THE HIGHLANDS ACCOUNTING GROUP

INDEPENDENT AUDITORS' REPORT

To the Trustee and Trust Advisory Committee
M. H. Detrick Company Asbestos Trust
Leeds, Alabama

Opinion

We have audited the accompanying special-purpose financial statements of M. H. Detrick Company Asbestos Trust (A Delaware Business Trust), which comprise the special-purpose statements of net claimants' equity as of December 31, 2021 and 2020, and the related special-purpose statements of changes in net claimants' equity and cash flows for the years then ended, and the related notes to the special-purpose financial statements.

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the net claimants' equity of M.H. Detrick Company Asbestos Trust as of December 31, 2021 and 2020, and the changes in net claimants' equity and cash flows for the years then ended, on the basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of M. H. Detrick Company Asbestos Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements which describes the basis of accounting. The special-purpose financial statements are prepared on the basis of the financial reporting provisions specified in a Trust agreement, significant interpretations made by the Trustee based on court orders, bankruptcy filings, Trust Advisory Committee decisions and bankruptcy attorney opinions, as discussed in Note 2, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the financial reporting provisions of the agreement referred to above. As a result, the special-purpose financial statements may not be suitable for another purpose. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these special-purpose financial statements in accordance with the financial reporting provisions of the Trust agreement as discussed in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the special-purpose financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the special-purpose financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about M. H. Detrick Company Asbestos Trust's ability to continue as a going concern within one year after the date that the special-purpose financial statements are available to be issued.

312 LORNA SQUARE · BIRMINGHAM, ALABAMA 35216
PHONE 205.795.0240 · FAX 205.795.0309

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the special-purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the special-purpose financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the special-purpose financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the special-purpose financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of M. H. Detrick Company Asbestos Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the special-purpose financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about M. H. Detrick Company Asbestos Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

M. H. DETRICK COMPANY ASBESTOS TRUST
Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE TRUST

Nature of Organization - The M. H. Detrick Company Asbestos Trust (the Trust), organized pursuant to the laws of the state of Delaware (Delaware Business Trust), was established pursuant to the M. H. Detrick Company (Detrick) Third Amended and Joint Plan of Reorganization (the Plan). The Trust was formed to assume Detrick's liabilities with respect to any and all Asbestos Bodily Injury Claims and Demands and Asbestos Property Damage Claims and Demands (cumulatively Claims and Demands) in such a way that all holders of Claims and Demands are treated in a substantially equivalent manner. Upon consummation of the Plan, the Trust assumed liability for existing and future asbestos health and property damage claims. The Trust had initial funding and will receive ongoing fixed and contingent funding as described below. The Trust's funding is dedicated solely to the settlement of asbestos health and property damage claims and the related costs thereto, as defined in the Plan. The Trust was established on August 21, 2002.

Funding of the Trust- Initial sources of funds as described in the Plan are as follows:

i. All outstanding shares of Detrick common stock.
ii. Detrick's asbestos-related insurance coverage with a value of approximately $2,479,000.
iii. Detrick shall pay all of its income in to the Trust less a sufficient amount of operating capital to maintain successful business operations. The assets of Detrick were sold during 2018 (see Note 2).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Trust's special-purpose financial statements are prepared using accounting methods that differ from accounting principles generally accepted in the United States of America (GAAP). The special-purpose accounting methods were adopted in order to better communicate to the beneficiaries of the Trust the amount of equity available for payment of current and future claims. This basis of presentation is in accordance with the Trust agreement and significant interpretations made by the Trustee based on court orders, bankruptcy filings, Trust Advisory Committee decisions and bankruptcy attorney opinions. These special-purpose accounting methods are enumerated as follows:

i. The financial statements are prepared using the accrual basis of accounting, except as noted in the following items.
ii. Distributions received from Detrick and any insurance proceeds will be recorded directly to net claimants' equity when received. Settlement payments to settle asbestos personal injury claims will be recorded as reductions of net claimants' equity.
iii. The cost of any non-income producing assets (if any), which will be exhausted during the life of the Trust, will be expensed as incurred. This includes fixed assets and software development.
iv. Future fixed liabilities or contractual obligations (if any) entered into by the Trust will be recorded directly against net claimants' equity.
v. The liability for unpaid claims will only be recorded if the claim has been approved for payment but not yet paid. No liability will be recorded for any unfiled claims or filed claims that have not been approved for payment. Net claimants' equity represents funding available to pay present and future claims on which no fixed liability has been recorded.
vi. Investments are recorded at fair value and related gains and losses, both realized and unrealized, are reported in the special-purpose statements of changes in net claimants' equity.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14002/9

