Some Facts About

YOUR COVER PICTURE

DESIGNED in the style of the Italian Renaissance, the Library of Congress is a monumental structure in the Washington view. Its classic dome is an impressive feature of the Capitol area.

The building was ten years in construction, and its cost totalled more than six million dollars. Covering almost three and a half acres, the Library of Congress forms a rectangle 340 by 470 feet, enclosing a cross. Exterior walls are of New Hampshire granite.

In addition to being one of the best planned and most completely equipped library buildings in the world, the Library of Congress houses important examples of painting, sculpture and mosaic. The Torch of Science is the finial of the dome lantern. Men's heads representing the different races are carved over windows of the building. Great portrait-busts in granite of great scholars of history are over the nine windows on the entrance pavilion.

Literature, Science and Art are characterized in sculptures over the entrances.

Inside the vestibule, Herbert Adams' figures represent Minerva in her roles as patron of Defensive War and of Wisdom and the Liberal Arts.

Published quarterly at Headquarters, 211 Machinists Building, Washington 1, D. C., by the International Association of Heat and Frost Insulators and Asbestos Workers. Entered as second class matter at Washington, D. C., June 28, 1934, under the Act of August 24, 1912.

POSTMASTERS ATTENTION: Change of address cards on Form 3578P should be sent to THE ASBESTOS WORKER, 211 Machinists Building, 9th Street and Mt. Vernon Place, N. W., Washington 1, D. C.

Report of the GENERAL PRESIDENT

JOSEPH A. MULLANEY
General President

WASHINGTON, D. C.
July 1, 1952

To the Officers and Membership, Affiliated Locals.

GREETINGS:

The activities of your President away from the office began when he, in company with Vice President Mulligan and Secretary Sickles appeared before the National Joint Board for Settlement of Jurisdictional Disputes for a hearing on our charges against the Bricklayers. The decision is pending.

Next to the dinner in New York City tendered Secretary George Meany of the American Federation of Labor by the "City of Hope."

Next with Secretary Sickles to Columbus and the session of the Central States Conference. Brother Robert J. Scott of Local No. 18 was elected Conference President to succeed James J. Dalton, deceased, and Brother Thomas J. O'Neil of Local No. 3 was elected Conference Secretary.

Then with Secretary Sickles to Boston and the session of the New England States Conference. Next came Atlantic City with Secretary Sickles and the session of the Middle Atlantic States Conference.

The minutes of the conferences mentioned in this report may be found printed elsewhere in this Journal issue.

Next your President supervised the annual elections of his home local, a custom of some 35 years. Local 12 is sending six delegates to our Eighteenth International Convention opening in Los Angeles Tuesday, September 2nd.

This report would not be complete if it did not note the passing of Joseph W. Hunter who served as International Vice President for fifteen years before resigning last March to accept employment with the Johns-Manville Company.

Work is still with us.

Make sure you register and vote at the coming Fall elections.

Fraternally,

Joseph A. Mullaney

President.

Decision

Local No. 79, Dayton, Ohio, vs. Willard Lanning, Reg. No. 14726, Local No. 44, Columbus, Ohio, failure to report and inferior work. Referred to President Mullaney for investigation and decision. Local failed to prove non-reporting. Defendant admits inferior work and agrees to do same in a satisfactory manner in his own time.

LOS ANGELES, CALIFORNIA

OUR CONVENTION CITY

Los Angeles, the year around vacation land, offers you miles and miles of beaches, parks, theaters and night life to meet the most varied taste. One can, with no effort, find activity in any sphere of sports in which they are interested. The varied elevations from sea level to 10,000 feet on the snow-capped summit of San Antonio Peak offer satisfaction to the choice of all.

It is less than an hour's drive from orange groves to ski resorts . . . two hours from coastal beaches to the desert country of Antelope Valley. Transportation facilities are custom-tailored for those who arrive by plane or train. Temperature ranges are moderate the year around, comfortably cool evenings assure sleeping comfort in sunny summer. Travel light, but don't forget light coats for evening comfort.

There's more of everything your heart desires in Sunny California. We are proud of our City of Los Angeles and we know that you will like it too.

Local No. 5 Convention Committee.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

Find enclosed a group picture of members of Local No. 60 and their families who attended their first annual outing at Crandon Park in Miami.

We would appreciate it very much if you could run that picture in the next issue of THE ASBESTOS WORKER.

