ANNUAL REPORT AND ACCOUNT OF THE UNITED STATES GYPSUM ASBESTOS PERSONAL INJURY SETTLEMENT TRUST FOR THE FISCAL YEAR ENDING DECEMBER 31, 2021

Philip A. Pahigian, Lewis R. Sifford, and Charles A. Koppelman, the Trustees of the United States Gypsum Asbestos Personal Injury Settlement Trust (the "Trust"), created pursuant to the Joint Plan of Reorganization of USG Corporation and its Debtor Subsidiaries, dated as of February 17, 2006, as amended or modified (the "Plan") submit this Annual Report, Financial Statements and Claims Summary for the fiscal year ended December 31, 2021.

I. INTRODUCTION

The purpose of this Annual Report is to comply with the reporting requirements of the United States Gypsum Asbestos Personal Injury Settlement Trust Agreement (the "Trust Agreement") and to report to the Court on the actions taken by the Trustees on behalf of the Trust during the period from January 1, 2021 to December 31, 2021 (the "Reporting Period").

Section 2.2(c) of the Trust Agreement provides:

The Trustees shall timely account to the Bankruptcy Court as follows:

> (i) The Trustees shall cause to be prepared and filed with the Bankruptcy Court, as soon as available, and in any event within one hundred and twenty (120) days following the end of each fiscal year, an annual report (the "Annual Report") containing financial statements of the PI Trust (including, without limitation, a balance sheet of the PI Trust as of the end of such fiscal year and a statement of operations for such fiscal year) audited by a firm of independent certified public accountants selected by the Trustees and accompanied by an opinion of such firm as to the fairness of the financial statements' presentation of the cash and investments available for the payment of claims and as to the conformity

> of the financial statements with generally accepted accounting principles. The Trustees shall provide a copy of such Annual Report to the TAC, the Futures Representative, and Reorganized USG when such reports are filed with the Bankruptcy Court.
>
> (ii) Simultaneously with the filing of the Annual Report, the Trustees shall cause to be prepared and filed with the Bankruptcy Court a report containing a summary regarding the number and type of claims disposed of during the period covered by the financial statements. The Trustees shall provide a copy of such report to the TAC, the Futures Representative, and the Reorganized Debtors when such report is filed.
>
> (iii) All materials required to be filed with the Bankruptcy Court by this Section 2.2(c) shall be available for inspection by the public in accordance with procedures established by the Bankruptcy Court and shall be filed with the Office of the United States Trustee for the District of Delaware (the "U.S. Trustee").

The Trust Agreement further provides for the inclusion of a description of the amounts paid to the Trustees, the Trust Advisory Committee (the "TAC"), and the Futures Representative (the "FCR") in the accounts filed with the Bankruptcy Court. See Sections 4.5(c), 5.6, and 6.5.

II. BACKGROUND

On June 25, 2001, USG Corporation, United States Gypsum Company, USG Interiors, Inc.; USG Interiors International, Inc.; L&W Supply Corporation; Beadex Manufacturing, LLC; B-R Pipeline Company; La Miranda Products Co., Inc,; Stocking Specialists, Inc.; USG Industries, Inc.; and USG Pipeline Company (the "Debtors") filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code. The Chapter 11 cases were consolidated for procedural purposes and jointly administered pursuant to an Order of the Court. On June 16, 2006, the Bankruptcy Court and the United States District Court for the District of Delaware entered an Order in these cases confirming the Plan. On June 20, 2006 (the "Effective Date"), the Plan became effective and the Trustees began to operate the Trust.

asbestosclaims.law/library/14120/4

The Trust was funded in accordance with Article IV, Paragraph G.2 of the Plan. The purpose of the Trust is to assume all responsibility for PI Trust Claims, as defined in the Plan, and to use the assets of the Trust to pay both present and future asbestos claimants in such a way that such holders of PI Trust Claims are treated fairly, equitably, and reasonably in light of the finite assets available to satisfy such claims. See Trust Agreement, Section 1.2.

III. TRUST ADMINISTRATION

A. Trustees

Charles A. Koppelman, Philip A. Pahigian, and Lewis R. Sifford served as the Trustees of the Trust during the Reporting Period. Philip A. Pahigian was selected by the Trustees to serve as the Managing Trustee during the Reporting Period.

