Pursuant to N.Y. EPTL § 7-2.7, Edward D. Robertson, Jr., Mark A. Peterson, and Kirk P. Watson (the "Trustees") Trustees of the Manville Personal Injury Settlement Trust (the "Trust"), or John C. Sawhill, Donald M. Blinken, Daniel Fogel, Christian E. Markey, Jr., Louis Klein, Jr., Francis H. Hare, Jr., Frank J. Macchiarola, and Robert A. Falise, the former trustees of the Trust (the "Former Trustees"), have previously filed accounts of trustees (the "Trustee Accountings") for the periods January 9, 1987 (Trust Inception) through November 28, 1988; November 29, 1988 through December 31, 1989; January 1, 1990 through December 31, 1990; January l, 1991 through July 5, 1991; July 6, 1991 through December 31, 1991; January 1, 1992 through December 31, 1992; January 1, 1993 through December 31, 1993; January 1, 1994 through December 31, 1994; January 1, 1995 through June 30, 1995; July 1, 1995 through December 31, 1995; January 1, 1996 through December 31, 1996; January 1, 1997 through December 31, 1997; January 1, 1998 through December 31, 1998; January 1, 1999 through December 31, 1999; January 1, 2000 through December 31, 2000; January 1, 2001 through December 31, 2001; January 1, 2002 through December 31, 2002; January 1, 2003 through December 31, 2003; January 1, 2004 through December 31, 2004; January 1, 2005 through December 31, 2005; January 1, 2006 through December 31, 2006; January 1, 2007 through June 30, 2007; July 1, 2007 through December 31, 2007; January 31, 2008 through December 31, 2008; January 1, 2009 through December 31, 2009; January 1, 2010 through December 31, 2010; January 1, 2011 through December 31, 2011; January 1, 2012 through December 31, 2012; January 1, 2013 through December 31, 2013; January 1, 2014 through December 31, 2014; January 1, 2015 through December 31, 2015; January 1, 2016 through December 31, 2016; January 1, 2017 through December 31, 2017; January 1, 2018 through December 31, 2018; January 1, 2019 through December 31, 2019; January 1, 2020 through December 31, 2020; January 1, 2021 through December 31, 2021; January 1, 2022 through December 31, 2022; and January 1, 2023 through December 31, 2023 (collectively, the "Prior Accountings"). These Prior Accountings have been accepted and approved by the Court, thereby releasing and discharging the Trustees or the Former Trustees, as appropriate, from any further liability or responsibility respecting the matters embraced therein.

Capitalized terms used in this Account of Trustees not otherwise defined herein have the meanings set forth in the Glossary annexed to the Third Amended and Restated Supplemental Agreement dated as of February 26, 2001 between the Trust and the Manville Corporation.

The account of trustees normally filed with the Surrogate's Court of the State of New York by express trusts has herein been modified in the same manner as for the Prior Accountings. A separate Statement of Cash Flows is included herein which reports cash inflows and outflows for the period January 1, 2024 through December 31, 2024.

Both principal and income can be and are used to pay operating expenses of the Trust and Beneficiaries' claims without regard to source. Accordingly, the Trust has not separated principal from income herein or in Prior Accountings nor does the present account include

separate statements for principal and income accounts. For example, Schedule C entitled "Statement of Expenses Chargeable to Principal" has again been combined with Schedule C-2, "Statement of Administration Expenses Chargeable to Income". Other like categories have also been combined. In addition, the following schedules are inapplicable and, accordingly, have been omitted:

Schedule B - Statement of Decreases Due to Sales, Liquidations, Collections, Distribution or Uncollectibility. During the year ended December 31, 2024 there were no decreases of assets due to sales, liquidations, collections, distributions or uncollectibility.

Schedule E - Statement of New Investments, Exchanges and Stock Distributions. The Trust's remaining principal has been invested pursuant to investment criteria provided in the Trust Agreement. The resulting net investment income is reported under Schedule A-2. Schedule E is omitted because of the volume of investment transactions.