Fraternally yours,
H. A. HUBERT,
Secretary.

SAN FRANCISCO, CALIF.

Editor, THE ASBESTOS WORKER,
Washington 1, D. C.

DEAR SIR AND BROTHER:

Enclosed please find photo of Brother Owen J. Imsdahl, who was killed in action when the bomber of which he was a crew member crashed upon returning to its base in Japan. This wonderful boy was one of our finest young Improvers and will always be remembered by those who worked with him.

Sorry I couldn't secure snapshot for publication in the April Journal and hope that this reaches you in time for this quarterly issue.

Hoping this is the last member we lose in service, I am

Sincerely and fraternally,
M. F. CHASE,
Business Agent.

Millions Spent to Pressure Congress

By James L. McDevitt
Director, L.L.P.E.

The official lobby report for 1951 tells the real story of corruption in Washington. Two hundred ninety-five groups officially reported spending $9,488,099.39 to influence Congress in 1951.

Nobody questions the right of petition by any group or individual. The real story is in who the big spenders are and what they want from Congress.

The four biggest spenders accounted for more than a third of the total—$3,254,470.65. Needless to say, all four of this elite group are viciously anti-labor. Here they are:

First, the American Farm Bureau Federation led all the rest with $1,595,815.74. This is the organization which was originally launched by the Chicago Board of Trade and whose present banker President, Allan Kline, is a Director of the Chicago Federal Reserve Bank. Not only has this organization advocated cutting back on the farm program, raising the interest rates, and curtailing farm cooperatives through taxation, but it has been in the forefront in the fight to clamp further restrictions on organized labor.

Second, The Committee for Constitutional Government spent $773,957.59. This is the largest of the right-wing hate lobbies in the country. It is headed by Ed Rumely, who was convicted and jailed as a German spy in World War I. Rumely has been cited twice and convicted once for contempt of Congress. This lobby is so reactionary it even opposes public schools. Needless to say, this Committee seeks complete abolition of unions, as such.

Third, The American Medical Association spent $450,372.57. Under the guiding hand of the expert political propaganda team of Whitaker and Baxter, this so-called professional association has been drawn into a back-scratching coalition with all other hate groups in opposing all liberal legislation. As recently as May 19, the last minute obstruction by the AMA lobbyist prevented passage of an amendment to the Social Security Act providing increased payments worth $300 million a year to old folks and providing protection of insurance rights for those permanently disabled.

Fourth, The National Association of Electric Companies spent $434,325.91. Led by the highest paid of all the Washington influence men, Purcell Smith, this lobby is primarily interested in opposing power projects like TVA and being helpful to certain Congressmen who are most unfriendly to labor.

This line-up gives some idea what an honest conscientious Congressman is up against. Millions are spent to influence his vote in Washington. He knows that when he goes home for re-election, some newspapers will misrepresent him and there will be plenty of money available to defeat him if he doesn't do as the big lobbies want him to do.

The kind of results that this type of influence money can buy is represented in the Fulbright amendment designed to wreck the Walsh-Healy Act. This Act as passed in 1936 requiring the government to refrain from buying goods from firms that did not meet minimum wage and safety standards. The Act has served a good purpose in protecting American working standards

JOHN S. BUCKETT,
Local No. 17, Chicago, Ill.

Brother Buckett will reach his 100th birthday November 25 of this year. Starting as an Asbestos Worker over 69 years ago, he worked for 50 years at the trade until his retirement twenty years ago at the age of 80.

While driving a horse car in Milwaukee he became acquainted with Charles Manville and a lasting friendship developed which resulted in his going to work for the J. M. Company in Milwaukee and about a year later moved to Chicago when J. M. opened an office there. He joined the first local of Asbestos Workers to affiliate with the Knights of Labor which shortly thereafter transferred their affiliation to the A. F. of L.

Editor's Note: It is with sincere regret that since going to press your Editor has received notification from Local No. 17 of the passing of Brother Buckett. Among his survivors are two sons, Walter and John, Jr., who are good standing members of our Chicago, Ill., Local No. 17.

In Memoriam

During the above delegates' reports, President Mullaney gave his advice and instructions wherever necessary, and also advised locals to keep working on their welfare plans.

Secretary-Treasurer Sickles reported in detail new formula of Construction Industry Stabilization Commission that allows all building tradesmen an increase up to 15c per hour over and above the 10% over base pay as of July 1, 1950, plus a maximum 7½c welfare fund contribution to be made by the employer which is not a part of or to to be deducted from the 15c per hour increase.