vii. The recorded value of the closely held manufacturing company has not been determined; therefore, a nominal value of $1 plus capital contributions has been presented. The original value will not be changed due to the lack of any objective means to measure changes in value. However, additional investments in the closely held manufacturing company by the Trust will increase the recorded value of the investment. This investment is seen as temporary and available to satisfy claims so the accounts of Detrick will not be consolidated. Distributions from Detrick will be recorded as additions to net claimants' equity. The assets of Detrick were sold during 2018.

In preparing the special-purpose financial statements, management evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with the special-purpose accounting methods described above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - The Trust considers all instruments with an original maturity of three months or less to be cash and cash equivalents for purposes of classification in the statement of net claimants' equity and the statement of cash flows. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. These amounts represent actual account balances held by financial institutions at the end of the period, and unlike the balance reported in the special-purpose financial statements, the account balances do not reflect timing delays inherent in reconciling items such as outstanding checks and deposits in transit. The Trust has never experienced any losses related to these balances.

Investments - Investments are stated at fair value. The specific identification method is used to determine realized gains and losses on sales of all investments other than mutual funds, which are determined using the average cost method. Gross gains from the sale of investments totaled $0 and $1,650 for the years ended December 31, 2021 and 2020, respectively. Gross losses from the sale of investments totaled $8,409 and $61 for the years ended December 31, 2021 and 2020, respectively.

M. H. Detrick Company Common Stock Interest - The Trust's stock interest represented a 100% stock interest in Detrick, now renamed Refractory Ovens. The accounts of Detrick have not been consolidated in the accompanying special-purpose financial statements because: 1) Detrick stock interests are held by the Trust (sold all assets of Detrick during 2018) in order to pay asbestos claims and, as such, the investment is likely to be temporary; and 2) the objective of the financial statements is to communicate the equity available over the life of the Trust to current and future claimants.

During the year ended December 31, 2018, the Trust sold the assets held in Detrick and renamed Detrick to Refractory Ovens. The proceeds were received through the repayment of a $300,000 note receivable during 2018 as well as other contingent additional amounts to be recognized, should they occur, related to additional terms in the sale agreement for future performance of the purchasing company. During the year ended December 31, 2019 additional proceeds of $270,699 were received after certain contingencies were met.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14002/10

M. H. Detrick Distributions - M. H. Detrick makes annual distributions (as described in IRS Code section 468B) to the Trust out of current earnings and profit, when available. These annual distributions are reported as additions to net claimants' equity. The total amounts received for the annual distribution during the year ended December 31, 2021 totaled $500,000. M.H. Detrick sold all assets during 2018 (see Note 2).

Income Taxes - For federal income tax purposes, management has elected for the assets of the Trust to be taxed as a Designated Settlement Fund. Income and expenses associated with these assets of the Trust are taxed in accordance with Section 468B of the Internal Revenue Code. Under this Code section, all transfers from Detrick and all insurance proceeds to be utilized in the settlement of asbestos-related claims are not considered taxable income, and all claim settlement payments are non-deductible. At December 31, 2021, the Trust had net operating loss carryforwards of approximately $125,000 that do not expire.

Tax positions are initially recognized in the special-purpose financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities. The Trust had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of December 31, 2021 and 2020, based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter for all open tax years.

NOTE 3 – INVESTMENTS AND FAIR VALUE OF FINANCIAL INSTRUMENTS

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Trust would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Trust has the ability to access.

Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs which are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14002/11

M. H. DETRICK COMPANY ASBESTOS TRUST
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

Money markets: Valued at amortized cost which approximates fair value.

Mutual funds, exchange traded funds and corporate equities: Valued at the closing price reported on the active market on which the individual funds/securities are traded at the close of every business day.