1. Meetings

During the Reporting Period, the Trustees held formal meetings in accordance with the requirements of the United States Gypsum Asbestos Personal Injury Settlement Trust Agreement. These meetings were designated as "regular meetings" under the Trust's By-laws. The meetings were attended by representatives of the Trust Advisory Committee and the Futures Representative. In addition to these formal meetings, the Trustees held virtual executive session and special purpose meetings, including meetings to address Trust policies and claim processing matters and virtual meetings with the Trust's investment advisor, and investment managers, held regularly scheduled virtual weekly teleconferences, and devoted considerable time to Trust matters outside of scheduled meetings. Activities included exercising oversight over the investment and liquidation of Trust assets to pay claims and the Trust's processes to receive, process, and pay claims pursuant to the Trust Distribution Procedures, communicating with

Published by AsbestosClaims.Law

claimants regarding the processing of claims and continual monitoring of the claims and investment processes.

2. Compensation

The compensation and expenses paid to the Trustees during the Reporting Period is set forth in the Trust's financial statements attached hereto as Exhibit "A." The inclusion of this information in the Trust's financial statements satisfies the requirements of Section 4.5(c) of the Trust Agreement. All distributions related to Trustee compensation and expense reimbursements were made in accordance with the Trust Agreement guidelines and applicable By-laws.

B. Trust Officer

John Brophy served as the Trust's Executive Director until March 26, 2021.

C. Trust Advisory Committee

During the Reporting Period Russell W. Budd, John D. Cooney, Steven Kazan, Bruce Mattock, Perry Weitz, and John A. Baden served as members of the Trust Advisory Committee (the "TAC Members"). The compensation and expenses paid to the Members of the TAC during the Reporting Period are set forth in the Trust's financial statements. The inclusion of this information in the Trust's financial statements satisfies the requirements of Section 5.6 of the Trust Agreement. All distributions related to compensation and expense reimbursements to Members of the TAC were made in accordance with the Trust Agreement guidelines and applicable By-laws.

D. Futures Representative

Dean M. Trafelet served as the FCR during the Reporting Period. The compensation paid to the FCR during the Reporting Period is set forth in the Trust's financial statements. The inclusion of this information in the Trust's financial statements satisfies the requirements of

Section 6.5 of the Trust Agreement. All distributions related to FCR compensation and expense reimbursements were made in accordance with the Trust Agreement guidelines and applicable By-laws.

E. Claims Processing

The Delaware Claims Processing Facility, LLC continues to process the Trust's claims. The terms of the Trust's ownership interest in the Delaware Claims Processing Facility are detailed in the Audited Financial Statements[1].

F. Investment Management:

Cambridge Associates LLC of Boston, Massachusetts continues to serve as the Trust's investment advisor. Cambridge Associates represents other asbestos settlement trusts and has significant experience advising such trusts on investment management. Cambridge Associates advises the Trustees on asset allocation, meeting liquidity needs, and the selection and oversight of individual investment managers for the Trust's portfolio. The Trust's invested assets are allocated in compliance with the Trust's investment guidelines. The asset allocation at the end of the reporting period is as follows: 64.2% of the Trust's invested assets are committed to fixed income (21.0% is allocated to short-term municipal bonds and 43.2% to intermediate-term municipal bonds); 26.7% of the Trust's invested assets are committed to equities (14.4% of the Trust's assets are allocated to U.S. equity managers, 12.3% are allocated to non-U.S. equity managers); and 9.0% to hedge fund managers.

The Trust continues to retain: Northern Trust, Marathon, and Baxter Street as equity managers; BlackRock, Columbia, Eaton Vance, First Principles, and Northern Trust as municipal bond managers; and Davidson Kempner, Fir Tree Partners, HHR, Hitchwood, King Street, Luxor

Capital, and Taconic Capital as hedge fund managers. The hedge fund program invests in well diversified arbitrage strategies and secondarily in long/short equity strategies. Broadly speaking, the hedge fund program is intended to generate, over a full market cycle, close to equity-like returns with lower volatility and lower correlation to the rest of the Trust's portfolio. The other expected benefits of the hedge fund program are diversification (e.g., access to specialized strategies not otherwise available in the other equity or fixed income investments), superior performance (versus long-only equities) in down equity markets, and access to some of the most talented investment managers. At Cambridge Associates' recommendation, the Trust has retained hedge fund managers who use no or minimal leverage, who employ trading strategies that are understandable to the Trustees, and who provide appropriate portfolio transparency to Cambridge Associates and to the Trust.

