Some Facts About YOUR COVER PICTURE

Lincoln Memorial

ONE of the most inspiring structures in the Nation's Capital the Lincoln Memorial, is visited each year by thousands of visitors from all parts of the world.

The Lincoln Memorial in form a Greek temple of pure white marble, is in Potomac Park west of the Monument. A reflecting pool in front of it mirrors the Memorial, the Monument and the Capitol Dome. The architect was Henry Bacon, of New York.

The Union is expressed in the colonnade of thirty-six fluted columns, one for each State in the Union at the time of Lincoln's death. The colonnade is 188 feet long and 118 feet wide; and the fluted columns, 7 feet 4 inches in diameter at the base, are 44 feet high.

The central hall is 60 feet wide, 70 feet long and 60 feet high. On either side a row of Ionic fluted columns 50 feet high screens a smaller hall. In the central hall is the colossal statue of Lincoln by Daniel Chester French.

In the south hall is inscribed the Gettysburg Address. Above are symbolic paintings by Jules Guerin. The central group symbolizes Freedom and Liberty. The Angel of Truth bestows freedom upon the slaves. On the left the central figure holds the sword of Justice, and on her lap rests the scroll of the Law; on each side are the guardians of the law holding aloft the torches of Intelligence, and at her feet are two sibyls interpreting the law. The group on the right symbolizes Immortality. The central figure is receiving the laurel crown, and about her are Faith, Hope and Charity.

In the north hall is the Second Inaugural Address. The paintings represent Unity, Fraternity and Charity. In the central picture Unity is symbolized by the Angel of Truth joining the hands of the North and the South. Grouped about her are the Arts which flourish in the peace of Unity's reign—Painting, Sculpture, Architecture, Music, Literature, Philosophy and Chemistry. In the group on the left, Fraternity embraces within her outstretched arms the Father, the Mother and the Child, typifying the Family; and there are shown the fruits of the earth's abundance. The third symbolism is of Charity giving the water of life to the maimed and the blind, and caring for the orphans.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.
October 8, 1951.

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President during the past quarter began on Monday, July 2, at the General Office. The first jump was to Albany and a meeting at Labor Temple with Mr. Fred C. Hysler of the Mohawk Asbestos and Insulation Corporation and Business Agent Fallon and the Executive Board of Local No. 40. The result was the unionizing of the shop and the adding of twelve new members to Local No. 40.

Next came New York City where your President attended the opening session of the two-day meeting of the Northeastern Conference of Building Trades Councils. International Vice President Hoff was one of the two delegates from Boston. The conference elected permanent officers. Howard McSpedon (Electrical Local No. 3, New York City) was chosen president and Ernest Johnson (Asbestos Workers Local No. 6, Boston) was chosen secretary.

Next came New York City where your President represented our International Association at the bon voyage dinner tendered Richard Gray, president of the Building and Construction Trades Department, prior to his leaving for Europe as a delegate of the A. F. of L. to the British Trade Union Congress.

Next at New York City your President represented the International Association at the services in St. Patrick Cathedral for Michael Cashel, the First International Vice President of the Teamsters, as also his interment at Westbury, L. I.

Then with Secretary Sickles to Chicago and a conference with Vice President Mulligan. Then on to San Francisco and the Convention of the Building and Construction Trades Department, to which we were both delegates. This proved to be a three-day session. The following week and two days of the succeeding week consumed the time of the 70th Convention of the American Federation of Labor, to which your President has been a delegate since 1912. Your President can add little to the daily press report of the proceedings which you have undoubtedly read except to say that President William Green and Secretary George Meany were unanimously elected and New York City chosen for next year's gathering. While at San Francisco your President and Secretary Sickles attended the two-day session of the Western States Conference, as also a meeting of Local No. 29, San Francisco, Calif., Naval Shipyard.

Next came Los Angeles where with Secretary Sickles your President held a conference with Vice President Hutchinson and officers of Local No. 5. Then with Secretary Sickles on to El Paso, a conference with Vice President Hullinghorst and later to the session of the Southwest States Conference. Next came Chicago, a conference with Vice President Mulligan and then home for three days and off again to Atlanta and the Southeast States Conference with Secretary Sickles.

Next came the General Office from which this report is submitted and the same evening attendance at a meeting of Local No. 24.

This report would be incomplete if it did not record the thanks and appreciation of both your President and Secretary for the uniform kindness and consideration shown them on their trip that included everything from sight-seeing trips to dinners and dances.

Work is with us with more coming.

How is your Welfare Fund getting along?

Fraternally,

Joseph A. Mullaney

President.

No Wage Freeze Feinsinger Says

Wage Stabilization Board Chairman Nathan P. Feinsinger told the AFL 70th convention that the government does not want and "will not have a wage freeze."

The new WSB chairman made it plain that he will try to steer wage policy along the course clearly marked by his predecessor, Dr. George W. Taylor, who warned in his final report that rigid wage freeze would be an obstacle to top production.

"There is ample room for real collective bargaining under wage stabilization," Mr. Feinsinger said. "We do not wish to encourage agreements which the parties know cannot be approved under any circumstances.

"But employers and unions have the right to make any agreement which they believe in good faith is not unstabilizing, if they are prepared to defend it before the board, and provided it is clearly understood that the agreement cannot be placed into effect prior to board approval."

He said labor will never be satisfied with a formula that merely keeps wages tied to the cost of living.

DEAR SIR AND BROTHER:

This is to inform you and the General Membership that one of our Local No. 10 members, Brother (Cpl.) John G. Adams, Reg. No. 16356, who has been serving with the First Marines, First Regiment Division of Easy Company, was killed September 14, 1951, in Korea.

This Brother was a member of the Marine Reserve, being called into action in the latter part of 1950 after serving with them on oversea duty for about one year. I'm sure that the sudden departure of this Brother has been a great shock to everyone who knew him, especially those who were among his close personal friends.

