Some Facts About YOUR COVER PICTURE

The photograph on this month's cover shows President George Meany of the American Federation of Labor officially breaking ground for the new AFL Building in the Nation's Capital.

While press and photographers and newsreel cameramen recorded the historic event, President Meany, in the presence of a large gathering of labor leaders and others in Washington, wielded a shovel August 27, officially starting construction of the AFL's new $3,500,000 headquarters building.

The new eight-story structure will be located in the 800 block of world-famous Sixteenth Street in Washington's Northwest section, only about a block from the White House.

Other historic landmarks close by include St. John's Episcopal Church, at the corner of Sixteenth and I Streets—sometimes referred to as the "Church of the Presidents." Just across I Street is Lafayette Park, which is separated from the grounds of the White House by Pennsylvania Avenue, one of the world's most famous parade routes.

Located in the same sector of Washington as the new AFL Building are a number of AFL international union headquarters. The city's shopping and theatre districts, as well as many of the Capital's famous monuments, museums and other points of interest are also located within easy walking distance of the new structure.

Estimated construction time for the new headquarters is one year.

AFL Convention Highlights

The 73rd AFL Convention, meeting in Los Angeles, adopted truly forward-looking programs for a more peaceful world, a better America and a more effective labor movement.

The 1954 Convention went on record on the following:

Adoption of a 10-point program to restore full employment and bring to an end the current economic recession. To this end unions were exhorted to seek wage increases, which will increase purchasing power simultaneously.

Formulation of a foreign policy designed to bolster the Free World's defenses against Red aggression, and a recommendation that all future military and economic aid to friendly countries be tied to commitments to augment the defense program.

Unanimous approval of a plan to end jurisdictional strife among AFL affiliates. President Meany announced the plan would be sent to the various unions within ten days. (Your International Association has already approved and signed this plan.)

Reaffirmation of the AFL's No-Raiding Pact with the CIO. Subsequent to this action, President George Meany announced that conferences with the CIO toward realization and achievement of organ unity would be resumed before the end of the year.

Praise for President Meany's declaration that the AFL would be satisfied with nothing short of 100 per cent honest administration of the "sacred funds" of union health and welfare plans and for his statement that the AFL would not only cooperate with objective investigations of such plans but would also, if necessary, back up Federal legislation to assure their proper operation.

Denunciation of the shocking "deterioration" in the effectiveness of the Department of Labor, and a demand by the Convention that it be given funds adequate for the protection of the standards of American workers. That the Department of Labor headed by a man from labor was also strongly urged.

The Convention also adopted a full legislative program for 1955.

Points of the program included action to strengthen the national economy, drastic revision of the Taft-Hartley Act, reduced taxes for low-income families, a broader housing program, Federal aid to education, more adequate Social Security protections, high national standards for employment compensation, wider foreign trade with the Free World, a higher minimum wage with a shorter workweek and removal of unjust discrimination from our immigration laws.

Forty-two speakers delivered long and short addresses at the week-long forum, headquartered at the Ambassador Hotel. Considerable publicity was gained for the member unions of the American Federation of Labor by the speeches originating from the convention and from the nationally televised show, "Operation Entertainment."

Probably the speakers who attracted the most attention of the star-studded cast were AFL President George Meany, Labor Secretary James P. Mitchell and President Dwight D. Eisenhower.

Mr. Mitchell incurred the wrath of the AFL President with his caustic statements about organized labor's so-called "unfair criticism" of the Eisenhower Administration.

Keynote address of the AFL Convention was made by President George Meany, before more than 700 delegates, who gathered in Los Angeles' famed Ambassador Hotel.

President Meany opened his remarks by noting no change whatsoever in the objectives of those who dominate the Communist conspiracy.

"We, as workers, have a tremendous stake in this problem. We cannot be deluded by the illusions of peaceful intent which are part of Red propaganda today. We must be realists—we must be practical."

The AFL leader warned against any neutralism, any acceptance of the propaganda of "co-existence," things which he termed merely a change in methods—designed to bring about eventual victory for Communist philosophy.

Continuing, Meany said, "There is another way for the Free World. That is to build up our strength militarily, socially and economically."

"We must," he added, "build up our strength to the point where we will deter these people from further aggression."

