# *Some Facts About* YOUR COVER PICTURE

THE photograph on the cover is the Tomb of the Unknown Soldier located in the Arlington National Cemetery in Virginia on the heights of the Potomac opposite Washington. The body of the unidentified soldier disinterred from one of the military cemeteries in France, was brought from France in November, 1921, by General Pershing, and was enshrined in its present location as a symbol and memorial of all the American soldiers and sailors who gave their lives in the First World War. In a room entered through the east portal of the Amphitheatre are treasured the tributes which have been bestowed on America's unknown soldier.

"The name of him whose body lies here took flight with his imperishable soul. We know not whence he came, but only that his death marks him with the everlasting glory of an American who died for his country . . . We do not know the eminence of his birth, but we do know the glory of his death. He died unquestioning, uncomplaining, with faith in his heart and hope on his lips that his country should triumph and its civilization survive."—*President Harding's Oration at the burial of the Unknown Soldier.*

On one end of the Tomb are carved three symbolic figures—Peace, Victory and Valor—commemorative of the spirit of the Allies. On the end facing the Amphitheater is an inscription reading, "Here rests in honored glory an American soldier known but to God." On either side are three panels in each of which is an inverted wreath.

# Report of the GENERAL PRESIDENT

**JOSEPH A. MULLANEY**
***General President***

WASHINGTON, D. C.,
March 31, 1950.

*To the Officers and Membership, Affiliated Locals.*

GREETINGS:

The activities of your President during the last quarter began with work at the General Office

The first trip of the year was to Springfield where, with Secretary Sickles, he attended a dinner dance of Local No. 43, which proved to be an enjoyable affair. A short talk was made by the spokesman for the Employers Association, Cliff Johnson, followed by Vice President Hoff, Secretary Sickles and your President. Brother William Drislane did a nice job as Master of Ceremonies.

The next jump was to Columbus with Secretary Sickles and attendance at the Central States Conference of Asbestos Workers, followed by a luncheon with your Officers the guests of the Conference. Following this Conference a meeting was held with the Indianapolis Employers and the officers of Local No. 18.

Next came Philadelphia, a conference with Vice President Hunter, followed by a meeting of Local No. 14.

The next jump was to Syracuse and attendance at the session of the New York States Conference of Asbestos Workers.

The next trip was to Atlanta with Secretary Sickles and attendance at the session of the Southwest States Conference of Asbestos Workers, followed by a luncheon with the delegates and visitors the guests of Local No. 48.

Then with Secretary Sickles to Greenville, S. C., where a conference was held with Mr. Starr Davis, a Greensboro employer relative to his work in that territory.

Then followed a meeting of Local No. 107 and following its adjournment attendance at a dinner given for the membership and their ladies, with your President and Secretary as guests.

Then came Providence and a conference of the New England States with your President and Secretary in attendance. It adjourned with the delegates and your Officers the guests of Local No. 31.

The minutes of the Conference meetings mentioned in this report are printed in this JOURNAL issue.

These Conferences are getting more popular and educational as they keep the affiliated locals up to the minute on our future craft work, activities, and job conditions in their respective territories.

Have you enrolled in Labor's League for Political Education (L.L.P.E.)? All members of the American Federation of Labor are expected to do so. Get a button and wear it. The cost is $2. $1 of which goes to your state committee. Make your payment to your local financial secretary, he will forward it direct to the headquarters for Labor's League for Political Education, 1525 H Street, N. W., Washington 5, D. C.

This is the simplest way to wipe the Taft-Hartley Law from the statute books and help elect legislators who are not enemies of organized labor. Be sure to register and vote. Have your families and friends do likewise.

Work is falling off.

Fraternally,

Joseph A. Mullaney

# Treasury Department Ruling on Board Allowance

***(Reprinted from January, 1946, Journal Issue)***

JOSEPH A. PADWAY
General Counsel, American Federation of Labor
736 Bowen Building, Washington 5, D. C.
January 14, 1946

International Association of Heat and Frost Insulators and Asbestos Workers
211 Machinists' Building
9th St. and Mt. Vernon Place, N. W.
Washington, D. C.

