ORDER OF COURT PERMITTING THE FILING OF CERTAIN DOCUMENTS WITHOUT REOPENING THE REORGANIZATION CASES[1]

WHEREAS, this Court entered an Order of Final Decree on November 21, 2005 at Docket No. 2514 ordering that the Reorganized Debtors' Reorganization Cases be closed; and

WHEREAS, pursuant to the terms of the Confirmation Order, the Asbestos PI Trust Documents and the Silica PI Trust Documents, certain additional informational and other filings are anticipated to be made including, but not limited to (i) annual reports to be filed by the Asbestos and Silica PI Trusts; and (ii) amended Plan Exhibits filed by the Reorganized Debtors (collectively, the "Additional Filings"); and

WHEREAS, at the hearing held on November 6, 2006, this Court indicated that the Additional Filings should not necessitate the reopening of these Reorganization Cases or any related payment of filing fees; it is hereby

ORDERED, that the Clerk of this Court is directed to accept the Additional Filings and the Additional Filings shall not require the reopening of these Reorganized Cases or

[1] Capitalized terms used herein without definition shall have the meaning ascribed to such terms in the Uniform Glossary of Defined Terms for Plan Documents filed of record on November 5, 2004 (Dkt. No. 2086).

the payment of any related filing fees; and it is further

ORDERED, each such Additional Filing shall include a copy of this Order, affixed to the front of the Additional Filing; and it is further

ORDERED, that counsel for the Reorganized Debtors shall immediately serve a copy of this Order on (i) each entity set forth in the Reorganized Debtors' current Official Service List; (ii) each entity set forth on the current Bankruptcy Rule 2002 Notice List; and (iii) any other parties-in-interest, and file a certificate of service with the Clerk of the Bankruptcy Court within ten (10) days hereof; and it is further

ORDERED, that the Clerk of the Bankruptcy Court is hereby directed to make a notation on the dockets that, the Reorganization Cases (Case Nos. 03-35592, 03-35593, 03-35595, 03-35596, 03-35597, 03-35599, 03-35600, and 03-35601) have been closed.

DII INDUSTRIES, LLC ASBESTOS PI TRUST'S
2016 ANNUAL REPORT AND NOTICE OF UNCLAIMED PROPERTY

2016 ANNUAL REPORT

Pursuant to the DII Industries, LLC Asbestos PI Trust Agreement, the Trustees of the DII Industries, LLC Asbestos PI Trust ("Trust") report the following 2016 activities:

I. Financial Statements

The Trust's Special-Purpose Financial Statements with Report of Independent Auditors for the Years Ended December 31, 2016 and 2015 are attached as Exhibit A.

II. Claims Summary

A summary regarding the number and type of claims the Trust disposed of in 2016 is attached as Exhibit B.

III. Trustees' Fees, Expenses, and Activities

The Trustees earned $832,804 in 2016 (a) conducting weekly meetings with the Trust's staff and quarterly meetings with the Trust Advisory Committee and Legal Representative; (b) monitoring the Trust's financial portfolio and holding regular meetings with the Trust's financial advisors and investment managers; (c) supervising the Trust's activity in arbitrations, mediations, and litigation; (d) assessing the policies, processes, and deadlines the Trust utilizes to evaluate and resolve claims; (e) monitoring the Trust's claims processing facility's performance;

(f) evaluating the Trust's staffing needs and staff compensation; (g) supervising the Trust's claims audit program; (h) monitoring the evaluation of a subset of pending Foreign Claims; (i) reviewing and approving the Trust's financial statements; (j) overseeing the Trust's information security enhancements; and (k) otherwise administering the Trust. Additionally, the Trust reimbursed $44,081 of the expenses the Trustees incurred.

In particular, the Trustees devoted significant attention to the (a) reconsideration and redetermination of the Payment Percentage in light of updated projections of the Trust's liabilities and assets; (b) oversight of the Trust's claims audit program; and (c) revision to the list of sites at which asbestos-containing products of Halliburton and Harbison-Walker were present.