Secretary-Treasurer Sickles read the following letter to the delegates who requested him to have same published in the next Journal issue:

"Dear Sir and Brother:

"Replying to yours of recent date, note the following General Executive Board action 1951 annual session:

"'That currently both G.I. and non-G.I. members can apply for Mechanics examination after having concluded three years actual trade experience.

"The G.I. Improvers must be granted the privilege of examination, etc., upon application.

"Non-G.I. Improvers can apply but it is up to the local to determine whether or not the circumstances, namely the work load currently and in the foreseeable future warrants granting his request for an examination and Mechanic classification in the event he passes the examination.

"There is no further dispensation as far as the G.I. is concerned other than his privilege of an examination after three years instead of four years and he cannot be given credit for any time he was in the service.

"The ratio of Improvers to Mechanics as set forth in the International Constitution and By-Laws is one Improver to each three Mechanic members of the local and it further follows that the same ratio of one Improver to three Mechanics maintains in the shop and while you do not ask the question, the ratio does not in any instance apply on any particular job, but, as above stated, on the total employment within the particular shop." Signed (C. W. Sickles).

The next conference meeting will be held in conjunction with the International Convention in Los Angeles, September 2 to 5, 1952.

With no further business, the meeting adjourned at 1:30 P. M.

After the meeting the delegates and guests enjoyed a luncheon given by the Central States Conference.

Respectfully submitted,

TOM O'NEIL
Secretary.

MIDDLE ATLANTIC STATES

ATLANTIC CITY, N. J.
June 7, 1952

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers was held on the above date at the Hotel Jefferson, Atlantic City, N. J., and was called to order at 3:00 P. M. by Vice President Norman L. Hoyle with the following delegates in attendance: Local No. 2, Pittsburgh, Pa., Fred E. Rust; Local No. 11, Baltimore, Md., Charles W. Moore and Charles Varner; Local No. 14, Philadelphia, Pa., George Jakob and Henry Roesberg; Local No. 32, Essex and Hudson Counties, N. J., James A. Roche and Terence McConnell; Local No. 38, Wilkes-Barre and Scranton, Pa., Herbert Bressler and G. Price; Local No. 42, Wilmington, Del., Harry Mahan and Arvid O. Johnson; Local No. 65, York, Pa., Alfred K. Gotwalt and Richard Liek; Local No. 24, Washington, D. C., Norman L. Hoyle and Robert Needham; Local No. 71, Allentown, Pa., Nicholas Grello; Local No. 85, Atlantic City, N. J., William Hornberger, Sr., and Raymond Haigh; Local No. 88, Richmond, Va., Francis L. Joinville and George T. Rew; Local No. 89, Trenton, N. J., Stephen J. Kopp. Representing the General Office, International President Joseph A. Mullaney and Secretary-Treasurer C. W. Sickles. In attendance as visitors were Brothers Henry Lundy and Herbert Tucker of Local No. 32.

Reading of minutes of last regular meeting were ordered dispensed with.

Credentials of Brothers Francis L. Joinville and George T. Rew of Local No. 88, Richmond, Va., were read and accepted and the delegates seated.

Reports of the delegates:

Delegate Rust of Local No. 2 reported present conditions have slowed up somewhat due mainly to the current strike of the Steel Workers now in progress. All of Local membership however is still at work together with 50 Travelers and also 50 Emergency Asbestos Workers. He also reported that the Local is having considerable trouble over jurisdiction and expressed a hope that this condition can be alleviated in the near future.

Delegate Moore of Local No. 11 reported present conditions very good with 70 "Emergency" men augmenting local membership. Maritime work and that known as small type comprises the bulk now going on. He also reported that negotiations are now in progress for a Welfare Program and also an increase in wage rate pending approval of C. I. S. C.

Delegate Jakob of Local No. 14 reported present conditions moving along with only local membership used. No "Emergency" men being used at the present time. The future outlook, however, is very good with several large size jobs coming including oil refinery, schools, hospitals and power house work. He also reported negotiations now in progress on new agreement.

Delegate Hoyle of Local No. 24 reported present conditions as being fairly busy with 70 Emergency Asbestos Workers augmenting local membership. Plenty of work is coming along to keep things busy, however this future work is all of the 40 hours per week type. He also reported a new wage rate of $2.90 per hour, also 15c per hour across the board for Improvers and also 10c per hour Welfare Program.

