INDEPENDENT AUDITOR'S REPORT

To the Trustee
API, Inc. Asbestos Settlement Trust
Minneapolis, Minnesota

We have audited the accompanying special-purpose statements of net claimants' equity of API, Inc. Asbestos Settlement Trust as of December 31, 2008 and 2007 and the related statements of changes in net claimants' equity and cash flows for the year ended December 31, 2008 and the period February 5, 2007 (inception date) through December 31, 2007. These special-purpose financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these special-purpose financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. An audit requires that we plan and perform the audit to obtain reasonable assurance about whether the special-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the special-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these special-purpose financial statements were prepared on a special-purpose basis of accounting and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. The special-purpose basis of accounting has been used in order to present the amount of equity available to current and future claimants.

In our opinion, the financial statements referred to above present fairly, in all material respects, net claimants' equity of the Trust as of December 31, 2008 and 2007 and the related statements of changes in net claimants' equity and cash flows for the year ended December 31, 2008 and the period February 5, 2007 through December 31, 2007, in conformity with the special-purpose method of accounting described in Note 2.

API, INC. ASBESTOS SETTLEMENT TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 1 DESCRIPTION OF THE TRUST

The API, Inc. Asbestos Settlement Trust (the Trust), organized pursuant to the laws of the State of Minnesota, was established according to the Third Amended Plan of Reorganization of API, Inc. as modified (the Plan). The Trust was formed to assume all asbestos claims against API. Inc., whether now existing or arising at any time hereafter, and to use the Trust's assets and income to pay holders of allowed asbestos claims in accordance with the Plan and Trust Agreement. The Trust's funding is dedicated solely to the settlement of asbestos health claims and the related costs, as defined in the Plan. The Trust was consummated on February 5, 2007.

The Trust was initially funded with cash, a promissory note from API, Inc., rights to proceeds from asbestos insurance policies and insurance settlement rights as detailed in Note 7.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States of America. The special-purpose accounting methods were adopted in order to present the amount of equity available for payment of current and future claims. These special-purpose accounting methods are as follows:

(1) The financial statements are prepared using the accrual basis of accounting.

(2) The funding received from API, Inc, API Group, Inc. and the insurance companies are added directly to net claimants' equity and the distributions to claimants are deducted directly from net claimants' equity. These funds do not represent income or expenses of the Trust.

(3) Non-interest bearing notes have not been discounted to present value.

(4) Investments are recorded at fair market value. All interest and dividend income is included in interest and dividend income on the statements of changes in net claimants' equity. Realized and unrealized gains and losses are reflected on the statements of changes in net claimants' equity.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Realized gains and losses are recorded based on the security's original cost. At the time a security is sold, all previously recorded net unrealized gains or losses are reversed and recorded as a component of unrealized gains/losses in the accompanying statements of changes in net claimants' equity.

(5) Costs of non-income producing assets, which will be exhausted during the life of the Trust and are not available for satisfying claims, are expensed as they are incurred. These items include costs of computer hardware, software and insurance premiums.

(6) The Trust does not record a deferred tax asset for net operating loss carryforwards or a deferred tax asset or liability arising from unrealized gains or losses on securities. For the year ended December 31, 2008 and the period ended December 31, 2007, the net operating loss carryforward available for use in future years was $3,100,657 and $2,869,290, respectively.

Cash and Cash Equivalents
The Trust considers unrestricted currency, demand deposits, money market accounts, and certificates of deposit with an initial maturity of three months or less to be cash and cash equivalents.

Fixed Assets
The cost of non-income producing assets that will be exhausted during the life of the Trust and are not available for satisfying claims are expensed as incurred. Since inception through December 31, 2008, the cost of fixed assets expensed includes website development costs of $4,003.

Claims Payable
Claims payable on the statements of net claimants' equity reflect claims approved but unpaid as of December 31 of each year.

Estimates
The preparation of financial statements in conformity with the special-purpose accounting methods described above requires Trust management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting periods. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 AND 2007

NOTE 3 NOTE RECEIVABLE

Note receivable as of December 31, 2008 and 2007 consisted of a promissory note from API, Inc. The original face value of the note was $26,000,000. The note calls for eighty quarterly payments of $325,000 and is due in full in March 2027. The note bears no interest. The note is secured by 51 percent of the common shares of API, Inc. and certain other assets of API, Inc. As of December 31, 2008, the note was receivable as follows:

Receivable within one year	$ 1,300,000
Receivable in future years	22,425,000
	$ 23,725,000

NOTE 4 INSURANCE SETTLEMENTS RECEIVABLE

In January 2008, settlement agreements were approved by the courts with seven insurance companies. The initial gross cash settlement amounts were $60,500,000 plus interest, net of legal fees related to the settlements. The total receivable at December 31, 2007 was $53,112,972. The insurance settlements were received during the year ended December 31, 2008.

Pursuant to the settlement agreement with one of the insurance companies, the immediate cash settlement of seven million dollars was to be paid to the Trust by February 10, 2008 and was nonrefundable. The remainder of the aggregate settlement amount is payable to the Trust upon certain criteria being met. Upon such time that the insurance company reimbursement obligation for all qualified asbestos claims related to the insurance carrier exceeds the original cash settlement amount of seven million dollars, the insurance carrier is obligated to make additional settlement payments to the Trust, up to a maximum of an additional eleven million dollars. The amount of the potential additional settlement funds is undeterminable at this time and has not been reflected in the financial statements.

NOTE 5 INVESTMENTS

Investment securities are recorded at market value as measured by quoted prices in an active market. Unrealized losses were $69,904 and $0 for the year ended December 31, 2008 and the period ended December 31, 2007, respectively. Realized gain on sale of investments was $17,546 and $0 for the year ended December 31, 2008 and the period ended December 31, 2007, respectively.

NOTE 6 PRINCIPAL PROTECTED NOTES AND LOSS ON IMPAIRMENT

During the year ended December 31, 2008, the Trust invested in four principal protected notes issued by three different investment banks. The notes, each $1,000,000, call for the return of the principal amount of the investment and potentially earnings if certain criteria are met. The earnings potential is tied to specified indices falling within a predetermined range at the maturity of the notes. The notes are set to mature March 2009 and September 2009. The notes are reported at cost basis in the statements of net claimants' equity.

During the year ended December 31, 2008, one of the investment banks for which the Trust held a principal protected note declared bankruptcy. The Trust has filed a proof of claim with the bankruptcy court. The amount of the recovery as a result of bankruptcy proceedings is undeterminable at this time. The original cost basis of the principal protected note was $1,000,000. Management believes that the investment is covered by the Securities Investor Protection Corporation up to the maximum amount of coverage of $500,000. Consequently, an impairment loss was recorded for the investment and the cost basis was reduced to reflect the estimated impaired value. The $500,000 loss on investment impairment is reflected on the statement of changes in net claimants' equity for the year ended December 31, 2008.