Schedule H - Computation of Commissions. No commissions were paid or are to be paid by the Trust. Trustee remuneration and expenses are reported under Schedules C and C-2.

The following Account of Trustees is cross-referenced to the Manville Personal Injury Settlement Trust Special-Purpose Consolidated Audited Financial Statements for the year ended December 31, 2024 (Financial Statements) which are annexed hereto as Exhibit A. Exhibit A is hereby and expressly incorporated by reference into and made a part of the Account of Trustees for the year January 1, 2024 through December 31, 2024.

Equities - International	26,314,625	60,861,296
Total	$296,686,964	$574,490,319

The Trust invests in professionally managed portfolios that contain common shares of publicly traded companies, U.S. government obligations, U.S. and International equities, corporate and other debt, and money market funds. Such investments are exposed to various risks such as interest rate market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's account balance in the future.

(1) Pursuant to Sections 3.01(b) (xiii) and 5.07 of the Trust Agreement a $30 million segregated security fund was established of marketable securities to secure the Trust's indemnity obligations to current Trustees with the approval of the United States Bankruptcy Court of the Southern District of New York. The investment earnings of this fund accrue to the benefit of the Trust.

In addition, under a tax agreement between the Trust and Johns Manville Corporation (JM), the Trust was required to transfer cash to an escrow account to secure the payment of its future tax obligations. The escrow balance may be increased or decreased over time. As of December 31, 2024 securities with a market value of $65.6 million were held by an escrow agent, of which $12.3 million is reported as restricted in accordance with the tax agreement.

The Trust has the following other assets as of December 31, 2024: receivables, deposits and fixed assets described in the Notes to Financial Statements.

Accrued Interest and Dividends Receivable

Interest receivable	$1,966,646
Dividends receivable	558,612
	$2,525,258

Deposits and Other Assets	$634,970

Fixed Assets

As described in Note 1 of the Notes to Consolidated Financial Statements, the costs of non-income producing assets which will be exhausted during the life of the Trust, and are not available for satisfying claims, are expensed as incurred. The cumulative balance of all fixed assets purchased, net of disposals, through December 31, 2024 is as follows:

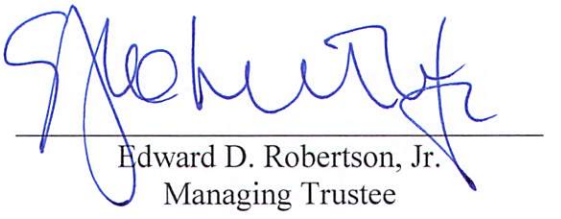

Furniture and Equipment	$322,458
Computer Hardware and Software	686,059
e-Claims Software Development	2,361,100
Total Fixed Assets	$3,369,617

SCHEDULE I - Statement of Pertinent Facts

Document Retention Policy
The Manville Trust consulted with a cyber security and privacy law attorney to update its document retention policies to comply with applicable state and federal privacy laws while maintaining data essential to the operations of the Trust. Notice of the implementation of the policy and the potential destruction of documents was provided to beneficiaries. CRMC assisted beneficiaries in obtaining copies of records in anticipation of data deletion.

AFFIRMATION OF TRUSTEES

Edward D. Robertson, Jr., hereby affirms: That the foregoing Account of Trustees, insofar as it relates to the year ended December 31, 2024, contains, according to the best of my knowledge and belief, a true statement of all the receipts and disbursements of the Trustees on account of the Trust Estate and of all monies or other property belonging to the Trust Estate which have come into the hands of the Trustees or been received by any other person by order or authority of the Trustees for their use, and that I do not know of any error or omission in the account to the prejudice of any creditor of, or person interested in, the Trust Estate.

