Some Facts About YOUR COVER PICTURE

Naval Medical Center

THE National Naval Medical Center is located on the Rockville Pike (U. S. Route 240), about 1 mile from Bethesda, Md., on a site consisting of over 264 acres. Most of the buildings are constructed of precast-exposed aggregate concrete panels. The dark spandrels, vertically situated between the windows serve to give the main building the appearance of having lofty square columns. Various colored terra cotta is extensively used in the interior, and the lobby is lined with Vermont marble of three colors and trimmed with white bronze. The interior of the main operating room is of pink Tennessee marble. The tower of the administration building, which is set on a bluff facing the Rockville Pike, is 558 feet high above sea level, 270 feet above the pike and dominates the landscape for many miles. It is devoted to wards and sick rooms. The most important of the departments carrying on work at the Center are the Naval Medical School, the Naval Dental School, and the Naval Medical Research Institute. The work of the last named was of immense value in World War II, for it was due to these researches that, among other discoveries, were many prophylactic and curative treatments for conditions and diseases hitherto unexperienced, as well as aids to lessen the suffering of shipwrecked men.

Published quarterly at Headquarters, 211 Machinists Building, Washington 1, D. C., by the International Association of Heat and Frost Insulators and Asbestos Workers. Entered as second class matter at Washington, D. C., June 28, 1934, under the Act of August 24, 1912.

POSTMASTERS ATTENTION: Change of address cards on Form 3578P should be sent to THE ASBESTOS WORKER, 211 Machinists Building, 9th Street and Mt. Vernon Place, N. W., Washington 1, D. C.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.
January 2, 1951

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President away from the office during the past quarter began with attendance at a meeting of Local No. 32 where harmony and contentment were found to prevail after the recent successful strike and wage increase.

The next jump was to Philadelphia and attendance at the regular quarterly session of the Middle Atlantic States Conference where, as the minutes will show, its affiliated Locals reported all members at work together with "Emergency Asbestos Workers."

The next trip was to Albany where your President represented all our New York State Locals affiliated with the State Federation at this annual gathering where proposed State Labor legislation bills are read before introduction to the 1951 session of the State Legislature.

The following day came a meeting of the State Federation Executive Council, of which your President is the senior member.

Then to Syracuse and a conference with the President and Business Agent of Local No. 30, followed the next day by attendance at the regular quarterly session of the New York State Conference of Asbestos Workers. The minutes of this meeting like all others these days reads, "All members working and looking for men."

The following week found your President "upstate" again. This time to Buffalo at the request of the Employers. The result was a meeting of the Joint Trade Board that convened at 10 a.m. and continued (with time out for lunch and dinner) until 7:45 p.m. at which time your President and the Local officers drove to the meeting of Local No. 4, that postponed the election of officers due to the snowstorm that prevented the men on out-of-town work from attending.

Next came Boston, where with Secretary Sickles, your President attended the regular quarterly session of the New England States Conference, where once again we heard the now rapidly growing demand for more men. With Government war contracts now being awarded for land and marine work, it is the duty of our locals to bestir themselves to the extent that all available Asbestos Workers be recruited from whatever source possible in order that we may do justice to the demands for men that our Government will most certainly make upon us in the very near future.

Happy New Year.

Fraternally,

Joseph A. Mullaney

President.

Notice of General Executive Board Meeting

This is to officially notify the officers and membership of our International Association that the next regular meeting of the General Executive Board will be held at General Headquarters, 211 Machinists Building, Washington, D. C., beginning Monday, March 12, 1951.

The session will open Monday morning, March 12, at 10 o'clock, and will continue until such time as all official business has been considered and acted upon.

All communications in re: Charges, Appeals, Decisions, etc., should be in the hands of Secretary Sickles at the General Office not later than Friday, March 9, 1951, to insure consideration at this session of the Board.

C. W. Sickles

Secretary-Treasurer.

...EDITORIAL...

1951 March of Dimes

THROUGH the years of war, crisis and uncertain peace, the American Federation of Labor has been called upon to support many heroic causes, many humanitarian appeals. It has borne its share of the burden—and more.

The membership of the AFL are once again asked to support the March of Dimes—the nation's main armor in the war against polio. That our wholehearted support will freely be given is assured. What we must bear in mind today, is the fact that the needs created by three years of record-breaking polio epidemics have forced unprecedented financial demands upon the National Foundation for Infantile Paralysis. As President Green has pointed out, the March of Dimes must raise $50,000,000 in 1951 to meet the staggering costs of patient-care and to continue its scientific warfare against the disease itself—a campaign being waged by the most competent scientists in the most modern laboratories of the nation.