Delegate Roche of Local No. 32 reported present conditions as being very good with 75 Travelers and "Emergency" men being used. A considerable amount of work is coming along to greatly enhance the future outlook. He also reported negotiations now in progress on a new Agreement.

Delegate Bressler of Local No. 38 reported that after a slight let-up present conditions are again picking up; 12 "Emergency" men now being used. Listed among future op-

erations are the Sunbury power house, the Ransome power house and expansion at Tobyhanna, Pa. He also reported Agreement negotiations now going on. Also that the Johns-Manville Corp. and the Philip Carey Co., have established offices in the territory.

Delegate Mahan of Local No. 42 reported present conditions good with 40 Travelers and "Emergency" men being used. Enough work is coming along to keep the future bright. He also reported negotiations going on for a new Agreement.

Delegate Gotwalt of Local No. 65 reported present conditions good; and the future outlook very good with continued industrial expansion, cantonment work, and also several power house jobs constituting the greatest building boom ever experienced in the territory. He also reported that Agreement negotiations now in progress.

Delegate Grello of Local No. 71 reported present conditions good; 15 "Emergency" men also being used. The amount of work now going on together with that which will come along will keep the future outlook good for at least two years. He also reported negotiations on a new Agreement completed pending approval of C.I.S.C.

Delegate Hornberger of Local No. 85 reported present conditions as being very slow with future outlook being only fair. Majority of membership now working out of town.

Delegate Joinville of Local No. 88 reported present conditions as being good with enough coming along in the future to keep up according to these lines. All of local membership plus 20 "Emergency" men now being used. He also reported wage negotiations now completed pending approval of C.I.S.C.

Delegate Kopp of Local No. 89 reported present conditions as just moving along. The U. S. Steel job, while started, is only moving along with a few men. A rush is not expected for at least from four to six weeks. The Ciba States Limited job at Toms River is also along these same lines. Future expansion of the McGuire Air Force Base and also of the Fort Dix Military Cantonment is also listed. When above mentioned work breaks loose any of our International membership will be welcomed into the territory. He also reported Agreement negotiations going on.

During the delegates reports, President Mullaney and Secretary Sickles gave their customary advice and instructions wherever necessary with particular stress being made upon proper procedure necessary in filing for an increase in wage rates and also in filing for a Welfare Program. Same *must* be submitted to our General Office for processing before submission to C.I.S.C.

At this time it was regularly moved and seconded that Brother James A. Roche be endorsed as a candidate for the office of International Vice President at our forthcoming convention to be held in Los Angeles, Calif., beginning September 2, 1952. Motion carried unanimously.

The activities, organizational and otherwise, of our Philadelphia Navy Yard Local No. 93 were taken under consideration and various delegates reported on their experiences with the Local 93 membership which was largely unsatisfactory. It was the sense of the conference that this subject matter be referred to the forthcoming convention of our International Association, at which time the locals involved will submit bill of particulars as to their complaints regarding the activities of Local 93.

The Secretary at this time reported having received annual assessments from all locals affiliated with this conference.

The following Locals reported on men in the Service: Local No. 2, eight; Local No. 11, twelve; Local No. 14, seven; Local No. 24, fourteen; Local No. 32, seven; and Local No. 42, two.

With all business transacted adjournment was voted until our September meeting which will be held during Convention week in Los Angeles, Calif.

Respectfully submitted,
STEPHEN J. KOPP
Secretary.

NEW ENGLAND STATES

BOSTON, MASS.
May 17, 1952.

The regular quarterly meeting of the New England States Conference of Asbestos Workers was held at the Manger Hotel, Boston, Mass., on Saturday, May 17, 1952. The meeting was called to order by President Henry Koziol at 10:30 a.m.

The following delegates were present: Halvor Arntzen and John W. Hoff, Local No. 6, Boston, Mass.; Prescott Jentzel, Local No. 31, Providence, R. I.; Anthony Gaspic and Marlin Recor, Local No. 33, Connecticut; Henry Koziol, Charles Hill and Henry Watson, Local No. 43, Springfield, Mass.

Also in attendance were International President Joseph A. Mullaney and General Secretary-Treasurer C. W. Sickles.

