Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Trust's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF TRUST

The Hercules Chemical Company, Inc. Asbestos Trust (the Trust), organized pursuant to the laws of the State of Delaware, was established according to the First Amended Plan of Reorganization for Hercules Chemical Company, Inc. The purpose of the Asbestos Trust is to (a) assume all liability for all Trust Claims, (b) preserve, hold, manage and maximize the Asbestos Trust Assets for use in paying and otherwise satisfying Trust Claims and paying the Asbestos Trust Expenses, (c) provide for the allowance or disallowance and, if appropriate, satisfaction of all Trust Claims in accordance with the Trust Distribution Procedures, and (d) otherwise comply in all respects with the requirements of a trust set forth in §524(g)(2)(B) of the Bankruptcy Code, all in accordance with the Plan and the Trust Agreement.

The Trust was initially funded with the Asbestos Trust Assets, including, but not limited to, cash and a Promissory Note from Hercules Chemical Company, Inc., as well as rights to pursue and receive the benefits and proceeds from Asbestos Insurance Policies. (See Note 9)

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States of America. The special-purpose accounting methods were adopted in order to present the amount of equity available for payment of current and future claims. These special-purpose accounting methods are as follows:

a) The financial statement is prepared using the accrual method of accounting as modified below.

b) The funding received from Hercules Chemical Company, Inc. and its liability insurers is recorded directly to claimants' net equity. These funds do not represent income of the Trust. Distributions to the claimants are reported as deductions from claimants' net equity and do not represent expenses of the Trust.

c) Costs of non-income producing assets, which will be exhausted during the life of the Trust and are not available for satisfying claims, are expensed when incurred. These costs include prepaid expenses such as insurance.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES *(continued)*

d) Available-for-sale securities are recorded at market. All interest and dividend income on available-for-sale securities, net of investment expenses, is included in investment income on the Statements of Changes in Net Claimants' Equity. Net realized and unrealized gain and losses on available-for-sale securities are recorded as a separate component on the Statements of Changes in Net Claimants' Equity.

Cash and Cash Equivalents
Cash and cash equivalents include demand deposit accounts and cash invested in money market funds.

Claims Payable
The liability reflected in the Statements of Net Claimants' Equity represents settled but unpaid claims and outstanding offers. A claims liability is recorded once an offer is made to the claimant at an amount equal to the expected pro rata payment. No liability is recorded for future claim filings and filed claims on which no offer has been made. Claims payable includes processed, but unpaid pre-petition claims.

Estimates
The preparation of financial statements in conformity with special-purpose accounting methods described above requires Trust management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting periods. Accordingly, actual results may differ from those estimates.

Subsequent Events
In preparing these financial statements, the Trust has evaluated events and transactions for potential recognition or disclosure through April 26, 2017, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Investment securities are recorded at market value. Various inputs may be used to determine the value of the company's investments. These inputs are summarized in the three broad levels listed below. The input levels or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Level 1: Quoted prices in active markets for identical securities
Level 2: Observable inputs other than level 1 quoted prices
Level 3: Unobservable inputs

Observable inputs are inputs that other market participants may use in pricing a security. These may include quoted prices for similar securities, interest rates, prepayment spreads, credit risk, and others.

The payment percentage may be adjusted upward or downwards from time to time by the Asbestos Trust with the consent of the Trust Advisory Committee and the Legal Representative for Future Asbestos Claimants to reflect the then-current estimates of the Asbestos Trust's assets and liabilities, as well as then-estimated value of then-pending and future claims. If the Trustee, with proper consent, makes a determination to increase the payment percentage, the Trustee shall then make supplemental payments to all claimants who previously liquidated their claim against the Asbestos Trust and received payment based on a lower percentage.

The Trust distinguishes between claims that were resolved prior to the establishment of the Trust and claims received using the Trust Procedures after the creation of the Trust (Trust Claims).

HERCULES CHEMICAL COMPANY, INC. ASBESTOS TRUST

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 7 – RELATED PARTY TRANSACTIONS

During the period ended December 31, 2016 and 2015 pursuant to a trust services agreement the Trust incurred claims processing expenses of $34,386 and $39,203, respectively to a corporation owned 100% by the Trustee.

NOTE 8 – CONCENTRATION AND CREDIT RISK

The Trust's investments are in professionally managed portfolios. Such investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's investment account balances and the amounts reported in the special-purpose Statements of Net Claimants' Equity and Statements of Changes in Net Claimants' Equity.

NOTE 9 – CONTINGENCY

Pursuant to the First Amended Chapter 11 Plan of Reorganization for Hercules Chemical Company, Inc., the Trust received, among other things, the (i) rights to pursue and receive the benefits and proceeds of the Asbestos Insurance Policies, and (ii) rights to pursue and receive recovery from or as a result of any Asbestos Insurance Action with respect to the Asbestos Insurance Policies against any Asbestos Insurance Company that is not a Settling Asbestos Insurance Company. Some of these insurance companies are now in insolvency proceedings.

The Trust is currently pursuing these assets.

No amounts have been recognized in the Statements of Net Claimants' Equity or the Statements of Changes in Net Claimants' Equity as a result of these potential insurance proceeds.

During 2016, the Trust settled with one insurance company and received payment of $46,219 (shown as Contributions to Claimant's Equity). Agreed-upon additional payments of approximately $136,000 will be recognized in the financial statements when/if received.

During 2015, the Trust received a contribution to claimants' equity of $785,441 as the result of the sale of the building.

See independent auditor's report.
