2. The processing of Disease Level II Claims and Disease Level IV Claims are deferred until such time, if any, that the Trustee increases the payment percentage to an amount that would result in a payment of at least $100.00 to Disease Level II and Disease Level IV claimants.

3. The statute of limitations applicable to Disease Level II and Disease Level IV Claims is tolled until such time, if any, as the Trustee increases the payment percentage to an amount that would result in a payment of at least $100.00 to Disease Level II and Disease Level IV claimants.

4. The Individual Review Process has been eliminated for all claims other than Foreign Claims.

5. The Trust will no longer maintain a list of presumptive occupations.
