Mid-Term Election Dangers

By Joseph D. Keenan

Director, Labor's League for Political Education

EVERYBODY gets interested in politics during a presidential election year. But a lot of us forget that it is Congress and not the President that writes the laws. As a consequence, in mid-term congressional election years like this, it is typical for a fourth of the people who vote in presidential elections to stay home. A light vote always helps reactionaries. For the last two decades liberals have constantly lost ground in mid-term elections; 1934 was the one exception to this rule. Nineteen forty-six was the worst example of what can happen when two-thirds of us forget to vote in mid-term elections.

Which will it be this year? Another mid-term victory like 1934? Or are we going to lose all the ground we gained two years ago?

Nineteen forty-eight was our first trial run in politics. It was a very successful one. Not one friend of labor went down to defeat. Dozens of reactionaries went back to private life.

Remember back before the 1948 election. Professional pollsters and the reactionary lobbyists laughed at our newly formed League. They started changing their tune as they watched the news tickers bringing in the results on election night.

Since then it is my opinion that we have been over-rated. Frankly, I don't put too much faith in the 1948 election as a forecast of labor's political strength. First, 1948 was a presidential year. Second, we weren't the only ones that were treated badly by the 80th Congress. The farmers, small businessmen and veterans also poured to the polls in 1948 to vote against the same people we were opposing.

This is our first test in a mid-term election. This is the *real test* for Labor's League. It will decide whether we have the unity and determination to save our friends even when the tide is going in the other direction.

I have read the manuscript of a startling new booklet which is due off the press this month. It is called "The Mid-Term Battle," and was written by Louis Bean. He is the political analyst to whom nobody listened in 1948 because he predicted Truman's victory.

This time Louis Bean doesn't predict a pushover. In fact, every AFL official should buy a copy. Send $1 to Cantillon Press, 1523 L Street, N. W., Washington, D. C., or to me, if you want one.

If you read between the lines, Louis Bean's

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President during the last quarter began at the General Office.

The first jump was to Newark, a meeting of the Local Executive Board, followed by a meeting of Local No. 32.

Next came Philadelphia and the Middle Atlantic States Conference. This session was moved forward one month in order that the delegates and their women folk might visit the Industrial Exhibition, better known as the Union Label Show, that ran for one week in the Civic Auditorium and attracted well over a half million visitors. This show would have to be seen to be fully appreciated.

Then came Forest Hills, L. I., where your President represented our International Association at the funeral services held for John Owens, the Secretary of the International Longshoremen's Union.

Then to Atlantic City and attendance at the regular quarterly session of the Middle Atlantic States Conference.

Syracuse was the next city visited and attendance at the New York State Conference of Asbestos Workers.

Next in line with his policy of many past years, your President supervised the annual elections of Local No. 12 officers. The elections are held on Saturday, Australian ballot. Individual desk for marking of ballots.

Next a repeat visit to Newark and a special meeting of Local No. 32 that considered terms of joint trade agreement settlement with its employers.

Springfield came next and a meeting of Local No. 43 that considered terms of agreement settlement with its employers. Vice President Hoff and Secretary Sickles attended this meeting.

Next day in the same city came the quarterly session of the New England States Conference. Mr. Swanson of the Rhode Island Covering Company of Providence, R. I., appeared. He was instructed upon the necessary requirements of our craft in order to be recognized by our International Association as a "bona fide" shop in the city of Worcester, Mass. He agreed to comply with same.

This report is submitted from the General Office where the reports from our affiliated Locals, coupled with those of our Conference minutes, show that the great demand for men is falling off with our regular membership still employed. It also reveals a dozen or more wage increases secured by our affiliated Locals, chief among these being that of Local No. 12 with a 25-cent hourly increase in addition to "6 per cent of the pay roll to the Local's membership" going to a welfare fund.

That the ranks of the "old-timers" are fast thinning out is once again emphasized in reading our obituary column in this Journal issue where it is recorded that Brother Albert H. Budd has passed on. Though a member of Local No. 27 for some years past, he previously was a member and business agent of Local No. 3 and was elected an International Vice President in 1912.

