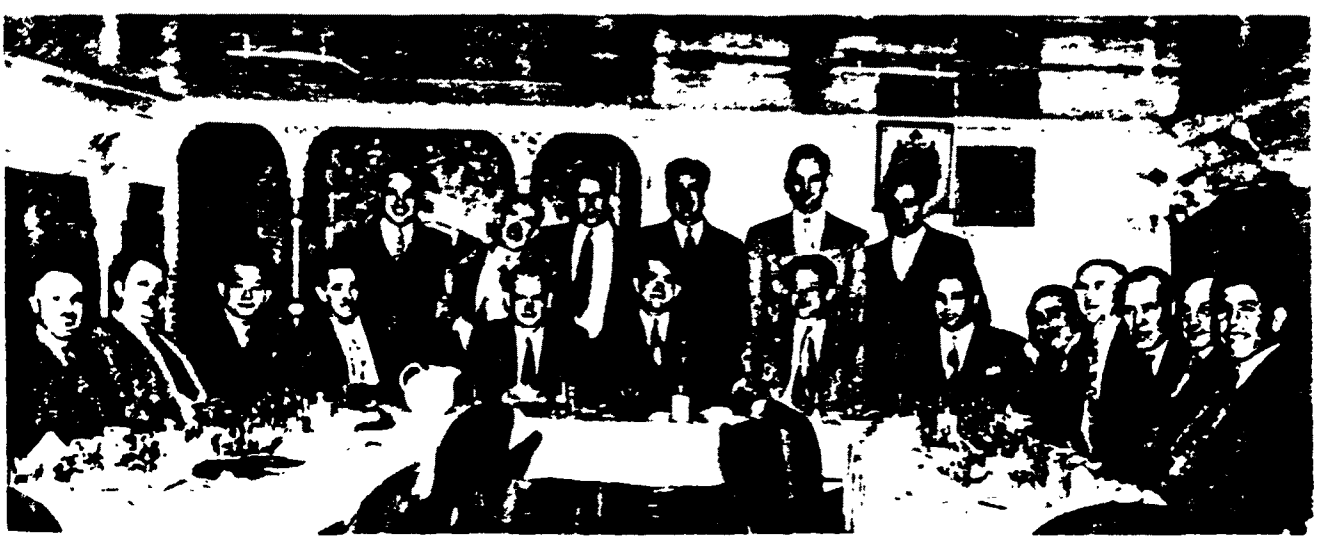

How much influence do these letters, telegrams, wires, petitions and postcards have on the voting of our representatives?

Representative Helen Gahagan Douglas votes according to what she thinks will best benefit her constituents. Their communications may substantiate her position on an issue, but do not influence it once she has studied the matter and made her decision. Senator Humphrey finds the barrage of mail useful when he is undecided on an issue, but generally finds them a not too "accurate gauge of public opinion back home."

Letters do perform the important function of alerting our congressmen to the questions that the citizenry feels are urgent. Letters to congressmen which express the personal views of the writer are more influential than form letters or mimeographed petitions or sentences lifted bodily out of the bulletins and propaganda sheets of pressure groups.

Though the task of replying to the thousands of communications takes hours and energy from the overcrowded lives of representatives, senators and their staffs, the mail is generally appreciated. It is one of the media through which the legislators can ascertain the views of their constituents on public matters.

DAVE HYATT,
Assistant Professor, New York State School of Industrial and Labor Relations, Cornell University.

"The Gentleman Is a Dope"

United States Senator John W. Bricker of Ohio has had many political honors showered upon him. He has been Governor of a great state; a candidate for Vice President of the United States and now represents his constituents in the United States Senate. We are firmly convinced that, as a genuine dyed-in-the-wool Tory, Senator Bricker tops them all. At a time when the leadership of the Republican party is spending sleepless nights attempting to work out some plan that would give new life to a dying party, Senator Bricker comes forward with an idea so seeped in Tory thinking that he ought to be expelled from the party for suggesting it. He feels that if the Northern Republicans would join hands with the Southern Dixiecrats that the Democrats could be stopped.

In this Senator Bricker admits that he would be willing to betray the workers, the Negroes, and liberty itself if only he could stop the Democrats. He would welcome into the Republican party every kleagle of the Ku Klux Klan and all its hooded minions. He would favor the polltaxers and even those who believe in lynch law. That such a man was ever honored by the liberal thinking people of Ohio for any political office is beyond understanding. He will probably be given the boot for his hazy thinking by the leaders of his own party when he comes up again for renomination. In his proposal that the Republican party should unite with the Dixiecrats he demonstrates in a crystal clear way that the gentleman from Ohio is a dope.—From *The Butcher Workman.*