I am enclosing herewith a recent photo of Brother Adams taken the day or two before his departure for Korea. Local No. 10 would appreciate your publishing same in our Journal, space permitting.

On behalf of this organization, I wish to express our deepest sympathy to his parents, brother and sister.

Fraternally yours,
R. E. BURRIS,
Business Agent.

DEAR SIR AND BROTHER:

Enclosed you will find a photograph of the Second Annual Banquet of Local No. 105, held August 10, 1951 at The San Jacinto Inn, located at the San Jacinto Battleground Tex.

The banquet was attended by the Local No. 105 membership and their ladies and several guests from Local No. 22.

If space permits, we would appreciate the publishing of this photograph in the next issue of THE ASBESTOS WORKER.

Fraternally yours,
JOHN L. PRIESMEYER,
Secretary.

DEAR SIR AND BROTHER:

Enclosed herewith is a photograph of our recent dinner dance held September 14 at the Moose Country Home in Indianapolis, Ind.

The affair, sponsored by the Masters Insulators' Association of Indianapolis and Asbestos Workers Local 18, attracted an attendance of more than 500 persons. It was a gala occasion, with all the guests enjoying themselves immensely.

I hope that this will reach you in time to appear in the October Journal.

Fraternally yours,

Favorable Decision Issued

Labor Department Decision Endorses Improver Membership

U. S. DEPARTMENT OF LABOR
OFFICE OF THE SOLICITOR
WASHINGTON 25

International Association of
HEAT and FROST INSULATORS and ASBESTOS WORKERS
AFFILIATED WITH THE AMERICAN FEDERATION OF LABOR AND THE BUILDING AND CONSTRUCTION TRADES DEPARTMENT

GENERAL OFFICE
WASHINGTON D. C.

October 11, 1951

Mr. James F. O'Hare, Acting Assistant Solicitor
Office of the Solicitor
Department of Labor
Washington 25, D. C.

Dear Mr. O'Hare:

Our General Office has been contacted a number of times recently by various Business Agents who have called to our attention the difficulties being encountered by certain employers of our membership on Federal projects in connection with which payments were being held up because of alleged failure on the part of the employer to employ regularly indentured apprentices.

As I am sure you thoroughly appreciate, our International Association does not maintain in membership a classification of Apprentice. Our membership is comprised exclusively of Mechanics and "Improvers" as recognized by the Department of Labor in predetermining wage rates for "Improvers" and not "Apprentices." This Improver system as in effect with the International Association of Heat and Frost Insulators and Asbestos Workers has been in effect ever since our organization was founded and has very satisfactorily served its purpose so far as both the employers and the Union are concerned.

I am sure that you thoroughly appreciate the physical impossibility of our Local Unions supplying their employers with a classification, namely Apprentices, that is non-existent in our International Association.

I would appreciate an expression from you that may be useful in minimizing or completely eliminating the difficulties being encountered by our Local Unions and their employers throughout the country at the present time in view of the present-day apprenticeship regulations.

Assuring you of my appreciation of all past favors, I am

Very truly yours,
C. W. Stokles
Secretary-Treasurer

Mr. C. W. Stokles, Secretary-Treasurer
International Association of Heat and Frost Insulators
and Asbestos Workers
211 Machinists Building
Washington 1, D. C.

Dear Mr. Stokles:

This is in reply to your letter of October 11, 1951, in which you call our attention to the difficulties being encountered by certain employers of members of your Local Unions on Federal projects in connection with which payments to contractors are held up because of alleged failure on the part of the employers to employ indentured apprentices in accordance with regulations issued pursuant to Reorganization Plan No. 14 of 1950.

This Department recognizes that workmen in the asbestos workers' craft other than journeymen have been classified as improvers rather than apprentices. It is our view that improvers are to be considered in the same manner as helpers in other trades; for example, boiler makers' helpers. Accordingly, it is not necessary to register them in an apprenticeship program.

Very truly yours,
James F. O'Hare

NATIONAL LABOR RELATIONS BOARD

WASHINGTON 25, D. C.

August 24, 1951

Mr. C. W. Sickles, Secretary Treasurer,
International Association of Heat & Frost
Insulators & Asbestos Workers,
211 Machinists Building,
Washington 1, D. C.

Dear Mr. Sickles:

This will acknowledge receipt of your letters of August 23 and 24, 1951 enclosing compliance material submitted in accordance with the filing requirements of Section 9(h) of the Labor Management Relations Act, 1947.

The National Labor Relations Board will consider your organization in compliance with Section 9(f) and (g) of the Act until December 31, 1951, and under Section 9(h) until August 17, 1952, provided there are no intervening changes in your officers.

Our Regional and Sub-Regional offices have been notified of your renewal of compliance.

This, of course, does not cover your local organizations. Each local must separately meet the above filing requirements of the Act in order to enjoy its benefits.

We will give you thirty days advance notice, whenever possible, of pending expiration of compliance as reflected by our records. We assume no responsibility for notification as it is your obligation to keep this material up to date.

Very truly yours,

Claude B. Calkin

Taft Blocks Plan to Train More Doctors

Sen. Robert A. Taft forced a bill to train more doctors back to a Senate committee.

With the armed forces resorting to drafting physicians to get a bare minimum needed to treat our soldiers, with a shortage of doctors all over the nation, the Ohio Senator, his Republican colleagues and Dixiecrat cohorts, killed the bill.

The measure would have provided $300 million over a five-year span to finance the education of medical students through scholarships and to help medical schools get buildings and equipment.

Senator Taft was a co-sponsor of the bill when it was reported unanimously by the Senate Labor Committee last February. He told the Senate he had changed his mind because of sharply increased defense expenditures.

An attempt will be made to get the bill, favored by the AFL, reported out before adjournment of this session.

