required for Trust governance, including maintaining the Trust's books and records, and responding to subpoenas for information and other processes.

The process for reviewing and liquidating Asbestos PI Claims is governed by the "TDP," a Plan Document adopted pursuant to the Confirmation Order. *See* T H Agriculture & Nutrition, L.L.C. Asbestos Personal Injury Trust Distribution Procedures, Docket No. 425. The TDP recognizes that estimates of liabilities and the value of assets fluctuate over time and, accordingly, applies a "Payment Percentage" to the liquidated value of allowed Asbestos PI Claims. *See* TDP, § 2.3. The TDP directs the Trustees to periodically "reconsider the then-applicable Payment Percentage to assure that it is based on accurate, current information," and to adjust the Payment Percentage upward or downward if necessary with the consent of the TAC and the FCR. *Id.* at § 4.2. In making this determination, the Trustees are directed to "base their determination of the Payment Percentage on current estimates of the number, types, and values of present and future Asbestos PI Claims, the value of the assets then available to the Asbestos PI Trust for their payment, all anticipated administrative and legal expenses, and any other material matters that are reasonably likely to affect the sufficiency of funds to pay a comparable percentage of full value to all present and future holders of Asbestos PI Claims." *Id.* The Trustees are further directed to "exercise common sense and flexibly evaluate all relevant factors." *Id.* The Payment Percentage in 2015 was 30%, which was applied to Asbestos PI Claims paid in 2015.

The Trust designated its counsel, Stutzman, Bromberg, Esserman & Plifka, as the custodian of Trust records.

Trustees
T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust
Florham Park, New Jersey

We have audited the accompanying special-purpose financial statements of T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust (the Trust) which comprise the special-purpose statements of assets, liabilities and net claimants' equity as of December 31, 2015 and 2014, and the related special-purpose statements of changes in net claimants' equity and special-purpose statements of cash flows for the years then ended and the related notes to the special-purpose financial statements.

Management's Responsibility for the Special-Purpose Financial Statements

Management is responsible for the preparation and fair presentation of the special-purpose financial statements in accordance with the basis of accounting described in Note 2 to the special-purpose financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of special-purpose financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these special-purpose financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special-purpose financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the special-purpose financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the special-purpose financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the special-purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the special-purpose financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Opinion

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the net claimants' equity of T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust as of December 31, 2015 and 2014, and the changes in net claimants' equity and cash flows for the years then ended in accordance with the special-purpose basis of accounting described in Note 2 to the special-purpose financial statements.

Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements, which describes the basis of accounting. As described in Note 2, these special-purpose financial statements were prepared on a special-purpose basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified on this matter. The special-purpose basis of accounting has been used in order to communicate the amount of net equity presently available to fund current and future claimants.

Restriction of Use

Our report is intended solely for the information and use of the Trust, the Trustees, the beneficiaries of the Trust, and the United States Bankruptcy Court for the Southern District of New York and is not intended to be and should not be used by anyone other than these specified parties. Notes to the Special-Purpose Financial Statements

1. Description of the Trust

The T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust (the Trust), organized pursuant to the laws of the State of Delaware, was established on November 30, 2009 and is a "qualified settlement fund" pursuant to the meaning of Section 1.468B-1 et seq. to the Treasury Regulations promulgated under Section 468B of the Internal Revenue Code. The Trust was formed to assume all Asbestos PI Trust Claims (whether now existing or arising at any time hereafter) and to use the Asbestos PI Trust assets to pay holders of claims in accordance with the Asbestos PI Trust Agreement. The Trust's funding is dedicated solely to the settlement of asbestos personal injury claims and the related costs thereto, as defined in the T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust Agreement (Trust Agreement). The Trust's principal office is in Wilmington, Delaware and its administrative office is located in Florham Park, New Jersey. Defined terms have the meaning that is defined in the Trust Agreement.

2. Significant Accounting Policies

Basis of Presentation

The Trust's financial statements are prepared using special-purpose accounting methods adopted by the Trustees, which differ from accounting principles generally accepted in the United States of America (GAAP). The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the net claimants' equity and related operating expenses of the Trust. Since the accompanying special-purpose financial statements and transactions are not based upon GAAP, accounting treatment by other parties for these same transactions may differ as to timing and amount. The special-purpose accounting methods include the following:

a. Investment securities are recorded at fair market value. All interest and dividend income, net of investment expenses, are included in investment income in the accompanying special-purpose statements of changes in net claimants' equity. Net realized and unrealized gains and (losses) on investment securities are recorded as a net addition or (deduction) in the special-purpose statements of changes in net claimants' equity.

b. Taxable and nontaxable fixed income securities are stated at amortized cost, with amortization and accretion of bond premiums or discounts included in investment income.

c. Future fixed liabilities under contractual obligations and other agreements entered into by the Trust are recorded as deductions in the same period that such contractual obligations or agreements are signed. Under GAAP, liabilities and contractual obligations are recorded over the period that is benefited by the underlying contract or agreement.

d. The full amounts of claims are generally treated as deductions from net claimants' equity in the period in which the settled claims are approved for payment. A settled claim is a claim that has been accepted by the claimant, with an executed release submitted to the Trust, and approved by the Trustees. Under GAAP, a liability would be recorded for an estimate of the amount to be paid for claims that have been incurred but not yet reported, and for those claims that have been submitted but not yet approved for payment by the Trust.

e. Income tax expense is estimated and recorded as incurred in the period in which certain income and expense items affect current federal income taxes payable. Income tax refunds

Published by AsbestosClaims.Law
asbestosclaims.law/library/14466/25

are recorded when cash is received by the Trust. Under GAAP, the provision for income taxes is recorded based upon income reported for financial statement purposes, and federal and state income taxes both currently payable and changes in deferred taxes due to differences between financial reporting and tax bases of assets and liabilities, such as unrealized gains and losses on investment securities.