"This is the task for our nation. This is the task for the Free World today, and we of labor, have a real stake in this task."

On the domestic scene, Mr. Meany stated that "in all these issues and all these speculations, we cannot lose sight of the fact that our economy here at home enters into this picture. We cannot make our contribution to the Free World until we can keep an effective, dynamic economy here at home, because if we should have an economic collapse it would bring a tremendous victory to Moscow without firing a shot."

Meany scored the Administration for its handling of the serious domestic unemployment situation, saying that what labor wants is "maximum employment, production and purchasing power."

"What did Congress do? Nothing."

"What could it have done? It could have given some tax relief to these millions of working men and women in the lower income brackets. They could have lowered the rate in those brackets." "Instead," he continued, "they gave tax relief in the amount of seven and one-half billion dollars to the great corporations and to those who, perhaps, have more than they need most of the time."

Criticizing the GOP on other points, he showed dismay at the government's lack of concern on aid to education and low-cost public housing.

Saying that we are living in an "age of slogans," President Meany drew attention to the fact that "there seems to be a definite campaign under way throughout the United States of slogans to get the American people to believe that millions of citizens out of work is not important."

Challenging recent Administration claims of 1954 being the "second best year," Meany pointed out that the cost of this second-best year up to now is two million jobs and seven billion dollars less on the tables and wage lists of the country."

On the subject of the recently signed AFL-CIO No-Raiding Pact, President Meany spoke out strongly, saying "We now expect to go ahead and see if we cannot find the solution to this question of trade union unity. We need it. We have many

problems to face that we could well face in a better way if we had trade union unity."

The head of the AFL concluded his remarks by saying that the AFL is not going to refrain from political action.

"We are going ahead under Gompers' philosophy by any method by which we feel we can make progress which is legal to carry out the purpose for which we are organized."

A highlight of the AFL Convention was an address by President Dwight Eisenhower.

Mr. Eisenhower, in his remarks, once again linked himself with the working man and recalled his 1952 promise to "earnestly, consistently and persistently try to be a friend of every man who works with his hands."

"I need not remind you—I think most of you know it—that I was a very hard worker. Maybe I have told you. My last work year before I went to West Point was 52 weeks with each week 84 hours, and not one hour off," the President smiled.

"So I have a very great comprehension of what organized labor has done for this country. I respect it; I admire them for it. And, in spite of the differences to which I have referred, I am not only friendly to that group, but to my mind they are part, a great part, of the United States of America." he concluded.

The Chief Executive defended his Administration's entire record and blamed the failure to remove Taft-Hartley's "union busting" provisions on a solid "Democratic vote in the Senate of the United States."

He upheld the decision on the highly controversial Dixon-Yates "giveaway" as means of seeing that the Federal Government does not "establish such monopolies over our lives—that it becomes the greatest vested interest of all."

He again stated his intention of recommending measures for making certain people in organized labor are not compelled to take an oath that they were anti-Communist, particularly when no one else has to do so.

"I think that is un-American. I will do my best to get rid of it," the President said.

Other major speakers before the 1954 American Federation of Labor Convention included Harold E. Stassen, Director of the Foreign Operations Administration, Nelson A. Rockefeller, Undersecretary, Department of Health, Welfare and Education, Seaborn P. Collins, newly-elected National Commander of the American Legion, Dr. Karl Gruber, Austrian Ambassador to the United States.

Chicago will be the 1955 convention city and the delegates voted Seattle, Wash., for the 1956 convention.

Delegates to the AFL's 73rd annual Convention re-elected George Meany and William Schnitzler to the top posts of President and Secretary-Treasurer, respectively, of the American Federation of Labor, together with all 15 vice presidents.

President Meany and Secretary-Treasurer Schnitzler were given standing ovations upon reelection and following their acceptance speeches, in which they pledged their best efforts to the continued growth and accomplishments of the American Federation of Labor.

"Right-To-Work" Law Deceptive

A prominent figure far from the ranks of labor—none other than Alf Landon—has come out against the so-called "right-to-work" law which will be pushed in many states legislatures next year.

Landon, the 1936 Republican Presidential candidate, said that the law is being peddled deceptively under "a catchy title" and that such laws, making the open shop compulsory, interfere with the rights of employers.