Northern Trust serves as Custodian for the Trust's separately managed investment accounts. The Trust utilizes custodian accounts, ACH transfer and zero-balance banking accounts to reduce its exposure to bank risk.

During the Reporting Period, the Trustees regularly met virtually and by telephone conference with Cambridge Associates for updates and reports on the investments. In addition, in October 2021, the Trustees held an Annual Review meeting where they met virtually with the Trust's investment managers to review organization, investment strategy, performance and market outlook.

G. General Counsel

Campbell & Levine, LLC of Pittsburgh, Pennsylvania and Wilmington, Delaware continues to serve as general counsel to the Trust.

Opinion

We have audited the special-purpose financial statements of United States Gypsum Asbestos Personal Injury Settlement Trust (the Trust) (a statutory Trust created under the laws of the State of Delaware), which comprise the special-purpose statements of assets, liabilities, and net assets available for the payment of claims as of December 31, 2021 and 2020, and the related special-purpose statements of changes in net assets available for the payment of claims and the special-purpose statements of cash flows for the years then ended, and the related notes to the special-purpose financial statements.

In our opinion, the accompanying special-purpose financial statements present fairly, in all material respects, the net assets of the Trust as of December 31, 2021 and 2020, and the changes in net assets and cash flows for the years then ended, in accordance with the basis of accounting described in Note 2 to the special-purpose financial statements.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Special-Purpose Financial Statements* section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements which describes the basis of accounting. As described in Note 2, the accompanying special-purpose financial statements were prepared in order to account for the amount of net assets presently available to fund current and future claims, which is a basis of accounting other than accounting principles generally accepted in the United States of America. As a result, the special-purpose financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Special-Purpose Financial Statements

Management is responsible for the preparation and fair presentation of the special-purpose financial statements in accordance with the basis of accounting as described in Note 2 to the special-purpose financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of special-purpose financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the special-purpose financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern within one year after the date that the special-purpose financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Special-Purpose Financial Statements

Our objectives are to obtain reasonable assurance about whether the special-purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the special-purpose financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the special-purpose financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the special-purpose financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the special-purpose financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Restriction of Use

Our report is intended solely for the information and use of the Trust and is not intended to be and should not be used by anyone other than the specified party.

1. Description of the Trust

On February 25, 2001, United States Gypsum Company (USG), the related entities of United States Gypsum Company, USG Interiors, Inc., USG Interiors International, Inc., L&W Supply Corporation, Beadex Manufacturing, LLC, B-R Pipeline Company, La Mirada Products Co., Inc., USG Industries, Inc., USG Pipeline Company, Stocking Specialists, Inc., and USG Corporation (the parent company of all entities) (collectively, the Debtors), voluntarily filed petitions for reorganizing under Chapter 11 of the United States Bankruptcy Code with the United States Bankruptcy Court for the District of Delaware (the Bankruptcy Court). On June 15, 2006, the Bankruptcy Court entered an order (the Confirmation Order) confirming the modified joint plan of reorganization (the Confirmed Plan) proposed and filed by the Debtors, and supported by the Asbestos Personal Injury Committee, the Legal Representative representing the interests of future asbestos bodily injury claimants, the Creditors Committee, and the Equity Committee. On June 15, 2006, the United States District Court for the District of Delaware adopted, issued and affirmed the Confirmation Order. The Confirmation Order has become final and cannot be appealed. The Confirmed Plan became effective on June 20, 2006 (the Effective Date or the Effective Date of the Plan of Reorganization).

The essential elements of the Confirmed Plan include, among other things: the creation of the United States Gypsum Asbestos Personal Injury Settlement Trust (the Trust) to assume all liabilities and obligations of the Debtors in respect of all Asbestos Personal Injury Claims (as defined in the Plan) (Asbestos PI Trust Claims), and to direct the processing, liquidation and payment of Asbestos PI Trust Claims in accordance with the Plan and the Trust Distribution Procedures agreement (TDP) in such a way that such holders of Asbestos PI Trust Claims are treated fairly, equitably and reasonably in light of the finite assets available to satisfy such claims, and to otherwise comply in all respects with the requirements of a trust set forth in Section 524(g)(2)(B) of the Bankruptcy Code.