With a few political primary fights still to be disposed of throughout the country, and the fall elections looming large ahead, your President would again call your attention to the fact that our membership is supposed to contribute $2 a head to the Labor League for Political Education (LLPE) and in addition, and more particularly, to register and vote in the fall elections for candidates whose records will be submitted by the League as having proved to be friends of organized labor. This time, for a change, instead of voting the "straight ticket" of a political party, vote for the good and welfare of yourself and your family.

Fraternally,

Joseph A. Mullaney

President.

Correspondence

Mr. Joseph A. Mullaney, President,
International Association of Heat
and Frost Insulators and Asbestos
Workers,
Washington 1, D. C.

DEAR MR. MULLANEY:

In my capacity as Chairman of the National Labor Committee of the American Heart Association I take pleasure in thanking you for your International's generous participation in the 1950 Heart Campaign.

I accepted the chairmanship of this committee with the sincere conviction that organized labor realized the gravity of the situation and was ready to do its share in this great health crusade. The response of your union and of the labor movement generally is fully justifying my expectation.

Once again with many thanks to you personally and your membership, I remain,

Yours sincerely,

MAURICE J. TOBIN,
Chairman,
National Labor Committee,
American Heart Association.

DALLAS, TEX.,
June 29, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

Under separate cover I am sending you photograph of the luncheon tendered the delegates and guests of the Southwest Conference by Local No. 94 in Oklahoma City, May 27, 1950.

The minutes of the Conference meeting do not cover the efforts of the Local No. 94 officers and members to assure each visiting delegate a good time. It was quite an elaborate and well-planned week-end and the visitors were royally entertained by the boys of Oklahoma.

If space will permit publication of this photograph in the JOURNAL, it will be appreciated.

Fraternally yours,

W. A. JACKSON, *Secy.,*
Southwest States Conference of
Asbestos Workers.

ST. LOUIS, MO.,
July 8, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER,

Business Agents Edward Durham and James Brabazon in behalf of Local No. 1 wish to thank Vice President Hugh E. Mulligan for his visit of Friday, July 7, to aid us in straightening out some of our difficulties.

We trust that on his next visit he will be able to combine business with pleasure and make his stay a great deal longer.

Fraternally yours,

JAMES BRABAZON,
EDWARD DURHAM,
Business Agents.

LONG BEACH, CALIF.,
July 2, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER,

Enclosed you will find a copy of a picture taken May 20, 1950, in the Sky Room of the Wilton Hotel, Long Beach, Calif., which in all probability will have been the last get-together of Local 20, due to the fact that the membership is scattered all over the United States.

Those members, together with their wives, who were remaining in the area at the time had the opportunity of being together and also of meeting the new International Vice President, Brother Hutchinson.

There remain the sustaining thoughts that with the past few years since the formation of Local 20 there have been harmonious relations with the International and with the other organizations with which the Local has been affiliated, together with internal harmony which, in all probability, have been exceeded by few organizations of its kind.

If space and policy permit the publishing of this photograph in THE JOURNAL, it will be greatly appreciated.

Fraternally yours,

WEBSTER F. AY,
Secretary.

COLUMBUS, OHIO,
July 10, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER,

We would like very much to thank Vice President Dalton for the splendid job he did for Local 44 by coming in and helping us out with our new agreements.

I am sure that we could not have achieved what we did without his help and the entire Local was well satisfied with the results of Brother Dalton's efforts.

Fraternally yours,

ELDON R CLAYTON,
Secretary.

Arkansas Publisher Writes a Great 'Labor Editorial'

He Likes Unions and High Wages, Because They Are Good for Business

When the publisher of a small-city newspaper writes a better "labor editorial" than most labor paper editors could, it's an event well worth attention. The man who wrote the editorial—and signed it to emphasize his opinion of its importance—is J. G. Coughlin, who is both publisher and editor of the West Memphis *News*.

The significance of the editorial is increased by the fact that it was published in Arkansas, a state where labor unions have been weak, and wages low. So low, in fact, that Senator J. William Fulbright of Arkansas fought the bill boosting the minimum wage from 40 to 75 cents an hour, on the ground that 40 cents was plenty for the workers in his state.