In the last three years, polio has stricken more than 100,000 children and adults in the United States. Four out of five of these Americans needed and received help from the March of Dimes. This is why the National Foundation's caseload is now the heaviest in history and why its financial need is the greatest. Adding enormously to this urgency is the order in which the last epidemics have struck. The heavy toll of 1950 — second highest in history — followed immediately upon the record polio disaster of 1949, while the outbreak of 1948 stands in third place. The National Foundation had no time to "rearm" between nationwide epidemics.

In pledging support to the 1951 March of Dimes, President Green has informed the National Foundation that "our members and their families stricken with polio are the chief beneficiaries of your program."

Once more, the Asbestos Workers support the March of Dimes.

President Mullaney and Secretary-Treasurer Sickles discussing craft problems as affect our Southwest membership with Second Vice President Joseph Lahey of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada while attending the 1950 American Federation of Labor convention at Houston, Tex.

Senate Is Seen As 'Rich Men's Club'

Senator Guy M. Gillette (Dem., Iowa), chairman of the Senate Elections Sub-committee, said recently he is afraid the Senate may become a "rich men's club" unless something is done to curb election spending.

It's difficult for anyone with "limited means" to run for the Senate, Gillette said, unless he is willing to accept large contributions from pressure interests, and the "strings" which go with such contributions.

The case of Senator Robert A. Taft (Rep., Ohio), was cited, with various "committees for Taft" reporting expenditures totaling $243,740. *But even that does not begin to tell the story of the sums Taft and his supporters collected by passing his "tin cup" to wealthy reactionaries all over the country.*

Gillette and his committee have a great opportunity to really dig into such things, but it is not likely that they will. Very few times in history has a real investigation been made of campaign spending.

A.H.A. Exhibit Viewed By Mullaney and Sickles

INTERNATIONAL Association of Heat and Frost Insulators and Asbestos Workers leaders, Joseph A. Mullaney, President and C. W. Sickles, Secretary-Treasurer, serving with Secretary of Labor, Maurice J. Tobin on the National Labor Committee of the American Heart Association, look over the Association's Educational Exhibit at the 69th annual convention of the American Federation of Labor, held in Houston, Tex., in September. General interest ran so high that a great majority of the delegates, representing 8,000,000 workers from all over the United States and Canada, stopped to view the exhibit and bombarded the nurse in charge with questions relative to America's number one health problem which strikes down more than 600,000 Americans every year and is responsible for having disabled 9,000,000 of our people through various heart afflictions. The membership of the International Heat and Frost Insulators and Asbestos Workers contributed generously to the 1950 Heart Campaign. *(See article under Correspondence.)*

Decision

Local No. 64, Tulsa, Okla., vs. Anthony Ingolia, Reg. No. 8472, Local No. 27, Kansas City, Mo., referred to President Mullaney for investigation and decision. Dismissed. Insufficient evidence.

7. Taxes (Federal, state, etc.)	6,702.11
8. Public Relations	522.57
9. Total	$98,137.50
Total assets (at close of fiscal year)	$105,324.85
Total liabilities (at close of fiscal year)	NONE

Manpower Conservation Essential

THE U. S. Department of Labor reported its finding that manpower conservation is essential in war production. The report notes that Korea's call for booming war production has resulted in a thorough review of the lessons learned in World War II to conserve manpower. In terms of total manpower available today, the situation is not the same as it was when we began to tool up in 1939. According to the Bureau of the Census, there was a reservoir of 9,480,000 unemployed in 1939, whereas in July 1950, there were but 3,213,000 unemployed.

Aside from a number of other potent reasons that counsel careful husbanding of manpower, this immediate shortage increases the need for conservation of the human element in production.

In World War II we learned the hard way. The immediate reaction after Pearl Harbor was, in many cases, to extend hours of work to the limit of human endurance. Men and women worked long, overtime hours and a 7-day week. Vacations were cancelled and mealtimes shortened. As a result, fatigue built up, illnesses and accidents increased, and absenteeism spread. Production per worker decreased and the gains we should have made, provided each worker had been working at full capacity, were not reached.