Pointing out that in Kansas, which he served as governor in the early 1930's, every employe has a right to refuse to join a union if he wishes and every employer has a right to sign a union shop contract if he wants to, Landon said:

"It is not a question of whether we believe in the union shop or not. The question involved is this legislation is governmental interference with the independence of both management and labor to negotiate whatever kind of contract they may agree upon."

DEAR SIR AND BROTHER:

Enclosed please find photo of Local No. 95 membership on parade on Labor Day of this year. We are proud to point out that we again won first prize for marching proficiency, percentage of membership on parade and smartness, defeating all other A. F. of L. Unions in Toronto and District. This is the seventh time in a row that we have won first prize.

I am again taking this opportunity of inviting you and your good wife to attend your third annual dinner dance to be held on Saturday, November 27, in the Crystal Ballroom of the King Edward Hotel, commencing at 6 p. m. I sincerely hope you can attend and if you wish that I make any reservations for you, please advise and I will gladly do so.

I talked to President William Calvin of the Boiler Makers International, who represented President Meany of the American Federation of Labor here during our Labor Day celebration and he advised me that he was pretty well acquainted with you personally, and requested that I convey his personal well wishes to both President Mullaney and yourself.

Please remember Brother Charlie Westlake and myself to President Mullaney when you next see him. Tell him "the foreigners are always thinking of him."

With kind personal regards and best wishes, permit me to remain

Fraternally yours,

M. H. NICOLS,
Business Agent, Local No. 95.

MINUTES OF CONFERENCE MEETINGS

EASTERN CANADIAN CONFERENCE

MONTREAL, QUEBEC.

September 18, 1954.

The regular quarterly meeting of the Eastern Canadian Conference of Asbestos Workers, scheduled for August 21, was postponed at the President's request and held September 18 at the Laurentian Hotel in Montreal. The meeting was called to order at 11 a. m. by Conference President M. H. Nicols.

The following delegates were in attendance: Business Agent M. H. Nicols, President Jim Tone, and Secretary William Hart, Local No. 95, Toronto, Ontario; President Edward Kane, Business Agent Joseph LaForce, and Secretary Maurice Bleau, Local No. 58, Montreal, Quebec.

Visitors to this Conference were: Jean Paul Martin and Clarence J. Greene of Local No. 58.

As this was the first meeting of the Eastern Canadian Conference, there were no minutes and no communications to be read.

Local No. 95 delegate, M. H. Nicols, reported conditions of work good with only eight men out of work, but expect to have jobs for them very shortly. Delegate Hart of Local No. 95 reported 216 members comprising 155 Mechanics and 61 Improvers. Only two members on Traveler.

Local No. 58 delegate, Joseph LaForce, reported 231 members comprised of 162 Mechanics, including 12 Travelers and 66 Improvers and three International Exempt members in the Montreal district. For the Ottawa district, 28 members—15 Mechanics and 13 Improvers. Conditions of work are poor with 42 members out of work in Montreal and 11 in Ottawa. Hope that these conditions will soon be better, as the strike of Local No. 144 of the Plumbers and Steamfitters effects Local No. 58 very much. If any nearby local is willing to help by securing employment for a few, it will be very much appreciated.

No per capita tax having been set, a motion regularly made and seconded that each of the two Canadian locals contribute $25 for a beginning.

The next Conference meeting will be held in Ottawa November 20 at the Lord Elgin Hotel at 10 a. m.

The meeting adjourned at 12:45 p. m.

Respectfully submitted,
MAURICE BLEAU,
Secretary.

The regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers was held on the above date at Plasterers' Hall, 1324 Melon Street, Philadelphia, Pa., and was called to order by President Norman L. Hoyle at 12:30 p. m. with the following delegates in attendance: Local No. 2, Pittsburgh, Pa., Fred E. Rust; Local No. 11, Baltimore, Md., Charles W. In attendance as visitors were Brothers Henry Lundy, Local No. 32; Wesley F. Goodwin and J. F. McBreen, Local No. 71, and Steve S. Dragone, Local No. 92, Columbia, S. C.

Reading of the minutes of the last regular meeting was ordered dispensed with.

