INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
C.E. Thurston & Sons, Inc. Asbestos Trust

We have audited the accompanying statements of net claimants' equity of the C.E. Thurston & Sons, Inc. Asbestos Trust (the "Trust", organized in the State of Delaware) as of December 31, 2010 and 2009 and the related statements of changes in net claimants' equity for the years then ended. These special-purpose financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these special-purpose financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these financial statements were prepared on a special-purpose basis of accounting and are not intended to be a representation in conformity with accounting principles generally accepted in the United States of America. The special-purpose basis of accounting has been used in order to better communicate the amount of equity presently available to current and future claimants.

In our opinion, the accompanying special-purpose financial statements of the C.E. Thurston & Sons, Inc. Asbestos Trust as of and for the years ended December 31, 2010 and 2009, are fairly presented, in all material respects, on the basis of accounting described in Note 2.

This report is intended solely for the information and use of the management of the Trust, the Trustee, the beneficiaries of the Trust, and the United States Bankruptcy Court for the Eastern District of Virginia and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which, upon filing with the United States Bankruptcy Court for the Eastern District of Virginia, is a matter of public record.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - BUSINESS

(a) Description of business

The C.E. Thurston & Sons, Inc. Asbestos Trust (the "Trust") was established pursuant to the Amended Plan of Reorganization dated January 27, 2006 (the "Plan") for the bankruptcy of C.E. Thurston & Sons, Inc. ("Thurston") and confirmed by Court Order dated March 30, 2006. The purpose of the Trust is:

i) to assume liability pursuant to the Plan for all asbestos claims against Thurston;

ii) to use the Trust's assets and income to pay holders of valid asbestos claims; and

iii) to comply in all respects with the requirements of a trust set forth in Section 524(g)(2)(B)(i) of the Bankruptcy Code.

The Trust was established on March 31, 2006, the Effective Date of the Plan ("Effective Date") and was deemed to be a Qualified Settlement Fund for Allowed Asbestos Disease Claimants ("Qualified Settlement Fund") by Order of Court dated March 30, 2006.

(b) Funding of the Trust

On the Effective Date, Thurston issued a 6.5%, $2,000,000 dollar promissory note to the Trust. In addition, 106.67 authorized shares of Thurston preferred stock were issued to the Trust totaling $1,000,000. Since these shares were covered by a five-year put/call provision, the exercise price was discounted at 6.5% to produce an initial recorded value of $729,881, which, if not sold, would be accreted over the next five years. From the Effective Date through May 2006, the Trust received previously agreed to sums of cash totaling $16,947,362, which consisted of contributions paid by, or on behalf of, Thurston and from pre-petition insurance proceeds. In May 2006, the Trust also received a total of $31,500,000 from two insurance settlements as required under the Plan. In August 2006, the Trust received $1,693,152 for its share of federal tax benefits received by Thurston. In 2008 and 2007, the Trust received $102,718 and $753,776, respectively, of additional contributions from Thurston.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States of America. The special-purpose accounting methods are being used to better communicate to the beneficiaries of the Trust the equity available to satisfy current and future claims. These special-purpose accounting methods and differences from accounting principles generally accepted in the United States of America are summarized as follows:

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(a) Basis of accounting (continued)

i) The financial statements are prepared using the accrual basis of accounting, except as otherwise described below.

ii) The statements of net claimants' equity are not classified, resulting in no separation between current and noncurrent assets.

iii) These special-purpose financial statements do not include a statement of cash flows.

iv) Cash and cash equivalents are recorded at cost with accrued interest shown separately.

v) The funding received and due from Thurston and others, pursuant to the Plan, has been recorded directly to net claimants' equity. These funds do not represent taxable income to the Trust. Settlements paid for asbestos claims are reported as deductions in net claimants' equity and do not represent tax-deductible expenses of the Trust. No liability is recorded for unpaid claims, outstanding offers, future claim filings and filed claims on which no offer has been made. Net claimants' equity represents funding available to pay present and future claims.

vi) The Trust's investments in marketable securities are considered as available for sale. The unrealized holding gains (losses) on these investments are included in net gain (loss) on investments in marketable securities on the accompanying statements of changes in net claimants' equity. Under accounting principles generally accepted in the United States of America, the unrealized holding gains (losses) on available for sale investments would be included as a component of net claimants' equity reported as accumulated other comprehensive income (loss) on the statements of changes in net claimants' equity.

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net claimants' equity during the reporting period. Actual results could differ from those estimates.

(b) Cash and cash equivalents

The Trust is invested in short-term securities with maturities of less than one year to be held until maturity. As of December 31, 2010 and 2009, the Trust had invested in the following:

	2010	2009
Money market funds	$ 7,719,082	$ 15,763,097

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Cash and cash equivalents (continued)

The Trust maintains its cash and cash equivalents in accounts, which, at times, are uninsured or may exceed federally insured limits with financial institutions and investment managers. The Trust has not experienced any losses in such accounts and management does not believe it is exposed to any significant credit risk on cash and cash equivalents.

(c) Investments in marketable securities and related income

The Trust is invested in a diversified portfolio of stocks and bonds. Investments in marketable securities are reported at fair value in the statements of net claimants' equity and changes in the fair value of these investments, as well as realized gains and losses, are included in net gain (loss) on investments in marketable securities reported in the statements of changes in net claimants' equity.

