Topel Forman L.L.C.
CERTIFIED PUBLIC ACCOUNTANTS

To the Trustee of
Brauer 524(g) Asbestos Trust

Independent Auditors' Report

Report on the Special-Purpose Financial Statements

We have audited the accompanying special-purpose financial statements of the Brauer 524(g) Asbestos Trust (the "Trust", organized in the State of Delaware), which comprise the special-purpose statements of net claimants' equity as of December 31, 2014 and 2013, and the related special-purpose statements of changes in net claimants equity for the years then ended, and the related notes to the special-purpose financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the special-purpose basis of accounting. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors considers internal control relevant to the Trust's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the net claimants' equity of the Brauer 524(g) Asbestos Trust as of December 31, 2014 and 2013, and the changes in net claimants' equity for the years then ended in conformity with the special-purpose basis of accounting.

Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements, which describes the basis of accounting. The financial statements are prepared on a special-purpose basis of accounting and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. The special-purpose basis of accounting has been used in order to present the amount of equity presently available to current and future claimants and the changes in equity during the periods.

Restriction on Use

This report is intended solely for the information and use of the management of the Trust, the Trustee, the beneficiaries of the Trust and the United States Bankruptcy Court for the Eastern District of Missouri and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which, upon filing with the United States Bankruptcy Court for the Eastern District of Missouri, is a matter of public record.

BRAUER 524(G) ASBESTOS TRUST

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 - Nature of trust

Description of trust

The Brauer 524(g) Asbestos Trust (the "Trust") was established in accordance with the Fourth Amended Plan of Reorganization (the "Plan"), under Chapter 11 of the United States Bankruptcy Code, of Brauer Supply Company. The purpose of the Trust is:

i) to assume liability for all asbestos personal injury claims against Brauer Supply Company;

ii) to use the Trust's assets and income to pay holders of valid asbestos personal injury claims; and

iii) to comply in all respects with the requirements for a trust set forth in Section 524(g)(2)(B)(i) of the Bankruptcy Code.

The Trust was established on February 28, 2007, the Effective Date of the Plan ("Effective Date"), and is a Qualified Settlement Fund under Internal Revenue Code Section 468B for holders of asbestos personal injury claims ("Qualified Settlement Fund"). The Trust operates as the Brauer 524(g) Asbestos Trust.

Funding of the Trust

Pursuant to the Plan, Brauer Supply Company agreed to pay $1,000,000 to the Trust and assigned its rights under insurance policies to the Trust. The Trust is pursuing its rights under assigned insurance policies.

Compensation of Trustee, Future Claims Representative and Trust Advisory Committee

Prior to 2010, the Trustee, the Future Claims Representative and the members of the Trust Advisory Committee agreed to waive their compensation. During 2010, the Trust began reimbursing the Trustee for expenses and the Future Claims Representative for fees and expenses. The Trust began compensating the Trustee for fees in 2012. Members of the Trust Advisory Committee are not reimbursed for any fees or expenses.

NOTE 2 - Summary of significant accounting policies

Basis of accounting

The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States of America. The special-purpose accounting methods are being used to better communicate the equity

Published by AsbestosClaims.Law
asbestosclaims.law/library/14260/11

NOTE 2 - Summary of significant accounting policies (continued)

Basis of accounting (continued)

available to satisfy current and future claims. These special-purpose accounting methods and the differences from accounting principles generally accepted in the United States of America are summarized as follows:

i) The special-purpose financial statements are prepared using the accrual basis of accounting, except as otherwise described herein.

ii) The statements of net claimants' equity are not classified, resulting in no separation between current and noncurrent assets and liabilities.

iii) These special-purpose financial statements do not include a statement of cash flows.

iv) Cash and cash equivalents are recorded at cost with accrued interest presented separately.

v) The funding received from Brauer Supply Company and insurance settlements has been recorded directly to net claimants' equity. These funds do not represent taxable income to the Trust. Payments to claimants are reported as deductions from net claimants' equity and do not represent expenses of the Trust for income tax purposes.

vi) The Trust's investments in marketable securities are considered as available for sale. The unrealized holdings gains/losses on these investments are included in increase (decrease) in net unrealized gains on investments on the accompanying statements of changes in net claimants' equity. Under accounting principles generally accepted in the United States of America, the unrealized holding gains/losses on available for sale investments would be included as a component of net claimants' equity reported as accumulated other comprehensive income on the statements of changes in net claimants' equity.

vii) Claims are expensed in the period in which the claims are approved for payment and an offer has been made. The settlement amount is multiplied by the applicable payment percentage, initially set at 2.6%. No liability is recorded for future claims filings and filed claims which have not approved for payments and an offer has been made. Net claimants' equity represents funding available to pay present and future claims on which no liability has been recorded.

Use of estimates

The preparation of special-purpose financial statements in conformity with the special-purpose accounting method requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the special-purpose financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting period. Actual results could differ from those estimates.