Independent Auditor's Report

To the Trustees
Manville Personal Injury Settlement Trust

Opinion

We have audited the consolidated special-purpose financial statements of the Manville Personal Injury Settlement Trust and its subsidiary (the "Trust") (a statutory Trust originally created under the laws of the State of New York, and converted to a Delaware statutory trust in 2018), which comprise the consolidated special-purpose statements of net claimants' equity as of December 31, 2024 and 2023, and the related consolidated special-purpose statements of changes in net claimants' equity and cash flows for the years then ended, and the related notes to the consolidated special-purpose financial statements (collectively the "Financial Statements").

In our opinion, the accompanying Financial Statements present fairly, in all material respects, the financial position of the Trust as of December 31, 2024 and 2023, and the changes in net claimants' equity and its cash flows for the years then ended, in accordance with the basis of accounting described in Note 2 to the Financial Statements.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the Financial Statements, which describes the basis of accounting. The Financial Statements are prepared on a special-purpose basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. The special-purpose basis of accounting has been adopted by the Trustees to communicate the amount of net assets presently available to fund current and future claims. As a result, the Financial Statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with the special-purpose basis of accounting; this includes determining that the special-purpose basis of accounting is an acceptable basis for the preparation of the Financial Statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Financial Statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Restriction on Use

This report is intended for the information and use of the Trustees, management of the Trust, and for filing with the United States Bankruptcy Court for the Southern District of New York and is not intended to be and should be used by anyone other than these specified parties. Upon filing with the United States Bankruptcy Court for the Southern District of New York, the report is a matter of public record, which public filing does not expand the listed specified users.

Note 1 - Description of Trust

The Manville Personal Injury Settlement Trust (the "Manville Trust"), a Delaware statutory trust as of April 19, 2018, formerly organized pursuant to the laws of the State of New York, with its office in Peekskill, New York, was established pursuant to the Manville Corporation ("Manville" or "JM") Second Amended and Restated Plan of Reorganization (the "Plan"). The Manville Trust was formed to assume Manville's liabilities resulting from pending and potential litigation involving: (i) individuals exposed to asbestos who have manifested asbestos-related diseases or conditions, (ii) individuals exposed to asbestos who have not yet manifested asbestos-related diseases or conditions, and (iii) third-party asbestos-related claims against Manville for indemnification or contribution. Upon consummation of the Plan, the Trust assumed liability for existing and future asbestos health claims. The Manville Trust's funding is dedicated solely to the settlement of asbestos health claims and the related costs thereto, as defined in the Plan. The Manville Trust was consummated on November 28, 1988.

In December 1998, the Manville Trust formed a wholly owned corporation, the Claims Resolution Management Corporation ("CRMC"), to provide the Manville Trust with claim processing and settlement services. Prior to January 1, 1999, the Manville Trust provided its own claim processing and settlement services. CRMC began operations on January 1, 1999 in Fairfax, Virginia and subsequently relocated to Falls Church, Virginia. The accounts of the Manville Trust and CRMC have been consolidated for financial reporting purposes. All significant intercompany balances and transactions between the Manville Trust and CRMC have been eliminated in consolidation.

Manville Trust and CRMC (collectively, the "Trust") was initially funded with cash, Manville securities and insurance settlement proceeds. Since consummation, the Manville Trust has converted the Manville securities to cash and currently holds no Manville securities.

Note 2 - Summary of significant accounting policies

Basis of presentation

The Trust's special-purpose consolidated financial statements (the "Financial Statements") are prepared using special-purpose accounting methods adopted by the Trustees, which differ from accounting principles generally accepted in the United States of America ("GAAP"). The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the amount of equity available for payment of current and future claims. Since the accompanying Financial Statements and transactions are not based upon GAAP, accounting treatment applied by other parties for these same transactions may differ as to timing and amount. These special-purpose accounting methods and the differences from GAAP include the following:

- The Financial Statements are prepared using the accrual basis of accounting, except as otherwise described herein.