Delegates Gaspic and Recor of Local 33 report conditions very good in their territory, have several Emergency Asbestos Workers and about 15 travelers. They also reported a new agreement reached with their employers granting them a 15c increase in wages plus a new Health and Welfare Fund at 7½c per hour per man. They have 13 of their membership in the Armed Forces. A power plant at Middletown, also one at Grand Ave. and an addition to the Connecticut Light and Power expected. On public works there are 80 new schools to be built throughout the state. Their entire membership mails in a weekly work report to Business Agent Gaspic notifying him as to what job they are on.

Delegates Koziol, Hill and Watson of Local No. 43 report their membership doing very well and a few extra men employed. As for work, they cite Western Massachusetts Electric Power Plant addition, new municipal hospital, new orphanage and plans for an expansion of the Westover Air Field. Have two men in the Armed Forces. Delegate Hill stated he has resigned as the Business Agent in the Worcester Area. Election of officers will take place at their next meeting. Also report on negotiating with their employers for a 15c wage increase along with a 7½c Health and Welfare Fund.

Discussion was then held on what constitutes a bonafide insulating employer shop in any area throughout the country and our previous action was reaffirmed by the Conference. This will also prevent any fly-by-night contractor from setting up a phony shop in a locality to secure certain jobs at the expense of legitimate contractors who figure expense items. Business Agent Koziol also receives weekly job report cards from his members.

Delegates Hoff and Arntzen of Local No. 6 report that their full membership is working along with many Emergency men and travelers.

Their men are still at the Limestone Maine Air Base for the past year, power plant under way at Wiscasset, Me., a steam plant addition to the new Mercury Power Plant at Portsmouth, N. H., about ready to go, work for the balance of the year at Salem Harbor Power Plant, additional unit to the Edison Edgar Station at Weymouth, Mass., work at the new air base at Bedford, Mass., and a new Vets Hospital at Brockton, Mass., just under way for our men. They report on two meetings held with their employers relative to a new agreement for a 15c increase in wages. Present agreement expires June 30, 1952. Up to present writing negotiations have not been completed. There are three members in the Armed Forces.

Delegate Jentzel of Local No. 31 reports work plentiful and prospects for the future look very good. Many Emergency men employed along with six travelers. He also reports signing up a new shop, namely the S. E. Maylor Co. of Providence, R. I. They have five of their men in the Armed Forces. Also that about 17 million dollars have been allocated to naval construction in his territory. Report on an employer relative to his riding rough-shod over the men and has upset the morale of the local membership to the extent that they desire work elsewhere and it will eventually be a hard task for the Business Agent to supply this employer with men. Business Agent states he is unable to control them.

Delegates were then invited to attend the A. F. of L. Union Industries Show at Mechanics Hall in Boston. It is a $20,000,000 affair.

It was then moved, seconded and passed that the conference meeting scheduled for June be eliminated and held instead some time during the convention in September.

Question arose as to foreman rates in our agreements and same does not have the sanction of our International to be inserted in our agreements. What an employer does in the matter of paying a job foreman above the scale is left to the discretion of the employer.

President Mullaney spoke on the coming national election and warned the delegates to get every possible friend registered and ready to vote as labor has a tremendous stake in the coming fall election, pointing out that much legislation long considered of vital importance to the workingman is lying dormant due to the opposition of anti-labor foes on Capitol Hill.

He also brought out the recent move by the anti-labor group to amend the Walsh-Healy act, passed in 1936, which provides that employers engaged in defense work must pay the wage rates prevailing for the industry in the locality where the work is performed and summing up stating that the ballot box is the key to the situation if we are going to survive and that labor just can't remain neutral in the coming election.

Secretary Sickles reported on conditions throughout our International relative to job reports and in general our entire membership is happily employed.

He reported on disputes which have arisen recently and in the past relative to our trade and of decisions handed down in favor of the Asbestos Worker and of the work entailed in filing the proper claim to the constituted authorities substantiating our request for work we have performed down through the years.

He also requested that when agreements are concluded, fill out the necessary forms jointly and mail along to our General Office as soon as possible as it takes time to have them processed by the Wage Stabilization Board for the Building Industry.

Upon motion the conference adjourned at 2 p.m. to be the guests of Local No. 6 at dinner.

Respectfully submitted,
JOHN W. HOFF,
Secretary.

PRESSURE CONGRESS

(*Continued from page 7*)

and protecting legitimate firms from sweatshop competition in bidding.