Delegate Rust of Local No. 2 reported work is still very good although slowing up a bit. Travelers are still welcome. Forty hours comprise the workweek. Future prospects look good for about two years. He also reported on the new Atomic Power Plant to be erected at Shippingport, Pa., but had no details as to the amount of insulation involved. Negotiations on a new agreement are in progress.

Concluding his report he advised that Local No. 2 is to celebrate their Golden Anniversary on December 11, 1954, with a dinner-dance to be held at the Carlton House Hotel in Pittsburgh and invited the delegates to have their next Conference meeting on that date in Pittsburgh to join with the local in the celebration.

Delegate Moore of Local No. 11 reported that since the last meeting work has fallen off considerably due mostly to the shipyards winding up their orders. Approximately eight of the membership are idle at present. Housing work, a powerhouse and shopping centers comprise the present and future work, but enough is expected to keep the majority of the membership employed.

Concluding his report he advised that a new wage rate of $3.02½ per hour, plus 10 cents per hour Welfare, is now in effect.

Delegate Jakob of Local No. 14 reported that there is not much change since the last meeting, plenty of work is on hand and the future will continue along these lines. Powerhouse work, refineries, schools and the usual amount of the small variety will keep conditions on the good side for at least a year. Approximately 30 Travelers and several referrals augment the membership at present.

Delegate Hoyle of Local No. 24 reported that conditions have improved considerably since the last meeting. Powerhouse work, apartment houses, hospitals and commercial office buildings are now included in work going on and enough small variety is coming to keep conditions good for about two years. Twenty-five referrals, mostly Building Trades mechanics, are on the roster. He also advised on the increase in membership of 19 Mechanics and 14 Improvers.

Concluding his report, he advised that a wage rate of $3.12½ per hour plus 10 cents per hour Health and Welfare is now in effect, with $3.25 plus the 10 cents per hour Welfare to become effective July 1, 1955.

Delegate Springle of Local No. 32 reported conditions about the same

as last meeting. The oil industry is still moving along but a slowdown is expected in the field. Continued variety of work coming along and conditions are expected to be favorable for the next six months.

He also reported on a new agreement including a wage rate of $3.50 per hour for Mechanics and an Improver rate equivalent to 75 per cent of same. Their Health and Welfare rate has also been increased to 4 per cent. This agreement will be effective for a period of two years.

Delegate Bressler of Local No. 38 reported present conditions about the same, with the entire membership working mostly on one operation. Only one large job, a Children's Home, is in the foreseeable future, but that with a goodly portion of the small variety coming along, the prospects look fairly good.

He also advised on an increase in their wage rate of $2.93 per hour plus 10 cents per hour Health and Welfare. Concluding his report, he stated that the Philip Carey Co. has established a distributorship in the area to be known as the Culp Industrial Insulation Co.

Delegate Wardell of Local No. 42 reported that work has picked up to the extent whereby 20 Travelers and 60 referrals now augment the local membership. All of the work is 40 hours. Listed as current and future work is the duPont Experimental Laboratory, State work, schools, a catalytic plant for Sun Oil, the Wise Laboratory at West Chester, and air bases at New Castle and Dover, Del. He also advised that six Improvers have been taken into the local and that 12 additional men will be taken in shortly.

Delegate Gotwalt of Local No. 65 reported that work is beginning to slow up in the area. Majority of the small work in the territory is going non-Union for all trades, but that the Building Trades Council is doing its utmost to alleviate this condition. The Lancaster Plant of the Armstrong Cork Co. is at present employing a goodly percentage of the membership.

He also reported that the wage rate has been increased to $2.90 per hour plus 10 cents per hour Health and Welfare and a $6 per day worked Board allowance.

Delegate Grello of Local No. 71 reported that while at the present the entire membership is working, the bottom is expected to fall out in about four weeks and they will have to turn to sister locals for employment. The Pennsylvania Power and Light job is the only large operation to look forward to and it will be at least six months before our work is ready.

He reported that a new wage rate of $2.90 per hour plus 10 cents per hour Health and Welfare is now in effect.

Delegate Kopp of Local No. 89 reported a slight let-up at present but that with the initial phase of the Public Service Powerhouse job at Burlington, N. J., due about October 1, together with the cantonment expansion at McGuire Air Force Base and Fort Dix scheduled for the fall and winter months, a continued full employment period is expected. The usual small variety type of work is also a determining factor in keeping conditions favorable.