Sen. John O. Pastore of Rhode Island, floor manager of the bill, charged that the Republicans had "abandoned" the measure, which is opposed by the American Medical Association. Republicans and Dixiecrats defeated an amendment to liberalize scholarship payments for new enrollees. This blow presaged defeat for the bill and it was sent back to committee.

Truman Speaks At Dedication

President Truman will deliver the address at the dedication of Gompers Square October 27.

The President accepted the invitation of Washington Central Labor Union to speak at ceremonies giving the name "Gompers Square" to the park at Massachusetts avenue, between 10th and 11th Sts., N. W.

The bronze statue to Samuel Gompers, dedicated by President Roosevelt in 1933, stands in the park.

Brown & Root Forced to Pay

The AFL has recovered more than $22,000 in wages for workers employed by Brown & Root, Houston, Tex., contractors on the Bull Shoals Dam, in Arkansas, who paid the men less than rates established by the Department of Labor under the Davis-Bacon Act

The AFL Building Trades Department Bulletin reported that some of the workers who had been defrauded received over $1,000 each for having been underpaid and many of the 160 men got checks for $200 to $300.

Hundreds of other workers have made claims for wages because of misclassifications at lower wage scales by Brown & Root, who may have to pay hundreds of thousands of dollars withheld from workers if U. S. Army and Labor Department investigators carry through investigations begun at the request of the AFL.

Brown & Root is the Houston outfit which has filed a law suit for damages against the AFL in Texas courts which has become one of the most expensive pieces of litigation in trade union history.

The AFL Building Trades Department has been instrumental also in recovering more than $400,000 in wages for workers who had been defrauded by contractors under the National Housing Act who paid less than the scale established by the government.

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers was held on the above date at Plasterers Hall, 1324 Melon St., Philadelphia, Pa., and was called to order at 12:30 p.m. by Chairman James A. Roche with the following delegates in attendance: Local No. 2, Pittsburgh, Pa., Fred E. Rust; Local No. 11, Baltimore, Md., Charles W. Moore; Local No. 14, Philadelphia, Pa., Charles H. Trout and George Jakob; Local No. 24, Washington, D. C., M. L. Mohsberg and Norman L. Hoyle; Local No. 32, Essex and Hudson Counties, N. J., James A. Roche and Terence J. McConnell; Local No. 42, Wilmington, Del., Harry E. Mahan; Local No. 71, Allentown, Pa., Nicholas Grello; Local No. 88, Richmond, Va., Arthur B. Chiles and Thomas A. Brooks; Local No. 89, Trenton, N. J., Stephen J. Kopp; representing the General Office, International President Joseph A. Mullaney.

In attendance as visitors were Brothers William Scout and Thomas Hoyle of Local No. 14.

The secretary then submitted a detailed financial report on conference finances, following which a motion was made and seconded that annual dues be raised to $15 per year effective January 1, 1952, motion carried.

The delegates made the following reports:

Delegate Rust of Local No. 2 reported current conditions still same as of last report. All of membership, plus 100 Emergency Asbestos Workers at work and there still is a demand for more manpower. Any of our idle International membership is invited in. Future conditions warrant employment for at least the next two years.

Delegate Moore of Local No. 11 reported still slow with a few of membership idle since last meeting. An increase in activity at Sparrows Point is expected to take up the slack and with this in mind he stated that future conditions look good. Also included in his report, he stated that a new agreement is being negotiated.

Delegate Jakob of Local No. 14 reported that conditions have slowed up somewhat, with several of membership at work in territories of sister locals of the Conference. A pick-up in the future is forecast and this will necessitate the employment of Emergency Asbestos Workers if no card men are available.

Delegate Hoyle of Local No. 24 reported that conditions have slowed down considerably. Only 9 travelers and 30 Emergency Asbestos Workers now being used. Work of commercial variety has been curtailed with majority now going on of governmental type. Future prospects are very good and necessity of again increasing the number of Emergency Asbestos Workers to supply demand for manpower will be faced. He also reported that a new wage rate of $2.75 per hour plus 10 cents per hour Welfare Fund became effective July 1.

Delegate Roche of Local No. 32 reported current conditions still same as of last meeting. Thirty travelers and 100 Emergency Asbestos Workers augmenting local membership. While some of the large operations are rapidly nearing completion, others of gigantic proportions are coming along to keep things moving along. Refinery work at Shell and Esso is expanding to comprise the bulk of future employment

Delegate Mahan of Local No. 42 reported a slight tapering off period has been experienced since last meeting. However, with the Chrysler tank job now starting and other good sized jobs breaking soon the future prospects are very bright.

Delegate Grello of Local No. 71 reported current conditions still same as of last meeting. Thirty-five Emergency Asbestos Workers augmenting local membership to take care of demand for manpower. With the amount of work coming along the future prospects are indeed very bright.

Delegate Brooks of Local No. 88 stated that a tapering off is being experienced at present time. Listed for the future, majority of which is expected along about the first of the year, is more commercial work, defense work, a bospital, schools and a few power houses. These prospects greatly enhance the future.

Delegate Kopp of Local No. 89 reported conditions "status quo" as of last meeting. Nothing exciting at present time. The storm is expected about the first of the year. Conditions at the steel job are now in the shell stage as is the Naval Laboratory job. Listed for the future are: Expansion of McGuire Air Base, Fort Dix, Lakehurst Naval Air Station and the Naval Laboratory.

Following is list of membership reported in service: Local No. 2, 5 men; Local No. 11, 11 men; Local No. 14, 7 men; Local No. 24, 9 men; Local No. 32, 3 men; Local No. 42, 4 men; Local No. 71, 1 man; Local No. 88, none; Local No. 89, none.

During the course of delegates' reports, President Mullaney gave advice and instructions whenever needed. Following this, he reported on our national craft outlook and of experiences being confronted by the General Office in request for Asbestos Workers.

He also spoke on the new Vacation and Unemployment Fund Plan now being enjoyed by membership of Local No. 12, exhorting our membership to talk it up.