Gentlemen:

Enclosed is a copy of a ruling we have now received from the Treasury Department in the matter of withholding taxes under that section of your contract with the employers which provides for travel time and expenses while out of the city.

The ruling of the Department reverses its previous ruling and supports the arguments we made to the Treasury Department nearly two years ago. It has taken a long while to get the Department to see the fallacy of its former ruling and that has at last been accomplished.

The ruling of the Treasury Department which we enclose is, we believe, self-explanatory. You will observe that in the ruling the office adheres to its position that the payment of straight time while a person is traveling is wages and not expenses, otherwise the ruling allows the traveling expenses and the living expenses as provided for in your agreement.

Yours very truly,
JOSEPH A. PADWAY
BY: ROBERT A. WILSON

TREASURY DEPARTMENT
Washington 25

Office of
Commissioner of Internal Revenue
IT:P:T:2
VSW-3
Joseph A Padway, General Counsel
American Federation of Labor
736 Bowen Building
Washington, D. C.

January 9, 1946.

Attention: Mr. Robert A. Wilson

Dear Mr. Padway:

Further reference is made to your letter of April 11, 1944, and the reply of this office thereto dated June 12, 1944, affirming Bureau ruling of February 19, 1944, addressed to The Philip Carey Manufacturing Co., Lockland 15, Cincinnati, Ohio, to the effect that certain payments made by an employer to employees under a union agreement constituted wages subject to withholding of income tax at the source under section 1622 of the Internal Revenue Code.

The agreement under consideration in Bureau ruling of February 19, 1944, was that between Local No. 2 of the International Association of Heat and Frost Insulators and Asbestos Workers and the Pittsburgh League of Heat and Cold Insulation (apparently a member of the Master Insulators' Association). The pertinent portion of the agreement (Article IX) provides as follows:

> "Members of Local No. 2 shall receive Three Dollars ($3.00) per day board outside of Allegheny County, and shall receive railroad transportation and local car fare or bus fare in excess of two city fares daily, figured from Pittsburgh City Hall to job and return to City Hall. Night traveling shall be paid for at single time, except in cases where berth is provided, when no traveling time shall be paid. When boarding on out-of-town jobs they shall receive all transportation expenses expended. Should a holiday fall during the work week, board shall be paid."

Section 404.101(c) of Regulations 115 provides that amounts paid in advance, or reimbursements made, to employees specifically for traveling or other bona fide ordinary and necessary expenses incurred or reasonably expected to be incurred in the business of the employer are not subject to withholding. Any reasonable segregation of such expenses from the wages will be acceptable, as, for example, where an employer issues one

check indicating thereon the amount thereof which represents wages and the amount which represents expenses, or issues a separate check for the expenses.

Section 405.101(c) of Regulations 116 relating to the collection of income tax at the source on wages paid on or after January 1, 1945, contains a provision similar to that set forth in the preceding paragraph.

The Bureau has given further consideration to the question presented in your letter of April 11, 1944. If such expense allowances are reasonably segregated from wages, it is now held that payments made to employees for daily transportation costs when in excess of two city fares, and for transportation expenses actually incurred in going to and returning from jobs located outside of Allegheny County are not subject to the income tax withholding provisions of Section 1622 of the Code. Based upon the further assumption that employees who receive the $3.00 per day board allowance are, generall speaking, employed in areas where it would be reasonably or economically impracticable to live at home, it is held that such board allowances should likewise be excluded from wages and from income tax withholding. This office is still of the opinion, however, that payments for traveling time, which are made on a straight time basis, constitute wages subject to withholding.

The ruling contained herein accordingly revokes Bureau letter of June 12, 1944, addressed to you, to the extent that it is inconsistent herewith.

Very truly yours,
WM. SHERWOOD /s/
Acting Commissioner.