A. Payment Percentage

In 2016, professionals retained by the Trustees, in consultation with professionals retained by the Trust Advisory Committee and Legal Representative, updated the Trust's forecast of its assets and liabilities, including the number, types, and values of pending and future claims. In light of this updated forecast, the Trustees requested, and obtained the effective consent of, the Trust Advisory Committee and Legal Representative to change the Trust's applicable Payment Percentage from 35.6 percent to 50 percent. The Trust implemented this change in late 2016 and began making additional payments to claimants whose claims were subject to the 35.6 Payment Percentage.

B. Claims Audit Program

Throughout 2016, the Trustees provided ongoing guidance on the Trust's claims audit program, pursuant to which the Trust audited randomly selected claims, claims filed by certain law firms, and claims in which circumstances requiring closer review were identified. Almost weekly, the Trustees received reports on these audits from Trust staff and attorneys, and they

DII Industries Asbestos Trust Annual Reports, 2016 annual report
ACL Doc 14313 · Page 4 of 101
Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/4

regularly provided feedback in response. Through its audit program, the Trust completed audits of 631 claims in 2016. Depending on its findings in each of these audits, the Trust resolved such claims and, where appropriate, took corrective actions to address issues identified in the audits.

C. Documented Site List

Based on the Trust's review of recently available documents regarding the debtors' products and sales thereof, in 2016, the Trustees oversaw the implementation of significant revisions to its list of Documented Sites. A report of changes to the Trust's list of Documented Sites is attached as Exhibit C.

IV. Trust Advisory Committee Fees, Expenses, and Activities

In 2016, the Trust paid the Trust Advisory Committee and its legal counsel and other professionals $104,349 in fees and reimbursed $2,173 of the expenses they incurred. During the year, the Committee advised the Trustees in their performance of the activities listed above.

V. Legal Representative Fees, Expenses, and Activities

In 2016, the Trust paid the Legal Representative and its legal counsel and other professionals $103,601 in fees and reimbursed $2,853 of the expenses they incurred. Like the Trust Advisory Committee, the Legal Representative advised the Trustees in their performance of the activities listed above.

VI. Additional Information

For additional information regarding the Trust's financial statements or operations, please contact its Executive Director, Marcellene Malouf, at P.O. Box 821628, Dallas, Texas 75382 or at 214-271-0551 or go to www.diiasbestostrust.org.

REPORT OF INDEPENDENT AUDITORS

To the Trustees of the
DII Industries, LLC Asbestos PI Trust

We have audited the accompanying special-purpose financial statements of the DII Industries, LLC Asbestos PI Trust (the Trust), which comprise the statement of net claimants' equity as of December 31, 2016 and 2015, and the related statements of changes in net claimants' equity and changes in investments for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the special-purpose accounting methods adopted by the Trust and its Trustees, as described in Note 2. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Trust's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/10

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Trust as of December 31, 2016 and 2015, and the results of its operations and their changes in investments for the years then ended in conformity with the special-purpose method of accounting.

Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements, which describes the method of accounting. These financial statements were prepared pursuant to a special-purpose method of accounting, which differs from accounting principles generally accepted in the United States of America. We have used this special-purpose method of accounting to communicate to the beneficiaries of the Trust the net assets available for the payment of claims and the related operating expenses of the Trust. Our opinion is not modified with respect to this matter.

Restriction of Use

This report is intended for the information and use of the Trustees, management of the Trust, and for filing with the United States Bankruptcy Court for Western District of Pennsylvania – Pittsburgh Division, and it should not be used by anyone other than those specified parties. This restriction is not intended to limit distribution of this report, which, upon filing with the United States Bankruptcy Court for the Western District of Pennsylvania – Pittsburgh Division, is a matter of public record.

Note 1 – Description of the Trust

General

The Trust is a Pennsylvania common law trust, and is a Qualified Settlement Fund within the meaning of Treasury Department regulations issued pursuant to Section 468B of the Internal Revenue Code. The Trust was created on January 20, 2005, in connection with the plan of reorganization (the Plan) for DII Industries, LLC and certain of its affiliated debtors and debtors-in-possession (the Debtors). The Debtors were direct or indirect subsidiaries of the Halliburton Company (Halliburton). The Plan was confirmed by order entered on July 21, 2004, by the United States Bankruptcy Court for the Western District of Pennsylvania (the Order). The Order was affirmed by the United States District Court for the Western District of Pennsylvania on December 1, 2004. The Plan became effective on January 20, 2005. The purpose of the Trust is to assume the asbestos liabilities of the Debtors, Halliburton, Harbison-Walker Refractories Company, and certain other businesses and to use the Trust's assets and income to pay holders of those liabilities so that all holders of similar asbestos claims, both current and future, are treated in a substantially equivalent manner.