With all business being transacted, adjournment was voted until Saturday, December 1, 1951, at 12 noon.

Respectfully submitted,
STEPHEN J. KOPP,
Secretary.

It was moved and seconded that Brother Lee Anthony be retained as secretary for the year 1952. Motion carried. Moved and seconded that Conference excess funds be used to buy U. S. Bonds. Motion carried. Moved and seconded that the Secretary of the Midwest States Conference contact Kansas City, Mo., Billings, Mont., and Denver, Colo., inviting them to join our group. Motion carried.

The meeting adjourned at 3:45 p. m. to accept the invitation of Local No. 81 to a dinner dance at the Roosevelt Hotel.

Respectfully submitted,
LEE ANTHONY,
Secretary

NEW YORK STATE

SYRACUSE, N. Y.
September 8, 1951.

The regular quarterly meeting of the New York State Conference of Asbestos Workers was held Saturday, September 8, 1951, at Hotel Syracuse, Syracuse, N. Y. The meeting was called to order at 10 a. m. President John R. McCormick presided.

Reading of minutes of previous meeting ordered dispensed with.

Bills as presented ordered paid.

Delegate Forton of Local No. 4, Buffalo, N. Y., stated that work has slowed down recently but prospects for future work are excellent. There are a number of large jobs in operation at the present time, among them being a sewage disposal plant, Cancer Hospital and an addition to the Niagara Mohawk Steam Generating Plant.

Delegate O'Connor of Local No. 12, New York City, reported that all men are employed at the present time and prospects for future work are fair. He stated that there is considerable activity in the construction field and several large projects are under construction but it will be some time before they are ready for the Asbestos Workers.

Delegate Coolidge of Local No. 26, Rochester, N. Y., stated that they are still very busy with a number of Emergency Asbestos Workers still being used. He also stated that he could use additional Mechanics.

Delegate McCormick of Local No. 30, Syracuse, N. Y., reported that they are exceptionally busy and are using a large number of permit Asbestos Workers. He further stated that he could use Mechanics on out-of-town board jobs with overtime. He reported that Local No. 30 has completed wage negotiations and the new wages are $2.64 per hour with an increase in board allowance.

Delegate Fallon of Local No. 40, Albany, N. Y., reported that conditions are good and prospects for future work are excellent. There are a number of large jobs in this area among them being the new $60,000,000 Niagara Hudson Steam Generating Plant which will be ready for the Asbestos Worker in about six months.

There was a general discussion regarding the Welfare Fund and the benefits derived from it.

Due to the fact that the up-state Locals do not have sufficient members in their respective Locals to participate in a Welfare Fund, it has been proposed that a Welfare Fund be established for all up-state Locals and be administered as a unit. A set-up of this sort could easily be arranged because we have practically the same employers and sufficient members to be handled by one administrator.

There being no further business, a motion was made and seconded to adjourn. Motion carried.

Respectfully submitted,
JOHN C. FALLON,
Secretary.

The meeting reconvened at 2 p. m.

Secretary Sickles advised the delegates at length regarding procedure in connection with wage negotiations and presenting petitions to the Construction Industry Stabilization Commission at Washington in order to obtain approval of the Commission for increased rates agreed to between the Local and its employers. Secretary Sickles called attention to a communication received by one of the delegates to this Conference as also received by other Conference affiliates requesting services of our membership as instructors for general contractors for non-union Asbestos Workers on operations outside of the territory of the United States and reminded the Conference membership that our International has previously gone on record instructing our affiliated membership not to accept employment outside the United States where their services are sorely needed in connection with war work at home.

President Mullaney at that time, in addition to having advised the delegates at length throughout their trade report as per trade custom and procedure in connection with the various subject matters brought up, gave the delegates further advice as to our craft conditions and problems throughout the nation in general and a resume of the activities at the conventions of the Building and Construction Trades Department and the American Federation of Labor with the keynote being register and vote at the next and all elections, State and National, assuring that you cast your ballot for your friends of labor.

There being no further business, the Conference was adjourned at 4:30 p. m.

Respectfully submitted,
H. M. HOFFMAN,
Secretary.

SOUTHWEST STATES

EL PASO, TEX.
September 29, 1951.

The regular meeting of the Southwest States Conference of Asbestos Workers was called to order by Conference President A. L. Hullinghorst in the Spanish Room of the Paso Del Norte Hotel, El Paso, Tex., on Saturday, September 29 at 9:15 a. m.

The following delegates were present: Local No. 10, Little Rock, Ark., R. E. Burris and W. F. Burris; Local No. 21, Dallas and Fort Worth, Tex., and Shreveport, La., W. A. Jackson and J. W. Cameron; Local No. 22, Houston, Beaumont, Port Arthur, and Galveston, Tex., Perry Day and A. R. Clements; Local No. 53, New Orleans and Baton Rouge, La., and Jackson, Miss., A. L. Hullinghorst and C. E. Grey; Local No. 64, Tulsa, Okla., George Majors; Local No. 66, Amarillo and Borger, Tex., T. C. Donnell; Local No. 76, Albuquerque, N. Mex., Ben H. Green and Curtis Lunsford; Local No. 87, San Antonio, Austin, and Corpus Christi, Tex., C. H. Reed and Bobby Dyer; Local No. 94, Oklahoma City, Okla., Claude Jeffries and M. A. Ridenour; Local No. 106, El Paso, Tex., Rodolfo Rodriguez and Mike Morton.

Also in attendance were International President Joseph A. Mullaney and International Secretary-Treasurer C. W. Sickles. Present as visitors were Tom Ford of Local No. 66 and several of the host Local No. 106 members.