When formed, the Trust was funded with (a) $890 million in cash, (b) asbestos insurance recoveries (c) a $10 million promissory note due no later than December 31, 2006, and (d) contingent payment notes in the aggregate amount of $3.05 billion due within 10 days after final adjournment of the 109th Congress of the United States in the event that the FAIR Act of 2005 or any substantially similar legislation creating a national trust or similar fund has not been enacted and made law on or before that date, all in consideration for the releases and injunctions described in the Confirmed Plan. All payments were made on or before December 31, 2006. Additionally, under the terms of a cooperation agreement with USG, the Trust received $2.5 million to cover certain reasonable expenses related to the transfer of information from USG to the Trust.

The Trustees are responsible for supervising and administering the Trust and to use the Trust's assets and income to pay the holders of all Asbestos PI Trust Claims in accordance with the Trust Agreement and the TDP in such a way that holders of Asbestos PI Trust Claims are treated fairly, equitably and reasonably in light of the limited assets available to satisfy such claims, and to otherwise comply in all respects with the requirements of a trust set forth in Section 524(g)(2)(B) of the Bankruptcy Code.

2. Summary of Significant Accounting Policies

Basis of presentation

The Trust's financial statements are prepared using special-purpose accounting methods adopted by the Trust, which differ from accounting principles generally accepted in the United States of

America (GAAP). The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the net assets available for the payment of claims and the related operating expenses of the Trust. Since the accompanying special-purpose financial statements are not based upon GAAP, the accounting treatment by other parties for these same transactions may differ as to timing and amount. The special-purpose accounting methods include the following:

- Assets are generally recorded when they are received by the Trust and are available for the payment of asbestos claims.

- Future fixed liabilities under contractual obligations and other agreements entered into by the Trust are recorded as deductions from net assets available for the payment of claims in the same period that such contractual obligations or agreements are signed. Under GAAP, liabilities and contractual obligations are recorded over the period that is benefited by the underlying contract or agreement.

- The full amounts of claims will be expensed in the period in which the confirmed claims are settled. A settled claim is a claim that has been allowed by the Trust and accepted by the claimant, with an approved release. Under GAAP, a liability would be recorded for an estimate of the amount to be paid for claims that have been incurred but not yet reported, and for those claims that have been submitted but not yet approved for payment by the Trust. There were settled but unpaid claims of $23,214,228 and $12,544,712 as of December 31, 2021 and 2020, respectively. Total claims paid during the years ended December 31, 2021 and 2020, aggregated $105,537,538 and $120,384,772, respectively.

- Payments for services to be received over an extended period in the future are expensed as paid because these amounts are no longer available for the payment of claims. Under GAAP, an asset would be recorded and amortized over the period in which the related benefits are received.

- Payments for property and equipment are expensed as incurred. Under GAAP, payments for property and equipment are capitalized and depreciated over the useful lives of the assets. To date, the Trust has incurred no expenses related to purchases of property and equipment.

- Income tax expense is estimated and recorded as incurred in the period in which certain income and expense items affect current federal income taxes payable. Under GAAP, the provision for income taxes is recorded based upon income reported for special-purpose financial statement purposes, and federal income taxes both currently payable and changes in deferred taxes due to differences between financial reporting and tax bases of assets and liabilities. Under GAAP, deferred taxes include a provision for taxes attributable to changes in unrealized gains and losses on investments.

- Under GAAP, for financial statement disclosure purposes all investments would be categorized based on the priority of inputs used to measure fair value. Under GAAP, inputs used in measuring fair value are categorized into three levels. Level 1 includes inputs that are based upon quoted prices for identical instruments traded in active markets. Level 2 includes inputs that are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar investments in markets that are not active, or models based on valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the investment. Level 3 includes inputs that are generally unobservable and typically reflect

Published by AsbestosClaims.Law
asbestosclaims.law/library/14120/24

management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. The accompanying special-purpose financial statements do not categorize all investments into these levels.