However, the amendment introduced this year by Senator Fulbright provided that purchases of items normally sold on the open market would be exempt. In short, at least half the employes involved in work on government contracts would be taken out from under this protection. One of the worst features is that government inspectors could no longer insist that health and safety standards be met.

In this time of emergency when the government is spending $70 billions a year, it seemed hardly the time to introduce such legislation unless it was to help low-wage firms in Mr. Fulbright's own state of Arkansas and other non-union areas to grab government contracts at the expense of legitimate firms.

There is plenty at stake or our enemies would not be spending millions to influence Congressmen. The very least that we can do to see that honest Congressmen are able to vote their convictions and still survive on election day is to back up our local and state Leagues for Political Education by seeing that all the members of our families are registered and out to the polls on election day.

Last but not least, every dollar contributed to the LLPE membership drive will go directly to assist Congressional candidates friendly to labor in this important election year. If our enemies can put up millions to tear down our work standards, then the least each of us can contribute is one dollar to protect ourselves.

THUMBS DOWN ON AFL RECOMMENDATIONS

The Republican National Convention turned thumbs down on the recommendations offered by the American Federation of Labor. Its labor plank favored "retention of the Taft-Hartley Act" with such amendments "as time and experience show to be desirable, and which further protect the rights of labor, management and the public." Most of this section of the platform sang the praises of the Taft-Hartley Act and listed eight rights it is supposed to guarantee to workers and five rights to labor unions.

The first "right" enumerated for the working man was:

"The right to quit his job at any time."

On social security and health the platform also negated labor's demands. On civil rights, it was weaselworded. On inflation controls, it was silent. It uttered no word on closing of tax loopholes, nor on the need for a broad housing program, nor on a program for federal aid to education.

The GOP platform wound up with the statement that the record of the 80th Congress shows what Republicans can and will do if elected. It boasted that the 80th Congress, among other things, enacted "the Taft-Hartley Act for equitable labor-management relations."

AGED WORKERS VITAL TO U. S.

It is vital to America's defense to put skilled and experienced older people to work, according to Ewan Clague, Department of Labor's commissioner of labor statistics.

"Arbitrary age discrimination against older workers who must seek new jobs and compulsory age retirement of able employes deprive our nation of productive capacity," he said. "At a time when our population is steadily aging, we must question policies which fail to utilize the skills, and abilities of willing and experienced workers."

His comments were in conjunction with the bureau's report, "Employment and Economic Status of Older Men and Women."

The report said that by 1957 there will be 63 million people over 45.

DO YOU MAKE $15,000?

Is your personal income over $15,000? If not, this won't help you much.

Prentice-Hall, Inc., a publishing house, has prepared a publication telling how persons who make that much or more can take advantage of loopholes in the tax laws. They call it a "report on the methods 'big people' use to reduce their federal taxes."

These methods—which in a burst of frankness they also call "angles"—include such gimmicks as stock options, split-ups, multiple-unit plans and family partnerships.

THE LESSON OF 1950

Trade unionists must never forget that Congress refuses to do much about inflation simply because special interests won the Congressional elections two years ago.

If more liberals had been elected in 1950, Congress wouldn't have killed effective price control. If fewer reactionaries had been sent to Washington, the Wage Stabilization Board would not have been crippled. If more members of organized labor had gone to the polls and elected their friends, the Senate and House wouldn't have dared request the President to get a Taft-Hartley injunction to force striking steel workers back into the mills.

First Lieutenant Henry A. Commiskey, USMC Medal of Honor

ONE SEPTEMBER DAY, near Yongdungp'o, Korea, Lieutenant Commiskey's platoon was assaulting a vital position called Hill 85. Suddenly it hit a field of fire from a Red machine gun. The important attack stopped cold. Alone, *and armed with only a .45 calibre pistol,* Lieutenant Commiskey jumped to his feet, rushed the gun. He dispatched its five-man crew, then reloaded, and cleaned out another foxhole. Inspired by his daring, his platoon cleared and captured the hill.

Lieutenant Commiskey says:

"After all, only a limited number of Americans need serve in uniform. But, thank God there are millions *more* who are proving their devotion in another vitally important way. *People like you,* whose successful *50-billion-dollar investment* in U.S. Defense Bonds helps make America so strong no Commie can crack us from within! *That counts plenty!*

"Our bullets alone can't keep you and your family peacefully secure. But our bullets—*and your Bonds*—do!"