There was a definite relationship between absenteeism and such difficulties as rationing, long waits to get shopping done, inadequate housing, long trips back and forth to work, and slow transportation. These trials had to be endured in addition to overwork and possible emotional strain of separated families. Women who went to work in industrial plants had to carry the added burden of household work and the care of children. Their necessary absences swelled the absentee toll. Community arrangements, such as shops open after working hours, adequate nurseries to care for the children, quick and comfortable transportation were found to add immeasurably to the strength and welfare of the labor force.

In the beginning of an all-out production effort it may be necessary to work longer hours for a short time in order to get going. But, as Dr. J. Douglas Brown, Director of Industrial Relations Section of the Department of Economics and Social Institutions of Princeton University, said in 1942: " . . . sustained speed and volume of war production require the optimum adjustment of hours per worker, size and number of crews, training time, and super-

Correspondence

WASHINGTON, D. C.
November 15, 1950.

Mr. J. A. Mullaney, President,
International Association of Heat and Frost Insulators and Asbestos Workers,
41-32 Benham Street,
Elmhurst, L. I., New York

DEAR SIR AND BROTHER:

I wish to take this opportunity to convey to the officers and members of your organization the sincere thanks of Labor's League for Political Education for their excellent support and cooperation during the recent campaign.

We have lost some very good friends in both Houses of Congress and some of our enemies have been returned. In short, we were not as successful as we had hoped to be. However, despite these set-backs, the returns show that our ratio of friends retained in an off-year election was very good.

Again thanking each and every one of the officers and members, I remain

Sincerely and fraternally,
JOSEPH D. KEENAN,
Director, Labor's League for Political Education

INDIANAPOLIS, IND.
December 4, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

Enclosed you will find a photograph of the Third Annual Dinner-Dance held September 15, 1950, at the Moose Country Home, Indianapolis.

This successful event was attended by more than 200 guests, comprised of the members of Local No. 18, the Master Insulators Association of Indianapolis, and their ladies.

If space permits, we would appreciate the publishing of this photograph in the next issue of THE ASBESTOS WORKER.

Fraternally yours,
ROBERT J. SCOTT,
Secretary.

PROVIDENCE, R. I.
November 8, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

Attached hereto is copy of agreement on Welfare Fund as agreed upon between the Master Insulators Association and Local No. 31 at meeting on October 30, 1950.

I want you to know that Vice President Hoff gave us some valuable help and assistance in getting this Welfare Fund established and to him Local No. 31 owes a lot of thanks. He sure answered a lot of questions for both the employers and the committee representing Local No. 31 during the negotiating which resulted in the adoption of the Local No. 31 "Welfare Fund."

This is only the more recent of many such services to Local No. 31 rendered by Vice President Hoff and the latchstring is always open to him whenever he finds it convenient to visit the city of Providence.

Fraternally yours,
ERNEST S. CARLSON,
Business Agent.

NEW YORK, N. Y.
October 16, 1950.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR:

We are enclosing a photograph taken at the 69th Annual Convention of the American Federation of Labor, held in Houston, Texas, in September to be printed in your esteemed publication.

May we again take this opportunity to thank President Mullaney and you personally, also the membership of the International Association of Heat and Frost Insulators and Asbestos Workers for your excellent cooperation in behalf of this great health crusade.

Very truly yours,
EDWARD ROBBINS,
National Labor Representative, American Heart Association.

Reader's Digest Praises Gompers

An article in the December issue of the READER'S DIGEST, now being distributed to its 12 million readers, credits Samuel Gompers, founder and first president of the American Federation of Labor, with having helped to keep this country "free from the bitter class hatreds which have torn to shreds the industrial and political fabric of many nations."

The article, written by Victor Riesel, nationally syndicated labor columnist, emphasizes the fact that Gompers, whose centenary is being commemorated this year, spent a large part of his life fighting of "the hawkers of the class struggle between capital and labor." Riesel points out that "Gompers regarded labor as a partner of American management. not a bitter Marxist foe of capital."

Gompers is quoted as saying: "The interests of employer and employee are in no sense identical, but they have the same kind of cooperation which exists between a manufacturer and his best customer, for without one there cannot be the other."

In introducing the article, the READER'S DIGEST says of Gompers: "More than any other man, he was responsible for the growth of a strong. free labor movement in the United States."