- The funding received from JM and its liability insurers was recorded directly to net claimants' equity. These funds do not represent income of the Trust. Under GAAP, fundings would be recorded as revenue and recorded upon settlement and assurance of collectability.

- Settlement offers for asbestos health claims are reported as deductions in net claimants' equity and do not represent expenses of the Trust. Under GAAP, settlement offers would be recorded as expenses of the Trust.

- Costs of non-income producing assets, which will be exhausted during the life of the Trust and are not available for satisfying claims, are expensed as they are incurred. These costs include acquisition costs of computer hardware, software, software development, office furniture and leasehold improvements. Under GAAP, payments for fixed assets are capitalized and depreciated or amortized over their useful lives of the assets.

- Future fixed liabilities and contractual obligations entered into by the Trust are recorded directly against net claimants' equity. Accordingly, the future minimum rental commitments outstanding at period end for non-cancelable operating leases, net of any sublease agreements, have been recorded as deductions to net claimants' equity and are shown as a liability in the accompanying consolidated special-purpose statements of net claimants' equity. Under GAAP, liabilities and contractual obligations are recorded over the period that is benefited by the underlying contract or agreement. Operating lease assets and liabilities would be recognized at the lease commencement date based on the present value of lease payments over the lease term.

- The liability for unpaid claims reflected in the consolidated special-purpose statements of net claimants' equity represents settled but unpaid claims and outstanding settlement offers. Post-Class Action complaint claims' liability is recorded once a settlement offer is made to the claimant (Note 5 and 7) at the amount equal to the expected pro rata payment. No liability is recorded for future claim filings and filed claims on which no settlement offer has been made. Net claimants' equity represents funding available to pay present and future claims on which no fixed liability has been recorded. Under GAAP, a liability would be recorded for an estimate of the amount to be paid for claims that have been incurred but not reported and for those claims that have been submitted but not yet approved for payment by the Trust.

- Investment securities are recorded at fair market value. All interest and dividend income on investment securities, net of investment expenses is included in investment income or loss on the consolidated special-purpose statements of changes in net claimants' equity. Realized and unrealized gains and losses on investment securities are combined and recorded on the consolidated special-purpose statements of changes in net claimants' equity. Under GAAP, the financial statements would require additional disclosures including the classification of investments into a hierarchy of levels, the basis for those levels, and a schedule outlining movement between the levels among other disclosures.

  Realized gains/losses on investment securities are recorded based on the security's original cost. At the time a security is sold, all previously recorded unrealized gains and losses are reversed and recorded net, as a component of other unrealized gains and losses in the accompanying consolidated statements of changes in net claimants' equity.

- The Trust records deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book and tax basis of assets and liabilities. Changes in deferred tax assets and liabilities are recorded in the accompanying consolidated statements of changes in net claimants' equity. Under GAAP, changes in deferred tax assets and liabilities would be included in the provision for income taxes.

- Revenue earned from claims processing services provided by CRMC to third parties is treated as a reduction of the Trust's net operating expenses (see Exhibit II). Revenue is recorded as services are provided to those third-party customers. Under GAAP, claims processing services would be recorded as revenue as services are provided to those third-party customers.

Cash and cash equivalents
Cash and cash equivalents include commercial paper, short-term bills and notes, and other highly liquid marketable securities. These securities had original maturities of three months or less when purchased.

Investments
Investments are stated at estimated fair market value as of the date of the special-purpose financial statements. Fair market value is based on quoted market prices. In some cases, the Trust may hold investments for which there is no active market. When determining the fair market value of such investments, the Trust relies upon the valuation by its managers and advisors. Changes in fair market value are recorded as increases or decreases to net claimants' equity. Realized gains and losses are calculated based on the specific identification method. The Trust records transactions on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recorded on the accrual basis. Premiums or discounts on debt securities are amortized or accreted on the effective interest method and are included in net investment income (loss), net of amortization of premiums on the accompanying special-purpose consolidated statements of changes in net claimants' equity.