Halliburton, its affiliates, and other related companies were granted the protection of a permanent channeling injunction entered by the Bankruptcy Court in connection with the Order. The injunction enjoins the assertion of Asbestos Unsecured PI Trust Claims (Asbestos Claims) against those entities and channels such claims to the Trust for resolution.

The Trustees are fiduciaries to the Trust and are responsible for administering the Trust and the Trust's assets in accordance with the Plan.

The Trust is governed by a Trust Agreement (TA) and Trust Distribution Procedures (TDP) that establish the framework and criteria for allowance and payment of Asbestos Claims by the Trust.

The Trust's assets consist primarily of cash, cash equivalents, and investments, which, with the earnings on such investments, are intended to be totally consumed by the allowance and payment of claims and operation of the Trust. The percentage of the amount of each allowed claim that will actually be paid will be determined by projections of total allowable Asbestos Claims and operational expenses of the Trust, on the one hand, and total assets and net earnings, on the other.

The Trust will terminate in accordance with TA article 7.2.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/15

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The Trust's financial statements are prepared using a special-purpose accounting method adopted by the Trust and its Trustees, which differs from accounting principles generally accepted in the United States of America (GAAP). The special-purpose accounting method does not record the Trust's ultimate claims liability, but otherwise conforms with GAAP.

Cash equivalents

The Trust considers all highly liquid debt instruments purchased with an original maturity of three (3) months or less to be cash equivalents.

Investments

Investments are stated at estimated fair value. When quoted prices in active markets for identical assets are available, these quoted market prices are used to determine the fair value. In other cases the Trust may hold investments for which there is no active market or the market is dislocated. When determining the fair value of such investments, the valuation is dependent on facts and circumstances requiring judgment by management. In exercising that judgment, management relies upon the valuation by its managers and advisors. It is acceptable to use inputs based on estimates or assumptions, or to make adjustments to observable inputs to determine fair value when markets are not active and relevant observable inputs are not available.

Changes in fair value are recorded as additions and deductions to net claimants' equity. Realized gains and losses on investments in securities are calculated based on the specific identification method. The Trust records securities transactions on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recorded on an accrual basis. All investments are considered to be available for sale.

Due from hedge fund

Investments in hedge funds liquidated prior to year-end, for which amounts have not been received by the Trust, are presented as due from hedge fund on the accompanying statements of net claimants' equity.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/16

Note 2 – Summary of Significant Accounting Policies – (Continued)

Claims and claims processing expense

Amounts due to claimants for allowed claims are recorded when signed releases are received and verified. Allowed claims with signed releases that are received and verified but not paid before the end of the year are accrued as settled, but unpaid claims in the special-purpose statement of net claimants' equity. Additional or supplemental payments receive the same treatment when signed acknowledgement letters have been received and verified. See Note 4.

Claims processing expenses are recorded as incurred and are included in operating and legal expenses in the special-purpose statement of changes in net claimants' equity.

Property and equipment

Property and equipment is stated at cost less accumulated depreciation and amortization. The Trust uses both straight-line and accelerated methods of depreciation over the estimated useful lives of the assets, which range from 5 to 7 years. Depreciation expense was approximately $43,000 and $29,000 for each of the years ended December 31, 2016 and 2015, respectively, and is included in operations and legal expenses in the accompanying special-purpose statement of changes in net claimants' equity.

Net claimants' equity

The Trust, under the adopted special-purpose accounting convention, does not record the liability for future claims expected to be filed over the life of the Trust. Net claimants' equity is available for (i) the payments of allowed asbestos-related claims and (ii) operational expenses of the Trust.