Use of estimates

The preparation of financial statements in conformity with the special-purpose accounting methods described above requires the Trust to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and the disclosures of contingent assets and liabilities at the date of the special-purpose financial statements, as well as the reported amounts of additions and deductions to the net assets available for the payment of claims during the reporting period. Actual results could differ from those estimates and such differences could have a material effect on the net assets available for the payment of claims.

Cash equivalents

The Trust considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

Investments

Investment securities are stated at fair value. Fair value for investment securities, other than alternative investments, are based on quoted market prices for identical or similar instruments traded in active markets as of the date of the special-purpose financial statements. The fair values for alternative investments are based on the Trust's proportionate share of each fund's net assets, as reported as of the date of the special-purpose financial statements. The net appreciation or depreciation in the fair value of investments in the accompanying special-purpose statements of changes in net assets available for the payment of claims consists of realized gains or losses on sales of investments and the changes in unrealized gains or losses on investments held. Investment income is recognized when earned. Interest and dividend income, net of investment expenses and amortization and accretion of bond premiums or discounts, are included in interest and dividend income, net in the accompanying special-purpose statements of changes in net assets available for the payment of claims. Gains and losses on sales of investment securities are determined using the specific identification method.

Accrued expenses and accounts payable

Accrued expenses and accounts payable consist of accruals and outstanding invoices associated with managing and operating the Trust.

Operating expenses

Operating expenses of the Trust are paid from the net assets available for the payment of claims when invoices are received.

Claims processing expenses

Claims processing expenses are paid from the net assets available for the payment of claims when invoices are received.

Income taxes

The Trust is classified as a Qualified Settlement Fund pursuant to the Internal Revenue Code and Regulations thereunder (the Code). As a result, the Trust is subject to federal income taxes based on modified gross income, as defined by the Code. In the opinion of the Trustees and advisors, the Trust is not subject to state income taxes and, therefore, the special-purpose financial statements do not include any provision or liability for state income taxes.

Income tax expense is estimated and includes amounts payable or receivable under current federal income taxes.

The Trust records income tax expense (or benefit) associated with amounts payable (or receivable) under current federal income taxes, and does not record a provision for (or benefit from) deferred taxes. Accordingly, there is no provision for deferred taxes associated with changes in cumulative unrealized gains and losses on investments (see Note 4). The income taxes associated with gains on investments will be recorded in the Trust's special-purpose financial statements when the net gains are realized (i.e. the securities are sold) and the taxes become currently payable.

The Trust is generally no longer subject to income tax examinations by the Internal Revenue Service for the years ended December 31, 2017 and prior.

Risks and uncertainties

Certain of the Trust's assets are exposed to credit risk. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Trust has never experienced any losses related to these balances. There were no amounts on deposit in excess of federally insured limits at December 31, 2021.

The Trust invests in a professionally managed portfolio that contains equity securities, municipal bonds, and alternative investments. Such investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's account balance and the amounts reported in the special-purpose statements of assets, liabilities and net assets available for the payment of claims.

3. Related Parties

On November 1, 2006, the Trust became a member in the Delaware Claims Processing Facility (DCPF), a limited liability company, under an agreement with several other Qualified Settlement Funds. The purpose of the DCPF is to operate a claims processing facility. The Trust contributed $100 as capital and recorded $585,400 for start-up expenses in connection with the transition of the processing of the Trust's Asbestos PI Trust Claims to this entity.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14120/26

The Trust incurred expenses related to the operation of this entity of $2,261,068 and $2,215,576 for the years ended December 31, 2021 and 2020, respectively. Amounts payable to DCPF at December 31, 2021 and 2020, were $0. Expenses charged to the Trust related to the operation of this entity include direct labor expense, other direct expenses, and an allocation of common costs.

4. Investments

	$ 174,916,271	$ 194,981,133				

(a) This category includes investments in funds that seek to produce risk-adjusted returns in all types of market environments by capitalizing on mispriced investment opportunities.

(b) Investments within this category use a variety of strategies to diversify risks and reduce volatility. The funds in this category invest in value equities, special situations, long-term arbitrage and structured credit and mortgage securities, derivative positions or a combination of long and short positions and private placement positions.

Published by AsbestosClaims.Law
asbestosclaims.law/library/14120/29

(c) This category includes investments in funds that hold securities traded in various global equity markets. Positions within the funds can be both long and short and cover various industries such as banking, utilities and technologies.