Riesel traces the history of America's pioneer labor leader from his birth in a London slum, in 1859, to the final hours of his life in San Antonio. Texas, in 1924, where his last words were a prayer: "God bless our American institutions. May they grow better day by day."

"Through all the years of Gompers' rise to fame and power," Riesel says, "there recurred one theme: Labor is America." And in 1924 when he died, leaving just $550 in his union insurance policy, his will said that $100 of it must go for the purchase of an American flag for the union headquarters.

MINUTES OF CONFERENCE MEETINGS

MIDDLE ATLANTIC STATES

PHILADELPHIA, PA.

December 2, 1950.

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers was held on the above date at Plasterers Hall, 1324 Melon St., Philadelphia, Pa., and was called to order at 1:00 P.M. by Chairman James A. Roche with following delegates in attendance: Local No. 11, Baltimore, Md., Business Agent Charles W. Moore; Local No. 14, Philadelphia, Pa., President Charles H. Trout and Business Agent Joseph W. Hunter; Local No. 32, Essex and Hudson Counties, N. J., Business Agent James A. Roche and Secretary Terence J. McConnell; Local No. 42, Wilmington, Del., President William Harding and Business Agent Harry E. Mahan; Local No. 71, Allentown, Pa., Business Agent Joseph W. Hunter; Local No. 85, Atlantic City, N. J., Business Agent William Hornburger; Local No. 89, Trenton, N. J., Business Agent Stephen J. Kopp; representing the General Office, President Joseph A. Mullaney.

Reading of minutes of previous meeting ordered dispensed with.

Bills as presented ordered paid.

Regular order of business was suspended in order to hold the annual nomination and election of officers of this Conference for the ensuing term.

International President Joseph A. Mullaney was requested to conduct this election.

For the offices of Conference President, Conference Vice President and Conference Secretary-Treasurer, the names of Brothers James A. Roche, Norman L. Hoyle and Stephen J. Kopp respectively were presented and, by acclamation, declared elected for the coming year. The Secretary-Treasurer, Stephen J. Kopp, then submitted his annual financial report which was accepted as delivered.

With resumption of regular order of business, the delegates made the following reports:

Delegate Moore of Local No. 11 reported being quite busy at present time with 85 Emergency Asbestos Workers augmenting Local membership. Majority of work at present is of the small type variety. The Veterans Hospital job is not quite ready.

He also reported on the successful conclusion of a strike by Local, with result of obtaining an increase in hourly rate to amount of $2.50 per hour for Mechanics and proportionate increase for Improvers.

Furthering his report, Delegate Moore thanked Locals 2, 12, 14, 24, 32, 42 and 80 for placing membership at work during the period of the strike.

Delegate Hunter of Local No. 14 reported busy at present time with approximately 30 Emergency men also being used. While nothing large is at hand at the present time, there is enough work going on and also enough coming along to make future prospects look good.

He also reported the same conditions for Local No. 71, Allentown, Pa.,

Delegate Roche of Local No. 32 reported conditions very good with 160 Emergency Asbestos Workers being used. The California Oil job is now going on with majority of Emergency men being placed there. With plenty of work on the books for the future, the entire outlook is indeed pleasing to note.

He also advised that any of our idle International membership can be placed.

Delegate Mahan of Local No. 42 reported all working at present time and quite busy.

The Delaware Light and Power job, which was held up due to a dispute between the Boilermaker and Ironworker, has again resumed operation and all men are back to work.

He also reported on the Titus Station plant of the Metropolitan Edison Co., Reading, Pa., job on which the Benjamin Shaw Co. of Wilmington, Del., has the insulation contract. The material used on this operation is the new "Mirror" insulation which embodies the dead airspace principle of insulation and is being successfully applied by our International membership.

Delegate Hornburger of Local No. 85 reported conditions a little better than usual with a housing program now going on to keep membership at work. Listed in future operations are some housing type jobs.

Delegate Kopp of Local No. 89 reported conditions quite busy at present time with approximately six Emergency Asbestos Workers being used to supplement Local membership. Cantonment work at Fort Dix and industrial expansion at the Rohm and Haas plant at Bristol, Pa., comprises the bulk of work at present. With initial progress on new steel plant for United States Steel Co. at Morrisville, Pa., scheduled in Spring and also more work on the new Naval Laboratory at West Trenton, together with a large housing program and also more work at Fort Dix, N. J., the future looks exceedingly bright. The Cibe Drug Co. job at Toms River, N. J., is not ready as yet for insulation.