He also reported on their new agreement calling for a wage rate of $3.35 per hour plus 10 cents per hour Health and Welfare and a zone system for expenses.

Secretary Sickles, during the above-mentioned reports, gave advice and counsel wherever necessary and also gave the delegates a report on the activity at the General Office during the past quarter, agreement expirations constituted the bulk of the activity with very few work stoppages, with 12½ cents per hour being the average national increase.

He also gave an interpretation on the length of experience at the trade with respect to referral admittance and also on the eligibility of Improvers with respect to their application for Mechanics' examination.

Another highlight of his talk was on the encroachment of District 50 of the United Mine Workers into Building and Construction Trades Industry in several areas of the country.

With all business transacted, adjournment was voted and the invitation of Local No. 2, Pittsburgh, Pa., accepted, whereby our next regular meeting will be held in the city of Pittsburgh in conjunction with their Golden Anniversary celebration December 11, 1954, at the Carlton House Hotel at 10 a. m.

Respectfully submitted,
STEPHEN J. KOPP,
Secretary.

The afternoon session of the Midwest States Conference of Asbestos Workers was called to order at 2 p. m. by President Don Chrisman.

The next business was election of officers for the coming year. Brother Don Chrisman was nominated for President. After no further nominations, it was moved that the Secretary cast a white ballot for Brother Chrisman as President.

Nominations were then open for Secretary-Treasurer. Following several nominees declining, including the incumbent, who was not eligible to succeed himself, not being a delegate officially representing an affiliated local but sent to the Conference by his local as the Secretary for the purpose of turning over the records, books, financial data, etc., the nomination resulted in the election of Brother George Goodman of Local No. 27, Kansas City, Mo., as the duly elected Secretary of the Conference.

All affiliated local union business agents under the Constitution are automatically vice presidents of the Conference.

The Conference was invited to hold the next semi-annual meeting in Kansas City, which invitation was unanimously accepted with the exact date in March or April, 1955, left open to be later decided on by the officers of the Conference and the General Office.

Throughout the meeting and as the various delegates reported craft conditions and presented their local problems they were properly advised in detail as to procedure by Secretary-Treasurer Sickles, who also pointed out that the reports of the delegates to this Conference were not up to their usual optimistic standards as submitted to previous Conference meetings for some time past.

All books, property and finances, after being duly reported to the Conference delegates, were turned over to the incoming Secretary.

The newly elected Secretary, Brother Goodman, appropriately expressed his appreciation to the Conference delegates for the confidence they had shown him by his election and assured them that he would do his level best to warrant same.

With no further business before the Conference it was voted to adjourn at 5 p. m., after which the delegates and their wives were the guests of host Local No. 39 at Music Hall, 17th and Corr Streets, for cocktails and a banquet.

Your Secretary takes the liberty of quoting the unanimous expression of all Conference delegates and their wives—"a good time was had by all and many thanks to Local No. 39."

Respectfully submitted,

LES ADAIR,
Secretary.

sa; Tex., was represented by J. W. Cameron and B. J. Carter.

Also in attendance were International Vice President A. L. Hullinghorst and the following visitors: Brooks Baker of Local No. 22, Henry Armendariz of Local No. 106, H. G. Seal and Jacob Ferenz, Jr. of Local No. 113.

Each Local reported number of membership both Mechanics and Improvers, and these reports were checked with the records shown in our International Headquarters and proper corrections were made. Report showed approximately 25 men in the Armed Services from the Southwest Conference.

Local No. 10 reported work at a standstill due to crippling strikes by six other crafts which lasted 48 days. Further reported only about one-third of its membership working in its home territory with the other two-thirds out on Traveling Cards. Further reported work picking up with the future outlook fair.

Local No. 21 reported work very slow at the present time. Reported that a Statler Hotel job, some power house work, and some government project work are due to start soon and that this should make work pick up some. Further reported that the future looks very uncertain.

Local No. 22 reported work very slow at the present time with some of its membership idle. Further reported that jobs now on the books makes it appear that the future is fair for its membership.