Fulbright was foolish, and so were the "sweatshop" employers for whom he spoke. As Coughlin's editorial points out, unions and good wages bring dollars and cents benefits, not only to workers but to everyone in a state or town.

For previously expressing such views, Coughlin was "criticized," so he wrote the editorial as his reply. Here it is:

The Editor Pleads Guilty

We at the *News* office are not well versed in the tenets of unionism. But we do know that unions help get wages up for all working people—organized and unorganized.

And we know that low wages have kept Arkansas a backward state—kept it a land of too many uneducated people living beneath American standards, begetting children to grow up and work like their fathers—at starvation wages.

We know that labor organizations played an important part in correcting such conditions in other states years ago. We know that, where high wages have become general, both labor and management have profited.

We know that in most every state labor organizations are now forcing corporations to keep wages on a plane with the cost of living, and we mean the cost of living American style—in a modern home with plumbing and a radio, meat on the table and shoes for the kids. Maybe even a new automobile to drive.

Is that bad? It hasn't hurt business for, according to their own reports, corporations now operating under union contracts are making more money than ever before. They are paying their executives higher wages, larger bonuses, paying dividends to their stockholders, and, at the same time, improving their products and stepping up production.

Let there be no mistake about it. We believe the Arkansas working man is entitled to higher wages.

The *News* isn't operated by idealists whose hearts just bleed for the working man, either. We are running a newspaper to make money, and we could make a lot more of it if Crittendon County's working people were better paid.

The more money the working man makes, the more our business is worth. I say there ought to be a 50 per cent wage increase in this locality.

If that increase were made, our business would jump in value to $75,000. It's worth about $35,000 now. For a purely selfish reason—if for no other—I'm for high wages.

Who wants a business in a town full of people who don't have money to spend? That's the only thing wrong with business in this locality right now—sub-standard purchasing power. When wages go up, our business is bound to benefit.

Think that over, some of you business men who make your living selling merchandise to customers who are trying to raise families on less than $50 a week.

(Signed) J. G. COUGHLIN.

MINUTES OF CONFERENCE MEETINGS

MIDDLE ATLANTIC STATES

PHILADELPHIA, PA.,
May 6, 1950.

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers scheduled for March 4 was postponed and held the above date in Plasterers' Hall, 1324 Melon Street, in connection with the Union Label Show in order that the out-of-town delegates, while attending this Conference, could visit the Union Label Show.

The meeting was called to order by Chairman James A. Roche at 1 p. m. with the following delegates in attendance: Local No. 11, Baltimore, Md., Business Agent Charles Moore; Local No. 14, Philadelphia, Pa., President Charles H. Trout and Business Agent Joseph W. Hunter; Local No. 24, Washington, D. C., Business Agent Norman L. Hoyle; Local No. 32, Newark, N. J., Business Agent James A. Roche and Secretary Terrence J. McConnell; Local No. 42, Wilmington, Del., President William Harding and Business Agent Edwin Wardell; Local No. 71, Allentown, Pa., Business Agent Joseph W. Hunter; Local No. 85, Atlantic City, N. J., Business Agent William Hornburger, Sr.; Local No. 89, Trenton, N. J., Business Agent Stephen J. Kopp; representing the General Office, President Joseph A. Mullaney and Secretary Carl W. Sickles.

In attendance as visitors were: Brothers Randolph Carter of Local No. 24 and William Hornburger, Jr., of Local No. 85.

Reading of minutes of previous meeting ordered dispensed with.

Bills as presented were ordered paid.

Reports of delegates:

Delegate Rust of Local No. 2 reported present conditions very good with 100 travelers and 40 emergency men augmenting local membership. Most of work is now confined locally with no boarding jobs. Included in future operations are two skyscrapers, several airport jobs, a power house and a good deal of small work, which tends to make a favorable outlook for the next two years.

He also reported on new agreement negotiations.

Delegate Roche of Local No. 32 reported conditions not too busy at present with several of Local membership out of town. There is, however, plenty of work on the books. The California Oil job has been started and is scheduled for completion by December.