During the delegates' reports, President Mullaney gave his welcomed advice and instructions on craft problems where necessary and also advised that the coming year will prove very busy for the Asbestos Workers, particularly in the maritime field.

He also wished to extend to the membership, through the delegates in attendance, his most heartfelt greetings for a Merry Christmas and a Happy New Year.

With all business transacted adjournment was voted until Saturday, March 3, 1951 at 12 noon.

Respectfully submitted,

STEPHEN J. KOPP,
Secretary

NEW ENGLAND STATES

BOSTON, MASS.

December 16, 1950.

The regular quarterly meeting of the New England States Conference was held at the Hotel Manger, Boston, Mass., on Saturday, December 16, 1950.

The following delegates were present: John W. Hoff and Halvar Arntzen, Local No. 6, Boston, Mass.; Ernest Carlson, Local No. 31, Providence, R. I.; Lance Gaspic and John Johnson of Local No. 33, Connecticut and Henry Koziol and Edward Wagner of Local No. 43, Springfield, Mass.

In attendance as a visitor was

F08917

8682

Published by AsbestosClaims.Law
asbestosclaims.law/library/21486/12

Brother Fred Tyrol of Local No. 33.

Also in attendance were President Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles.

Previous to the delegates going into session, a prearranged meeting was held in the hotel with a committee from the Charlestown, Mass., Navy Yard relative to their request for the issuance of a Charter for the Navy Yard.

President Mullaney addressed the committee and stated the request would be granted for the Navy Yard only and that all construction work in the Navy Yard would come under the jurisdiction of Local No. 6 and the details on organizing the group were referred to Vice President Hoff and Secretary Sickles was instructed to send applications to the committee representing the Navy Yard Asbestos Workers soliciting charter issuance.

The Conference was then called to order at 10:30 a.m. by Chairman Lance Gaspic.

Minutes of previous meeting held at New Haven, Conn., on Saturday, September 9, 1950, read and accepted.

Delegates Koziol and Wagner of Local No. 43 reported that work is plentiful in their territory including insurance buildings, soldiers' home, large Worcester, Mass., housing project and industrial work.

Also reported on out-of-town employer (Swanson, Rhode Island) submitting complaint to the National Labor Relations Board alleging violation of Section 8 of the Labor Management Relations Act for requiring payment of board allowance on out-of-town operations. This complaint has been dismissed by the Regional Director of the National Labor Relations Board.

Delegate Carlson of Local No. 31 reported he was reelected as Business Agent at their last regular meeting at which the annual election of officers was held.

He further reported the Local now has a Welfare Plan of nine cents per hour per man in effect as of November 1, 1950 and that work is very good and about six Emergency Men on. Power house work at Narragansett and Montoup giving his men employment along with prospects at the Newport and Quonset Naval Bases. Also six new Improvers taken into Local.

Delegates Gaspic and Johnson of Local No. 33 reported conditions at Connecticut are excellent and several Emergency Men employed. About twenty new Improvers taken into Local. New Veterans Hospital will employ many men along with power plant at Devon. They also reported much consideration is being given to New London, Conn., as the site for an immense steel mill which all of New England has been interested in for many months.

Brother Fred Tyrol, Vice President of Local No. 33, stated his Local has requested him to compile data on a Welfare Plan and of previous trip to Boston seeking information on Local No. 6 plan. When completed, same will be presented to the employers during the next agreement negotiation.

Delegates Hoff and Arntzen of Local No. 6 reported work is plentiful in their territory and prospects good and several Emergency Men employed. Also reported Christmas party staged by a Boston employer who called in all of his out-of-town men to be present at the expense of the shop.

Reported on housing operations under way, new large Salem, Mass., power plant, Veterans Hospital, plus several large projects up through New Hampshire and Maine that will keep Local No. 6 members going for some time to come.

They also requested that a Connecticut employer be contacted by Business Agent Gaspic relative to the unorthodox method that this employer uses when sending men into Local No. 6 territory.

President Mullaney then took up several matters pertaining to transfers, Improver membership and the taking in of new members. He also reported on the abundance of work for our trade in many parts of the country and the lack of sufficient manpower.

Secretary Sickles then informed the delegates who have not collected data on boiler wall insulation to contact their employers and emphasize that this information is just as important to them as to our International Association.