Use of Estimates

The preparation of special-purpose financial statements in conformity with the special-purpose accounting methods described above requires the Trust to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and the disclosure of contingent assets and liabilities at the date of the special-purpose financial statements, as well as the reported amounts of additions and deductions to net claimants' equity during the reporting period. Actual results could differ from those estimates and such differences could have a material effect on net claimants' equity.

Cash Equivalents and Investment Securities

The Trust considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Investment securities are stated at fair market value with changes in unrealized gains and losses recorded in the current period. Investment income is recognized when earned. Any unearned interest and dividend income is recorded as accrued interest and dividends receivable. Realized gains and losses on sales are determined using the specific identification method.

Accrued Claims, Accrued Expenses and Accounts Payable

Accrued claims consist of certain claims that are settled but unpaid at December 31, 2015 and 2014. A settled claim is a claim that has been accepted by the claimant, with an executed release submitted to the Trust, and approved by the Trustees. An unpaid claim is a claim that has been approved for payment by the Trustees, but cannot be paid due to annual cap limitations or has been authorized by the Trustees and not paid. Unpaid claims that are a result of annual cap limitations are recorded when settled.

Accrued expenses and accounts payable consist of outstanding invoices associated with managing the Trust.

Operating Expenses

Operating expenses of the Trust are recorded as deductions on the special-purpose statements of changes in net claimants' equity in the period in which the invoices are received and approved.

Income Taxes

The Trust is classified as a Qualified Settlement Fund under the Internal Revenue Code. As a result, the Trust is subject to federal income taxes based on modified gross income. In the opinion of Trust's management, the Trust is not subject to state income taxes, and therefore, special-purpose financial statements do not include any provision or liability for state income taxes.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14466/26

T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust

Notes to the Special-Purpose Financial Statements

The Trust files income tax returns in the United States of America (U.S.) federal jurisdiction. Since the Trust was formed during 2009, no U.S. federal income tax returns are closed under statute of limitations.

The Trust records income tax expense (or benefit) associated with amounts payable (or receivable) under current federal income taxes, and does not record a provision for (or benefit from) deferred taxes. Accordingly, there is no provision for deferred taxes associated with changes in cumulative unrealized gains and losses on investments (see Note 4). The income taxes associated with gains on investments will be recorded in the Trust's special-purpose financial statements when the net gains are realized (i.e. the securities are sold) and the income taxes become currently payable.

Risk and Uncertainties

The Trust's assets that are exposed to credit risk consist primarily of cash and cash equivalents and investment securities. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Trust has never experienced any losses related to these balances. Amounts on deposit in excess of federally insured limits at December 31, 2015 approximate $29.6 million.

The Trust invests in a professionally managed investment portfolio that contains common shares of publicly traded companies, corporate and government obligations, public real estate investment trusts, commodities, and hedge funds. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's account balances and the amounts reported in the special-purpose statements of assets, liabilities and net claimants' equity.

Reclassifications

Certain amounts presented in the 2014 special-purpose financial statements have been reclassified to conform to the 2015 presentation. These reclassifications have no effect on the previously recorded decrease in net claimants' equity.

4. Fair Value Measurements

The Trust's investments are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability between market participants in an orderly transaction on the measurement date. The market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity for the asset or liability is known as the principal market. When no principal market exists, the most advantageous market is used. This is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received or minimizes the amount that would be paid. Fair value is based on assumptions market participants would make in pricing the asset or liability. Generally, fair value is based on observable quoted market prices or derived from observable market data when such market prices or data are available. When such prices or inputs are not available, the Trust would use valuation models.

T H Agriculture & Nutrition, LLC Asbestos Personal Injury Trust

Notes to the Special-Purpose Financial Statements

The Trust's assets recorded at fair value on a recurring basis are categorized based on the priority of the inputs used to measure fair value. The inputs used in measuring fair value are categorized into three levels, as follows:

- **Level 1** - Inputs that are based upon quoted prices for identical instruments traded in active markets.

- **Level 2** - Inputs that are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar investments in markets that are not active, or models based on valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the investment.

- **Level 3** - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The following section describes the valuation methodologies the Trust uses to measure its financial assets at fair value.

Equities and Commodities: Valued at the closing price reported on the active market on which the individual securities are traded.

Bonds: Valued using the documented trade price if trading in an active market. Otherwise, valued using a metrics system provided by the pricing vendors.

Public real estate investment trusts and hedge funds: Valued using the Trust's proportionate share of each fund's net assets, as reported as of the date of the special-purpose financial statements.

9. Liability for Asbestos Claims