Concentration of credit risk

Financial instruments, which potentially subject the Trust to concentrations of credit risk, consist primarily of cash, cash equivalents, and investments. The Trust maintains cash and cash equivalents at financial institutions it considers to be of high credit quality. At times, the Trust may have cash deposits in banks that exceed federally insured limits. The Trust has not experienced any losses in such accounts and based on consultations with its advisors, does not believe it is exposed to any significant credit risk.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/17

Note 2 – Summary of Significant Accounting Policies – (Continued)

Concentration of credit risk - continued

The Trust's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible the values of investments may change, and such changes could materially affect the value of the Trust's investment portfolio.

The Trust has a formal investment policy that provides for diversification and establishes standards to invest the Trust's assets.

Use of estimates

The preparation of the special-purpose financial statements requires the Trust's Trustees and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the financial statement date, and the reported amounts of additions to and deductions from net claimants' equity during the reporting periods. Significant items subject to such estimates and assumptions include the carrying value of investments and the recorded values of current and deferred income taxes. Actual results could differ from these estimates.

Income taxes

The Trust reports its income to the Internal Revenue Service as a Qualified Settlement Fund which is taxed at the highest rate applicable to trusts under Section 1(e) of the Internal Revenue Code (the Code). This rate was 39.6% for the years ending December 31, 2016 and 2015. The Trust is subject to federal income taxes based on modified gross income, as defined by the Code.

Deferred tax assets and liabilities are recorded based on temporary differences between the carrying amounts of assets and liabilities for financial reporting and income tax purposes using the tax rates currently in effect. A valuation allowance is established when it is more likely than not that the deferred tax assets may not be realized. The amount of income taxes the Trust pays is subject to ongoing audits by federal authorities. The Trust's estimate of the potential outcome of any uncertain tax issues is subject to the Trustees' assessment of relevant risks, facts and circumstances existing at that time. The Trust uses a more likely than not threshold for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. To the extent that the Trust's assessment of such tax positions changes, the change in estimate is recorded in the period in which the determination is made. The Trust reports tax-related interest and penalties as a component of income tax expense and operating and legal expenses, respectively. At December 31, 2016 and 2015, the Trust has no unrecognized tax benefits.

Note 2 – Summary of Significant Accounting Policies – (Continued)

Subsequent events

The Trust has evaluated events and transactions subsequent to the date of the special-purpose financial statements to determine if they require recognition or disclosure in the statements. The special-purpose financial statements consider events through April 20, 2017, the date on which the statements were available to be issued. There were no subsequent events requiring recognition or disclosure in the special-purpose financial statements.

New accounting pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). The new standard was issued to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. This standard affects any entity that enters into a lease, with some specified scope exemptions. The guidance in this Update supersedes FASB ASC 840, Leases. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Trust is currently assessing the impact of adopting this ASU on its financial statements and related disclosures.

Note 3 – Funding of the Trust

Funding of the Trust was set forth in the Plan. On January 20, 2005, its effective date, the Trust received $950,000 in cash proceeds, a note receivable from Halliburton in the amount of $30,742,628 due December 31, 2005, and 59,500,000 shares of Halliburton stock from the Debtors, which had a market value of $2,504,652,500. The value of funding, as of the effective date, totaled $2,536,345,128.

All shares of the Halliburton stock were sold on March 23, 2005, generating proceeds to the Trust of $2,481,983,000, net of fees and other charges of $46,767,000. The note receivable was paid in full at a discounted amount of $30,685,035 by December 31, 2005. The net cash realized from the funding of the Trust totaled $2,513,618,035.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/19

Note 3 – Funding of the Trust – (Continued)

The Plan also provides for additional funding through the Asbestos PI Trust Additional Funding Agreement. Under the Asbestos PI Trust Additional Funding Agreement, the Debtors are obligated to pay the Trust any insurance recoveries in excess of $2,300,000,000. This obligation ceases once the Debtors have paid an aggregate of $700,000,000 to the Trust. No proceeds were received or due during the years ended December 31, 2016 and 2015, in connection with the Asbestos PI Trust Additional Funding Agreement. No estimate of any future collection under this obligation has been recorded as it is uncertain to occur.