Delegates were requested to make their reports brief in order that more new business could be discussed at the meeting. The delegates made the following reports:

Delegate R. E. Burris of Local No. 10 reported that work is good at the present time with two travelers and no emergency men, exclusive of Improvers being used. He reported that his Local has 34 Mechanics and 9 Improvers which indicates that his Local needs three more Improvers in order to balance the ratio. At this time International President Mullaney, in no uncertain terms, sent instructions by Delegate Burris to Local No. 10 that that Local is to accept 3 more Improvers at the very next meeting. Delegate W. F. Burris added the information that the future looks bright with several large jobs coming up.

Delegate W. A. Jackson of Local No. 21 reported all men working with several power houses, hospitals, army camps, refineries, and large office buildings making the prospects for the future seem fair although material freezes and defense read-

justments could affect the future greatly. He further reported that Local No. 21 keeps its Mechanic and Improver ratio by accepting Improvers when necessary. In answer to a question from President Mullaney, it was explained that applications for membership in Local No. 21 are filed in the order in which they are received and that these applications are acted upon according to their number on the list regardless of whether or not they are related to someone in the Local. President Mullaney advised the delegates that this system met with his hearty approval. Local No 21 has one member in the armed service.

Delegate Perry Day of Local No. 22 reported that work is good now, but that he expects it to slow up during the winter. He reported a membership of 280 members with 63 travelers and 125 emergency men being employed. He explained that his Local needed 11 more Improvers in order to balance the ratio but that this matter will be corrected soon. He extended his welcome to all travelers to work in his territory. Local No. 22 has six members in the armed services.

Delegate A. L. Hullinghorst of Local No. 53 reported all men working with no emergency men and no travelers being employed and that the future looks very bright with two big jobs, the Kaiser Aluminum Plant, which is a traveling time job, and the Pan-Am Oil Company. He expects a big rush during the months of December and January. He reported 181 members of which 136 are Mechanics and 45 Improvers. Local No. 53 has five members in the armed services.

Delegate A. L. Hullinghorst, reporting for Local No. 55, advised that work is good at the present with the future looking very good. He reported 136 Mechanics and 26 Improvers comprising membership of Local No. 55, leaving it badly out of line in its ratio. He stated that the ratio will be straightened out soon. Local No. 55 has two members in the armed services.

Delegate George Majors of Local No. 64 reported all members working with 10 travelers and 10 G.I.'s also being used. He reported that although no big jobs are in sight that small jobs are furnishing employment and that the future looks good. Local No. 64 has two members in the armed services.

Delegate Donnell of Local No. 66 reported all members working with 30 G.I.'s being employed. He reported 54 mechanics and 21 Improvers and stated that the future looks bright for his Local. Local No. 66 has two members in the armed services.

Delegate Ben H. Green of Local No. 76 reported all members and two travelers working. He reported 36 mechanics and 12 Improvers for Local No. 76 and stated that prospects for defense work make the future look good. Local No. 76 has four men in the armed services.

Delegate C. H. Reed of Local No. 87 reported work good with 20 emergency men being employed and the future bright with many air bases and expansion program at Texas University and a big gas plant at Corpus Christi assuring much work. He reported 151 members with Local No. 87 needing 11 Improvers to even the ratio. He stated that his Local's ratio will be more nearly in line after the next meeting at which time several Improvers will be accepted. Local No. 87 has ten members in the armed services.

Delegate Claude Jeffries of Local No. 94 reported all members and two emergency men working and that the future looks good with jobs around Oklahoma City furnishing the bulk of the future work He reported 31 mechanics and 8 Improvers as comprising the membership of Local No. 94. Local No. 94 has three members in the armed services.

Delegate Rodriguez of Local No. 106 reported that although work has slowed down that his members with nine travelers and one emergency man are working and that the future looks good because of a large job in Carlsbad and two large jobs in El Paso. He reported the membership of Local No. 106 as consisting of 24 mechanics and 9 Improvers.

After due consideration of contents of Sec. 6 of the proposed memorandum of agreement as submitted by the Houston Employer's Association to Local No. 22, the motion was made and seconded that all conference affiliated Locals sign memorandum of agreement which stipulates rates of wages, board and transportation expenses, effective and expiration date of these conditions of employment *only*. The motion carried unanimously.

The morning session of the conference adjourned until 2 p. m. and the delegates and their wives were guests of Local No. 106 at a luncheon.

The afternoon session was called to order at 2 p. m. and Brother Carl Knight, business representative of the El Paso Building Trades Council was introduced. He spoke briefly about the new labor laws and also about the Texas Insurance Company in which labor has bought a controlling interest.

Delegate Claude Jeffries of Local No. 94 stated that some of his payrolls were being held up because his Local did not have a government sponsored apprentice training program. President Mullaney advised that our organization has no such classification as apprentices. Delegate B. H. Green of Local No. 76 explained a government apprentice training program for the Navajo Indians on a reservation job and pointed out the probability of its affecting our work there.

President Mullaney spoke at length on the power of the Ballot Box. He emphasized the need of good workmanship and he further advised that inferior workmanship be brought to the attention of the Joint Trade Board. He advised that where inferior workmanship is found it is necessary to have two (2) signatures to collaborate on any charge preferred. In answer to a question from the floor about what to do if a contractor stands up for some bad work, President Mullaney advised specifications come first and that if there were any doubt in his mind, he would insist upon having a copy of the specifications or leave the job.

Secretary Sickles advised all membership, as he has in past issues of the Journal, not to accept employment outside of the United States without first contacting our general office to make sure that it is all right.

Election of officers—President Hullinghorst and Secretary Jackson were elected by acclamation with all other business agents of the conference being elected vice presidents following the usual conference custom.

Since there is a strong possibility that the National Convention in 1952 will be held on the West Coast, it was agreed upon to skip the next Spring meeting of the conference so that all conference Locals can send full delegations to the National Convention in which convention city the conference will meet prior to the

convention. It was further agreed that if an emergency arises before that time a conference meeting can be called by the conference president. Meeting adjourned at 4 p. m.