Local No. 53 reported that several big jobs had caught up resulting in work being very slow at the present time with 10 idle members. Further reported that lack of prospects make the future appear to be not so good.

Local No. 55 reported work very slow outside of the shipyards with nearly half of its membership on Traveling Cards. Further reported that lack of work makes the future outlook dim for its membership.

Local No. 64 reported work good now with 20 Travelers being used on various jobs. Reported that work should be good for the next 60 days and that a slack period of about nine months would follow. Further reported that following the expected slack period that two power house jobs and a Texas Company addition should make the far future appear good.

Local No. 66 reported work good at the present time with 15 emergency men being used. Reported no room and board jobs available but that Travelers would be welcome at Amarillo. Further reported that power house work combined with other prospects make the future outlook fair.

Local No. 76 reported work steady at the present time with schools, dormitories, two hotels and refinery work furnishing the bulk of the work. Further reported that although security regulations prevented advance notice on certain jobs, that the future work appears to be steady for its membership.

Local No. 87 reported work shortage critical at the present with 12 members idle due to work shortage and several members on Traveling Cards. Further reported that next year appears good according to the estimates of its shops.

Local No. 94 reported that work is good now with several Travelers being used. Reported that the outcome on a picketed power house job would effect work prospects greatly. Further reported that the future seems very uncertain due to several questionable jobs.

Local No. 106 reported all members working with 22 Travelers and the need for some more of our membership to help complete various jobs. Further reported that jobs in Roswell and Alamagordo make the future seem to be very good.

Local No. 112 reported work good at the present with 5 Travelers being used. Reported that strikes of other crafts had hurt the Asbestos Workers, but that the future appears good with jobs in the Shell Oil Company, Spencer Chemical Plant, and Air Base at Lake Charles, and a hotel at Orange furnishing the bulk for future employment.

Local No. 113 reported that work had been very slow with several of its members seeking employment elsewhere. Further reported that some good size jobs about to break making the future appear to be fairly good.

Local No. 114 reported that work had been steady in this territory with all members working and using five Travelers. Further reported that the future looks fair enough to assure employment for all its members.

Local No. 115 reported work slow at the present with the future uncertain and depending upon whether several questionable jobs go union or non-union.

Local No. 102 reported that an economy program had idled several members, but that lots of work coming up makes the future very good.

As per conference custom following delegates reports, meeting was thrown into an open discussion. The delegates from Local No. 55 pointed out a problem causing concern as to the number of their membership who will be eligible to vote in the election of officers to be held in November due to the large number of their membership currently or between now and that time who will be on Traveling Cards, and advised they would further this problem soliciting the advice of the General Office.

Delegate from Local No. 114 brought up the question of a company's failure to pay off members being laid off. Delegate was given advice on the matter by Vice President Hullinghorst.

Request of maintenance Local No. 102 to become a full fledged member of the Southwest Conference instead of a fraternal member was ruled out of order by the chairman.

Request for charter issuance at Texarkana was read and after several talks against such issuance, the delegates were advised that the issuance was highly unlikely.

The application of gunnite material, responsibility for specifications, and several other questions pertaining to our craft were discussed at some length.

International Vice President Hullinghorst made a talk and stated that International Officers Mulligan and Sickles had sent their regrets at not being able to attend the conference meeting due to their attending the A. F. of L. Convention in Los Angeles, Calif.

In the election of officers, President Ben H. Green and Secretary W. A. Jackson were reelected by acclamation. Meeting concluded with Lake Charles selected as the next conference city.

Local No. 87 is to be commended for the excellent planning of entertainment for the visitors. The Alamo Room and Bluebonnet Room of the Gunter Hotel were reserved and used by the visitors for receptions starting Friday and lasting for the weekend. The ladies were guests of Local No. 87 at brunch in the Texas Room Saturday morning. Delegates, wives, and visiting contractors, I. L. Coates of the Aber Company, Ray Ranne of Ranne Insulation Co., Truitt Lusk of the Bracken Company, Joe Joseph of Johns-Manville, and Mr. Franklin of Mundet Cork attended a luncheon

in the North Terrace Room. Highlight of the luncheon was when Business Agent Wade of Local No. 87 announced that Local No. 21's office secretary, Ruth Borders, had been invited to the conference luncheon as Local 87's guest. This was an aftermath of a territorial misunderstanding between Local No. 21 and Local No. 87 in which Miss Borders, in the absence of Local No. 21's hospitalized Business Agent, more than held her own. To show that there were no hard feelings about the mixup, Brother Wade had Conference President Ben Green present a corsage to Miss Borders.