Use of estimates
The preparation of Financial Statements in conformity with the special-purpose accounting methods described above, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and the reported amounts of additions and deductions to net claimants' equity during the reporting period. The most significant item subject to such estimates and assumptions include the unpaid claims. Actual results could differ from those estimates.

Income taxes
Deferred tax assets are recognized for deductible temporary differences and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more-likely-than-not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of the changes in tax laws and rates on the date of enactment. The effect of deferred tax assets and liabilities is reported net of unrealized gains and losses. See Note 10.

The amount of income taxes the Trust pays is subject to ongoing audits by federal authorities. The Trust's estimate of the potential outcome of any uncertain tax issues is subject to management's assessment of relevant risks, facts, and circumstances existing at that time. The Trust uses a more likely than not threshold for financial statement recognition and measurement of tax position taken or expected to be taken in a tax return. To the extent that the Trust's assessment of such tax position changes, the change in estimate is recorded in the period in which the determination is made. The Trust reports tax-related interest and penalties as a component of income tax expense and operating expenses, respectively.

Subsequent events
The Trust has evaluated events and transactions subsequent to the date of the Financial Statements for matters requiring recognition or disclosure in the Financial Statements. The accompanying Financial Statements consider events through February 21, 2025, the date on which the Financial Statements were available to be issued.

Note 3 - Cash equivalents and investments

The Trust had a cumulative net unrealized gain on investment securities at fair market value of approximately $287,800,000 and $266,890,000 at December 31, 2024 and 2023, respectively.

At December 31, 2024 and 2023, the Trust has recorded all of its investment securities at fair market value, as follows:

Restricted

	2024		2023	
Description	Cost	Fair market value	Cost	Fair market value

Total	$ 296,686,964	$ 574,490,319	$ 297,064,645	$ 551,168,256

The Trust invests in two types of derivative financial instruments. Equity index futures are used as strategic substitutions to cost effectively replicate the underlying index of its domestic equity investment fund. At December 31, 2024 and 2023, the fair market value of these instruments was approximately $1 million and $1.3 million, respectively, and are included in investments on the consolidated special-purpose statements of net claimants' equity. Foreign currency forwards are utilized for both currency translation purposes and to economically hedge against some of the currency risk inherent in foreign equity issues and are generally for periods up to 90 days. At December 31, 2024 and 2023, the Trust held $30.2 million and $30.8 million, respectively, in net foreign currency forward contracts. The unrealized gain at December 31, 2024 on these outstanding currency forward contracts of approximately $0.14 million is offset by an equal unrealized loss due to currency exchange on the underlying international securities. The unrealized gain at December 31, 2023 on these outstanding currency forward contracts of approximately $0.11 million is offset by an equal unrealized loss due to currency exchange on the underlying international securities. These net amounts are recorded in the consolidated special-purpose statements of net claimants' equity at December 31, 2024 and 2023.

The Trust invests in professionally managed portfolios that contain common shares of publicly traded companies, U.S. government obligations, U.S. and international equities, corporate and other debt, and money market funds. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is

reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's account balance in the future and the amounts reported in the consolidated special-purpose statements of net claimants' equity and consolidated special-purpose statements of changes in net claimants' equity.

Note 4 - Fixed assets

The cost of non-income producing assets that will be exhausted during the life of the Trust and are not available for satisfying claims are expensed as incurred. Since inception, the cost of fixed assets expensed, net of disposals, include:

	2024	2023
Acquisition of furniture and equipment	$ 322,458	$ 322,458
Acquisition of computer hardware and software	686,059	612,649
Computer software development (e-Claims)	2,361,100	2,361,100
	$ 3,369,617	$ 3,296,207

These items have not been recorded as assets, but rather as direct deductions to net claimants' equity in the accompanying Financial Statements.