Local No. 106 of El Paso and its membership individually merits the appreciation of every visitor because of the generous hospitality evidenced. Starting Friday afternoon and continuing through Sunday, individual members of the El Paso Local had cars available for all visitors for trips across the border into Juarez, Mexico. Friday night all visitors were guests of the Local in Juarez and Saturday night a cocktail party preceded a dinner dance on the roof ballroom of the Paso Del Norte Hotel. Many visitors stayed over to see the bull fights Sunday.

Respectfully submitted,
W. A. JACKSON,
Secretary.

WESTERN STATES

SAN FRANCISCO, CALIF.
September 15, 1951.

The meeting of the Western States Conference of Asbestos Workers was held on the above date at the Richelieu Hotel, San Francisco, Calif., and was called to order by Conference President Albert E. Hutchinson at 10:15 a.m. with the following delegates in attendance: Albert E. Hutchinson, John W. Suitor, Robert R. Stout and Charles Shields of Local No. 5, Los Angeles, Calif.; Oliver H. Gagner of Local No. 7, Seattle, Wash.; Edward A. Dwyer, L. M. Russell, M. F. Chase and Emmet Meehan of Local No. 16, San Francisco, Calif.; Webster F. Ay and Colie A. Hutto of Local No. 20, Long Beach, Calif., Navy Yard; Fred A. Clucas and Lloyd Peterson of Local No. 23, Boise, Idaho; Ralph Morse and Matt J. Woons of Local No. 29, San Francisco, Calif., Naval Shipyard, William Yorath, George Maynard and Henry Steinau of Local No. 36, Portland, Oreg.; Charles Ross and Darrell Kammer of Local No. 50, Tacoma, Wash.; Harry Heaton and John Shortridge of Local No. 62, Bremerton, Wash.; Frank Calegory of Local No. 69, Salt Lake City, Utah; Joseph E. Cole of Local No. 73, Phoenix, Ariz.; A. L. Bergin and William Kendrick of Local No. 82, Spokane, Wash.; Edward W. Kangas and Charles W. Vincent of Local No. 97, Anchorage, Alaska.

Credentials and word were received from Delegates Clarence S. Otis and Ed Monk of Local No. 70, Mare Island Naval Shipyard, Vallejo, Calif., that it was impossible for them to attend until the second day's session.

Also in attendance were our International Officers, President Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles.

Present as visitors were Brothers Ray Grist and R. E. Ostberg of Local No. 16.

Upon confirmation of credentials it was moved, seconded and carried that all delegates be seated.

The reading of the minutes of the previous meeting was dispensed with due to all affiliated locals having received copies from the Conference Secretary.

The delegates made the following reports:

The delegates of Local No. 5 report a membership of 250 with 15 travelers at present working in their territory and no emergency men being used. Work is good with the future work load looking very good. They report five pending power house jobs with two to start soon, around November 1, 1951. Their scale is $2.75 per hour and board and room is $6 per day for each day worked. They report a negotiated Welfare Fund for their membership of 7½ cents per hour, signed by their employers but pending approval of the Wage Stabilization Board and look for their approval soon. They further reported their Improver ratio below the national plane of 3 to 1. They have six local members in the service. At this time President Mullaney instructed the officers of Local No. 5 to bring their Improver ratio up to par and to further strive in their future negotiations to secure room and board payment over a 7-day period.

Delegate Gagner of Local No. 7 reports a membership of 49, of these 37 are Mechanics and 12 are Improvers. They need men very badly and have received only five travelers from calls for additional men. They report one employer is securing men from the Employment Service due to their not being able to supply men. Their work picture looks very good for the future. They receive $5.50 per day, 7 days a week while outside a 28-mile radius and in addition have three zones of transportation pay within the 28-mile zone; those zones were reported at the last conference. Their local is still having trouble via the Labor Relations Board through the suspension of a local member for non-payment of dues. Their relation with their employers are very good with the exception of one employer but look for improvement in the next six months. They further state that they cannot secure bona-fide Building Tradesmen during this shortage of skilled help there. At this time President Mullaney gave advice regarding the employer who was securing men through the employment agency.

Adjournment for luncheon at 12 noon.

Convened and called to order by President Hutchinson at 1:30 p.m.

The delegates of Local No. 16 report membership as follows: 180 Mechanics, 42 Improvers, 11 Travelers and 68 Emergency Asbestos Workers and need 30 to 40 more men. They have requested a union shop agreement via an election through the Federal agency handling same and expect results in from one to six months. They report approximately 8 young men having made request for Improver affiliation. Their present scale is $2.58½ per hour with the same zones and board as was reported at the last conference. At this time President Mullaney stated after questions that it was terrible that Emergency Asbestos Workers were not members after having spent up to six years at the trade and still working. He further instructed for the benefit of all to bring up their Improver ratios. Secretary-Treasurer Sickles also talked on the necessity of keeping the ratio up with the advice of "get them in." Local No. 16 further reports 6 men in the service of our country.

The delegates of Local No. 20 report a membership of 26 Mechanics and one Improver with one member in the service. Work has been good with the future looking even better. Their scale is $1.97 per hour. The government is contemplating a cut in Improver time of from 4 to 2 years, which the local is fighting to keep at least on a level with our International emergency ruling of 3 years.

The delegates of Local No. 23 report a membership of 15 Mechanics and one Improver, with one man in the service. They have only 9 men in their area, the rest are on traveler. Their scale now is $2.25½ per hour and $35 per week in board areas. They are handi-

capped with only one insulation contractor, the Snake River Asbestos Co., the rest of the work being performed for plumbing and heating companies.

The delegates of Local No. 29 report a membership of 22 men of the 66 men employed in the yard as Asbestos Workers, no men in the service. They receive $2 per hour. Work is fair with the future very good. Their craft committee is now functioning very well. They expect better results and reports in the future.