Government and municipal obligations: Valued using quoted prices for a similar asset in an active market or trade prices of the municipal obligations or actual bond.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments consisted of the following:

	Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value on Statement of Net Claimants' Equity	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2021					
Money market	$ 28,579	$ -	$ -	$ 28,579	$ 28,579
Government and municipal obligations	249,977	13	-	249,990	249,990
Mutual and exchange traded funds	4,222,264	231,236	(59,239)	4,394,261	4,394,261
Corporate equities	151,339	1,130	(509)	151,960	151,960
	$ 4,652,159	$ 232,379	$ (59,748)	$ 4,824,790	$ 4,824,790
December 31, 2020					
Money market	$ 602	$ -	$ -	$ 602	$ 602
Government and municipal obligations	4,069,387	6,663	(154)	4,075,896	4,075,896
	$ 4,069,989	$ 6,663	$ (154)	$ 4,076,498	$ 4,076,498

The Trust had no investments classified as level 2 or 3 at December 31, 2021 or 2020.

The cost and estimated fair value of debt securities by contractual maturity at December 31, 2021 are shown below. Expected maturities will differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

	Cost	Fair Value
Due in one year or less	$ 249,977	$ 249,990

M. H. DETRICK COMPANY ASBESTOS TRUST
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 4 - LITIGATION
The Trustee is not aware of any non-asbestos related litigation, claims or assessments against the Trust.

NOTE 5 - CLAIMS
An open claim filing period began on December 12, 2010 and was closed on February 10, 2011. During the years ended December 31, 2021 and 2020, no checks were issued to claimants for claims filed during the open claim period noted above. On the termination date of the Trust, claims previously approved but returned to the Trust are to be forwarded to a charitable organization. These claims are reflected in the special-purpose financial statements as deferred claims.

Claims and demands are handled based on procedures implemented by the Trust. These procedures are collectively referred to as the Asbestos-Related Claims Resolution and Distribution Procedures. When sufficient funds become available to pay claims, the Trust pays claimants a fixed payment amount as determined by the Trustee and approved by the Trust Advisory Committee.

The distribution procedures contain procedures for the distribution of the Trust's limited assets. Under the distribution procedures, the Trust may periodically re-evaluate its anticipated annual sources and uses of cash until the last projected future claim has been paid. Due to the limited assets of the Trust, these procedures are currently restricted to a fixed payment amount per claim in full satisfaction of each claim.

NOTE 6 - RELATED PARTY TRANSACTIONS
Trustee fees totaled $60,000 during the years ended December 31, 2021 and 2020.

ADDITIONAL INFORMATION

THE HIGHLANDS ACCOUNTING GROUP

INDEPENDENT AUDITORS' REPORT ON ADDITIONAL INFORMATION

To the Trustee and Trust Advisory Committee
M. H. Detrick Company Asbestos Trust
Leeds, Alabama

We have audited the special-purpose financial statements of the M. H. Detrick Company Asbestos Trust (A Delaware Business Trust) as of and for the years ended December 31, 2021 and 2020, and our report thereon dated March 28, 2022, which expressed an unmodified opinion on those special-purpose financial statements, appears on page 3. Our audits were conducted for the purpose of forming an opinion on the special-purpose financial statements taken as a whole. The additional information included in the schedules of operating and claim resolution expenses related to the special-purpose financial statements is presented for purposes of additional analysis and is not a required part of the special-purpose financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the special-purpose financial statements. The additional information has been subjected to the auditing procedures applied in the audits of the special-purpose financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the special-purpose financial statements or to the special-purpose financial statements themselves, and other additional procedures in accordance with the Trust agreement. In our opinion, the additional information is fairly stated in all material respects in relation to the special-purpose financial statements as a whole.

We also have previously audited, in accordance with the Trust agreement, the special-purpose statement of net claimants' equity as of December 31, 2019, and the related special-purpose statements of changes in net claimants' equity and cash flows for the year then ended (none of which is presented herein), and we expressed an unmodified opinion on those special-purpose financial statements. That audit was conducted for the purpose of forming an opinion on the special-purpose financial statements as a whole. The 2019 schedule of operating and claims resolution expenses is presented for purposes of additional analysis and is not a required part of the special-purpose financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the schedule of operating and claims resolution expenses and special-purpose financial statements. The information has been subjected to the auditing procedures applied in the audit of those special-purpose financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the special-purpose financial statements or to the special-purpose financial statements themselves, and other additional procedures in accordance with the Trust agreement. In our opinion, the schedule of operating and claims resolution expenses for the year ended December 31, 2019 is fairly stated in all material respects in relation to the special-purpose financial statements from which it has been derived.