Note 5 - Unpaid claims

The Trust distinguishes between claims that were resolved prior to the filing of the class action complaint on November 19, 1990, and claims resolved after the filing of that complaint. Claims resolved prior to the complaint ("Pre-Class Action Claims") were resolved under various payment plans, all of which called for 100% payment of the full liquidated amount without interest over some period of time. However, between July 1990 and February 1995, payments on all claims, except qualified exigent health and hardship claims, were stayed by the courts. By court order on July 22, 1993 (which became final on January 11, 1994), a plan submitted by the Trust was approved to immediately pay, subject to claimant approval, a discounted amount on settled, but unpaid Pre-Class Action Claims, in full satisfaction of these claims. The discount amount taken, based on the claimants who accepted the Trust's discounted offer, was approximately $135 million.

The unpaid liability for the Post-Class Action claims represents outstanding offers made in first-in, first-out ("FIFO") order to claimants eligible for settlement after November 19, 1990. Under the Trust Distribution Process ("TDP") (Note 7), claimants receive an initial pro rata payment equal to a percentage of the liquidated value of their claim. The Trust remains liable for the unpaid portion of the liquidated amount only to the extent that assets are available after paying all claimants the established pro rata share of their claims. The Trust makes these offers electronically for law firms that file their claims electronically ("e-filers"), or by sending an offer letter and a release form for claimants that file their proof of claim on paper. E-filers may accept their offers electronically and the Trust records a settled, but unpaid claim at the time of acceptance, then makes payment upon receipt of an acceptable signed release. Paper filers may accept their offer by submitting an acceptable signed release, upon receipt of which the Trust sends a check. An unpaid claim liability is recorded once an offer is made. The unpaid claim liability remains on the Trust's books until accepted or expiration of the offer after 360 days. Expired offers may be reinstated if the claimant accepts the original offer within two years of offer expiration.

Note 6 - Commitments

CRMC signed a seven-year and seven-month office lease effective October 1, 2015 at a location in Falls Church, Virginia. In October 2018, CRMC signed a lease extension at its current location in Falls Church, Virginia. This lease will expire on September 30, 2028. Future minimum rental commitments under this operating lease, as December 31, 2024 are as follows:

Year ending December 31,	
2025	$ 428,793
2026	441,651
2027	454,913
2028	350,261
	$ 1,675,618

This obligation has been recorded as a liability in the accompanying consolidated special-purpose statements of net claimants' equity.

Note 7 - Net claimants' equity

A class action complaint was filed on behalf of all Trust beneficiaries on November 19, 1990, seeking to restructure the methods by which the Trust administers and pays claims. On July 25, 1994, the parties signed a Stipulation of Settlement that included a revised TDP. The TDP prescribes certain procedures for distributing the Trust's limited assets, including pro rata payments and initial determination of claim value based on scheduled diseases and values. The Court approved the settlement in an order dated January 19, 1995 and the Trust implemented the TDP payment procedures effective February 21, 1995.

Prior to the commencement of the class action in 1990, the Trust filed a motion for a determination that its assets constitute a "limited fund" for purposes of Federal Rules of Civil Procedure 23(b)(1)(B). The Courts adopted the findings of the Special Master that the Trust is a "limited fund". In part, the limited fund finding concludes that there is a substantial probability that estimated future assets of the Trust are and will be insufficient to pay in full all claims that have been and will be asserted against the Trust.

The TDP contains certain procedures for the distribution of the Trust's limited assets. Under the TDP, the Trust forecasts its anticipated annual sources and uses of cash until the last projected future claim has been paid. A pro rata payment percentage is calculated such that the Trust will have no remaining assets or liabilities after the last future claimant receives his/her pro rata share.

Prior to the implementation of the TDP, the Trust conducted its own research and monitored studies prepared by the Courts' appointee regarding the valuation of the Trust's assets and liabilities. Based on this valuation, the TDP provided for an initial 10% payment of the liquidated value of then current and estimated future claims (pro rata payment percentage). As required by the TDP, the Trust has periodically reviewed the values of its projected assets and liabilities to determine whether a revised pro rata payment percentage should be applied. In June 2001, the pro rata percentage was reduced from 10% to 5%.