At this time the Chair requested the following locals to report the amount of their dues paid: Local No. 5, $7.50 per month; Local No. 7, $5 per month; Local No. 16, $6.25 per month for Mechanics and $4.75 per month for Improvers; Local No. 20, $3 per month; Local No. 23, $5 per month; Local No. 29, $3.25 per month for Mechanics and $2.75 per month for Improvers.

The delegates of Local No. 36 report an hourly wage rate of $2.55 per hour and $5 per month dues plus 25 cents a work day assessment. Their Improvers receive: First year, $1.67½; 2nd year, $1.77½; 3rd year, $1.97½; 4th year, $2.27½. They have a 10-cent per hour Welfare Fund, which was effective last March 1, 1951. They have 97 members, of these 17 are on travelers, of these travelers, 11 are in Alaska. Two men are in the service. They have nine Improvers, five of them are 4th year, two are 3rd year and two are 1st year. On October 1 they are requesting a 5-cent per hour cost of living increase. Relative to their insurance plan they have had premium payments of $6,000, claims paid for $5,000, they have a reserve now of $4,000 and intend to increase their benefits. The work picture looks very good. At this time President Mullaney spoke relative to the above report, namely 60 per cent of the Mechanic membership are without Improvers, this being an unhealthy condition. He instructed Local No. 36 to remedy this condition immediately. Secretary-Treasurer Sickles also spoke on the above subject. Delegate Maynard praised the efforts of Delegate and Business Agent Yorath in his duties to their membership.

The delegates of Local No. 50 report 32 members, of these eight are Improvers and have a 3 to 1 ratio. One member in the service, seven Emergency Asbestos Workers, union plasterers. Wage rate of $2.55 per hour, $5.50 per day board and room or $38.50 per week plus travel time and bus fare. They report that they can use travelers. First year Improvers receive $1.80 per hour; 2nd year, $1.95 per hour; 3rd year, $2.15 per hour; 4th year, $2.30 per hour. They pay $5 per month dues. They have good employer relations as most of the bosses are ex-members.

The delegates of Local No. 62 report 39 Mechanics and one Improver, 90 men in all are working in the yard and they need 90 more. Many ex-service men are now in the local. Dues are $6 per quarter plus 50 cents a quarter assessment. They report a big turnover in labor there. Their scale is $1.97 per hour. The local and members are restricted to a major degree as in the final analysis, members are employes of the government.

Delegate Calegory of Local No. 69 reports dues of $6 per month. Twelve Improvers and 29 Mechanics with two travelers plus 10 Emergency Asbestos Workers. The new scale of $2.40 is now before the Commission for approval, $5.50 per workday. The work picture looks very good the next year. They have had no trouble with current labor laws. One man in the service. They have four applications at present.

Local No. 70 report withheld pending delegates' arrival.

Delegate Joe Cole of Local No. 73 reports eight members working locally with work poor and lack of material, 12 men unemployed. They are shifting men in the shops and have 100 per cent shop cooperation. They have five Improvers and two more coming in. Their scale is $2.50 and have $6 per work day subsistence. If this doesn't cover expenses members work Saturday at time and one half. Foresee no trouble in securing $2.75 per hour on new wage rate. One member in service. They have four bonafide shops in their area. Their dues are $7.50 per month. They have a total membership of 39, eight working, 12 unemployed and 19 out on travelers. At this time Secretary Sickles stated that the base date for freezes had been advanced six months and these problems were now to be handled through the Construction Industry Stabilization Commission whose parent body would remain the Wage Stabilization Board. Don't waste time but handle through our International. President Mullaney added that it should be stressed in requesting raises that locals around a given area are usually on a par and that inter-craft inequities do exist.

The delegates of Local No. 82 report 52 members, nine of these Improvers, six members are on travelers and in addition they have 15 travelers plus 10 Emergency Asbestos Workers. Travel zones are from the city limits to 5 miles $1.25 per day, from 5 to 20 miles they receive travel time plus 8 cents per mile. Over 20 miles is board and room paid at the rate of $5.50 per day, 7 days a week. Their 1st year Improvers' rate is $1.80 per hour; 2nd, $1.98; 3rd, $2.20; 4th, $2.37. The work load is very heavy for the future and badly need about 40 travelers. Their dues are $5 per month and 25 cents per work day assessment. They are negotiating a Welfare Plan. No men in service. They are receiving $2.90 per hour on the Richland Atomic project plus $2 per day isolation pay when "behind the barricade." Their regular hourly wage rate is $2.50. Their ratio is now 4½ Mechanics to 1 Improver due to some companies not wanting Improvers. Their largest insulation shop (Armstrong) employs 17 Mechanics and four Improvers. They report still doing 95 per cent of the work in the area where the former Great Falls, Montana, local operated. They have eight men in Butte, Mont., as Billings local cannot supply the men.

The delegates of Local No. 97 report a membership of 32 members Of these four are Improvers, plus 40 travelers. Their dues are $5 per month plus $10 month assessment. The hourly wage rate for Mechanics is $3.50 with Improvers drawing the following wages: First year, $2.75; 2nd year, $2.85; 3rd year, $3; 4th year, $3.25. The delegates from this local stress the need of many more Mechanics in their area and that anyone interested may contact the business agent via airmail relative to conditions other than those outlined above. At this time Secretary Sickles asked the delegates the approximate time they had each spent in traveling to this conference, their answer being about eight hours via airline each way. Their fares run around $290 round trip for each delegate. The Western States Conference due to the great distances involved in attending these

conferences pay one first class round trip fare for one delegate from each affiliated local, to assure adequate representation from all within the conference.

Letter pertaining to back per capita tax of Local No. 73, Phoenix, Ariz., read and after facts were presented, International President Mullaney suggested full payment of indebtedness to the Conference and upon payment of the same, Local No. 73 be declared in full affiliation.