With no further business and upon motion the Conference adjourned at 1:30 p.m. with the delegates the guests of Local No. 6 at luncheon.

Respectfully submitted,
JOHN W. HOFF,
Secretary.

NEW YORK STATE

SYRACUSE, N. Y.
December 9, 1950.

The regular meeting of the New York State Conference of Asbestos Workers was held Saturday, December 9, 1950 at the Onondaga Hotel, Syracuse, New York. The meeting was called to order at 10 a.m. by President Paul J. McCormick.

The following delegates were present: A. Forton and Norman Frick, Local No. 4, Buffalo, N. Y.; Patrick O'Connor, Local No. 12, New York City; John Coolidge and Thomas Sullivan, Local No. 26, Rochester, N. Y.; Paul J. McCormick and John McCormick, Local No. 30, Syracuse, N. Y., and John C. Fallon, Local No. 40, Albany, N. Y.

Also in attendance was International President Joseph A. Mullaney.

Reading of minutes of previous meeting ordered dispensed with.

Bills as presented ordered paid.

Delegate Forton of Local No. 4 stated that they are very busy at the present time. All men are working together with an extra 120 "Emergency Asbestos Workers." He could use more men. Prospects for future work are excellent.

The Dunkirk Power House, The Ford Plan and jobs in Niagara Falls are still operating and could use 50 to 60 men. Some board jobs are available.

Patrick O'Connor of Local No. 12 stated that they are very busy with all men at work including a few "Emergency Asbestos Workers." Prospects for future work are very good. He further stated that Delegate Rider was unable to attend today's meeting due to a rush job and requested that he be excused.

Delegate Coolidge of Local No. 26 stated that they are very busy at the present time. All men are working together with a few "Emergency Asbestos Workers." Prospects for future work are excellent.

Delegate McCormick of Local No. 30 stated that they are very busy at the present time with the Oswego Power House and Veteran's Hospital to start within a short time. He further stated that they can use mechanics with some board jobs available. Prospects for future work are excellent.

Delegate Fallon of Local No. 40 stated that all men are at work to-

Conference Minutes

(*Continued from page 11*)

gether with some "Emergency Asbestos Workers." Prospects for future work are excellent with some very large jobs in the immediate future.

International President Mullaney spoke in detail regarding Welfare Funds now established in other cities throughout the country and he urged the delegates to work for same in their respective Locals.

The delegates of the New York State Conference of Asbestos Workers extend the Season's Greetings to the Officers and members of our International Association.

A motion was made and seconded that at the conclusion of the meeting we stand in silence for one minute in respect to our departed members. Motion carried.

There being no further business a motion was made and seconded to adjourn. Motion carried.

Respectfully submitted,
JOHN C. FALLON,
Secretary.

Manpower Conservation

(*Continued from page 6*)

visory load which permits each worker to make his maximum contribution day after day and week after week."

As a result of this period in World War II several Federal Government departments and agencies, including War, Navy, Commerce and Labor department, the Maritime Commission, Public Health Service, and War Manpower Commission, issued a leaflet entitled "Recommendations on Hours of Work for Maximum Production." It contained the distilled experience of industrial management, labor and government. It called attention to certain practices found to increase the efficiency of the human factor in production. The leaflet became the practical guide and standard in the latter years of the war.

One scheduled day of rest approximately every 7 days for the individual was recommended as a universal and invariable rule. Experience and investigation, the leaflet said, had shown the 7-day week for individuals to be injurious to health, production, and morale. A 7-day week slowed down production because of the cumulative effects of fatigue and, when unbroken by a period of rest and relaxation, led to absenteeism. It said:

"When daily and weekly hours are too long, the rate of production tends after a period to decrease, and the extra hours add little or no additional output; the quality of work may deteriorate during the whole period of work. Absenteeism rises sharply; the loss of time due to accidents and illnesses tends to increase. Effects upon the health and morale may be slow in appearing but are cumulative in nature. Irregular attendance disrupts the flow of production because certain operations call for a balance of trained forces."

While a 40-hour week is generally accepted in peacetime there is a widespread and increasing agreement, the leaflet pointed out, that for wartime production the 8-hour day and 48-hour week approximate the best working schedule for sustained efficiency in most industrial operations.

Important Notice

Please fill out this form and send it to the General Office, 211 Machinists' Building, Washington 1, D. C., immediately when you change your mailing address.

No member will receive the Journal if he moves and fails to notify the General Office.