Brauer Supply Asbestos Trust Annual Reports, 2014 annual report Published by AsbestosClaims.Law
ACL Doc 14260 · Page 12 of 20 asbestosclaims.law/library/14260/12

NOTE 2 - Summary of significant accounting policies (continued)

Financial instruments

The Trust's financial instruments are cash and cash equivalents, investments in marketable securities, accrued expenses and payments to claimants. The carrying amount of cash and cash equivalents, accrued expenses and payments to claimants approximate their fair values based on their short-term nature. The fair value of the investments in marketable securities is based on quoted market prices.

Cash and cash equivalents

Cash and cash equivalents include demand deposit accounts and cash invested in money market funds. The Trust invested in short-term securities with maturities of less than one year. As of December 31, 2014 and 2013, the Trust had $1,422,457 and $1,232,396 respectively, invested in Northern Trust money market funds. At December 31, 2014 and 2013, the Trust had $300 and $40, respectively, of unrestricted cash in the filing fee account.

At December 31, 2014 and 2013, restricted cash represents filing fees received from claimants, which will be refunded if the claim is accepted and retained by the Trust if the claim does not qualify for payment.

The Trust maintained its cash and cash equivalents in accounts that are not federally insured. The Trust has not experienced any losses in such accounts, and management does not believe it is exposed to any significant credit risk on cash and cash equivalents.

Insurance settlements receivable

The Trust records insurance settlements as a receivable after all conditions are met in connection with the related signed settlement agreements.

Investments in marketable securities and related income

Investments in marketable securities, consisting of mutual funds, are reported at fair value in the statements of net claimants' equity. All marketable securities are deemed by management to be available for sale and are reported at fair value based on their quoted market prices with net holding unrealized gains or losses reported as an increase (decrease) in net unrealized gains on investments in the statements of changes in net claimants' equity. Realized gains and losses on disposals of investments are determined by the long-term high cost method and are included in realized gains on investments in the statements of changes in net claimants' equity. Interest and dividends are recognized on the accrual basis. Purchases and sales of marketable securities are recorded on the trade date.

Investments considered to be permanently impaired in value are written down to their estimated net realizable value and the write down is recorded as a realized loss on investments. Unrealized losses that are other-than-temporary based upon management's estimates using quantitative and qualitative criteria are recognized as realized investment losses. Actual results could differ from those estimates.

ACL Doc 14260 · Page 13 of 20 **asbestosclaims.law/library/14260/13**

NOTE 2 - Summary of significant accounting policies (continued)

Income taxes (continued)

The Trust follows FASB ASC 740-10, the accounting standard regarding "Accounting for Uncertain Tax Positions". This accounting standard provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in the Trust's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Trust had no unrecognized tax positions at December 31, 2014 or 2013. The tax years of 2011 through 2013 remain subject to examination by the taxing authorities. If applicable, the Trust would recognize penalties and interest related to income taxes in income tax expense.

For federal income tax purposes, the Trust is taxed as a Qualified Settlement Fund (QSF). Income and expenses associated with the Trust are taxed in accordance with Section 468B of the Internal Revenue Code. The statutory income tax rate for the Trust was 39.6% during the years ended December 31, 2014 and 2013.

The Trust records deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book and tax basis of assets and liabilities.

NOTE 3 - Investments in marketable securities

Summary of cost and fair value of investments

The following is a summary of the cost and fair value of investments in marketable securities as of December 31, 2014:

	2014		
	Fair Value	Cost	Unrealized Gain (Loss)

NOTE 3 - Investments in marketable securities (continued)

Summary of cost and fair value of investments (continued)

The following is a summary of the cost and fair value of investments in marketable securities as of December 31, 2013:

	2013		
	Fair Value	Cost	Unrealized Gain (Loss)
Mutual funds			
Fixed income securities - corporate/ government			
Northern Trust Bond Index Fund	$ 3,040,303	$ 3,082,963	$ (42,660)
Northern Trust Ultra-Short Fixed Income Fund	3,351,488	3,331,805	19,683
Fixed income securities - other bonds			
FlexShares iBoxx 3-Year Target Duration TIPS Index Fund	236,740	241,949	(5,209)
FlexShares iBoxx 5-Year Target Duration TIPS Index Fund	236,265	248,520	(12,255)
Total	$ 6,864,796	$ 6,905,237	$ (40,441)

Fair value measurements

The Trust follows Statement on Financial Accounting Standards ASC 820, "Fair Value Measurements and Disclosures", which among other matters, requires enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include short-term investments.

Level II – Pricing inputs are other than quoted market prices included in Level I, however are observable indirectly for the investment. The Trust does not carry any Level II investments.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Trust does not carry any Level III investments.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14260/15

NOTE 3 - Investments in marketable securities (continued)

Fair value measurements (continued)

The valuations of the Trust's investments in marketable securities by the above ASC 820 fair value hierarchy levels as of December 31, 2014 and 2013 are as follows:

	2014			
	Level I	Level II	Level III	Total
Investments, at fair value				
Mutual funds	$ 6,893,364	$ -	$ -	$ 6,893,364

	2013			
	Level I	Level II	Level III	Total
Investments, at fair value				
Mutual funds	$ 6,864,796	$ -	$ -	$ 6,864,796

Sale of investments

The Trust had gross proceeds of $300,000 and recognized gross losses of $2,624 from investments sold during 2014. The Trust had gross proceeds of $486,348 and recognized gross gains of $26,429 from investments sold during 2013. The Trust also included capital gain distributions in realized gain on investments totaling $5,106 and $3,426 during the years ended December 31, 2014 and 2013, respectively.