He also stated that the Carpenter, Bricklayer and Iron Worker Locals in the territory have accepted a 3 per cent Welfare Program in lieu of a wage increase.

Concluding his report he also stated that a wage increase is being negotiated in new agreement.

Delegate Moore of Local No. 11 reported all of membership at work, plus 65 emergency men. Majority of work is at present time in shipyards and also that this will be cut down in near future. Included in work coming along is a veterans' hospital and some apartment type housing.

Delegate Hunter reported a slow spell is being experienced at present time due to idleness of the U. A. However, with some power house work together with other construction work coming along, local membership will be taken care of.

He also reported that the Local is negotiating for a Welfare Program in their new agreement.

Delegate Hoyle of Local No. 24 reported present conditions plenty busy, with all membership plus 60 travelers and 45 emergency men being used. He invites any of our idle membership to territory, advising, however, there are no overtime or boarding jobs available. These conditions are expected to continue indefinitely.

Delegate Wardell of Local No. 42 reported present conditions as just moving along. Work is expected to pick up in about one month. The Delaware Power and Light power house job is expected to take up a good deal of the slack when ready.

Delegate Bressler of Local No. 38 reported all of membership plus a few GIs at work at present time. A good deal of small work is coming along to keep future prospects good.

Delegate Hunter of Local No. 71 reported present conditions very slow, with majority of membership being placed throughout Conference territories.

Delegate Hornburger of Local No. 85 reported not much going on at present time, majority of membership working out of town. A fair percentage of work coming along in the future.

Delegate Kopp of Local No. 89 reported current conditions about same as of last report, just about enough to keep Local membership going. Included in future operations is another contract on the Naval Laboratory and also some reconversion work at Fort Dix.

Throughout above reports, President Mullaney and Secretary Sickles gave their advice and instructions where necessary and also a brief outline on the craft outlook.

With all business transacted, adjournment was voted at 5 p. m. till next scheduled meeting on August 26, 1950, at Plasterers' Hall, 1324 Melon Street, Philadelphia, Pa.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary.

He also reported on the contemplated erection by U. S. Steel Co. of an entirely new plant in Morrisville, Pa.

President Mullaney gave his customary and interesting report on our craft conditions, noting in his remarks that work as a whole is slowing up.

With all business transacted, adjournment was voted till June 3, 1950, with meeting to be held in Atlantic City, N. J.

NEW ENGLAND STATES

SPRINGFIELD, MASS.,
June 24, 1950.

The regular quarterly meeting of the New England States Conference was held Saturday, June 24, 1950, at the Highland Hotel, Springfield, Mass.

The following delegates were present: John W. Hoff, Local No. 6, Boston, Mass.; Ernest Carlson, Local No. 31, Providence, R. I.; Lance Gaspic and John Johnson, Local No. 33, Connecticut; James Dunn, Henry Koziol and Edward Wagner, Local No. 43, Springfield, Mass.

Also in attendance were President Joseph A. Mullaney and Secretary-Treasurer Carl W. Sickles.

The night before, Friday, June 23, 1950, President Mullaney, Secretary Sickles and Vice President Hoff attended the regular meeting of Local No. 43 at its invitation. President Mullaney addressed the Local and was followed by Secretary Sickles on general labor problems that our General Office is confronted with from time to time. Several Local problems were taken up by the members of Local No. 43 and advice and procedure were given by our International officers.

This was followed by an election of officers, and Henry Koziol was elected business agent and Edward Wagner was elected president for the coming term.

The Conference at the Highland Hotel was called to order by Chairman Dunn at 10:30 a. m.

Mr. Nelse Swanson of the Rhode Island Covering Company appeared at the Conference and requested a hearing relative to his establishment of an office in Worcester, Mass. A previous visit and check-up showed that this same company did not meet the requirements of having an established office as required of all our employers, with an authorized person in charge with whom Local No. 43 membership may seek direct employment.

President Mullaney informed Mr. Swanson of the previous check-up and stated a further check will be made regarding the office along with other matters concerning resident membership in Worcester, Mass., that Local No. 43 is being confronted with.