During the second and third quarters of 2002, the Selected Counsel for the Beneficiaries ("SCB") and Legal Representative of Future Claimants ("Legal Representative") and the Trust met to discuss

amending the TDP. As a result of these meetings, in late August 2002, the parties agreed to TDP amendments that are now contained in what is referred to as the "2002 TDP". The 2002 TDP principally changes the categorization criteria and scheduled values for the scheduled diseases.

In January 2008, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved an increase in the pro rata percentage from 5% to 7.5%. This proposed change received the required concurrence of the SCB and the Legal Representative in early March 2008. Under the TDP, any claimant who received less than the current pro rata percentage is entitled to receive a retroactive payment sufficient to increase their previous payment percentage to the current pro rata percentage. Accordingly, the Trust recorded a liability of $365.7 million for approximately 282,000 personal injury claimants eligible to receive a retroactive payment.

In January 2012, the Trustees amended the 2002 TDP to include a provision requiring the Trust to determine the Maximum Annual Payment ("MAP") amount, which limits the amount of claim payments in any one year based upon its projections of assets and liabilities at the current pro rata percentage. Once the claim payments in any one year reach the annual MAP amount, the Trust ceases claim payments and any unpaid claims are carried over to the next year and placed at the front of the FIFO payment queue.

In August 2014, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved a decrease in the pro rata percentage from 7.5% to 6.25%. This change received the required concurrence of the SCB and Legal Representative.

In November 2016, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved a decrease in the pro rata percentage from 6.25% to 5.1%. This change received the required concurrence of the SCB and Legal Representative. All claimants receiving offers after November 4, 2016, were paid a pro rata percentage of 5.1%.

In late 2019, the Trustees began a review of the Trust's projected assets and liabilities. Upon completion of that review, which coincided with a sharp decline in equities markets caused by the COVID-19 pandemic, reducing the value of the Trust's assets, the Trustees proposed a decrease in the pro rata percentage from 5.1% to 4.3%. After the Trust received the required concurrence of the SCB and the Legal Representative, the decrease took effect on April 28, 2020.

In February 2021, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved on February 15, 2021, an increase in the pro rata percentage from 4.3% to 5.1%. This proposed change received the required concurrence of the SCB and the Legal Representative. Under the TDP, any claimant who received less than the current pro rata percentage is entitled to receive a retroactive payment sufficient to increase their previous payment percentage to the current pro rata percentage. Accordingly, the Trust paid at the end of February 2021 approximately $5.6 million to all the personal injury claimants eligible to receive a retroactive payment. All claimants receiving offers after February 15, 2021 were paid a pro rata percentage of 5.1%.

Note 8 - Employee benefit plans

The Trust established a tax-deferred employee savings plan (the "Benefit Plan") under Section 401(k) of the Internal Revenue Code, with an effective date of January 1, 1988. On April 7, 2016, the Benefit Plan was amended and restated as the CRMC Salary Savings and Retirement Plan. The Benefit Plan allows employees to defer a percentage of their salaries within limits set by the Internal Revenue Code with CRMC matching contributions by employees of up to 6% of their salaries. The total

employer contributions and expenses under the Benefit Plan were approximately $207,700 and $198,000 for the years ended December 31, 2024 and 2023, respectively.

Note 9 - Restricted cash equivalents and investments

In order to avoid the high costs of director and officer liability insurance (approximately $2.5 million in 1990), the Trust ceased purchasing such insurance in 1991 and, with the approval of the United States Bankruptcy Court for the Southern District of New York, the Trust established a segregated security fund. Pursuant to this authority, the Trust currently maintains $30 million in a separate escrow account for the purpose of securing the obligation of the Trust to indemnify former and current Trustees. The investment earnings on these escrow accounts accrue to the benefit of the Trust.