NOTE 4 - Claim Liabilities

The Trust distinguishes between claims that were resolved prior to the establishment of the Trust (Pre-petition Liquidated Claims) and claims received and processed using the Trust Documents after the creation of the Trust (Trust Claims).

The cases underlying the Pre-petition Liquidated Claims were stayed by the court until the Plan was confirmed. The Trust approved and immediately made offers to pay, subject to receiving a claimant release and the approved Payment Percentage of the liquidated value of each Pre-Petition Liquidated Claim. Certain Pre-petition Liquidated Claims were further reduced by payments made by the Debtors' insurers prior to the formation of the Trust. During the year ended December 31, 2014, no Pre-petition Liquidated Claims were paid. During the year ended December 31, 2013, $129,514 of Pre-petition Liquidated Claims were paid.

At December 31, 2014, an adjustment of $23,283 was made to reduce the Pre-petition Liquidated Claims liability. The reduction was a result of certain settling firms that no longer represent the claimants. The liability for Pre-Petition Liquidated Claims was $126,661 and $149,944 at December 31, 2014 and 2013, respectively.

Brauer Supply Asbestos Trust Annual Reports, 2014 annual report Published by AsbestosClaims.Law
ACL Doc 14260 · Page 16 of 20 asbestosclaims.law/library/14260/16

BRAUER 524(G) ASBESTOS TRUST

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 4 - Claim Liabilities (continued)

For all Trust claims, a liability for unpaid claims is recorded at the time the offer is extended and the release authorization is mailed. Funds are mailed after the approved release is signed, received, and approved by the Trust. Unpaid claims liabilities remain on the Trust's books until the offer is accepted, rejected or expires after six months. Offers may be extended an additional six months upon written request and good cause. At December 31, 2014 and 2013, respectively, there were extended offers of $29,770 and $-0-. No Trust Claims were paid in 2014 or 2013.

All claimants are entitled to the full liquidated value of their claim. Under the Amended and Restated Brauer 524(g) Asbestos Trust, Trust Distribution Procedures (the "TDP"), claimants receive an initial pro rata payment equal to the approved Payment Percentage of the claim's liquidated value. The remaining obligation for the unpaid portion of the liquidated amount is not recorded and is not a liability of the Trust, unless the Payment Percentage is increased. In that instance, the Trust would be obligated to retroactively pay the increased percentage to all previously paid claimants.

NOTE 5 - Net Claimants' Equity

The Trust was created pursuant to the Plan approved by the United States Bankruptcy Court for the Eastern District of Missouri. The TDP was adopted pursuant to the Plan. It is designed to provide fair and equitable treatment for all Trust claims that may presently exist or may arise in the future. The TDP prescribes certain procedures for distributing the Trust's limited assets, including pro rata payments and initial determination of claim value based on scheduled disease values, jurisdictions, and individual factual information concerning each claimant as set forth in the TDP.

Under the TDP, the Trust forecasts its anticipated annual sources and uses of cash until the last projected future claim has been paid. A pro rata Payment Percentage is calculated such that the Trust will have no remaining assets or liabilities after the last future claimant receives his/her pro rata share.

Based on research and testimony presented during the bankruptcy, the court approved an initial payment to claimants of 2.6% of the liquidated value of then current and estimated future claims (Payment Percentage). The TDP gives the Trustee, with the consent of the Trust Advisory Committee ("TAC") and the Futures Claims Representative, the power to periodically update its estimate of the Payment Percentage based on updated assumptions regarding its future assets and liabilities and, if appropriate, propose additional changes in the Payment Percentage. No changes have been made to the initial Payment Percentage.

BRAUER 524(G) ASBESTOS TRUST

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 6 - Income Taxes

The components of the deferred income tax asset (liability), as presented in the statements of net claimants' equity consisted of the following at December 31:

	2014	2013
Deferred tax asset (liability)		
Operating loss carryforwards	$ 62,627	$ 74,389
Unrealized (appreciation) depreciation on investments	(14,581)	16,015
Net deferred tax asset	48,046	90,404
Valuation allowance	(48,046)	(90,404)
	$ -	$ -

NOTE 7 - Contingency – insurance settlement

The Trust executed a settlement agreement with an insurance company pending certain issues that have yet to be resolved. The Trust expects a net payment of approximately $891,482 after the payment of the contingency fee. Since certain provisions relating to the settlement agreement have not been met, no amount has been accrued at December 31, 2014 and 2013.

NOTE 8 - Subsequent events

The Trust evaluated subsequent events through April 8, 2015, the date which the financial statements were available to be issued.

During March 2015 the Trust paid claims totaling $123,484, of which $93,714 related to Pre-Petition Claims and $29,770 related to Trust Claims.