Letter read from Local No. 23's president relative to objecting to the seating of their delegates to the last conference in Spokane. After due explanation from the president and business agent, it was decided that no delegate would be seated until proper credentials were presented and signed by the president and recording secretary of their respective locals. Secretary Sickles recommended adoption of the following policy, that locals must send the business agents as delegates and should, but do not have to, send their respective presidents. It was moved and seconded that this recommendation be adopted, motion carried unanimously.

Report of officers was as follows:

President Hutchinson reported that as per instructions of the last Conference meeting, he requested the General Executive Board at its session in March that the next convention of the International Association be held on the West Coast and that the General Executive Board will act upon same at its next annual meeting in March, 1952. Motion was then made, seconded and unanimously carried that the Western States Conference request that the next convention of our International Association be held in the City of Los Angeles.

Question of charter issuance petition for the Fairbanks, Alaska, area was discussed, after which the delegates went on record as being against the charter issuance.

Question of withholding tax on board and room, etc., after a long discussion with President Mullaney and Secretary Sickles advising at times with the following thought, you cannot be reimbursed for moneys you do not spend, and if you are living on a base or job site, board and room are wages and taxable under the current laws.

Question of insulation of chimneys, advice was given by President Mullaney and Secretary Sickles. Employers may designate any craft, if a complaint is made refer to General Office.

Question of Boise, Local No. 23, problems. Advice was given by our Int'l. Officers to these delegates.

Problems of the Taft-Hartley law were discussed at great length, with the statement of President Mullaney that he thought that elections in the Building Industry to secure union shop agreements would be waived by the law makers of the land in the near future making these impossible elections unnecessary in the Construction Industry. President Mullaney went on to say relative to fining members for trade violations that all fines should go to selected charities. In the preferring of charges, they should preferably be made by the business agent with at least two witnesses.

The Boise delegates requested consideration of affiliation with some sister local as they have no shops active in their area of their own and lack a paid business agent to police the area. Brother Kendrick was asked to visit the Boise area and communicate with the International Office on this subject.

International Vice President Hutchinson reported on his visit to that area, back in the early part of the year.

It was moved, seconded and carried that the Conference reconvene 10 a.m. the following morning.

Host Local No. 16 reported arrangements for a dinner at 8 p.m. for delegates at Fisherman's Warf.

Adjournment came at 6:30 p.m.

The Conference reconvened on September 16, 1951, at the same location and was called to order at 10:15 a.m. by President Hutchinson with all delegates previously reported present and in addition delegates Clarence Otis and Ed Monk of Local No. 70, Vallejo, Calif., in attendance plus visitor, R. E. Ostberg of Local No. 16. President Hutchinson appointed a finance committee to go over the treasurer's books. They were Brothers Maynard, Ay and Yorath.

Letter read and discussed from Thurman G. Wade, executive secretary of the Metal Trades Council of Southern California Naval Establishments to the Chief, Bureau of Ships (Code 700) Navy Department, Washington, D. C. By motion this letter was endorsed and filed for future reference.

Subject of six-hour day when work is slack was discussed. Employers in Portland area signed such a contract and then failed to live up to it.

Conference adjourned for luncheon at 12 noon.

Conference reconvened at 1:30 p.m. with all delegates present.

Moved, seconded and carried that all local delegates receive one full first class round trip fare to Conference meetings. Said money to be paid from Conference treasury.

Moved, seconded and carried that all locals receive a copy of Conference minutes.

Moved, seconded and carried that all locals file copies of their agreements with the Conference secretary.

Subject of ballots in elections was discussed. The Australian ballot was favored. Saturday elections were also favored.

Moved, seconded and carried that all affiliated locals pay per capita tax to the Conference on their entire membership.

Moved, seconded and carried that all bills be paid.

Moved, seconded and carried unanimously that the next Conference meeting be held in Tacoma, Wash., prior to General Executive Board meeting, date of Conference meeting to be set by call of Conference President.

The Auditing Committee then reported. It was moved, seconded and carried that the report be accepted. It showed expenditures $1,540.05 and cash on hand of $1,272.97.

Moved, seconded and carried that delegates go back to their home locals to see if there is a desire to combine all western locals in the securing of Welfare Insurance as a group.

Moved, seconded and carried a vote of thanks be given the host L. U. 16, San Francisco, for the fine hospitality shown all delegates.

President Mullaney stated in parting that he derived much pleasure from the business like session of the conference and characterized it as a truly representative American group.

Conference President Hutchinson expressed the delegates' sincere thanks to our International Officers for advice and attendance and hoped it could be repeated.

The delegates stood in silence for one minute out of respect for our departed members.

As there was considerable rush to meet plane schedules, the meeting adjourned at 5 p.m.

Respectfully submitted,

M. F. CHASE,
Secretary.

Medal of Honor

Major General William F. Dean, of Berkeley, California—Medal of Honor. In the hard early days of the Korean War, when it was Red armor against American rifles, General Dean chose to fight in the most seriously threatened parts of the line with his men. At Taejon, just before his position was overrun, he was last seen hurling hand grenades defiantly at tanks.

General William Dean knew in his heart that it's every man's duty to defend America. You know it, too. The General's job was in Korea and he did it superbly well. Your defense job is here at home. And one of the best ways to do that job is to start right now buying your full share of United States Defense* Bonds. For remember, your Defense Bonds help keep America *strong*, just as soldiers like General Dean keep America safe. And only through America's strength can your nation . . . and your family . . . and you . . . have a life of security.

Defense is your job, too. For the sake of all our servicemen, for your own sake, help make this land so powerful that no American again may have to die in war. Buy United States Defense* Bonds now—for *peace!*

Remember that when you're buying bonds for national defense, you're also building a personal reserve of cash savings. Remember, too, that if you don't save *regularly*, you generally don't save at all. Money you take home usually is money spent. So sign up today in the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank. For your country's security, and your own, buy U. S. Defense Bonds now!

*U.S. Savings Bonds are Defense Bonds - Buy them regularly!