Additionally, as a condition of the tax agreement between JM and the Trust discussed in Note 10, the Trust was required to transfer $30 million in cash to an escrow account to secure the payment of its future income tax obligations post settlement of the transaction. The escrow account balance may be increased or decreased over time. As of December 31, 2024, securities with a market value of $65.6 million were held by an escrow agent, of which $12.3 million is reported as restricted in accordance with the agreement. Any amounts in excess of the escrow amount may be withdrawn from the account by the Trust.

Note 10 - Income taxes

For federal income tax purposes, JM had elected for the qualified assets of the Trust to be taxed as a Designated Settlement Fund ("DSF"). Income and expenses associated with the DSF are taxed in accordance with Section 468B of the Internal Revenue Code, which obligates JM to pay for any federal income tax liability imposed upon the DSF. In addition, pursuant to an agreement between JM and the Trust, JM is obligated to pay for any income tax liability of the Trust. In a subsequent separate agreement between the Trust and JM to facilitate the sale of JM to a third party, JM paid the Trust $90 million to settle the JM obligation to the Trust. In return, the Trust terminated JM's contractual liability for income taxes of the DSF and agreed to indemnify JM with respect to all future income taxes of the Trust and established an escrow fund to secure such indemnification. The statutory income tax rate for this DSF is 15%. As a Delaware domiciled trust, the Trust is not subject to state income taxes. CRMC files separate federal and state corporate income tax returns.

As of December 31, 2024 and 2023, the Trust has recorded a net deferred tax liability from net unrealized gains on investment securities of approximately $43.2 million and $40 million, respectively. For the year ended December 31, 2024 and 2023, the Trust recorded deferred tax expense of approximately $3.1 million and $7.2 million, respectively, which is included in in net investment income (loss) in the consolidated special-purpose statements of changes in net claimants' equity.

As of December 31, 2024 and 2023, the Trust had a net income tax payable of approximately $502,000 and $199,000, respectively, which is included in accrued expenses on the consolidated special-purpose statements of net claimants' equity. The Trust made cash payments for income taxes of approximately $8.5 million and $4.9 million for the years ended December 31, 2024 and 2023, respectively.

Note 11 - Proof of claim forms filed

Proof of claim forms filed as December 31, 2024 and 2023 with the Trust are as follows:

	2024	2023
Claims filed	1,137,227	1,121,571
Withdrawn (1)	(109,583)	(109,047)
Expired offers (2)	(2,013)	(1,928)
Active claims	1,025,631	1,010,596
Settled claims	(1,013,971)	(998,910)
Claims currently eligible for settlement	11,660	11,686

(1) Principally claims that have received a denial notification and the claim is in an expired status for more than two years. These claims must be refiled to receive a new offer.

(2) Claims that received a Trust offer or denial, but failed to respond within the specified response period, usually 360 days. As of December 31, 2024 and 2023, approximately 250 and 253, respectively, of the claims with expired offers are still eligible to accept their original offer with a payment value of $0.68 million and $0.65 million, respectively. All claims with expired offers may be reactivated upon written request by the claimant and will be eligible for a new offer at the end of the FIFO queue.

(1) The unpaid liability for Pre-Class Action Complaint claims has been reduced based upon a plan approved by the Courts in January 1994, which requires the Trust to offer to pay a discounted amount in full satisfaction of the unpaid claim amount.

(2) Under the TDP, Post Class Action Complaint claims have been reported at a pro rata percentage of their liquidated value.

(3) Manville Liquidated Claims refers to Liquidated AH Claims (as defined in the Plan), which the Trust has paid pursuant to an order of the United States Bankruptcy Court for the Southern District of New York dated January 27, 1987.

(4) Number of personal injury claimants not identifiable.

(5) Investment receipts of separate investment escrow account established for the sub-class beneficiaries per the Stipulation of Settlement, net of income taxes.