Note 4 – Claims Processing

The Trust reviews and determines Asbestos Claims in accordance with the TDP. The TDP provides for processing, and either disallowing or allowing, liquidating, and paying all Asbestos Claims as required by the Plan and the TA. For the years ended December 31, 2016 and 2015, approximately $169,100,000 and $67,800,000, respectively, were expensed as asbestos claims payments. On December 31, 2016 and 2015, the Trust had approximately $2,600,000 and $4,200,000, respectively, in allowed claims which were qualified for payment but were unpaid at year-end.

During 2016, the Trustees, Trust Advisory Committee ("TAC"), and Legal Representative ("LR") approved a change to the Payment Percentage to 50.0%. As a result of the change, all claims paid at a 35.6% Payment Percentage, subject to certain limitations, are to be paid an additional payment by the Trust. As of December 31, 2016, the Trust had paid approximately $103,000,000 in additional claims payments. The Trust has accrued approximately $234,000 for the payment of additional payments at December 31, 2016, which are included in settled, but unpaid claims on the Special-Purpose Statements of Net Claimants' Equity.

The TDP requires the Trust to dedicate 60% of the Maximum Available Payment (MAP), as defined in the TDP, to the payment of claims involving severe asbestosis and malignancies (Category A claims) and to dedicate 40% of the MAP to claims involving non-malignant asbestosis and pleural disease (Category B claims). This is measured annually. During the years ended December 31, 2016 and 2015, the Trust did not exhaust the MAP for either Category A or Category B claims.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/20

Note 5 – Estimated Asbestos Claims

At inception, the Trust's economic liability experts estimated that 1,851,886 claims would be filed over the life of the Trust. This projected an ultimate claims liability of approximately $3,700,000,000 before the application of the Payment Percentage. The Trust's experts updated their forecast during 2016 and estimated that 218,229 claims would be paid over the remaining life of the Trust. This estimate projects an updated remaining claims liability of $3,005,925,000 after application of the 50% Payment Percentage.

Note 6 – Trust Advisory Committee and Legal Representative

The TA sets forth the role and responsibility of the TAC and LR. The members of the TAC serve in a fiduciary capacity representing all holders of present Asbestos Claims (Current Claimants). The Trustees are required to consult with or obtain the consent of the TAC on certain matters identified in the TA and the TDP. The TAC is comprised of eight attorneys who are engaged by Current Claimants.

The LR serves in a fiduciary capacity, representing the interests of the individuals who may file an Asbestos Claim in the future, but who at this time are unknown to the Trust (Future Asbestos Claimants). His role, in part, is to protect rights of the Future Asbestos Claimants. The Trustees are required to consult with or obtain the consent of the LR on certain matters identified in the TA and the TDP.

Note 7 – Taxation

The Trust's federal income tax expense is calculated as follows:

	Years ended December 31,	
	2016	2015
Net taxable income	**$ 8,099,835**	$ 21,196,554
Tax rate	**39.6%**	39.6%
Current federal income tax expense	**3,207,535**	8,393,835
Adjustment to prior year estimates	**-**	(1,990,056)
Benefits for change in tax position	**-**	(2,516,062)
Deferred federal income tax benefit	**(4,168,686)**	(5,189,661)
Income tax benefit	**$ (961,151)**	$ (1,301,944)

The benefit for change in tax position relates to refunds received on amended returns for tax years 2011 through 2014.

The Trust's net deferred income tax liability is comprised of the tax on unrealized gains on investments of approximately $97,800,000 and $103,300,000 at December 31, 2016 and 2015, respectively.

Note 8 – Investments at Fair Value

The TA provides general guidelines for the investments of the Trust. More specific policies and guidelines are set forth in the Investment Guidelines, which were developed by the Trust's financial advisor and adopted by the Trustees.

The Trust's financial advisor and Trustees routinely review the Trust's asset allocation model and portfolio managers.