EDITOR'S NOTE: *The above is being reprinted as the result of several inquiries received at the General Office recently in which employers advise that they have been notified by certain industrial services organizations that there have been changes made by the Office of Commissioner of Internal Revenue, Treasury Department, Washington, D. C., which would require our employers to deduct Withholding Tax from their employes on "Board Allowance."*

*Your Secretary-Treasurer has contacted the Office of Commissioner of Internal Revenue, Treasury Department, Washington, D. C., and has been advised that there has been no ruling issued by the Commissioner's Office that would in any way change the position of the Department regarding Withholding Tax deductions on board allowance to employes in a "Travel Status" as set forth in their communication of January 9, 1946, printed above, which was and still is a specific ruling covering our Trade so far as the problem of Withholding Tax on Board Allowance is concerned.*

*Our General Office advised, and will continue to advise our membership or any employers making inquiry, that they continue to be guided by the letter and spirit of the January 9, 1946, communication, until such time, if ever, that they are notified by the Office of Commissioner of Internal Revenue, Treasury Department, Washington, D. C., of any change in this decision.*

# Why You Should Contribute to LLPE

Why should you contribute to the 1950 campaign fund of Labor's League for Political Education?

"Contributions to LLPE are an investment in freedom and democracy. The League was set up in order to assure American working people a fair representation in Congress and the state legislature. Through the League labor can unite to drive from office politicians who work against the best interests of our country. . . .

"The primary purposes of LLPE are educational. Millions of eligible citizens are not registered; millions of registered citizens do not vote.

"Moreover, the issues in elections are not always clear; the daily press confuses the voters instead of giving them the essential information. And the published records of candidates are often so ambiguous that they make reactionaries look like liberals."

* * * * * * * * * *

"Our future depends almost wholly on the kind of men who will represent us in Washington and . . . in our state legislature.

"Who those representatives are can be determined by members of . . . labor unions. . . .

"But to do the job something more than 100 per cent voting is needed . . . money is needed. That money will have to come from members of labor unions, for this is a job that only union men can do. . .

"Your $2.00 is needed. It will help to carry on the fight for you."

Visitors attending were: Albert Renaux, Local No. 31; Walter Hoffman, Local No. 33; and Walter Sevelius and Charles Hill, Local No. 43.

Minutes of previous meeting held in Boston were read and accepted.

Business Agent Carlson, of Local No. 31 reported on resignation of Business Agent George Johnson and of his election as Johnson's successor. Also the taking out of Withdrawal Card by President Al. Crecelius, who has become an agent for the Philip Carey Co. in the Providence territory and the election of Leo Fitzsimons in his place.

He also reported on notice sent to one of the local employers and a copy sent to Asbestos Employers Association relative to procedure on placing certain men to work on various jobs.

He further stated that all members were working at present.

He took up the question of Worcester, Mass., regarding resident membership in connection with letter sent to our General Office by a Providence employer who states he has a bonafide shop in that city and desires to have two of his employes affiliate with the Springfield local as resident members of Worcester, Mass.

President Mullaney ruled on status of resident membership and instructed Local No. 43 delegates to act on the application of the two men in question. He further advised Vice President Hoff to check the so-called shop of the employer in Worcester to see if the employer in question has established a bonafide shop in Worcester with a representative on the premises to give service to our trade, and has a bonafide listing in the Worcester telephone directory, according to our law.

As for future work Business Agent Carlson further reported on a new power house job at New Bedford, Mass., and one also at Montop, R. I., plus other jobs.

Business Agent Dunn, of Local No. 43, reported all men working with a few "Emergency Asbestos Workers" also employed. Have a good size insurance building job under way and also a power job at Worcester Electric Light Co. He reported on a large apartment house job that was declared unfair by the Springfield Building and Construction Trades Council. Prospects for the future look good.

Committee from Local No. 43 has had one meeting and another scheduled for this week with their employers relative to a new agreement. Requests have been made for an increase in wages along with other changes.

Business Agent Gaspic of Local No. 33 reported all men working at present and cited large operations in the making at Pratt & Whitney-Hartford Electric & Connecticut Power, new large Veterans Hospital and an insurance building. The future looks excellent.

He further spoke on plan by the Connecticut Building and Construction Trades Council for a state welfare plan with a contribution by the employer only, that all the trades are taking up at their meetings at the present time.

He reported that our employers will be notified of proposed changes in the new agreement. Present one expires in June, 1950.

Business Agent Hoff of Local No. 6 reported all men working at present but some of the large operations that have been going a long time are almost completed.