A cocktail party preceded the dinner-dance in the North Terrace Room at which everyone seemed to have a very good time.

Respectfully submitted,
W. A. JACKSON,
Secretary.

Sickles explained the attitude of the General Office and their fair position relative to their request to local unions to organize the unorganized and to maintain their proper ratio balance and that if local unions were honest and sincere in their endeavor they had nothing to fear from the General Office as to disciplinary action. He further pointed out that military withdrawals were to be counted the same as any other withdrawals when tabulating Improver ratios.

At this time Brother Bill Lewis of Local No. 5, entertainment committee, reported to the delegates a dinner, a show and dance would be held in the hotel for delegates, guests and wives, along with members and wives of Locals No. 5 and No. 20, and various employer representatives, together with our International officers and wives, and many prominent labor associates and

Secretary Chase reported that he had no credentials from Local No. 101, Billings, but that he had heard that the Local there had elected new officers so as a consequence the conference call letter may have gone astray.

Secretary Chase reported on communications, reading those that had not already been acted upon. Chairman Hutchinson ordered all filed.

Secretary-Treasurer Sickles reported on the fine functioning of the various conferences throughout the country and stated that the next ASBESTOS WORKER JOURNAL would outline proposed amalgamation of the New England States Conference and the New York State Conference, and the holding of semi-annual meetings. Brother Sickles when queried by the delegates of the procedure under Constitution to follow when members of a local union are unemployed, and Travelers are still employed within their area, advised that the Traveler be asked in a business-like manner to leave, explaining why — hand them their traveling card, accept no dues from that date on, and be advised that local unions could file International charges against the individual if they refused to leave, and the Local so desired. Brother Sickles was excused as he had an appointment in connection with A. F. of L. Convention activities.

Treasurer Ay read the bills which were instructed by unanimous vote to be paid.

1954" a standing vote being taken with 12 "yes" and 9 "no" votes. The motion was ordered adopted.

Delegates raised the question of the position of the General Office with regards to the Improver rates being 50-60-70-80 per cent of Mechanic wages. The delegates were advised by executive board members present to hold the line on any increases for Improvers until they are in compliance to proportionate rates adopted at convention.

Delegates raised the question of Improvers being rated or turned out as Mechanics, sooner than the required time. Moved and seconded "that we reaffirm our position of compliance to Constitution."

Delegates raised the question of local unions' right to reject a transfer by secret ballot, and were advised by the executive board members present in the affirmative.

Subject of next conference host request of Locals No. 29 and No. 70 for the conference to be held in San Francisco, by voice vote the request was complied with unanimously. Seattle, who had come prepared to request the next site, withdrew when the secretary read the statistics of conference sites.

General Secretary Sickles was in attendance to hear the reports of these delegates, and gave advice when needed.

On behalf of the delegates and visitors, we wish at this time to extend our appreciation for the wonderful dinner dance given by Business Agent J. Conkwright and the members of Local No. 37, on Saturday night, October 9, preceding the conference, for all members, visitors and delegates assembled. This was truly a nice affair and a credit to Local No. 37, for their efforts in seeing that all had a very good time.

After routine reports of delegates, the conference then went into a general discussion on the problems confronting our industry at the present time, in relation to the areas comprising the Central States Conference:

Some of the problems discussed were as follows:

1. Discussion of problems regarding NLRB action pertaining to the various decisions as handed down in past cases by this Board.

2. The procedure under which an Improver may be granted an International Mechanic's card.

3. The 90-day law governing traveling cards.

After these matters were thoroughly discussed, Secretary Sickles then gave advice and clarification on said matters.

1. Secretary Sickles advised on policy and procedure to be followed by Locals involved in any NLRB action and cautioned to be careful in matters relative to same.