Note 8 – Investments at Fair Value – (Continued)

The estimated cost basis and fair values of the Trust's investments are as follows:

	December 31, 2016		December 31, 2015	
	Cost	**Fair Value**	Cost	Fair Value
Cash and cash equivalents	$ **60,037,660**	$ **60,037,660**	$ 109,598,056	$ 109,598,056
Equity securities	**200,546,948**	**362,549,012**	201,121,049	329,205,124
Foreign equity funds	**30,000,000**	**69,553,609**	30,000,000	67,926,572
Debt securities	**1,272,877,465**	**1,288,114,251**	1,354,457,295	1,406,837,705
Hedge funds	**71,495,797**	**160,398,269**	72,930,121	164,788,884
	$ **1,634,957,870**	$ **1,940,652,801**	$ 1,768,106,521	$ 2,078,356,341

The Trust had a cumulative net unrealized gain on investments of approximately $305,695,000 and $310,250,000 at December 31, 2016 and 2015, respectively. The Trust's net realized gain on sale of investments was approximately $728,000 and $5,110,000 for the years ended December 31, 2016 and 2015, respectively. Bond discount amortization of approximately $23,386,000 and $17,293,000 is shown net in interest and dividend income for the years ended December 31, 2016 and 2015, respectively. Investment fees and expenses included in net unrealized gain (loss) on investments was approximately $7,171,000 and $6,186,000 for the years ended December 31, 2016 and 2015, respectively.

The following are descriptions of the valuation methodologies used for financial assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There were no changes in valuation techniques during the years ended December 31, 2016 and 2015.

Cash and cash equivalents

Cash equivalents are carried at cost, which approximates fair value. Cash and cash equivalents include cash balances and money market funds, which are classified as Level 1 investments.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14313/23

Note 8 – Investments at Fair Value – (Continued)

Equity securities

All of the Trust's investments in equity securities are those which are publicly traded and are SEC filers. These securities are classified as Level I, as quoted prices are available for these securities in an active market.

Debt securities

The Trust's investments in debt securities do not have quoted market prices. Their fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flow and are classified with Level 2 of the valuation hierarchy. These Level 2 securities would include U.S. agency securities; mortgage-backed agency securities; obligations of states and political subdivisions; and certain corporate, asset-backed, and other securities.

Foreign equity funds

The Trust's investment in foreign equity funds do not have quoted market prices. Their fair values are estimated by using pricing models and quoted prices of the publicly traded international securities included in the funds. The funds are classified within Level 2 of the valuation hierarchy.

Hedge funds

The fair values for hedge funds are based on the net asset values provided by the funds, which are subject to independent financial statement audits. The Trust invests in hedge funds that pursue multiple strategies to diversify risk and reduce volatility. The Trust's independent financial advisors monitor, regularly meet with, and review each fund manager. Additionally, the Trustees regularly review manager performance reports and meet directly with the fund managers annually. As of December 31, 2016 and 2015, there were no unfunded commitments to the hedge funds.

Note 8 – Investments at Fair Value – (Continued)

Hedge funds - continued

The hedge funds are subject to various restrictions or lock-up provisions, which could prevent the Trust from realizing the current fair value estimate. There are no remaining lock-up periods that prohibit redemption; however, the Trust's investments may be subject to certain fees and expenses upon liquidation before various dates. The Trust's liquidity by exit date without fees at December 31, 2016, is summarized as follows:

Liquidity within		
0 – 6 months	$	67,403,547
7 – 12 months		51,368,142
13 – 18 months		17,313,623
Designated illiquid		24,312,957
	$	160,398,269

Financial assets with changes in fair value that are measured on a recurring basis were as follows:

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Cash and cash equivalents	**$ 60,037,660**	**$ -**	**$ -**	**$ 60,037,660**

Note 9 – Commitments and Contingencies

Leases

The Trust has a non-cancelable lease for office space that expires at the end of 2018. Rent expense for the years ended December 31, 2016 and 2015, was approximately $182,000 and $146,000, respectively.

Future minimum lease payments for the remaining non-cancelable terms of the lease are as follows:

Years Ending December 31:	Amount
2017	$ 180,231
2018	182,598
	$ 362,829

Published by AsbestosClaims.Law

Note 9 – Commitments and Contingencies – (Continued)

Retirement plan

The Trust maintains a safe-harbor 401(k) benefit plan (the Plan), which covers all employees after one year of service who work at least 1,000 hours per year. The Trust makes matching contributions to the Plan up to 4% of eligible and enrolled employees' annual compensation. The Trust also contributes 3% of every eligible employee's salary, regardless of whether an employee has elected to enroll in the Plan. The Trust's matching contributions were approximately $129,000 and $117,000 for the years ended December 31, 2016 and 2015, respectively.