He stated two large operations just under way are the New Veterans Hospital at Boston, Mass., and the Salem Electric Light Power House.

Also number of housing projects in Boston and in the suburbs and additions to hospitals and public buildings.

He reported that Harry Haake, Withdrawal Card member of Local No. 33, is now Shop Foreman for the Insulation Company of Hartford, Conn., and visited him at his office in connection with several operations his firm has secured.

Local No. 6 has notified its employers of changes to be made in the coming agreement. Present one expires on June 30, 1950. At the present writing there's a lull in building trades work in Boston, Local No. 6 being the only exception, but from all reports there is much work in the making.

DEAR SIR AND BROTHER,

Local No. 45 had the pleasure of a visit from International Vice President James J. Dalton, on March 9, and the Local appreciates the assignment of Vice President James Dalton by President Mullaney to come to Toledo and advise and assist us in our trade problems.

We were particularly glad to have his advice and assistance in settling a problem of Improver membership issuance which had been confronting the Local for some time, with the result that after having Vice President Dalton outline the responsibility of the Local under its agreement and the labor law of the land as of the present day, the local voted favorably on the membership issuance to the Improver applications on file with the Local Union.

The day following this meeting Vice President Dalton, together with the Local Union officers conferred with the Shop Superintendent at the Sun Oil Company and helped straighten out several problems which had been pending in connection with this operation, and both the employer and the Local was glad to have these questions answered.

Local No. 45 is looking forward to a return visit from Vice President Dalton in the near future.

Fraternally yours,

GREENVILLE, S. C.
March 31, 1950

Editor, THE ASBESTOS WORKER
Washington 1, D. C.

DEAR SIR AND BROTHER:

I am forwarding under separate cover a photograph taken during special meeting of Local No. 107 held Saturday, March 18.

This meeting was followed by a banquet tendered by Local No. 107 in honor of the first visit to our new Local of our General President Joseph A. Mullaney and General Secretary-Treasurer C. W. Sickles. At this meeting both President Mullaney and Secretary Sickles advised the officers and membership of Local No. 107 at length in such a manner as will be found most helpful to the new Local during the months that lie ahead.

The banquet which followed this meeting was attended not only by the membership and travelers but also their women folk, and a good time was had by all. The Local unanimously expressed their appreciation to the General President and Secretary for this visit and will be looking forward to their return to Greenville in the not too distant future.

Fraternally yours,
B. V. ADAMS,
*Secretary-Treasurer.*

## HOTEL KEEPERS 'REPAY' TAFT FOR SAVING THEIR SWEATSHOP WAGES

Easily the most brazen of Senator Taft's many money-begging schemes has just come to light here, in a "confidential" letter circulated by "The Ohio Voters," an outfit of business men backing Taft.

The letter carries an open admission that Taft deprived the hotel workers of Ohio and the nation of the 75-cent minimum wage, voted by Congress last year, and that in return he's seeking funds from the hotel keepers who are profiting thereby. The story would be unbelievable were it not so well-documented in black and white.

Signed by E. F. Ireland of Cincinnati and W. S. Kring of Lisbon, the letter was sent to all the state's hotel operators.

"We suggest you compute what it would have cost you to put your entire working staff on a 40-hour week and a 75-cent minimum wage," the letter declares. "Then you will know how many dollars the amendment, exempting you from that wage and hour scale, will save you.

"Taft described that amendment in detail on the floor of the Senate the day it was up for action. He discussed it in a manner most favorable to us. The exemption amendment now is the law."

So, in return, the letter asks for generous donations to Taft's campaign for reelection, and pledge cards are enclosed with the statement that "any contributions up to $1,000 will be welcome."

which is still fair and holding up in general.

Secretary Sickles reported in connection with contacting the Bureau of Internal Revenue, Department of Labor, in connection with whether or not board allowance paid our members was subject to Withholding Tax and was advised that no law had been made by the Bureau which would in any way change the decision contained in communication from the Bureau under date of January 9, 1946, which for the convenience of all concerned is reproduced in this Journal issue, together with footnote.

Upon motion conference was adjourned at 2:30 p. m. and all delegates were the guests of Local No. 31 at luncheon.

Respectfully submitted,