All marketable securities are deemed by management to be available for sale and are reported at fair value based on their quoted market prices with net unrealized gains or losses reported within net claimants' equity. Realized gains and losses on disposals of investments are determined by the specific identification method. Interest and reported dividend income are recognized on the accrual basis.

Investments considered to be permanently impaired in value are written down to their estimated net realizable value and the write down is recorded as a realized loss on investments. Unrealized losses that are other than temporary based upon management's estimates using quantitative and qualitative criteria are recognized as realized investment losses. Actual results could differ from those estimates.

The Trust's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investments, it is at least reasonably possible that significant changes in risks in the near term may materially affect the amounts reported in the financial statements.

See Note 3 for additional information relating to investments in marketable securities.

(d) Net claimants' equity

The Plan contains procedures for the distribution of the Trust's assets. Under the Plan, the Trust forecasts its anticipated sources and uses of cash until the last projected future claim has been paid. A payment percentage is then calculated such that the Trust will have no remaining assets or liabilities after the last future claimant receives his/her pro rata share. This payment percentage is subject to periodic review and adjustment. In January 2011, the Trust increased the payment percentage from 40% to 80%.

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Contributions from C.E. Thurston & Sons, Inc.

Pursuant to the Plan, the Trust received various contributions from Thurston and other entities during the period March 30, 2006 through December 31, 2006. These contributions to the Trust were as follows:

Cash contributions from Thurston	$	6,708,791
Preferred stock from Thurston at the initial discounted value plus current year accretion of $35,300		765,181
Promissory note from Thurston		2,000,000
Pre-petition insurance proceeds		11,931,723
Total	$	21,405,695

During 2007, the Trust received cash contributions from Thurston of $753,776 plus accretion on the preferred stock from Thurston of $49,737.

During 2008, the Trust received cash contributions from Thurston of $102,718 less a loss on the redemption of all of the shares of preferred stock from Thurston of $159,915. Since the original contribution of preferred stock from Thurston was recorded as a contribution from Thurston, the loss on the redemption of these preferred shares was recorded in the same account. After 2008, the Trust received no contributions from Thurston and does not expect any additional contributions.

(f) Claim settlements paid

Claim settlements paid represents the actual amount of cash paid to claimants during the year. The Trust does not record a liability for unpaid claims, outstanding offers, future claim filings and filed claims on which no offer has been made. At December 31, 2010, there were approximately $1,406,000 of claims settled but not paid.

(g) Professional fees

During the years ended December 31, 2010 and 2009, professional fees of $152,835 and $126,848, respectively, were paid to Gleason and Associates, P.C. whose managing director is the sole trustee of the Trust.

(h) Income taxes

For the years ended December 31, 2010 and 2009, federal income tax benefit was recorded in the amount of $137,291 and $124,167, respectively. No provision for state income taxes was recorded because, as a Delaware trust, the Trust has no state income tax return filing obligation and is not obligated to pay state income taxes. Funds received by the Trust from Thurston and disbursements paid to settle asbestos claims are not taxable or deductible by the Trust.

(h) Income taxes (continued)

The Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) on Income Taxes clarifies recognition, measurement, presentation and disclosure relating to uncertain tax positions. The Trust is unaware of any unrecognized tax benefits or uncertain tax positions. The Trust's federal income tax returns for tax years 2007 and beyond remain subject to examination by the Internal Revenue Service.

Fair value measurements

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities.

Level II – Pricing inputs are other than quoted market prices included in Level I, however, are observable indirectly for the investment. The Trust includes its municipal bonds in Level II, because these pricing inputs are indirectly evident through interest rates for commonly quoted credit risks.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Trust does not carry any Level III investments.

Temporary impairment of investments

The Trust evaluated investments in an unrealized loss position and considered the following investments to be temporary impairments at December 31 categorized by the amount of months that the investment was in an unrealized loss position:

	2010					
	Less than 12 months		12 Months or greater		Total	
	Fair value	Unrealized loss	Fair value	Unrealized loss	Fair value	Unrealized loss
Equity securities	$ 471,016	$ 29,887	$ 415,746	$ 219,020	$ 886,762	$ 248,907
Municipal bonds	14,045,629	166,107	1,785,368	39,312	15,830,997	205,419
Total	$ 14,516,645	$ 195,994	$ 2,201,114	$ 258,332	$ 16,717,759	$ 454,326

	2009					
	Less than 12 months		12 Months or greater		Total	
	Fair value	Unrealized loss	Fair value	Unrealized loss	Fair value	Unrealized loss
Equity securities	$ 2,338,501	$ 79,334	$ 1,220,548	$ 380,435	$ 3,559,049	$ 459,769
Municipal bonds	4,157,996	31,424	4,774,503	75,109	8,932,499	106,533
Total	$ 6,496,497	$ 110,758	$ 5,995,051	$ 455,544	$ 12,491,548	$ 566,302

The Trust's investments in equity securities are diversified among common stock of companies in various industry sectors. During 2010, the investments in an unrealized loss position continued to recover substantial portions of their original cost basis due to the continued market recoveries from the overall adverse affects of the worldwide economic recession as reflected in the major stock indices in prior years. The Trust believes that the severity of the impairment is consistent with the current market developments. Therefore, the Trust evaluated the near-term prospects of the issuer in relation to the severity and duration of the impairment; based on that evaluation, recent market recoveries, and the Trust's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value, the Trust does not consider those investments to be other-than-temporarily impaired at December 31, 2010.