Mr. Swanson was then excused and the minutes of the previous meeting held in Providence, R. I., were read and accepted.

Report of delegates:

Delegates Gaspic and Johnson of Local No. 33 reported all men working including one traveler. States that the future is very good so far as jobs are concerned. They reported on several meetings with their employers on a new agreement as present one expires on July 1, 1950 and of meetings scheduled for the coming week with the employers and Local Union.

Also reported on Local No. 33 trying to work out financial set-up in order to place the Business Agent on full time basis in order that more effective policing may be brought about in their territory.

At election of officers held recently, Lance Gaspic was elected Business Agent and John Johnson was elected President for the coming term.

Delegate Carlson of Local No. 31 states work is fair at present and future prospects very good Has two power plant jobs going at present with several men employed on them. He brought up several matters concerning the activities of one of his employers and the way the job operations are conducted by this shop.

He requested assistance from the General Office and President Mullaney instructed Delegate Carlson to call a meeting of all concerned including a Joint Trade Board and a representative from the General Office will be present to air out the matter.

Delegates Dunn, Koziol and Wagner report work plentiful at present and the future looks bright. Large insurance building under way at present with a large air condition

system and several men on the job. A large Veterans Hospital at Holyoke, Mass., under way also. They reported on their last meeting with their employers regarding a new agreement as present one expired on March 10 of this year. They stated that the Plumbers have settled up on their agreement but the Steamfitters are only partially settled.

Secretary Sickles then requested the cooperation of all locals in having forms filled out that were sent out by the General Office concerning projects that are being financed with Federal funds so that our wage rates will be protected as per Bacon Davis Law.

Local officers are requested to take these forms to employers, see that same are filled out correctly and signed by the employers. They then are to be mailed to our General Office who in turn shall file them with the Office of the Solicitor, Department of Labor, at Washington, D. C.

President Mullaney reported on national conditions, recent laws governing Local Unions and of rulings handed down by the Building Trades Department.

Delegate Hoff of Local No. 6 reports work fair at present and prospects for the future look good. Several large operations including one where Local No. 6 men were on for almost three years have been completed.

Many large housing projects are keeping the men employed at present in this area, along with hospital expansions, plus some commercial and industrial work.

Also reported on meetings held with employers relative to a Group Health and Hospital Plan to be paid by the employers. A meeting with the employers is scheduled for the coming week as the present agreement expires on June 30, 1950 and expectations are that the agreement and plan will be consummated.

Building Trades workers in general around Boston have had some unemployment recently but it looks like they will be back to work very shortly due to several projects starting.

With no further business, the meeting adjourned at 1:30 p. m. and all delegates were the invited guests of Local No. 43 to dinner.

Respectfully submitted,

JOHN W. HOFF,

Secretary.

Stanwood, Local No. 87, San Antonio, Austin and Corpus Christi, Tex.; President Clarence W. Smith and Business Agent M. A. Ridenour, Local No. 94, Oklahoma City, Okla.

Also present as visitors were Brothers Minick of Local No. 20, George Majors and Ed Thiry of Local No. 64, Hugh Tompson and A. J. Winters of Local No. 66, as well as quite a number of Local No. 94 members.

International Vice President Hullinghorst announced that International President Mullaney and International Secretary Sickles had informed him that they would be unable to attend this meeting but that they, as well as the other International Officers, would be able to attend our next Conference meeting to be held in Houston in September to coincide with the American Federation of Labor Convention.

Reports of delegates:

Delegate Burris of Local No. 10 reported work slow at the present time with no travelers working in the territory and some members out on traveling cards. He further reported that the future looks fair.

Delegate Jackson of Local No. 21 reported all men working and 50 travelers being used. He further reported that hospitals, expansion programs on colleges, power houses, paper mills, refineries, and air conditioning jobs are now furnishing employment and that these same sources make the future appear fairly evenly distributed.

Delegate Smith of Local No. 22 reported work very slow with about 25 members on traveling cards and some members idle. He further reported that the future is mostly commercial work with a leveling off period in prospect.