2. Secretary Sickles explained at length, the policy of the International Organization in granting mechanic classification to G. I. Improvers, namely, that by special dispensation previously granted by the General Executive Board any ex G. I. Improver is eligible for Mechanic's examination and must be granted if requested by the G. I. after he has completed three years' actual trade experience. It was further pointed out the General Executive Board has granted further dispensation where the Local Union can, if in its opinion the conditions warrant same, grant usual mechanical examination to a non-G. I. Improver after he has had three years' actual trade experience. These examinations to be conducted under the provisions of the Joint Trade Board where the Local is operating under the Master Insulators Agreement and in other instances by examinations supervised by a committee composed jointly of representatives of the employers and the Local.

3. Secretary Sickles clarified the 90-day law governing Traveling cards and voting privileges which should not apply in cases where the membership of a Local is forced to take Traveling cards as a result of said Local being on strike. This dispensation would also apply in a case where the membership of a Local find it necessary to take a Traveling card and seek employment out of the territory as a consequence of a general strike of other building trades crafts which forced a shutdown of the building industry in the territory.

4. Secretary Sickles also advised at length regarding reports from several sources challenging Article XI of our present-day Joint Trade Agreement as in violation of the "Taft-Hartley Law" in that it constitutes a "Closed Shop." He advised that such an interpretation is wholly in error as this particular clause did in our old agreement, prior to the "Taft-Hartley Law," provide for the "Closed Shop," but has since the enactment of the law been amended and no longer contains such a provision. Comparison of the language in Article XI prior to and since the enactment of the "T-H Law" will of course substantiate these facts and as to the present-day Article XI the purpose of said article is solely for the identification as to the particular employes of a company and the type of work they are doing that are covered by the conditions of the agreement.

As a number of delegates arrived for the conference on Saturday, October 9, the afternoon of said day was spent in the disposition of problems pertaining to personal and other problems concerning the affiliated Locals involved. Secretary Sickles and myself attended a series of meetings in regard to same, and subject matters of such meetings were clarified to everyone's satisfaction.

Brother Carlton R. Sickles, who is the administrator of the Central States Welfare Plan, which now covers a total of four conference affiliated Local Unions, was present and gave advice in connection with the subject matter of welfare funds. His presence was as the direct result of making a report to the welfare fund trustees who have established the practice of holding their semi-annual meetings at the same time and place as the conference meets for the convenience of the Local Union trustees who, of necessity, have to be in that city attending the conference meeting.

The conference adjourned at 1:15 p. m. after which, the delegates, visitors and their wives enjoyed a luncheon given by the Central States Conference at the Vendome Hotel.

Respectfully submitted,
THOMAS J. O'NEIL,
Secretary.

in this moment

The prayer lingers still . . . across the table as Dad begins to serve . . . it brushes Mother's still-bowed head . . . it caresses Sally's fist as she reaches for the promised drumstick. The words of thanksgiving are being made real in this moment – the words of gratitude from a good provider to the Great Provider.

This time of security together is precious beyond all words.

The most precious gift we give or receive is the gift of security. It is the lifeblood of happiness. And only in a land like ours are we free to choose security as a goal of living.

And with this choice goes another great privilege – helping to achieve the security of our country. For, secure homes, one joining another, make up the security of America.

Let this be the goal of *your* home!

Saving for security is easy! Read every word —now! If you've tried to save and failed, chances are it was because you didn't have a *plan*. Well, here's a savings system that really works–the Payroll Savings Plan for investing in U. S. Savings Bonds. This is all you do. Go to your company's pay office, choose the amount you want to save—a few dollars a payday, or as much as you wish. That money will be set aside for you before you even draw your pay. And automatically invested in Series "E" U. S. Savings Bonds which are turned over to you.

If you can save only $3.75 a week on the Plan, in 9 years and 8 months you will have $2,137.30. If you can save as much as $18.75 a week, 9 years and 8 months will bring you $10,700!

U. S. Series "E" Savings Bonds earn interest at an average of 3% per year, compounded semi-annually, when held to maturity! And they can go on earning interest for as long as 19 years and 8 months if you wish.

If you want your interest as current income, ask your bank about 3% Series "H" Bonds which pay interest semiannually by Treasury check.

The U. S. Government does not pay for this advertisement. It is donated by this publication in cooperation with the Advertising Council and the Magazine Publishers of America.