(d) The international equity funds within this category invest primarily in equity securities, including common stocks, preferred stocks, depositary receipts, convertible bonds, exchange-traded funds which are open-ended collective investment schemes within the meaning of Regulation 45(e) of the Regulations and other securities, which are convertible into or exchangeable for equity securities. The objective of these funds is to achieve growth of capital through investment in a professionally managed portfolio of international securities comprising both equity securities traded in the financial markets located in Europe, Australasia, and the Far East. The securities within the funds invest in securities listed or traded on a regulated market; however up to ten percent of the net asset value of the funds may be invested in transferable securities which are not listed or traded on a regulated market.

5. Income Taxes

During the years ended December 31, 2021 and 2020, the Trust made estimated income tax payments totaling $15,400,000 and $6,525,000, respectively. During the year ended December 31, 2021, the Trust made a payment of $448,573 related to tax year 2020.

As of December 31, 2021 and 2020, the estimated deferred tax liability associated with unrealized gains on investments is approximately $63,700,000 and $65,000,000, respectively.

As disclosed in Note 2 to the special-purpose financial statements, the Trust does not record a provision for (or benefit from) deferred taxes. Accordingly, there is no provision for deferred taxes associated with cumulative unrealized gains and losses on investments.

6. Contingent Liabilities

The Plan Documents (as defined in the Confirmed Plan) subject the Trust to certain reimbursement and indemnification obligations that may result in future claims against the Trust. The probability of such claims cannot be reasonably determined. Accordingly, no associated liability has been recorded in the accompanying special-purpose financial statements. Such claims, if any, are not expected to be material. The Trust has obtained insurance for purposes of supporting its obligation to indemnify the Trustees.

7. Liability for Asbestos Claims

The settled but unpaid claims liability at December 31, 2021 and 2020, consists of personal injury claims that were settled and approved for payment by the Trust but were unpaid as of December 31, 2021 and 2020, respectively. These amounts were included in personal injury claim expenses in the accompanying special-purpose statements of changes in net assets available for the payment of claims for the years ended December 31, 2021 and 2020.

The ultimate number of Asbestos PI Trust Claims to be filed and the liability for all such claims are uncertain at this time. The net assets available for the payment of claims as of December 31, 2021 and 2020, represent funding available for all Asbestos PI Trust Claims for which no fixed liability has yet been established. The net assets available for the payment of claims at December 31, 2021 and 2020, may or may not be sufficient to meet all future obligations of the Trust.

8. Trust Liability Insurance

The Trust purchased liability insurance requiring premiums of $201,747 and $180,322 during the years ended December 31, 2021 and 2020, respectively. The current policy term is from September 1, 2021 through September 1, 2022. The Trust's accounting policy is to expense in the current period any amounts that will not be available to pay future Asbestos PI Trust Claims or expenses of the Trust. Accordingly, the $201,747 and $180,322 were recorded as deductions in net assets available for the payment of claims during the years ended December 31, 2021 and 2020, respectively.

9. Trustees, Trust Advisory Committee, Future Claimants' Representative, and Delaware Claims Processing Facility Board of Managers

Fees and expenses of the Trustees, Trust Advisory Committee, Future Claimants' Representative, and related counsels, and the Delaware Claims Processing Facility (DCPF) Board of Managers for the years ended December 31, 2021 and 2020, were as follows:

	2021

10. COVID-19

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The COVID-19 pandemic has greatly contributed to significant volatility in financial markets through the date of issuance of these consolidated special-purpose financial statements. In addition, the COVID-19 pandemic has impacted the operational and logistical processes of organizations. The Trustees, Trust advisors, and management of the Trust continue to monitor the impact of this global situation on the Trust's financial condition and operations. Given the daily evolution of the COVID-19 pandemic and the global responses to curb its spread, the Trust is not able to estimate the long-term effects of the COVID-19 pandemic on its financial condition and operations.

11. Subsequent Events

The Trust has evaluated its December 31, 2021 special-purpose financial statements for subsequent events through April 28, 2022, the date the special-purpose financial statements were available to be issued. The Trust is not aware of any subsequent events which would require recognition or disclosure in the special-purpose financial statements.