Delegate Hullinghorst of Local No. 53 reported work at a standstill with 12 members idle but that the future looks the brightest in the history of his Local, with seven buildings, each 13 to 17 stories, now coming out of the ground. One of these buildings has 1,038 apartments. He further reported that by December, 12 buildings would be in the process of construction.

Local No. 55 was not represented but Vice President Hullinghorst reported that work there had never recovered from the Building Trades strike. He further reported that the future looks fair, although it will take 12 to 14 months to materialize.

Delegate Wood of Local No. 64 reported work good now for two or three months. All members working with 50 travelers and six G.I.'s employed. He further reported that several big refinery jobs are finishing up and that the immediate future looks like small jobs will be the bulk of the work.

Delegate Donnell of Local No. 66 reported work slow with only one-fourth of the members working and the rest on traveling cards. He further reported, however, that the future looks good with two power houses, refineries and building work to break in the future.

Delegate Green of Local No. 76 reported all members working with five travelers employed. He further reported that the future looks good with a two or three year program at Los Alamos to include a power house and a hospital. He further reported that $150,000,000 had been appropriated for the Sandia project to include a Veterans Hospital addition and a Medical Center. In addition to the above mentioned jobs, an Indian Hospital and an Air Force's project will make Local No. 76 need men in the near future.

Delegate Stanwood of Local No. 87 reported 70 members working, 20 on traveling cards and eight idle. He further reported that the Dupont job at Victoria, togther with power house jobs at Laredo, San Antonio, and Austin and a 15 story building in Corpus Christi should put all of his members back to work soon. Delegate Whipple of Local No. 87 added that a hotel, a bank building, and a hospital were in the immediate future for San Antonio.

Delegate Ridenour of Local No. 94 reported all members working with eight travelers employed. He further reported that the future looks fair and that the next six or eight months looks especially good.

After the report of delegates, the meeting resolved itself into a general

discussion on craft problems. International Vice President Hullinghorst reported on condition and problems throughout the country. He further discussed happenings at the General Executive Board meeting recently held in Washington. At this time, the meeting was adjourned until 2:30 in order for the delegates to attend a luncheon given by Local No. 94, while wives of the delegates were attending another luncheon.

The afternoon session was called to order at 2:30 p. m. by Conference President Hullinghorst, who pointed out the accomplishments of the Conference and the good that the Conference has done. The original purpose of the Conference was explained and it was suggested that any local unable to man its jobs should contact the secretary of the Conference, who in turn will contact the Local or Locals having idle membership.

For the next Conference meeting, Little Rock yielded to Houston and by a unanimous vote the next Conference meeting will be in Houston, Tex., Saturday, September 16, 1950.

Meeting adjourned at 3:30 to accept the invitation to delegates, wives and guests to attend a dinner-dance later in the evening in the Persian Room of the Skirvin Tower, one of "Dry" Oklahoma's finest.

Secretary.

L.L.P.E.

(Continued from inside front cover)

advice is for labor to quit flexing its muscles over past success and get down to work as it never has before. This is especially true for the industrial East, where history shows that liberals have the hardest time in mid-term elections. The mid-term difficulties of these liberal Congressmen are usually caused by the failure of union men to turn out and help their friends when they come home for reelection.

Look at Pennsylvania. Out of Pennsylvania's 33 Representatives there were only 5 who could be considered friends of labor in the 80th Congress. In 1948 these five were saved and 11 new friends were elected. This sounds wonderful until you look back and realize that this just evened us up for what we lost in the unfortunate 1946 mid-term election when 10 Pennsylvania friends of labor were defeated and only 5 saved.

West Virginia is another horrible example. Out of six Congressmen labor had five friends going into the 1946 mid-term race. Only two survived. But in 1948 the trade union vote came out and elected a 100 per cent pro-labor delegation.

The big question is which will it be this year? All we need is 14 votes in the House and 5 votes in the Senate to repeal the Taft-Hartley Act. It doesn't sound hard to win that many seats. But the truth is that we won't even hold our own and we will actually lose a large number of seats if we don't exert ourselves as we have never done before. It will take the support of every one of the eight million AFL members in order to get the 14 House and 5 Senate seats which we need.

Not only does the vote drop off normally in mid-term elections, but since 1940 ten million votes have "disappeared." The vote in this country has actually dropped while the population has increased by ten million in the last decade. We can win this year by registering those missing votes.

Look back to the 1930's and you can see how winning in mid-term years affects the kind of laws that are passed. A tremendous liberal majority was swept in with Franklin Roosevelt in 1932. In the 1934 mid-term races that liberal majority was increased. After 1936 it went higher.

On that surging liberal tide that kept right on in both presidential as well as mid-term election years the greatest set of laws ever passed for the benefit of the common people were enacted by Congress. The National Industrial Recovery Act passed the Senate by 58 to 24 and the House by 325 to 76. It was Section 7a of the NIRA which first gave labor the right to organize with legal protection from employer coercion and interference. Thus started the great period of union expansion resulting in our present eight million membership and our thousands of contracts throughout the country. In 1935 Old Age and Survivors' Insurance passed the House by 371 to 33 and the Senate by 76 to 6. The same kind of majorities voted in the Minimum Wage Law, the Holding Company Act, the Soil Conservation Act and the many other great laws of the 1932-1938 era. Even the Wagner Labor Relations Act was passed with only 12 "nay" votes.

It has been after the mid-term election defeats which started in 1938 that labor has suffered at the hands of Congress. Fred Hartley, co-author of the Taft-Hartley Act, wrote a book in 1948 in which he quotes some embarrassing examples of what happened to labor when it failed to save its friends in mid-term elections.

Hartley reminds us that it was after the mid-term election setback of 1938 that the infamous Smith Committee was established by Congress to investigate NLRB. We lost so many seats in that 1938 election that the House passed 17 of the Smith Committee amendments weakening the Wagner Act. Only a liberal majority in the Senate saved us.

Even after the 1940 election the Smith amendments passed the House by a two to one margin. What happened to our friends who stuck by us when they came up for reelection in the mid-term election of 1942? Here is what Hartley said:

"One hundred and thirty-six House members voted against the Smith amendments. Of this number 50 were defeated in the 1942 elections."

We have 203 friends in the House and 17 in the Senate up for reelection this year. Are we going to let 50 of them down as we did in 1942? Or are we going to help them to reelection?

Mid-term election apathy is hard enough for our friends to buck. But in addition this year it has already become obvious that every liberal up for reelection is going to be smeared as a red for his support of organized labor. "McCarthyism" has already been used in the primaries against liberals of both parties such as Senator Pepper of Florida, Senator Morse of Oregon, and Senator Graham of North Carolina. Liberal Republican Congressman Dayton Phillips of Tennessee is now confronted with the same charges.

Unprecedented amounts of money are being spent to defeat liberals everywhere. They can look only to us for help.

If you want to help, here is what you can do: First, give $2 to the LLPE campaign fund. Your local union secretary-treasurer or shop steward is collecting now. Your International Union is concentrating on getting 100 per cent collections in during June and July.

Second, volunteer to help out on your local union or precinct committee.

Third, register and vote.

What is so right about this picture?

Is it that Dad's finally retired . . . the old alarm clock gagged for good?

Is it because now Mom won't have to watch him leave for the office any more, looking just a little bit tired?

Or is it because now Dad and Mom will be starting an especially happy time of life *together?*

We think it's all these things—all the things that are only made possible by financial security.

Nearly everyone seeks financial security, but *far too few* find it. That's because financial security seldom is achieved without a *sound, carefully executed* savings plan!

U. S. Savings Bonds offer you two absolutely safe, automatic plans for saving: The *Payroll Savings Plan* where you work or the *Bond-A-Month Plan* where you bank.

By signing up for one or the other of these plans, U. S. Savings Bonds are purchased for you out of your savings or income . . . automatically. You *can't* forget to save . . . your saving is done for you! And remember, U. S. Savings Bonds pay you *4 dollars for every 3* invested, in ten years.

Start planning your own retirement today!

Automatic saving is sure saving – U.S. SAVINGS BONDS
